When You Can Enroll

As an eligible employee, you may enroll at the following times:

- For new hires, you must complete the enrollment process within 30 days of your hire date. Coverage is as follows:
 - For Classified employees who begin working at the start of the new school year, coverage begins October 1
 - For all other employees hired before the 10th day of the month, coverage begins on the first day of the month following date of hire
 - For all other employees hired after the 10th day of the month, coverage begins on the first day of the month following the second month of being hired
- Each year, during open enrollment
- Within 30 days of a qualifying event as defined by the IRS (see Changes To Enrollment on the next page)
- You may enroll in Supplemental Life and AD&D Insurance at any time, subject to proof of good health and carrier approval.

Changes to Enrollment

Our benefit plans are effective January 1 through December 31 of each year. There is an annual open enrollment period each year, during which you can make new benefit elections for the following January 1 effective date. Once you make your benefit elections, you cannot change them during the year unless you experience a qualifying event as defined by the IRS. Examples include, but are not limited to the following:

- Marriage, divorce, legal separation or annulment
- Birth or adoption (including placement for adoption) of a child
- Performance of a Qualified Medical Child Support Order
- Death of a spouse or child
- A change in your dependent's eligibility status
- Loss of coverage from another health plan
- Change in your residence or workplace (if your benefit options change)
- Loss of coverage through Medicaid or Children's Health Insurance Program (CHIP)
- Becoming eligible for a federal or state premium assistance program under Medicare, Medicaid, or CHIP

Important Note: Coverage for a new dependent is not automatic. If you experience a qualifying event, you have 30 days to update your coverage. Please contact Human Resources immediately following a qualifying event to complete the appropriate election forms as needed. If you do not update your coverage within 30 days from the qualifying event, you must wait until the next annual open enrollment period to update your coverage.

When Benefits End

- If employment ends **on or before** the tenth day of the month: Coverage ends on the last day of the month in which your employment ends with SDUHSD
- If employment ends **after** the tenth day of the month: Coverage ends on the last day of the month following the second month or when you no longer work the required number of hours for eligibility.
- Exception: if your last date of employment is in the month of June, you **may** be eligible for coverage continuation beyond June 30.

Once your employment ends, you may be eligible to continue your SDUHSD health benefits (at your own expense) under COBRA. To preserve your COBRA rights, you must contact Human Resources within 30 days (or 60 days for certain circumstances) of the qualifying event that results in your loss of coverage. Please contact Human Resources for other circumstances that may allow for benefits to be continued at the employee's expense.

Understanding Your Medical Benefits

Medical Plans

The District offers health care benefits that give you both choice and affordability. With six medical plans, you choose how you want to manage your costs and healthcare provider relationships.

Kaiser Permanente HMO Plan

- All services must be obtained at a Kaiser facility except in the case of emergency.
- While all of your care must be directed through your selected physician, you can choose and change your doctor at any time, for any reason.
- Kaiser Permanente integrates all elements of healthcare such as physicians, medical centers, pharmacies and administration in one convenient facility.

Kaiser Permanente Online, Mobile and Phone Access

Manage your care online by registering at www.kp.org. You can locate Kaiser Permanente facilities, make or cancel appointments online, refill prescriptions, email your doctor, view medical records, obtain health and wellness information and much more.

Once you've registered, download the Kaiser Permanente app, available on the **App Store** and **Google Play** for on-the-go convenience. You can also download the KP Preventive care app for preventive care reminders and alerts.

You can reach Kaiser customer service at **800-464-4000**.

Cigna Select HMO

- You must choose a Primary Care Physician (PCP) or medical group in the "**Southern CA Select (St. Joseph Hoag Health Select Plan, Scripps Select Plan, HealthCare Partners Select Plan)**". All of your care must be directed through your PCP or medical group.
- Any specialty care you need will be coordinated through your PCP and will generally require a referral or authorization.
- You will receive benefits only if you use the doctors, clinics and hospitals that belong to the medical group in which you are enrolled, except in the case of an emergency.

Instructions for finding a Cigna Select HMO PCP

Understanding Your Medical Benefits

Medical Plans

The District offers health care benefits that give you both choice and affordability. With four medical plans, you choose how you want to manage your costs and healthcare provider relationships.

VEBA United Healthcare Performance HMO Network

- The VEBA Performance HMO and Alliance plan gives you more information and flexibility in how you spend your health care dollars. The plan provides the same level of coverage as the traditional United Healthcare HMO Plans; the difference is in the distinct networks. The VEBA Performance HMO and Alliance plan places United Healthcare's full network of Participating Medical Groups and providers into three distinct sub-networks. You will select one network that fits your needs.
 - **UHC Performance Network 1**
 - **UHC HMO**
 - **UHC Harmony HMO**

United Healthcare Select Plus PPO Plan

- This is a plan that does not require you to select a Primary Care Provider (PCP) from the network. A PCP is encouraged and will help you get the right care at the right time. You also have coverage if you use out-of-network providers.
- The Carrum Health benefit is added to the PPO.

