SALARIES

(Updated during 06/01/2022 negotiations)

- A. For 2025-2026, a 4.0% increase to the classified salary schedule (Appendix A) effective July 1, 2025.

For 2026-2027, an increase of 90% of the 2026 funded Cost of Living Adjustment (COLA) will be added to the classified salary schedule (Appendix A) effective July 1, 2026.

For 2027-2028, the parties mutually agree to reopeners on Article 4.

- B. Initial Placement on the Salary Schedule

1. Newly hired employees will be placed normally on Step 1 of the appropriate range of the salary schedule in Appendix A. Upon evidence of similar experience for an equivalent amount of time such employees may be given credit for up to two years of experience and placed on Step 2 or Step 3. Credit for experience may be given only by the Superintendent.

- C. Split Range Assignment

1. If a current employee is hired for a lower range position, the employee will maintain their current step for the new position.
2. If a current employee is hired for a higher range position, the employee may be given credit for up to two years upon evidence of similar experience for an equivalent amount of time. Credit for experience may be given only by the Superintendent.

- D. Out of Class Assignment

Any employee who has been assigned by the Superintendent or his designee to perform duties inconsistent with those assigned to the position, and which are at a higher level classification for at least one (1) full work day, shall be compensated for that assignment at the 1st step of the salary range for that type of work that is at least one (1) full step above the rate the employee received in the previous class from the 1st day of the assignment. It shall be the responsibility of the employee's immediate supervisor to report out-of-class work.

Any employee who has been assigned by the Superintendent or designee to perform duties inconsistent with those assigned to the position, and which are at a lower level range, shall be compensated for that assignment at the same range and step placement that the employee receives for his or her regular wages.

Any employee who volunteers to perform duties inconsistent with those assigned to the

position, and which are at a lower level range, shall be compensated for that assignment at the lower range, but the step shall be that paid in the regular assignment.

In the event of a disabling condition necessitating reasonable accommodations, employees who are assigned to lower level ranges will be "Y-rated." For purposes of this agreement, "Y-rated" means an employee retains his or her pay rate from a former range and keeps that pay rate until such time as range increases and /or cost of living increases are equal to the retained rate. When the retained rate becomes equal to a designated range in the appropriate class, then the employee will again be compensated with step/COLA increases consistent with the salary schedule.

F. Call-Back Time: The District and CSEA recognize the necessity for certain individuals to be assigned work outside of their normal work hours because of unexpected or emergency situations that may arise on an intermittent basis.

1. The District shall keep a list of employees eligible for call-back. This list shall be reviewed and updated annually by the Superintendent and distributed to individuals and agencies with the authority to call back an employee to work. Those individuals shall be capable of performing general maintenance work and shall be selected from the Maintenance, Operations, and Transportation classes. Unit members from other classes may be added by the Superintendent or designee who shall conduct an assessment in consultation with a District Maintenance staff member to ensure that the candidate for the list has the necessary skills.

3. The list of employees who are eligible for call-back duties shall be constructed in the following order of priority:
 - 1st - Maintenance classifications

The duties of the committee shall include:

- a) Hear and decide appeals for professional growth credit denied by the Superintendent.
- b) Recommending additional or revised professional growth policy.

C. Criteria for Professional Growth Credit

Professional growth credits may be achieved through participation in any of the following activities:

1. Credit may be earned by taking courses at universities, colleges, junior colleges, trade schools, or adult school, or through an accredited correspondence school. It is anticipated that coursework will either be related to improvement of job performance in the position occupied by the employee, or to meeting the requirements of a position in the District to which the employee aspires. Examples of approved courses for each area of work are provided in the attached list (Appendix B). Other courses may be acceptable with the Superintendent's approval. Courses must be completed with a passing grade of C or better to receive credit. One professional growth credit will be awarded for each semester unit earned and 2/3 of a professional growth credit will be awarded for each quarter unit. Credit can not be obtained for courses attended during the employee's regular working hours or if the district is paying course tuition.

2. Credit may be earned with the Superintendent's approval by attendance at an appropriate workshop or conference. The workshop or conference must be designed for an exchange of ideas, the presentation and discussion of information, practical methods and skills for improving employee on-the-job performance. Credit for workshops and conferences shall be applied to this program at the rate of one professional growth credit for each eight hours of attendance. Credit can not be obtained for workshops or conferences attended during the employee's regular working hours or if the district pays the cost of the workshop or conference.

Credit may be earned through individual research designed to improve the performance of assigned duties. Individual research involves a written plan based on the study of a subject that will add to the efficiency or quality of work of the district in general, the person undertaking the project, or his specific classification. An acceptable research project may earn up to a maximum of four points, depending on the quality of the study and the value derived therefrom, as determined by the recommendation of the Professional Growth Review Committee and approval of the Superintendent. Research for credit can not be conducted during the employee's regular working hours or at district expense.

D. Application to Participate

Prior to commencing growth activities, an employee should complete an application for professional growth credit (See Appendix C), outline anticipated activities, and submit it to the Superintendent. Prior approval is not required, but is recommended as late submission does not guarantee approval by the Superintendent. Approval prior to the completion of the growth activity is required. Any decision of the Superintendent may be appealed to the Superintendent Professional Growth Committee.

E. Verification of Completion of Approved Activities

1. Coursework - The employee must submit a graded transcript to the district office. A certification of satisfactory completion, signed by the instructor, will be accepted in cases where a graded transcript is not applicable to the coursework undertaken.
2. Workshops/Conferences - The employee is responsible for providing verification of attendance at each workshop/conference. He is responsible for getting a workshop/conference official to verify the time involved.
3. Individual Research - The employee will demonstrate materials and methods to a group of fellow employees to show the value resulting from the research project. The written plan shall be reviewed by the Professional Growth Review Committee to determine its adequacy.

