

# Advancing Teaching and Learning Through Artificial Intelligence

Board Presentation - January 21, 2026

# Agenda

01

**Artificial  
Intelligence  
in DMUSD**

02

**MagicSchool  
Partnership**

03

**A Safe, Secure  
Digital  
Environment**

# Artificial Intelligence in DMUSD

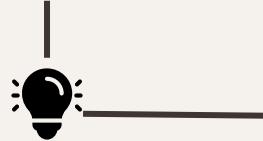

- Aligns with our Portrait of a Learner
- Strengthens a culture of thinking, not shortcuts learning
- Protects student safety and human connection
- Supports educators' professional judgment

# Artificial Intelligence in DMUSD

**April 2024**

**First of 7 learning opportunities**

**October 2024**

**Guidelines for safe AI use established**

**December**

**2025**

**Staff & Parent Roundtables to draft Guiding Document**

**September 2024**

**Tech Expert Group began**

**February 2025**

**Google Gemini licenses purchased**

[AI-Supported Instruction Aligned to the Portrait of a Learner](#)

---

## Purpose of This Document

This document reflects a shared vision developed through staff dialogue, reflection, and collaboration about how artificial intelligence can be used thoughtfully in our district. During our AI Roundtable Staff and Parent conversations, educators and parents consistently named both the potential and the responsibility that come with emerging technologies. There was strong agreement that AI should support teaching and learning without compromising student thinking, human connection, or instructional integrity.

The image shows a screenshot of the MagicSchool website's tool catalog. The top section, 'Teacher Tools', includes categories for Academic Content, Text Proofreader, Text Translator, and Informational Materials. The bottom section, 'Student Tools', includes categories for Text Proofreader, Text Translator, and Informational Texts. Both sections feature a grid of tools with icons, names, descriptions, and 'Hot' status indicators.

Section	Tool Category	Tool Name	Description	Status
Teacher Tools	Instructional Materials	Raina	Have a question or request? Ask Raina, our trusted AI chatbot for educators.	Hot
	Communication	Tool Recommendations	Discover the best MagicSchool tools to use based on your specific needs!	Hot
	Communication	Text Rewriter	Take any text and rewrite it with custom criteria.	
	Instructional Materials	Image Generator	Generate and edit images with AI with Adobe Express.	Hot
	Instructional Materials	Multiple Choice Quiz / Assessment	Generate a multiple choice assessment, quiz, or test based on any topic, standard(s), or criteria.	
	Academic Content	Lesson Plan	Generate a lesson plan based on a standard, topic, or objective.	
	Academic Content	Academic Content	Generate custom academic content based on the criteria of your choice.	
	Writing Feedback	Writing Feedback	Generate feedback on student writing based on custom criteria or a rubric.	
	Presentation Generator	Presentation Generator	Generate exportable slides based on a topic, text, YouTube video, or any uploaded content.	
	Professional Email	Professional Email	Generate a professional email communication.	
Student Tools	Rubric Generator	Generate a custom rubric for any assignment.		
	Text Proofreader	Text Proofreader	Proofread any text - correcting grammar, spelling, punctuation and adding clarity.	
	Text Translator	Text Translator	Translate any text or uploaded document into any language.	
	Informational Texts	Informational Texts	Generate original informational texts for your class, customized to the topic of your choice.	
	Writing Feedback	Writing Feedback	Get feedback on your writing.	Hot
	Image Generator	Image Generator	Generate and edit images with AI with Adobe Express.	Hot
	Language Tutor	Language Tutor	Learn and practice a new language with this AI tutor.	
	Research Assistant	Research Assistant	Find information and sources for a research project.	
	Song Generator	Song Generator	Generate the lyrics to a custom song on any topic to the tune of popular songs.	
	Text Translator	Text Translator	Translate any text or uploaded document into any language.	
Character Chatbot	Character Chatbot	Chat with any historic figure, author, or recognizable character from a story.		
Create a Skit!	Create a Skit!	Create a skit for class or for fun!		
Step by Step	Step by Step	Get step by step directions on any topic or task.		
College & Career Counselor	College & Career Counselor	Ask any questions about college or careers.		
Rap Battle	Rap Battle	Create a rap battle between famous figures in history.		
Idea Generator	Idea Generator	Use AI as a thought partner to generate ideas on any topic.		
5 Questions	5 Questions	Use AI to ask you 5 questions to push your thinking on any topic or idea.		
Book Suggestions	Book Suggestions	Discover books that match your interests.		
Expand on My Idea	Expand on My Idea	Use AI as a thought partner to expand on your creativity.		

# Artificial Intelligence: Safety & Security

## Teacher-Led Use

- Staff use the tool for planning and supervised classroom activities (**adults remain responsible**).

## Intentional Privacy Restrictions

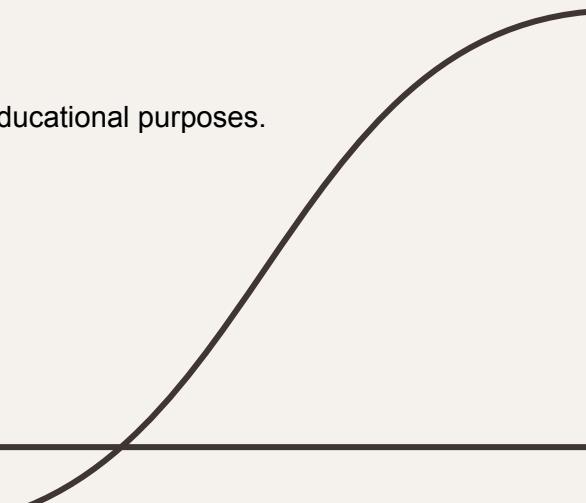

- Student data is not shared with third-party advertisers.
- MagicSchool does not allow advertising in the service.

## Data Control

- Student data is owned/controlled by the school/district and used only for authorized educational purposes.

## No AI Training on Student Data

- MagicSchool student data is not used to train AI models.

# Artificial Intelligence: Safety & Security

## **FERPA (student records stay under District control)**

- Student records remain under DMUSD ownership, and MagicSchool uses them only as a district-authorized service provider for approved educational purposes.

## **COPPA (extra protections for children under 13)**

- For students under 13, data collection should be minimized and district-managed, and MagicSchool's approach aligns with COPPA.

## **CIPA (internet safety requirements remain in place)**

- District internet filtering, monitoring, and supervision expectations still apply when AI tools are used.

## **CITE Privacy Services Agreement**

- CITE provides a statewide student privacy agreement framework and a vendor/app database to support compliance transparency.

# Artificial Intelligence: Safety & Security

MagicSchool “Walled Garden” - Controlled, Educationally Designed Environment

## **Closed, controlled environment**

- The platform is designed specifically for learning, with strong built-in controls.

## **Teacher-selected tools only**

- Students only see and use the AI tools their teachers choose and assign.

## **Safety rules are built in**

- The system blocks requests to cheat, create inappropriate content, or go off-topic.

## **Student-appropriate responses**

- The AI recognizes it is working with students and adjusts language, examples, and content accordingly.

## **Adult oversight**

- Teachers and administrators can monitor and review student interactions with the platform.

# Thank You!
