## Tiff's Riff's – Executive Director Update

Dear RMSEL Community,

Huge shout out to the Teacher Appreciation Committee for providing the RMSEL staff with an amazing winter celebration at the Punch Bowl Social. Staff was able to connect, play games, bowl, and share a meal last Thursday. This was such an incredible relationship building opportunity that would not have been possible without the hard work of this committee. Thank you!!

From this point forward, we are combining the Executive Director Letter with Field Notes to avoid doubling the amount of documents parents and families have to click on to obtain weekly school-wide updates.

Click [HERE](#) for Semester 1 Parent/Guardian Feedback survey. Please complete by 1/16/26.

## RMSEL Ripple Effect This Week

**Small acts of kindness that make the world a better place**

- High School Woodchoppers are headed to the Pine Ridge Reservation to deliver more life saving wood this week. This will be their 3rd delivery this school year.
- 6th Grade met with the 2nd & 3rd Grade buddies this week!

### Denver Health Pediatrics at Denver Public Schools School-based Health

Our school-based health centers (SBHC) offer no-cost child and adolescent care. Services are available to any Denver Public Schools (DPS) student or sibling. These clinics offer convenient care that limits the amount of time students are out of class and parents/guardians have to be off work. Students can get same-day or next-day appointments.

#### SERVICES

- Well child checks
- Routine lab tests and immunizations
- Prescriptions and medications
- Care for chronic conditions like asthma and depression
- Health education
- Individual, group and family mental health counseling
- Drug and alcohol counseling
- Care for acute injury and illness
- Dental screenings, fillings, sealants, routine cleanings and X-rays (at select locations)

#### PARENTAL CONSENT

A parent or guardian must sign a consent form before their student may use SBHC services. Once this is done, the student can use clinics at any time during the current school year. Supporting family communication is a core value of Denver Health Pediatrics. Clinic staff encourage patients to discuss health care with their parents. To sign the consent form, use the QR code below. You can also sign a paper copy in our clinics.

In accordance with Colorado state law, SBHCs allow DPS students (if requested) to consent themselves into certain confidential services. This includes behavioral and reproductive/sexual health services. Parent or guardian consent is required for all

## College Pennants Needed

The high school is looking to celebrate the college experience and expose our students to the wide range of colleges and universities to choose from. We would like to highlight schools that RMSEL students have gone on to attend, as well as schools that our current teachers and staff have attended. Please help us decorate our halls by purchasing a University Pennant from the links [HERE](#). If you want to see your alma mater represented, feel free to add it to the list and send that too!

**Crosswalk Duty:** Sign up [HERE](#) to help kids safely cross the street before and after school.

**Bagel Sign-Up:** We need volunteers to run bagels from Einstein's at Yale and Colorado to the staff lounge, as well as **providing cream cheese** and cleaning up at the end of the week. To sign up, click [HERE](#).

**Do you have landscape connections?** If so, we are looking for a donation of 32 cubic feet of potting soil to fill our new planter boxes out front. Please email [ptsc@rmsel.org](mailto:ptsc@rmsel.org).

**Have extra file folders?** Allie, our 2/3 Crew Leader, would love donations of file folders. If you are willing to donate please drop them off to her classroom anytime!

**2/3 Crews are looking for parents who may be in the field of water.** As they study water conservation they would love to arrange some exciting interviews and field work around water conservation. Please email Allie ([asandler@rmsel.org](mailto:asandler@rmsel.org)) if you, or someone you know, might be in the field of water and able to help.