F. Qualifying for the Awards / Professional Growth

When an employee has completed ten approved professional growth points, he/she shall receive an annual salary increase in the amount of \$300 to be paid in monthly increments beginning the fiscal year immediately thereafter. An employee shall indicate his/her qualification or intention to qualify for an award in June for the next fiscal year. No deduction shall be made from the salary of such employee nor shall such leave be deducted from leave granted by other sections of this Article. Members of the immediate family mean the mother, father, grandmother, grandfather, or a grandchild, son, son-in-law, daughter, daughter-in-law, adopted son/daughter, brother or sister of the employee, or the spouse of the employee, or any person living or who has lived for at least one year in the immediate household of the employee.

D. Entitlement to Other Sick Leave

1. When an employee is absent from his/her duties on account of illness or accident for a period of five months or less, whether or not the absence arises out of or in the course of employment of the employee, the amount deducted from the salary due him/her for any month in which the absence occurs shall not exceed the sum which is actually paid a substitute employee employed to fill his/her position during his/her absence. The amount paid the substitute employee during any month shall be less

than the salary due the employee absent from his/her duties.

2. Entitlement to sick leave provisions under this section, if any, shall be considered "entitlement to other sick leave" for the purposes of computing benefits under the provisions of Education Code Section 45192 if the absence is for industrial accident or illness and shall be used after entitlement to all regular sick leave, accumulated compensating time, vacation or other available paid leave has been exhausted.

E. General Leaves.

When no other leaves are available, a leave of absence may be granted to an employee on a paid or unpaid basis at any time upon any terms acceptable to the District and the employee.

2. Payment for wages lost on any day shall not, when added to an award granted the employee under the Worker's Compensation law of this State, exceed the normal wage for the day.
3. The industrial accident or illness leave is to be used in lieu of normal sick leave benefits. When entitlement to industrial accident or illness leave under this section has been exhausted, entitlement to other sick leave, vacation or other paid leave may then be used. If, however, an employee is still receiving temporary disability payments under the worker's compensation laws of this State at the time of the exhaustion of benefits under this section, he/she shall be entitled to use only so much of his/her accumulated and available normal sick leave and vacation leave, which when added to the Worker's Compensation award, provides for a day's pay at the regular rate of pay. Any time an employee on industrial accident or illness leave is able to return to work, he/she shall be reinstated in his/her position without loss of pay or benefits.

G. Jury Duty

An employee shall be entitled to leave without loss of pay for any time the employee is required to perform jury duty. The employee shall submit his/her juror fees, if any, to the District. Per Government Code section 12945.2, to the extent an employee has used CFRA leave for other purposes during the twelve preceding months, the twelve weeks afforded under this section shall be reduced by time already used.*
5. *An employee shall provide the District reasonable advance notice of his/her intention to take leave under this section if the need to take the leave is foreseeable.*
6. *If both parents are employed by the District, they are only entitled to one 12-week period for parenting leave. They shall inform the District of how they intend to use the 12-week period between them.*
7. *Leave provided under this section may be taken intermittently in full-day increments. Intermittent use of leave shall not serve to extend the one year period within which this leave is taken.*

1. An Employee may use his/her total number of accumulated sick leave days during any school year for matters of personal necessity as defined in a,b, & c below.

- a. Death or serious illness of an employee or his/her family. In the event of death, benefits authorized herein shall be in addition to benefits provided in Bereavement Leave.
 - b. Accident involving his/her person or property or the person or property of a member of his/her immediate family (for definition of "immediate family" see paragraph B. of this Article).
 - c. Two days may be used for other matters deemed sufficiently important for being absent from duty without the employee having to state a reason. These days shall not be used for Association concerted activities of any type.
2. Utilization under Paragraph 1.a. and b. above shall not require advance approval, but earliest possible notification shall be tendered to the immediate supervisor. Utilization under Paragraph 1.c. shall require the prior approval of the Superintendent.
 3. One (1) day may be approved by the Superintendent or his/her designee to accommodate other contingencies which would necessitate employee absence from work when such absence is unavoidable.
 4. The Board retains the right to require verification of necessity in all cases except 1.c.

K. Sick Leave.

1. An employee employed five (5) days a week by a school district shall be entitled to twelve (12) days of leave of absence for illness or injury, exclusive of all days he/she is not required to surrender service to the District with full pay for a fiscal year of service.
2. An employee, employed five (5) days a week, who is employed for less than a full fiscal year is entitled to that proration of twelve (12) days leave of absence for illness or injury as the number of months he/she is employed bears to twelve.
3. An employee employed less than five (5) days per week shall be entitled, for a fiscal year of service, to that proportion of twelve (12) days leave of absence for illness or injury as the number of days he/she is employed per week bears to five (5). When such persons are employed for less than a full fiscal year of service, this and the preceding paragraph shall determine the proportion of leave of absence for illness or injury to which they are entitled.
4. Pay for any day of such absence shall be at the pay which would have been received had the employee served during the day of illness.

5. At the beginning of each fiscal year, the full amount of sick leave granted under this Section shall be credited to each employee. Credit for sick leave need not be accrued prior to taking such leave and such leave may be taken at any time during the year. However, a new employee of the District shall not be eligible to take more than six (6) days, or the proportionate amount to which he/she may be entitled under this Section, until the first day of the calendar month after completion of six (6) months of active service with the District.
6. Pregnancy shall be treated as an illness for the purpose of sick leave.
7. If an employee does not take the full amount of leave allowed in any year under this Section, the amount not taken shall be accumulated from year-to-year.
8. The Superintendent may require written verification of the employee in capacity or illness if he has reasonable grounds to believe that such verification is appropriate under the circumstances.

