**WHEREAS**, the most effective approach to creating safe school environments is a comprehensive, coordinated effort including schoolwide, districtwide and communitywide strategies supplemented with legislation, resources and support at the state and federal level; and

**WHEREAS**, all students, regardless of background, deserve access to services that support and enhance their physical, mental and emotional health; and

**WHEREAS**, student safety is a prerequisite for consistently high levels of academic and social development and social emotional well-being; and

**WHEREAS**, more than 300,000 Americans have experienced gun violence on campus since the Columbine tragedy and hundreds of lives have been lost as result; and
