Resolutions for February 2026 -

African American/Black History Month

San Ramon Valley Unified School District recognizes the month of February as African American/Black History Month. We acknowledge that Americans of African descent helped develop our nation in countless ways. African American/Black history reflects a determined spirit of perseverance and cultural pride to fully and equally share in the opportunities of a nation founded on the principles of freedom and liberty. Acknowledging that each student needs an opportunity to understand the common humanity underlying all people, the Board of Education encourages all schools to commemorate this month with appropriate instructional activities.

Career and Technical Education Month

San Ramon Valley Unified School District recognizes the month of February as Career and Technical Education (CTE) Month. SRVUSD is committed to supporting students through CTE classes that prepare them for high-wage, high-demand careers. SRVUSD students have the opportunity to participate in CTE classes such as Automotive Repair, Biomedical Science, Business & Entrepreneurship, Digital Media, Culinary Arts, Early Childhood Education, Engineering, Environmental Science, Sports Medicine, and Welding. We support opportunities to enable all students to achieve their career goals and contribute to the local economy.

Words Matter Week: February 2-6, 2026

San Ramon Valley Unified School District recognizes the week of February 2-6, 2026, as Words Matter Week. By bringing attention to name-calling, hate speech, and verbal bullying of all kinds and providing schools, students, and parents with the tools to launch an ongoing dialogue about ways to eliminate these acts in our schools and communities, the schools in our district will be safe places for all students to learn.

National School Counseling Week: February 2-6, 2026

San Ramon Valley Unified School District recognizes the week of February 2-6, 2026, as National School Counseling Week. As a district, we value and acknowledge the services and support that school counselors provide to our students. Counselors help students explore their abilities, strengths, interests, and talents to help them reach their full potential and guide them in academics and career awareness. We acknowledge the assistance they provide parents and staff and we commend our district counselors for their outstanding contributions and dedication to quality education for all students.