L. Break-In-Service

No absence under any paid leave provisions of this Article shall be considered as a break in service for any employee who is in paid status, and all benefits accrued under the provisions of this Agreement shall continue to accrue under such absence.

M. Donation of Sick Leave Time

1. This section is intended to provide bargaining unit members an opportunity to contribute accrued sick leave to other benefit unit members.
2. Unit members wishing to donate sick leave will indicate on a form the number of hours they want credited to another unit member's sick leave account (Appendix C).
3. District agrees to accept the transfer of sick leave from the donor's sick leave account into another designated sick leave account on a one-for-one basis.
4. Donors account will be reduced by the number of hours requested and that same number will be added to another designated account.
5. Any difference in pay rate will be ignored.
6. All donations to sick leave accounts will be anonymous.
7. Recipient of donated sick leave must have used all of his/her sick leave, vacation, and compensation time before being eligible to receive donated sick leave.
8. In order to donate sick leave, the donor must retain a minimum of five working days in his/her own sick leave account.

N. CFRA/FMLA

1. A Member may, once a year, identify a "Designated Person" and take up to 12 weeks of leave to care for them. The definition of a "Designated Person" is a nonfamily member or nonimmediate family member. If the employee's sick leave runs out before the 12-week period an employee may be granted sick differential as described in Education Code Section §45196.

ARTICLE 10

SENIORITY/VOLUNTARY TRANSFER/PROMOTION

- A. Seniority: Seniority is based upon date of hire in a probationary status in a classification or the date of hire in an equal and/or higher classification, whichever date of hire is earliest. An equal classification is one that is paid at the same range on the salary schedule and higher classification is paid at a higher range on the salary schedule.

Example: The employee is currently employed in the classification of Maintenance Worker-Bus Driver is paid on Range 9 of the salary schedule. He has worked in that classification since July 1, 2005. Prior to this, he worked in the classification of Cook-Light Maintenance-Custodian-Grounds which is paid at Range 5 of the salary schedule. He worked in that classification from July 1, 2000 to June 30, 2005 when he promoted into the Maintenance Worker-Bus Driver classification.

This employee's hire date as a Cook-Light Maintenance-Custodian-Grounds remains July 1, 2000 because he is able to count the seniority he earned in the higher classification of Maintenance Worker-Bus Driver.

The seniority that he earned in the lower classification of Cook-Light Maintenance-Custodian-Grounds does not count toward his seniority in the higher classification of Maintenance Worker-Bus Driver. Therefore, his hire date as a Maintenance Worker-Bus Driver is July 1, 2005.

- A (2) Substitute service credit: In the event an employee is hired into a position in which she/he has been substituting continuously directly prior to being hired into the same position on a probationary basis, the date of hire shall be the date hired as a substitute in that position. The term "substituting continuously" means working at least 70% of the available work days from the date of initial employment as a substitute employee until the date the substitute employee is hired as a regular classified employee in the same position.

Example: A vacancy occurs in the classification of Maintenance Worker-Bus Driver and a substitute fills the position from July 1st to August 25th while the District recruits to fill the position permanently with a regular classified employee. The substitute applies for the regular classified position of Maintenance Worker-Bus Driver and is selected for the position effective August 25th. His/her seniority date in this classification would be July 1st rather than August 25th because he/she continuously substituted in the same position immediately prior to filling it as a regular classified employee.

- A(3) Seniority Tie Breakers: In the event two (2) or more employees have identical seniority, as defined in Article 16, Section (A)(4) above, the decision as to which employee has the

greater seniority shall be based upon total District seniority, including service in lower classifications in which the employees have served. If the employees still have equal seniority, the seniority will be determined by lot.

- B. Promotions shall be considered a change from a position in one classification to a position in a different classification that is paid at a higher salary range.
 - 1) An employee moving from a lower range to a higher range shall be placed at the step that guarantees a pay rate of five percent more than the rate paid at a lower range, but in no event greater than the maximum step in the range.
 - 2) The longevity previously accrued by that employee shall be applied to the new pay rate.
- C. Transfer shall be considered as a change of site, shift, or an increase/decrease in the number of hours within a classification. No change in longevity, range, step placement, or step advancement will result from an employee transfer.
- D. Voluntary Transfer shall be considered to be a transfer requested by or otherwise voluntarily consented to by an employee. Voluntary transfers may be made into vacant positions or when two employees voluntarily agree to exchange positions and where the District agrees to the exchange of positions.
- E. Involuntary Transfer is defined as a transfer initiated by the Superintendent in order to meet the work requirements of the District. Prior to any involuntary transfer, the Superintendent shall solicit voluntary transfers. If no voluntary transfer can be made, the Superintendent will involuntarily transfer the least senior employee unless in his/her reasonable judgment doing so would lead to an unreasonable hardship for the district or employee or would not meet the Superintendent's need to meet the work requirements of the District. A minimum twenty (20) work-day notice to the affected employee will be required for involuntary transfers but may be reduced by mutual agreement between the Superintendent and affected employee.
- F. Lateral Transfer shall be considered a change from a position in one classification to a position in another classification where the salary range is the same in both classifications. An employee who laterally transfers shall be placed on the same range and step in the new classification as he/she was placed on in the former classification. No change in longevity or step advancement will result from an employee laterally transferring.
- G. Demotion is defined as an employee moving from a position in one classification into a position in a different classification that is paid at a lower salary range. Demotion can only occur as a result of discipline under Article XV, as a result of a voluntary demotion in lieu of layoff in accordance with Article XVI, or based on the voluntary request/application of the employee.

