Federal Shutdown's Impact on CalFresh

We know the federal government shutdown is affecting many in our community.

If you or your family need food assistance, visit sacramentofoodbank.org/find-food or call 2-1-1 Sacramento to connect with local resources.

For comprehensive updates on the federal shutdown's impact on CalFresh, visit ha.saccounty.gov.

November CalFresh Benefits

Due to the **federal government shutdown**, the U.S. Department of Agriculture is not sending money to states for November CalFresh (SNAP) benefits.

This means **your county cannot add money to your EBT card** until federal funding is restored.

This impacts all CalFresh households and cannot be appealed.

You can **keep using your existing benefits as usual.**

If you need food now, visit cafoodbanks.org/find-food to find your local food bank.
