

Hartland High School

Student/Parent Agreement for Blended Courses

I, _____ Class of _____, am requesting to take the following Blended course(s) during the 2026-2027 school year:

English

_____ English 12 A & B

Blended Course Agreement

- I understand that a student must have a 2.0 minimum overall GPA in order to enroll in a **blended** course.
- I understand that a blended course means that a majority of the course will be taken online, while receiving face-to-face support and instruction from a Hartland High classroom teacher.
- I understand that blended courses are offered at the beginning or the end of the day and are open to students in 12th grade.
- I understand that in order to be successful in a blended course, the student must have computer and internet access, demonstrate the ability to learn and work independently, be responsible, and self-motivated.
- I understand the student will be required to attend a face-to-face meeting with the instructor at least once per week, possibly more.
- I understand that I am required to follow the attendance policy of the instructor, and am subject to the school's attendance/make-up time policy.
- I understand that if the student begins to struggle in the course and fails to meet the course expectations, the student may be required to attend the physical classroom regularly until the instructor feels the student is capable of working independently again.
- I understand that all written summative assessments will be conducted in a face-to-face format.
- I understand that students in a blended course will be held to the same academic standards and requirements as courses taught entirely in a classroom.
- I understand that students will earn an academic mark that will be reported on their HHS transcript in the same manner as their other courses taken at HHS.

I have read and understand the above Blended Course Agreement.