- 1) An employee who voluntarily demotes or who is demoted as a result of disciplinary proceedings shall be placed on the same step in the lower classification as he/she was placed on in the former, higher classification.
- 2) An employee who voluntarily demotes in lieu of layoff will be placed on the step in the lower range that is closest in hourly salary to the step in the former, higher range at which the employee was formerly paid. No change in longevity, range, or step advancement will result from an employee taking a voluntary transfer.

Order for Filling Vacancies:

A. The order for filling vacancies shall be:

- 1) Transfers first,
- 2) Reemployment from the appropriate lay off list second,
- 3) Lateral transfers third,
- 4) Voluntary demotions fourth,
- 5) Promotions fifth
- 6) And if the vacancy is still not filled through these means through outside applicants.

B. Employees requesting a voluntary transfer will be considered to be qualified, all others must meet the minimum qualifications of the classification in order to be eligible to lateral transfer, promote, or voluntarily demote. At each level of the order for filing vacant positions, the most senior eligible employee will be awarded the position with the following exception:

- 1) The most senior employee requesting a voluntary transfer will be granted the voluntary transfer unless the District can demonstrate that in doing so it would create a hardship to the District (i.e. a significant financial hardship or the inability to have critical work performed).

Posting of Notices:

Notice of all job vacancies within the bargaining unit shall be posted on bulletin boards in prominent locations at each District work site. The job vacancy notice shall remain posted for a period of five (5) full working days, during which time employees within the unit may file for the vacancy. Any employee who is on leave or layoff who has previously requested that he/she be notified of vacancies which are posted during the period of leave or layoff shall be mailed a copy of the notice on the date the notice is posted.

Notice Contents:

The job vacancy notice shall include the job title, a brief description of the position and duties, the minimum qualifications required for the position, the assigned job site, the number of hours per day, regular assigned work shift times, days per week, months per year assigned to the position, the salary range, and the deadline for filing to fill the vacancy.

E. Supervisory Action.

Nothing contained in this article shall preclude a supervisor from documenting, in writing, deficiencies in an employee's work related performance. Such documentation shall not be used for disciplinary purposes unless it has been, or is proposed to be, included in the employee's personnel file.

C. Holidays

When a holiday falls during the scheduled vacation of any unit employee, such day shall be counted as a paid holiday and not charged against the employee's vacation account.

This requirement may be waived at the sole discretion of the district.

1. No unit employee may have credited to their account on June 30 more than the number of hours of annual leave which were earned during the fiscal year just completed.

2. If an employee has not scheduled sufficient vacation to meet G.1 above, the District may, during the last six months of the fiscal year, direct the times at which the vacation will be taken.
3. The District may, based upon extraordinary circumstances, approve a written request to carry-over a larger number of hours. Any such request must be approved in advance by the Superintendent and shall include a statement of the extraordinary circumstances and a plan which will liquidate the excess in the coming fiscal year.

2. All employees whose base assignment is less than 35 hours per week, regardless of the number of hours or days actually worked per week, shall accumulate vacation at the fractional part of a full-time assignment.
3. A month of service for purposes of this sub-article is defined as a month in which the employee is in paid status for more than one-half (1/2) of the number of working days in that month. A working day is any day that the District Office is open to the public for business or is closed for a holiday.

J. Vacation Pay

Pay for a day of vacation shall be the same as that which the employee would have received had he/she been in a working status (overtime and extra hours excluded). Appropriate deductions for hours of vacation shall be made from the employee's vacation account.

K. Vacation Pay Upon Termination

Upon separation from service, a permanent bargaining unit employee shall be entitled to lump-sum compensation for all currently accrued and unused vacation. Accrual shall include proration to the effective date of the termination.

ARTICLE 14

GRIEVANCE PROCEDURE

Grievances

The Board and Association recognize that provisions for dealing with grievances are an essential part of good personnel administration.

Both are committed to dealing promptly and equitably with grievances to resolve them quickly at the informal level or at the earliest stage possible, in the formal level. The intent of this article is to provide a means to work collaboratively to settle problems in a way that will address concerns of the employee as well as management.

1. Definitions

- a. A "grievance" is an allegation by an employee that there has been or will be a violation of: (1) the employment agreement; 2) Board policy and/or administrative regulations; (3) the law. A grievance may also apply to actions that result in unfair treatment of employees or situations that violate reasonable establishment practices. A grievance does not apply to allegations of sexual harassment nor complaints by the public. Procedures pertaining to those situations are part of Board policy.
- b. A "grievant" may-be CSEA or any member of the bargaining unit covered by the terms of an agreement between the bargaining unit and the Governing Board of this school district.
- c. A "day" (for the purposes of this grievance procedure) is any day on which the central administrative office of this school district is open for business.
- d. The "immediate supervisor" is the person with immediate jurisdiction over the grievant.

Guidelines Applicable to all Grievances

1. An employee who wishes to have a grievance heard under this procedure must initiate informal action within thirty (30) days of the time s/he had knowledge of the act or omission giving rise to the grievance.
2. Unless otherwise mutually agreed, the employee has the right to representatives of his/her choice.
3. For the protection of the complainant and the district, all grievance proceedings will be kept confidential.