VEBA will waive all deductibles and coinsurance for members using a Carrum Health provider for the following categories of procedures: **Spine, Orthopedic and Coronary Artery Bypass Graft.**

Carrum contracts with the highest quality surgeons and facilities in the state and includes **Stanford, Scripps Green, Providence St. Johns (Santa Monica) and Hoag Orthopedic Institute.**

Members do not have to use Carrum approved facility for their surgery, but they are encouraged to contact

Carrum prior to surgery to pre-certify. Failure to pre-certify will result in a **\$1,000 pre-certification penalty**. This does not count towards the out-of-pocket limit. **Refer to the Carrum Health benefit flyer for additional information.**

Instructions for finding a United Healthcare Performance HMO PCP

- Go to welcometouhc.com/csveba.
- Under "Wondering if your doctor is in our network?" Click on "Find a Network Doctor or Hospital".
- Select the appropriate plan(s): "CS VEBA Performance HMO Networks 1, Alliance or Harmony
- Enter your zip code and click "Continue".
- On the next page, click the X in the top right corner. Now you can search by physician name, specialty or medical group. If you do not select a PCP, one will be auto-assigned. For changes to your PCP during the plan year, contact UHC directly.

United Healthcare Online, Mobile and Phone Access

Manage your care online by registering at www.myuhc.com. [Myuhc.com](http://www.myuhc.com) is the gateway to your benefits and claim information. You can view your own personalized plan information, choices for where to go for care, budgeting tools, helpful wellness tips and more.

Virtual Visits

Telemedicine Visits

Phone and/or video visits are an excellent option for non-urgent doctor visits that don't require a doctor to see you in person. They are also a good choice for care when away from home or if you need short term prescription drug refills. SDUHSD provides telemedicine coverage with all our medical plans

Kaiser Permanente Phone and Video Visits

- You must be registered on kp.org to participate in video Doctor visits.
- You can schedule a phone or video Doctor visit at kp.org or by calling **800-290-5000**.

United Healthcare—A Virtual Visit lets you see and talk with a doctor from your laptop or mobile device

- You have access to a network of Virtual Visit provider groups. To learn more about Virtual Visits and our network, please log into myuhc.com or the United Healthcare **Health4Me** app. Virtual Visits are covered under your health plan benefits either way you decide to access care.
- When you don't feel well, or your child is sick, the last thing you want to do is leave the comfort of home to sit in a waiting room. Now you don't have to. Virtual Visits let you see and talk to a doctor from your mobile device or computer without an appointment. Most visits take about 10-15 minutes and doctors can write prescriptions, if needed, that you can pick up at your local pharmacy. And it's part of your health benefits.
- Conditions commonly treated through Virtual Visits. Doctors can diagnose and treat a wide range of non-emergency medical conditions, including Bladder infection/Urinary tract infection, Bronchitis, Cold/flu, Diarrhea, Fever, Migraine/Headaches, Pink eye, Rash, Sinus problems, Sore throat, Stomachache.

Tips on Getting the Most from Your Health Benefits

1. Utilize Your Free Preventive Care Benefits to Stay Healthy

Take advantage of these important benefits now to hopefully avoid major illnesses and costs in the future.

2. Get the Right Health Care and Save Money

Choosing the right care for your medical situation will help save you money out-of-pocket:

- Doctor's Office visit or Telemedicine visit: This is a good choice for non-urgent medical issues.
- An Urgent Care visit is the best choice for non-life-threatening medical issues that require immediate in-person care when you can't get an appointment for a Doctor's Office Visit.
- You should use the Emergency Room for life threatening emergencies or for other issues that require immediate, in-person medical care outside Urgent Care hours.

3. Use Generic and Over the Counter Drugs When Available

The best way to save on prescriptions is to use generic or over the counter medications as opposed to brand name drugs. When you use generic medications, you will pay the lowest copay. Generic drugs must use the same active ingredients as the brand name version of the drug. A generic drug must also meet the same quality and safety standards.

4. Order Maintenance Medications through Mail Order Prescription Drug Programs

The mail order pharmacy is a fast, easy and convenient way to save time and money on your maintenance medications. You can order additional supplies of medication at a discount. See carrier provisions for details.

Save Money on Your Health Care Expenses

When you use your Flexible Spending Account (see page 24) or to pay for eligible, unreimbursed medical, dental and vision care expenses, you reduce your taxable income and can save money on taxes.

Supplemental Health Benefits

You may purchase additional insurance from Trustmark that will help to cover additional out-of-pocket expenses. These policies offer direct-to-the-policyholder cash payouts to help cover what other insurance does not. Coverage options are available for you and your spouse, and your child(ren). Your premiums are paid through payroll deductions on a post-tax basis. These policies are portable, which means that you can keep them should you change jobs or retire.

Trustmark | Accident

The Accident plan pays you benefits to help cover out-of-pocket medical and other costs in case of an off-the-job accident.

The Critical Illness plan helps protect you and your family from the unexpected cost of fighting a life-threatening illness.

