Independent Auditor's Report

To the Board of Trustees
Ravendale-Termo School District
Ravendale, California 96123

Report on the Audit of the Financial Statements**Opinions**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Ravendale-Termo School District ("the District"), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Ravendale-Termo School District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above, present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Ravendale-Termo School District, as of June 30, 2024, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ravendale-Termo School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ravendale-Termo School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, and budgetary comparison information and schedules of the District's proportionate share of the net pension liability and schedules of District pension contributions, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Ravendale-Termo School District's basic financial statements. The accompanying individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying other supplementary information is presented for purposes of additional analysis as required by the State's audit guide, *2023-24 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* prescribed in Title 5, *California Code of Regulations*, Section 19810 and is also not a required part of the basic financial statements. The individual nonmajor fund financial statements and other supplementary information are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the individual nonmajor fund financial statements and other supplementary information are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the financial statements. The other information comprises the Local Education Agency Organization Structure but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements or the other information otherwise appears to be materially misstated. If based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in the report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 20, 2024 on our consideration of Ravendale-Termo School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Ravendale-Termo School District's internal control over financial reporting and compliance.

Respectfully submitted,

SingletonAuman PC

RAVENDALE-TERMO SCHOOL DISTRICT
Management's Discussion and Analysis (MD&A)
June 30, 2024

INTRODUCTION

Our discussion and analysis of Ravendale-Termo School District's (District) financial performance provides an overview of the District's financial activities for the fiscal year ended June 30, 2024. It should be read in conjunction with the District's financial statements (including notes and supplementary information), which follow this section.

FINANCIAL HIGHLIGHTS

- ❑ Total net position was \$1,936,983 at June 30, 2024. This was an increase of \$167,998 from the prior year.
- ❑ Overall revenues were \$559,243, which was more than expenses of \$391,245 by \$167,998.
- ❑ The general fund reported a fund balance this year of \$1,185,602; an increase of \$126,726 from the prior year.
- ❑ The total costs of the District's programs increased by \$17,937 over last year.

OVERVIEW OF FINANCIAL STATEMENTS

This annual report consists of three parts – management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The three sections together provide a comprehensive overview of the District. The basic financial statements are comprised of two kinds of statements that present financial information from different perspectives:

- ❑ **Government-wide financial statements**, which comprise the first two statements, provide both short-term and long-term information about the entity's overall financial position.
- ❑ **Fund financial statements** focus on reporting the individual parts of the District operations in more detail. The fund financial statements comprise the remaining statements.
 - **Governmental funds** statements tell how general government services were financed in the short term as well as what remains for future spending.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The basic financial statements are followed by a section of required supplementary information that further explains and supports the financial statements. A comparison of the district's budget for the year is included.

Government-Wide Statements

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the District's net position and how it has changed. Net position, the difference between the assets and liabilities, are one way to measure the District's financial health or position.

- ❑ Over time, increases or decreases in the District's net position is an indicator of whether its financial health is improving or deteriorating, respectively.
- ❑ To assess the overall health of the District, one needs to consider additional nonfinancial factors such as changes in enrollment, changes in the property tax base, changes in program funding by the Federal and State governments, and condition of facilities.

The government-wide financial statements of the District include governmental activities. Most of the District's basic services are included here, such as regular education, food service, maintenance and general administration. Revenue limit funding and federal and state grants finance most of these activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's most significant funds—not the District as a whole. Funds are accounting devices that the District uses to keep track of specific sources of funding and spending for particular programs. Some funds are required to be established by state law and by bond covenants. The Board of Trustees establishes other funds to control and manage money for particular purposes or to show that the District is meeting legal responsibilities for using certain revenues. The District has one kind of fund:

- ❑ Governmental funds - Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the government funds statements that explains the relationship (or differences) between them.

FINANCIAL ANALYSIS OF THE ENTITY AS A WHOLE

Net Position

The District's combined net position was \$1,936,983 at June 30, 2024. See Table 1.

The significant changes in Table 1 line items for fiscal 2024 vs. 2023 are:

- Accounts payable increased due to the purchase of a new vehicle.
- Unearned revenue increased due to additional funding from the Early Education: Universal Prekindergarten Planning and Implementation Grant.

Changes in Net Position

The District's total revenues were \$559,243. The largest amount of the revenue comes from Local Control Revenue (55.72%). Operating Grants & Contributions accounted for another 31.33% of total revenues. Revenues increased by \$8,670 from last year primarily due to increased monies received from the federal and state governments.

The total cost of all programs and services was \$391,245. The District's expenses are predominately related to educating and caring for students. The remaining expenses were for pupil services, plant services, ancillary services (maintenance and operations), and general administration. Total expenses increased by \$17,937 from the prior year.

TOTAL	\$ 391,245	\$ 373,308	\$ 215,984	\$ 247,133

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

The overall financial performance of the District as a whole is reflected in its governmental funds as well. As the District completed the year, its governmental funds reported a combined fund balance of \$1,185,602 which is more than last year's ending fund balance of \$1,058,876. The District is carefully monitoring its expenditures in order to avoid deficit spending and using its remaining reserves.