4. All documents, communications, and records dealing with grievance processing will be placed in a district grievance file. No such material will be placed in an employee's personnel file unless the grievance results in discipline.
5. No reprisals shall be taken against any participant in a grievance procedure by reasons of such participation.
6. Time limits specified in these procedures may be reduced or extended in any specific instance by written mutual agreement between parties. If specified or-adjusted limits expire, the grievance may proceed to the next step.
7. Grievances involving an administrator above the building level may be filed at Step 2.
8. Any grievance not appealed to the next step of the procedure within prescribed time limits shall be considered settled on the basis of the answer given in the preceding step.
9. In order not to interfere with school schedules, meetings shall be held at a mutually acceptable time and place during the normal workday. An effort will be made not to interfere with the employee's peak work time.
10. When the grievance process involves another employee in any potential settlement, all parties of interest shall be consulted and advised of the grievance proceedings.
11. After a grievance is mutually resolved, or if complainant does not wish to take further steps, s/he will complete and submit to the superintendent a Settlement of Grievance. (See appendix D).
12. Nothing in the grievance procedures limits a member's right under the law.

Informal Resolution

Every effort shall be made by the parties involved to resolve grievances and disagreements on an informal level. The formal grievance procedure should not be initiated unless attempts at resolving the grievance at the informal level have been exhausted. When an employee has a grievance, he/she shall request a conference with the individual and/or the supervisor involved to discuss the grievance. The conference shall be held, on a date established for a conference, within five (5) days of the request or as soon as practical. Both the complainant and the supervisor may invite other persons as counsel. The employee may request that a representative(s) of the employee organization be present at the conference. Additional conferences may be held to discuss the grievance at mutually agreed upon times and dates. The case shall be closed if the grievance is resolved, or if the grievant does not wish to take further steps. If the issue is not resolved, both the grievant and immediate supervisor shall sign a memorandum acknowledging compliance with the informal level of the grievance procedure.

Interest-Based Step in Grievance Procedure

If either the grievant or supervisor is not satisfied with a decision at any level, the grievant and supervisor may mutually agree to submit the grievance to a joint Fact-Finding-Committee by filing a written request with the Superintendent.

The Fact-Finding-Committee shall consist of: (a) one person appointed by each party (grievant and supervisor); (b) the grievant and supervisor; (c) a facilitator appointed by mutual agreement of panel members. Both of these appointees must have experience and knowledge in the interest-based negotiations process.

The Fact-Finding-Committee shall meet with the grievant and other involved parties and gather facts concerning the grievance, as the Committee deems appropriate. The work of the Committee shall be informal, based on the principles of interest-based employer-employee relations, and designed to facilitate a resolution of the grievance that is acceptable to the parties.

Within fifteen (15) days of its formation, or as soon as practical, the Committee will provide the parties with its written findings and recommended resolution of the grievance. This report of the Committee shall be advisory to the parties, and shall not be final and binding.

If this step is not successful, the grievance will automatically proceed to the next formal level.

Step I - Formal Grievance/Grievance Procedure

Filing - A written request for settlement of grievance shall be filed with the supervisor or designee within ten (10) days after signing the memorandum acknowledging compliance with the informal level or as such as practiced. The request shall be prepared in triplicate with one copy to the supervisor and two (2) copies for the complainant. The complainant may supply a copy to his/her organization representative. (See Appendix D)

Information on the request for settlement of grievance - Step 1 shall include:

1. A description of specific grounds for the grievance including names, dates, and places necessary for complete understanding of the grievance.
2. A list of provisions of Board policy, administrative regulations, the master agreement, practices, and procedures, that affect working conditions of the grievant or association.
3. A list of reasons why the immediate supervisor's proposed resolution of the problem is unacceptable.
4. The settlement requested, with a list of specific actions by the district that will remedy the grievance.

Disposition - The supervisor or designee shall make a written disposition of the grievance within ten (10) working days after receipt of a grievance by completing a Reply to Grievance Step 1, and returning it to the complainant.

Conference - Within the time limit either party may request a conference.

Step 2 - Formal appeal to superintendent

Filing - If the employee is not satisfied with the disposition of the Grievance at Step 1, s/he may file the grievance on the Step 2 form provided in the master agreement (See appendix D). The grievance shall be filed with the Superintendent within ten (10) working days of receipt of the disposition at Step I or as soon as practical. All information presented at Step 1 shall be submitted to the Superintendent.

Conference - Within the time limit either party may request a conference.

In cases where a substitute for the Superintendent would normally hear the appeal, the complainant may request the Superintendent only. The complainant shall waive the working-day time limit for a conference. If the complainant chooses to exercise this option, the request shall be made in writing with a statement that the time limit has been waived. The superintendent will attempt to meet with the complainant as soon as possible.

Disposition - The Superintendent or designee shall make a written disposition of the grievance within ten (10) working days after meeting by completing a Reply to Grievance - Step 2 or as soon as practical. The supervisor and the complainant shall be notified in writing of said disposition.

Step 3 - Appeal to the Governing Board

If the employee is not satisfied with the disposition of the grievance at Step 2, he/she may file an appeal to the Governing Board. (See Appendix D)

Within ten (10) working days, or as soon as practical, of the receipt of the Superintendent's decision the complainant may submit a grievance action appeal form to the Governing Board. All material developed from inception of the grievance shall be included with the appeal form. The personnel office shall prepare and deliver copies of all material in the grievance folder to each Board member and the complainant.

The superintendent or designee and the grievant shall confer to establish the date of the appeal hearing. The date to be set shall allow a minimum of ten (10) working days prior to the hearing. The date will be no later than the next regularly scheduled Board Meeting. When the date is established, or at least five (5) working days prior to the hearing, the complainant may request that copies of all grievance materials be mailed to him/her.

