Weekly Update

November 18, 2026

Interim Superintendent Search

On Monday, November 16, 2026, the Board of Education approved continuing with the Interim Superintendent search process as outlined by the contracted search firm HYA. There will be a special meeting on Monday, November 23, 2026, at 6:30 p.m., to interview qualified candidates from the pool of applicants.

Permanent Superintendent Search

On Monday, November 16, 2026, the Board of Education passed a resolution to adopt the Superintendent Search Committee Recommendations. These include, providing the search firm a salary range (not to be posted on the job listing but for HYA to discuss with applicants), not to pay for out of state advertising at this time, and the use of a Google survey to gather input from stakeholders. There will also be focus group meetings with staff, high school students, and others to gather input on what stakeholders are looking for in a leader. Stay tuned for more information, or check the website for updates at https://www.hartlandschools.us/Board-of-Education/Superintendent-Search.

Unmodified Opinion Received for 2025-26 Financial Audit (Strategic Plan Goal)

The districts 2025-26 Financial Audit was presented at Monday's Board of Education meeting. An **UNMODIFIED** opinion was presented to the Board. This is the highest level of assurance that an auditor can give the district. Congratulations to Mrs. Bois (Chief Financial Officer) and her team for another outstanding financial audit. The community should be proud that the district continues managing finances with such care and attention to detail.

LEGACY Students Make a Difference for Others

LEGACY students embrace the spirit of community involvement by dedicating monthly enrichment hours to opportunities that make a difference beyond the school walls. Whether creating thoughtful magnets for Meals on Wheels recipients, crafting Cobra Knot Paracord Keychains to support our local fire department or making tug toys for dogs at a local animal shelter, students are finding meaningful ways to give back.

Each project serves a unique purpose, from reminding community members they are cared for, to providing practical safety tools for first responders and a little extra joy for animals awaiting their "forever homes." These experiences allow students to work together to accomplish a common goal while building connections with the people and organizations that make our community special. At LEGACY, we believe that even the smallest acts of service can have a lasting impact, and we are proud to see our students learning that being part of a community means not only benefiting from it, but also finding ways to strengthen and support it.

HEAR FROM OUR DRIVERS

Tara Minton

Hartland Driver • 3 Years

I love working with kids. Seeing them every day and being part of their routine is the best part of my job. The schedule matches my own kids' schedules perfectly, allowing me to be present for my family. I also get to work alongside great people who make coming to work enjoyable and who I know I can count on.

Harvey Archer

Hartland Driver • 2 Years

I truly enjoy the students on the bus and being a part of the community. This job is perfect for anyone looking for a fulfilling role after retirement or for someone looking for a full-time position. The office staff is top-notch, and my fellow drivers are a pleasure to work with as well.

Bill Kreeger

Hartland Driver • 2 Years

The best thing about being a driver is getting to know the kids and hearing how their day is going. It keeps me in tune with the schools and the community.