General Fund Budgetary Highlights

Over the course of the year, the District revises its annual budget to reflect unexpected changes in revenues and expenditures. A schedule of the District's original and final budget amounts compared with actual revenues and expenses is provided in the supplemental section of the audited financial report.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2024, the District had invested \$816,110 in a broad range of capital assets. During the year, the District purchased a new vehicle. More detailed information about the District's capital assets is presented in the notes to the financial statements.

Table 4
Capital Assets

	Governmental Activities		Total Percentage
	2024	2023	Change
			2024-2023
Land	\$ 8,000	\$ 8,000	0.00%
Buildings	1,650,538	1,650,538	0.00%
Improvements	153,051	153,051	0.00%
Machinery & Equipment	243,866	168,764	44.50%
Totals at Historical Cost	\$ 2,055,455	\$ 1,980,353	
Total Accumulated Depreciation	(1,239,345)	(1,192,535)	3.93%
NET CAPITAL ASSETS	\$ 816,110	\$ 787,818	

During the 2024-2025 fiscal year the District plans to purchase new playground equipment to accommodate the expansion of Transitional Kindergarten; seal and stripe the parking lot; and camera and intercom system.

Pension Liabilities

Table 5
Net Pension Liability

	Proportionate Share of		Total Percentage
	2024	2023	Change
			2024-2023
CalSTRS	\$ 38,732	\$ 69,486	-44.26%
CalPERS	81,639	59,528	37.14%
TOTAL NET PENSION LIABILITY	\$ 120,371	\$ 129,014	-6.70%

Other Long-Term Debt

The District had no other long-term debt at June 30, 2024.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

At the time these financial statements were prepared and audited, the District was aware of several circumstances that could affect its future financial health:

- ❑ The uncertainty of federal and state funding can have a profound impact on the financial health of the District. Although some changes are currently anticipated, the federal and the state governments could implement additional budget cuts.
- ❑ The long term effect of the COVID Pandemic will have unknown impacts on the District. Additionally, the requirements placed on Districts by Federal and State government may have a very substantial harmful impact on the District's ability to provide an education to students, in addition to potentially detrimental financial impacts.
- ❑ The District received additional one-time funding from Federal and State Governments due to the COVID Pandemic these funds have expired.
- ❑ The inevitable increases in pension contributions which will be needed to pay the unfunded net Pension Liability will require careful planning and budgeting.
- ❑ Student enrollment will continue to have an impact on the District's ability to provide Educational services for an declining population.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, parents, participants, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. *RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2024*

Net change in fund balances - total governmental funds	\$	132,825
Amounts reported for governmental activities in the Statement of Activities ("SOA") are different because:		
Capital outlays are not reported as expenses in the SOA.		75,102
The depreciation of capital assets used in governmental activities is not reported in the funds.		(46,810)
Pension contributions made after the measurement date but in current FY were de-expended & reduced NPL.		(25,295)
Pension expense relating to GASB 68 is recorded in the SOA but not in the funds.		32,177
Rounding difference		<u>(1)</u>
Change in net position of governmental activities - Statement of Activities	\$	<u>167,998</u>

The accompanying notes are an integral part of this statement.

RAVENDALE-TERMO SCHOOL DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2024

A. Summary of Significant Accounting Policies

Ravendale-Termo School District (District) accounts for its financial transactions in accordance with the policies and procedures of the Department of Education's "California School Accounting Manual". The accounting policies of the District conform to accounting principles generally accepted in the United States of America (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA).

1. Reporting Entity

The District's combined financial statements include the accounts of all its operations. The District evaluated whether any other entity should be included in these financial statements. The criteria for including organizations as component units within the District's reporting entity, as set forth in GASB Statement No. 14, "The Financial Reporting Entity," include whether:

- The organization is legally separate (can sue and be sued in its name)
- The District holds the corporate powers of the organization
- The District appoints a voting majority of the organization's board
- The District is able to impose its will on the organization
- The organization has the potential to impose a financial benefit/burden on the District
- There is fiscal dependency by the organization on the District

The District also evaluated each legally separate, tax-exempt organization whose resources are used principally to provide support to the District to determine if its omission from the reporting entity would result in financial statements which are misleading or incomplete. GASB Statement No. 14 requires inclusion of such an organization as a component unit when: 1) The economic resources received or held by the organization are entirely or almost entirely for the direct benefit of the District, its component units or its constituents; and 2) The District or its component units is entitled to, or has the ability to otherwise access, a majority of the economic resources received or held by the organization; and 3) Such economic resources are significant to the District.

Based on these criteria, the District has no component units. Additionally, the District is not a component unit of any other reporting entity as defined by the GASB Statement.

2. Basis of Presentation, Basis of Accounting

a. Basis of Presentation

Government-wide Statements: The statement of net position and the statement of activities include the financial activities of the overall government. Eliminations have been made to minimize the double-counting of internal activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. The District does not allocate indirect expenses in the statement of activities. Program revenues include (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the District's funds, with separate statements presented for each fund category. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds.