Failure to confer or appear because of a proven emergency or illness will be grounds for postponement of the hearing.

The Board shall make its decision within fifteen (15) days of the hearing. The Board's decision will be final and binding upon all parties. It shall be reduced to writing and delivered by hand or registered mail to all parties.

All grievance hearings will take place in open session unless the grievant requests a closed session. State and Federal law along with applicable appellate or Supreme Court decisions shall prevail in determining whether a hearing is held in open or closed session.

ARTICLE 16

LAY OFFS *(Updated during 06/01/2022 negotiations)*

A. **Definitions**

1. **Classification:** Refers to the position or positions which perform duties consistent with a job description that includes a job title. Job titles for classifications are listed in Appendix A.
2. **Substitute Service Credit:** In the event an employee is hired into a position in which she/he has been substituting continuously directly prior to being hired into the same position on a probationary basis, the date of hire shall be the date hired as a substitute in that position. The term “substituting continuously” means working at least 70% of the available work days from the date of initial employment as a substitute employee until the date the substitute employee is hired as a regular classified employee in the same position.

Example: A vacancy occurs in the classification of Maintenance Worker-Bus Driver and a substitute fills the position from July 1st to August 25th while the District recruits to fill the position permanently with a regular classified employee. The substitute applies for the regular classified position of Maintenance Worker-Bus Driver and is selected for the position effective August 25th. His/her seniority date in this classification would be July 1st rather than August 25th because he/she continuously substituted in the same position immediately prior to filling it as a regular classified employee.

3. **Layoff:** A is an involuntary separation from service directly caused by a lack of work or a lack of funds. Lay off includes any reduction in hours of employment or assignment to a classification in which the employee has permanence, voluntarily consented to by the employee, in order to avoid interruption of employment by lay off.
4. **Seniority:** Seniority is based upon date of hire in a probationary status in a classification or the date of hire in an equal and/or higher classification, whichever date of hire is earliest. An equal classification is one that is paid at the same range on the salary schedule and higher classification is paid at a higher range on the salary schedule.

Example: The employee is currently employed in the classification of Maintenance Worker-Bus Driver is paid on Range 9 of the salary schedule. He has worked in that classification since July 1, 2005. Prior to this, he worked in the classification of Cook-Light Maintenance-Custodian-Grounds which is paid at Range __ of the salary schedule. He

worked in that classification from July 1, 2000 to June 30, 2005 when he promoted into the Maintenance Worker-Bus Driver classification.

This employee's hire date as a Cook-Light Maintenance-Custodian-Grounds remains July 1, 2000 because he is able to count the seniority he earned in the higher classification of Maintenance Worker-Bus Driver.

The seniority that he earned in the lower classification of Cook-Light Maintenance-Custodian-Grounds does not count toward his seniority in the higher classification of Maintenance Worker-Bus Driver. Therefore, his hire date as a Maintenance Worker-Bus Driver is July 1, 2005.

5. Blended Classifications: Blended classifications are those that include duties from two or more separate ("component") classifications. The separate component classifications may or may not exist in the bargaining unit independently from a blended classification.

An employee in a blended classification may only bump into another blended classification if:

The employee has actually worked in the other blended classification,

OR

The employee's current blended classification contains all the component classifications of the other blended classification.

Example #1: An employee in the classification of Cook-Light Maintenance-Custodian-Grounds may bump into a position in the Light Maintenance-Custodian-Grounds classification.

Example #2: An employee in the classification of Light Maintenance-Custodian-Grounds may NOT bump into a position in the Cook-Light Maintenance-Custodian-Grounds classification.

Example #3: An employee may also bump into any of the component classifications contained within their current blended classification. For example, an employee in the Maintenance Worker-Bus Driver classification may use his/her seniority to bump into a position in the Bus Driver classification.

The process for employees in blended classifications to exercise their bumping rights is provided in Article 16, Section (E)(2). Blended classifications are specifically limited to the following:

Bus Driver-Grounds
 Bus Driver-Light Maintenance-Custodian
 Cook-Light Maintenance-Custodian-Grounds
 Light Maintenance-Custodian-Grounds
 Maintenance Worker-Bus Driver
 Mechanic-Bus Driver
 Out-Reach Worker-In-House Suspension Supervisor-Attendance Clerk
 School Secretary-Attendance Clerk
 Bus Driver-Trainer
 Bus Driver-Dispatcher
 Cook-Light Maintenance-Custodian-Grounds-Bus Driver

5. **Split Assignments:** An employee who works in at least two or more separate and distinct positions in at least two separate and distinct classifications shall be considered to have a split assignment rather than a single assignment in a blended classification.

B. Required Negotiations

1. The District shall negotiate the effects of lay off, and the decision and effects of a reduction in hours upon demand by CSEA.
2. The parties must reach agreement regarding the effects of layoff or exhaust impasse prior to implementing any lay off unless all of the following criteria are met:
 - a. The implementation date is not arbitrary and the employer has some immutable deadline for implementation under which implementation beyond the deadline would undermine the District's exercise of its rights to make the non-negotiable decision to lay off employees, and
 - b. Advance notice of the decision and implementation date are provided in accordance with statutory requirements in order to allow for meaningful good faith negotiations prior to implementation, and
 - c. The District negotiates in good faith with CSEA both prior to and continues to negotiate subsequent to the implementation date over the effects of lay offs.

C. Order of Lay off

The order of lay off within a classification is based on seniority. The employee, who has the least seniority, as defined in Section 10.A above, shall be laid off first.