Dental Benefits

Delta Dental | DHMO Plan

With this plan, you are required to select a General Dentist from the Delta Dental network to provide your dental care; there is no coverage outside the network. If specialty care is needed, your general dentist will provide a referral. For covered procedures, you'll pay the pre-set copay fee described in your DHMO plan booklet. Please keep a copy of your plan booklet to refer to when utilizing your dental care. This will show the applicable copays that apply to all of the dental services that covered under the plan.

Delta Dental | PPO Plan

This plan allows you the option to visit any licensed dentist. You will usually save more on your out-of-pocket costs when you visit a Delta Dental PPO dentist. The Delta Dental Premier network also provides cost-saving features and is the next best option when you can't find a PPO dentist. Non-Delta Dental (out-of-network) dentists have no fee agreements with Delta Dental, so you will usually have the highest out-of-pocket costs when you visit a non-Delta Dental dentist. You are responsible for the difference between what Delta Dental pays and the dentist's fee.

Because FSAs can give you a significant tax advantage, they must be administered according to specific IRS rules:

Health Care FSA

Any unused funds in your Healthcare FSA/Limited Purpose FSA are forfeited after your eligible expenses for the year have been reimbursed. The IRS does not allow refunds of unused balances and funds cannot carry over to the next plan year unless the plan includes a Grace Period or a Rollover option.

Dependent Care FSA

Unused funds will NOT be returned to you or carried over to the following year. You must incur claims by December 31st of each plan year.

Paying for Coverage

You pay for the cost of your medical plan; full-time employees receive a District health care credit to be applied to that cost. SDUHSD pays the employee only portion of the dental plan premium. The cost of your health benefits is based on your selected medical and dental plans along with the number of dependents enrolled. If the health benefits you elect cost more than the District health care credit SDUHSD provides you with, the additional cost will be deducted from your pre-tax income on your paycheck.

SDUHSD provides an income protection plan, group term life and AD&D insurance for benefit eligible employees, and an employee assistance program at no cost to you. Benefit eligible employees may also choose to participate in the Supplemental Life and AD&D plans, and the Flexible Spending Accounts.

Important Information

The Affordable Care Act (ACA) and You

The Affordable Care Act (ACA)'s penalty for not having health coverage (known as the individual mandate) has been eliminated. However, if you are a taxpayer in California, Massachusetts, New Jersey, Rhode Island, Vermont, or the District of Columbia, you will be required to have health coverage (unless you qualify for an exemption) or pay the penalty – these states have an individual mandate requirement.

You may consider these options below to satisfy this requirement:

- Enroll in a medical plan offered by SDUHSD or another group medical plan meeting the requirements for minimum essential coverage;
- Purchase coverage through the federal health insurance marketplace or a state-based insurance exchange;
- Enroll in coverage through a government-sponsored program (if eligible).

If you choose to purchase coverage through the marketplace or a state exchange, because SDUHSD's medical plans are considered affordable and meet minimum value under the Affordable Care Act, you may not be eligible for a premium tax subsidy, and you may not see lower premiums or out-of-pocket costs with these enrollment options. In addition, employer contributions to your medical benefits will be lost, and your portion of medical premiums will no longer be paid via payroll deductions on a pre-tax basis.

Summary of Benefits and Coverage (SBC)

Health insurance issuers and group health plans are required to provide you with an easy-to-understand summary about your health plan's benefits and coverage, referred to as a Summary of Benefits and Coverage (SBC). This guide is designed to help you understand the medical plan options offered to you by SDUHSD. Please refer to the SBCs and carrier contracts provided by our health plan carriers for additional plan details.

The SBCs are available at Ease.

Annual Notices

SDUHSD publishes Annual Notices each year outlining your legal rights regarding benefits. This year's notices can be found at Ease.

The following is a list of Annual Notices:

- **Medicare Part D Notice of Creditable Coverage:** Plans are required to provide each covered participant and dependent a Certificate of Creditable Coverage to qualify for enrollment in Medicare Part D prescription drug coverage when qualified without a penalty.
- **HIPAA Notice of Privacy Practices:** This notice is intended to inform employees of the privacy practices followed by the SDUHSD group health plan. It also explains the federal privacy rights afforded to you and the members of your family as plan participants covered under a group plan.
- **Women's Health and Cancer Rights Act (WHCRA):** This act contains important protections for breast cancer patients who choose breast reconstruction with a mastectomy.
- **Newborns' and Mothers' Health Protection Act:** This act affects the amount of time a mother and her newborn child are covered for a hospital stay following childbirth.
- **Special Enrollment Rights:** Plan participants are entitled to certain special enrollment rights outside of SDUHSD's open enrollment period. This notice provides information on special enrollment periods for loss of prior coverage or the addition of a new dependent.
- **Medicaid and Children's Health Insurance Program:** Some states offer premium assistance programs for those who are eligible for health coverage from their employers but are unable to afford the premiums. This notice provides information on how to determine if your state offers a premium assistance program.
