

NORTH EAST INDEPENDENT SCHOOL DISTRICT

DISTRICT INSTRUCTIONAL IMPROVEMENT PLAN 2023 – 2024

Mission Statement

We challenge and encourage each student to achieve and demonstrate academic excellence, technical skills, and responsible citizenship.

NEISD Balanced District Scorecard

Priorities:

Students: We support students in a multitude of ways to nurture their learning.

Staff: We value our employees and invest in their growth

Stakeholders: We collaborate with students, families, and community members to support learning

Stewardship: We plan and manage funds and resources responsibly

Board Goals

1. NEISD will prepare our students for college and workforce readiness by challenging them to maximize their knowledge, technological skills, and potential for learning through both academic achievement and personal excellence.
2. NEISD will provide and maintain safe, supportive, and equitable learning environments for our students.
3. NEISD campuses will serve as centers for community involvement.
4. NEISD will develop and promote positive relationships through communication, involvement, and partnerships with our community.
5. NEISD will emphasize character development and civic responsibility.
6. NEISD will continue to use best practices in its efficient and effective management of District resources.
7. NEISD will recruit and retain exemplary employees committed to student excellence, best practices, and professional growth.
8. NEISD will foster a culture of health and wellness among our students, staff, and community.

As part of Senate Bill (SB) 1365, all districts and campuses receive a label of A – F for state accountability each school year. As of September 2023, TEA has postponed all communication regarding campus ratings until further notice.

We will constantly monitor data and adjust performance goals based on projected proficiency and growth.

Last Updated: 6/10/2024

Ongoing monitoring of District Instructional Improvement Plan will be completed by all responsible persons a minimum of one time per semester to determine if strategies are resulting in intended improvement of student performance.

Through the gradual release process, students will acquire essential literacy skills and strategies that will allow them to process and comprehend complex texts to become proficient readers and writers. The components of an effective literacy framework based on the science of teaching reading include daily reading experiences that consist of:</p> <p>Phonemic Awareness: The explicit teaching of speech sounds distinct from the letters that represent them (K-2).</p> <p>Phonics: Explicit, systematic, cumulative teaching of phoneme-grapheme (sound-symbol) correspondences, syllable types, and meaningful word parts (morphology).</p> <p>Vocabulary: The acquisition of words through explicit instruction in specific words and strategies. Teachers pre-teach words important to the meaning of a text, explain during reading, and practice after reading. Teachers give structured practice using new words verbally and in writing.</p> <p>Fluency: The ability to read with rate, accuracy, and prosody.</p> <p>Comprehension: The understanding and interpretation of what is read. Structures of both narrative and informational texts are explicitly taught, and strategies, such as think-alouds, questioning, etc., are modeled and practiced.