1. Part-time positions (defined as those assigned less than seven (7) hours per day) that are funded from the same funding source will be eliminated prior to any elimination of full-time positions within a classification subject to layoff. For example, if the district needs to reduce general fund

expenditures and determines a lack of funds in the classification of Custodian, the district shall eliminate part-time positions prior to eliminating any of the full time Custodian positions. The actual lay off of employees which results from the elimination of these part-time positions will be based on seniority, with the least senior employee being laid off first.

2. In the event two (2) or more employees have identical seniority, as defined in Article 16, Section (A)(4) above, the decision as to which employee has the greater seniority shall be based upon total District seniority, including service in lower classifications in which the employees have served. If the employees still have equal seniority, the seniority will be determined by lot.

D. Notice of Lay off

The District will notify CSEA in writing of the specific positions that it is recommending for elimination and the specific employees subject to lay off as a result of the elimination of those positions. Along with the notice, the District shall provide CSEA with seniority lists for the bargaining unit. CSEA will review the seniority list and the parties will work together to identify and correct any errors. As soon as possible after the notice is sent to CSEA, the District and CSEA will meet to discuss the specifics of position elimination, any resulting administrative transfers, bumping, and any resulting lay offs.

1. When District will lay off a classified employee for the ensuing year due to lack of work or lack of funds, a written preliminary notice of layoff must be served on the employee no later than March 15, except as provided by law. A copy of the lay off notice will be sent to the CSEA Chapter President and Labor Relations Representative.

E. Lay off Process and Bumping Rights

1. An employee whose position is eliminated shall be allowed to exercise bumping rights within the classification provided he/she is not the least senior employee. If he/she is the least senior employee in the classification, then he/she may exercise bumping rights into other classifications in which he/she has previously served as outlined in Section 16 (E) (2) below. If the employee is not the least senior employee, he/she shall be allowed to bump into any vacant position in that classification or into any position in which the incumbent has less seniority. If a less senior employee is bumped, he/she may then exercise his/her right to bump any employee with less seniority than him/her or into a vacant position. This process shall continue until the least senior employee is laid off or exercises bumping rights into another classification in which he/she has served.
2. An employee laid off from his/her position in one classification may bump into any classification in which she has seniority provided that there is at least one less senior employee in that classification. The employee must hold all required certifications and meet all tests of fitness required for the classification. The

order of which classification he/she shall be able to bump into shall be at the discretion of the employee exercising bumping rights into another classification and shall normally be higher classifications, equal classifications, then lower classifications. The employee shall be able to bump into any vacant position in the chosen classification or into any position in which the employee has less seniority than he/she does. If a less senior employee is bumped, he/she may then exercise his/her right to bump any employee with less seniority than him/her or bump into a vacant position. This process shall continue until the least senior employee is laid off or exercises bumping rights into another classification in which he/she has served subject to the provisions outlined herein.

3. **Required Meetings:** The District will conduct a meeting or meetings with affected employees to determine individual bumping choices and CSEA may choose to have a representative present at all such meetings.
4. **Increasing the Hours of Senior Employees:** In the event that the position of a less senior employee is assigned more hours than the position of the employee exercising bumping rights, the following process shall be used.
 - 4.1 The position will be offered first to employees in the classification whose positions are assigned less time than the position of the less senior employee. This offer will be made in seniority order until someone accepts the offer or until the place on the seniority list is reached that is occupied by the employee who is exercising his/her bumping rights. If no employee with greater seniority than the employee who is exercising bumping rights accepts the offer, the employee may then exercise his/her bumping rights into the position with greater hours. If a more senior employee accepts the offer, their position will be offered to employees in the same manner as above, unless the employee whose position is eliminated has the same assigned time at which point the employee will be administratively transferred into that position or may exercise, at his/her option, to bump a less senior employee.

F. Reemployment Rights

1. Reemployment shall be in reverse order of lay off, with the most senior being reemployed first. Employees who are laid off will be eligible for reemployment in any vacant position within their former **classification** for a period of thirty-nine (39) months, and shall be reemployed in preference to new applicants. In addition, such employees laid off shall have the right to apply for promotional positions within the District during the thirty-nine (39) month period.
2. Employees who take a voluntary demotion and/or voluntary reduction in assigned time in lieu of lay off shall be granted the same rights as unit members laid off for a period of sixty-three (63) months to be reinstated to a position in their former,

higher level classification and/or increase their assigned time back to the same level as the position he/she formerly held.

3. *Offers of reemployment shall be made either by personal service or electronic mail and shall include the specific vacancy and hours being offered, the rate of pay, level of benefits, a current job description, and instructions for acceptance or refusal of the offer of reemployment, time limit for acceptance or refusal, and a place for the laid off employee's signature. Failure to reply within five (5) working days from date of service of offer of reemployment shall be deemed a refusal of that offer of reemployment. If an employee refuse the offer of reemployment twice in the 39 month layoff period they will be removed from the reemployment list. It is the laid off employees responsibility to file a current mailing address with the District Office.*
4. An employee who is laid off and is subsequently rehired from the reemployment list shall have his full accrued balance of sick leave at the time of layoff restored upon the effective date of reemployment. However, if the employee worked for another public school district while on the re-employment list and Biggs Unified School District (BUSD) transferred sick leave to this other district, the employee shall only be entitled to that amount of sick leave which is transferred back to BUSD by the other district upon reemployment by BUSD.
5. Step Increases for employees who are reemployed shall be as follows:
 - A. If the employee is reemployed before January 1 of the fiscal year, they shall receive their next step increase effective July 1 of the following fiscal year. For example, if an employee were reemployed on November 15, 2007, they would receive their next step increase on July 1, 2008.
 - B. If the employee is reemployed on January 1 or later of the fiscal year, they shall receive their next step increase on July 1 of the second fiscal year following their reemployment. For example, if an employee were reemployed on February 15, 2008 they would receive their next step increase on July 1, 2009.
6. Notwithstanding any other provision of law, any employee who was subject to being, or was, in fact, laid off due to a lack of work or a lack of funds and who elects service retirement from the Public Employment Retirement System (PERS), shall be placed on the appropriate reemployment list. The District shall notify the Board of Administration of PERS of the fact that the retirement was due to a lack of work or a lack of funds. If the employee is subsequently subject to reemployment and accepts, in writing, the offer of reemployment, the District shall maintain the vacancy until the Board of Administration of PERS has properly processed his/her request for reemployment from retirement.

