DIRECTOR'S MESSAGE - WINTER/SPRING 2026

Dear MVLA Community,

The new year is a time for new beginnings, outlooks and opportunities. MVLA Adult School's resolution this year is to increase access to education and expand employment opportunities for ALL. We strive to make high quality healthcare training programs affordable and accessible for everyone. If you are an intermediate-high to advanced level ESL student, you may qualify for one of our FREE Integrated Education and Training (IET) options leading to careers in Healthcare and Business. *Medical Terminology for Advanced ESL* is a foundational course that helps prepare English Language Learners for entry into healthcare training programs such as Certified Nursing Assistant, Medical Assistant, Eye Care Technician, Medical Office Assistant and more. Students who successfully complete this course will be eligible for tuition-free entry into one of our Healthcare Certificate programs as well as a paid externship opportunity. *Medical Office Clerk for Advanced ESL* is the second foundational course that helps prepare students for entry into business and medical office skills training. Students who successfully complete this course will be eligible for tuition-free entry into one of our medical office or business programs. Students who complete either of these courses can also qualify for college credit.

Please join us in celebrating this new year by educating and elevating yourself. MVLA Adult School is committed to engaging, supporting, and empowering all adult learners from diverse backgrounds. Students will gain the knowledge, proficiency, and technical skills necessary to achieve success in employment, secondary education, and community integration. We look forward to another great year supporting adult learners in our region to find their purpose and achieve their goals.

A handwritten signature in white ink that reads "Julie". The signature is elegant and cursive.

Sincerely
Julie Vo, M.Ed.

MVLA Adult School Learning for a Lifetime

ANNE REHWALD English Language Learner Integrated Education & Training

STUDENT SUCCESS STORY

Anne Rehwald is an excellent example of facing challenges, achieving her goals and setting the next goal higher. She left Germany and came to the USA in 2012. She could read and write in English but she spoke no English. Anne had been a surgical nurse in Germany and medical terminology was the next transition in her development of the English language.

She enrolled in Electronic Health Records but found she missed the interaction with medical professionals. She missed the human interaction she once had as a surgical nurse in Germany and recognized she likes working with a team. She likes to get to know people and help other people. She came back to MVLA and was able to take Medical Terminology for Advanced ESL in 2023. This led to becoming an NCCT Certified Medical Assistant in 2024.

Anne was back in the environment where she thrives. Anne said she wasn't really sure what she wanted until she took the MA class and did her externship. Through the externship program she was able to apply the academic skills to real life at the plastic surgery site. Through interactions with the externship support team and her manager at the site, it was evident her skill set was superb and she wasn't being used to her full potential. When she shared her career history in Germany, this opened another door for Anne. She was offered a position with Dr. Papillon as his surgical tech. This allowed her to work per diem so she could continue to work towards her goal to be an RN in America and qualify to take the NCLEX exam. Nurses are held to a higher standard and she now feels her goal is attainable. Working with Dr. Papillon's team allows her to develop her idioms and colloquialisms that we take for granted in our everyday speech.

She is grateful to MVLA for the team of tutors, instructors and the externship that gave her work preparedness and taught her how to write an essay. This has become more important than she realized at the time. She is now striving to take the NCLEX exam and is working with the Board of Nursing in Sacramento to pass their language/communication tests. Their testing focuses on the use of idioms and colloquialism. These are very important skills for an RN to have in the multicultural world we live in. She has spent an additional six weeks tutoring for a second attempt at her speaking exam so she can qualify to take the NCLEX exam.

(ONLINE) INTRODUCTION TO CLOUD COMPUTING IN AMAZON WEB SERVICES - ENTRY-LEVEL CERTIFICATE

Amazon Web Services (AWS) is the world's most comprehensive cloud platform, offering services to millions of customers, including startups, large companies, and government agencies. Taking this course can serve as a steppingstone to employment within these enterprises. This is a foundational course to help prepare students for an entry-level AWS-certified cloud practitioner career using official AWS Academy Cloud Foundations material.

This course introduces cloud computing which shifts information systems from on-premises computing infrastructure to highly scalable internet architectures using the Amazon AWS platform. The course provides a basic understanding of cloud computing technologies and provides students with the ability to configure, deploy, and manage cloud facilities, including simple and complex compute instances, web servers, and web services. Taking this course will help students to prepare for the Cloud Practitioner Exam. More information about how to sign up for this exam will be provided in class.

ESL - ENGLISH AS A SECOND LANGUAGE

FOR NEW STUDENTS

MVLA Adult School is using a lottery system to select students for placement testing. New students interested in enrolling in ESL classes in the Winter and Spring must follow the following steps: (1) register for the lottery, (2) come to the school to register in person if chosen in the lottery, and (3) attend a placement testing session. Space is limited. Priority is given to residents of Mountain View, Los Altos, and Los Altos Hills. Proof of residency may be required.

Placement testing sessions include general information about the school and programs. Students should be available to stay for the entire process.

Placement into classes is not guaranteed even if a student has contacted the school or taken the placement test. The screening process and test are given to determine if there is an English class available at a level that is right for the student. Students should not register for the lottery if they know their English level is higher than the ESL program. They will not be assigned to a class.

New students are placed on a space-available basis. Some classes are full and students may have to wait for a place in class.

Dates and times for lottery registration and placement tests in Winter and Spring will be announced by December 16, 2025 on the website at mvla.net/AS. Please check our website or contact the adult school on or after that date for information about Winter and Spring ESL classes.

BEGINNING MEMOIRS

Beginning Memoirs will set your foot on the path to writing your life's stories! Weekly prompts will guide your journey, helping one memory activate the next. Some "warm-up" in-class writing exercises and discussion will be followed by reading your week's writing progress to the class. Our comments will help you clarify your memoir—and zero in on just the right verb too! Plan on submitting your writing online or bring paper copies to class for student distribution so we can read along. There will be a ten-minute break at 10:55 a.m. This is an **ALL in-person** class. A laptop computer might be helpful, but it is not necessary.