7. Upon lay off, vacation and compensatory time earned and unused at the time of lay off shall be computed and paid off with the final warrant due the employee.

G. Effects of Layoff: In the event of a proposed layoff or layoff, the parties agree to the following:

1. The District shall not transfer work out of the bargaining unit to certificated, confidential, management or supervisory employees, or to volunteers, prisoners, short term, or substitute employees, or to other bargaining unit employees in different classifications.
2. The District shall not subcontract out the bargaining unit work performed by laid off employees or employees who have suffered a reduction in hours/work year. The District shall not expand the contracting out of any work currently performed or contract out for any other services which could be performed by bargaining unit employees or which could result in the layoff of bargaining unit employees.
3. The District shall release all probationary, temporary, short term, and substitute employees in classifications subject to lay off before it lays off bargaining unit employees or reduces the hours of bargaining unit positions. Information on cost savings from the release of such employees shall be immediately provided to CSEA.
4. Laid off employees may volunteer to take a lateral transfer into an equal classification or a demotion into a lower classification in which they have not worked if the position is vacant and if they meet the minimum qualifications, in accordance with Article 10, Section F. Laid off employees who take such lateral transfer or voluntary demotion into a different classification shall remain on the reemployment list for the classification from which they were laterally transferred or demoted to preserve their return rights.
5. Laid off employees and employees affected by reductions in hours/work year shall be offered the opportunity to fill any temporary, short term, and substitute positions that become vacant as a result of the implementation of Section G (2) of this article or which may subsequently become vacant. Employee must meet the same qualifications and tests of fitness for such positions as do temporary, substitute, or short-term employees.
6. The District shall not increase the current and existing workload of remaining bargaining unit employees as a result of the layoff and/or reduction in hours/work year of bargaining unit employees.
7. The District shall review the use of volunteers district-wide when contemplating layoffs or reductions in hours/work year and shall ensure compliance with Article 18 (Volunteers) in the event of an actual layoff or reduction in hours/work year.

8. Benefited employees who are laid off or who are reduced in hours/work year shall be offered the opportunity to purchase health and welfare benefits subject to carrier rules and/or COBRA in the event of a layoff or reduction in hours/work year if the reduction in hours/work year would make him/her ineligible for health and welfare benefits.
9. The District shall refer employees subject to layoff or reductions in hours/work year to outside agencies who can provide assistance in resume writing, testing and interviewing skills and techniques.
10. The District shall upon request of the laid off employee, provide a letter to employees subject to layoff that states that the employee was laid off due to a lack of work or lack of funds and not for any performance or other work related reason. Copy of this letter is attached as Appendix F.
11. In the event of the layoff of bus drivers, the District agrees that it will provide training opportunities in order that laid off drivers may maintain a valid Bus Driver's certificate during the period of layoff, including training for re-qualification at the time of reinstatement (if necessary). The District will make appropriate vehicles available for the on-the-road portion of the license examination process. In addition, the District agrees to offer laid off Bus Drivers extra trips if the remaining Bus Drivers are unavailable or decline an extra trip assignment.
12. Laid off employees and employees affected by a reduction in hours/work year shall retain all rights and benefits guaranteed to them by the California Education Code, the CSEA/District collective bargaining agreement, and District policies and procedures.
13. Employees affected by layoff or reductions in hours/work year shall receive a copy of the layoff article along with their notice of layoff or notice of reduction in hours/work year.
14. Nothing in this Article shall preclude either party from requesting and commencing negotiations on any other effects of layoff or on the decision and any other effects of a reduction in hours/work year.

ARTICLE 17

COMPLETE AGREEMENT

- A. This Agreement constitutes the sole and entire existing agreement between the parties and supersedes all prior agreements, commitments and practices, whether oral or written, between the Employer and Employee Organization, or the Employer and any of the covered restrictions imposed on the Employer and Employee Organization, each with respect to the other. Therefore, the parties, for the term of this Agreement, each voluntarily and unqualifiedly waives the right, and each agrees that the other shall not be obliged to bargain collectively with respect to any subject or matter referred to or covered in this Agreement, except as otherwise provided in this Agreement, or with respect to any subject or matter not specifically referred to or covered in this Agreement, even though such subject matters may not have been within the knowledge or contemplation of either parties at the time they negotiated or executed this Agreement.

- B. Paragraph A above shall not, however, be interpreted or deemed to preclude the parties hereto from meeting-and-negotiating when the parties mutually agree to such meeting-and-negotiating.

ARTICLE 18

SAVINGS

If any provisions of this Agreement are held to be contrary to law by any court of competent jurisdiction, or the State Legislature, such provisions will not be deemed valid or subsisting, except to the extent permitted by law, but all other provisions will continue in full force and effect.