RAVENDALE-TERMO SCHOOL DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2024

The District reports the following major governmental funds:

General Fund. This is the District's primary operating fund. It accounts for all financial resources of the District except those required to be accounted for in another fund.

b. Measurement Focus, Basis of Accounting

Government-wide Financial Statements: These financial statements are reported using the economic resources measurement focus. They are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District does not consider revenues collected after its year-end to be available in the current period. Revenues from local sources consist primarily of property taxes. Property tax revenues and revenues received from the State are recognized under the susceptible-to-accrual concept. Miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they are both measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under lease contracts and subscription-based information technology arrangements are reported as other financing sources.

When the District incurs an expenditure or expense for which both restricted and unrestricted resources may be used, it is the District's policy to use restricted resources first, then unrestricted resources.

3. Encumbrances

Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid. All encumbrances are liquidated as of June 30.

4. Assets, Liabilities, and Equity

a. Deposits and Investments

Cash balances held in banks and in revolving funds are insured to \$250,000 by the Federal Depository Insurance Corporation. All cash held by the financial institutions is fully insured or collateralized.

In accordance with Education Code Section 41001, the District maintains substantially all its cash in the Lassen County Treasury. The county pools these funds with those of other districts in the county and invests the cash. These pooled funds are carried at cost, which approximates market value. Interest earned is deposited quarterly into participating funds, except for the Tax Override Funds, in which interest earned is credited to the general fund. Any investment losses are proportionately shared by all funds in the pool.

RAVENDALE-TERMO SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2024

The county is authorized to deposit cash and invest excess funds by California Government Code Section 53648 et seq. The funds maintained by the county are either secured by federal depository insurance or are collateralized.

Information regarding the amount of dollars invested in derivatives with Lassen County Treasury was not available.

b. Stores Inventories and Prepaid Expenditures

Inventories are recorded using the purchases method in that the cost is recorded as an expenditure at the time individual inventory items are purchased. Inventories are valued at average cost and consist of expendable supplies held for consumption. Reported inventories are equally offset by a fund balance reserve, which indicates that these amounts are not "available for appropriation and expenditure" even though they are a component of net current assets.

The District has the option of reporting an expenditure in governmental funds for prepaid items either when purchased or during the benefiting period. The District has chosen to report the expenditure when incurred.

c. Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated fixed assets are recorded at their estimated fair value at the date of the donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. A capitalization threshold of \$5,000 is used.

Capital assets are being depreciated using the straight-line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
Buildings	50
Building Improvements	20
Vehicles	3-15
Furniture and Equipment	5-10
Computer Equipment	3-15
Lease Assets	5
Subscription Assets	5

d. Receivable and Payable Balances

The District believes that sufficient detail of receivable and payable balances is provided in the financial statements to avoid the obscuring of significant components by aggregation. Therefore, no disclosure is provided which disaggregates those balances.

There are no significant receivables which are not scheduled for collection within one year of year end.

e. Compensated Absences

Accumulated unpaid employee vacation benefits are recognized as liabilities of the District. The current portion of the liabilities is recognized in the general fund at year end.

Accumulated sick leave benefits are not recognized as liabilities of the District. The District's policy is to record sick leave as an operating expense in the period taken since such benefits do not vest nor is payment probable; however, unused sick leave is added to the creditable service period for calculation of retirement benefits when the employee retires.

RAVENDALE-TERMO SCHOOL DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2024

f. Unearned Revenue

Unearned revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period or when resources are received by the District prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for unearned revenue is removed from the balance sheet and revenue is recognized.

g. Interfund Activity

Interfund activity results from loans, services provided, reimbursements or transfers between funds. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures or expenses. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers In and Transfers Out are netted and presented as a single "Transfers" line on the Government-wide Statement of Activities. Similarly, interfund receivables and payables are netted and presented as a single "Internal Balances" line of the government-wide statement of net position.

h. Property Taxes

Secured property taxes attach as an enforceable lien on property as of March 1. Taxes are payable in two installments on November 15 and March 15. Unsecured property taxes are payable in one installment on or before August 31. The County of Lassen bills and collects the taxes for the District.

i. Fund Balances - Governmental Funds

Fund balances of the governmental funds are classified as follows:

Nonspendable Fund Balance - represents amounts that cannot be spent because they are either not in spendable form (such as inventory or prepaid insurance) or legally required to remain intact (such as notes receivable or principal of a permanent fund).

Restricted Fund Balance - represents amounts that are constrained by external parties, constitutional provisions or enabling legislation.

Committed Fund Balance - represents amounts that can only be used for a specific purpose because of a formal action by the District's governing board. Committed amounts cannot be used for any other purpose unless the governing board removes those constraints by taking the same type of formal action. Committed fund balance amounts may be used for other purposes with appropriate due process by the governing board. Commitments are typically done through adoption and amendment of the budget. Committed fund balance amounts differ from restricted balances in that the constraints on their use do not come from outside parties, constitutional provisions, or enabling legislation.

Assigned Fund Balance - represents amounts which the District intends to use for a specific purpose, but that do not meet the criteria to be classified as restricted or committed. Intent may be stipulated by the governing board or by an official or body to which the governing board delegates the authority. Specific amounts that are not restricted or committed in a special revenue, capital projects, debt service or permanent fund are assigned for purposes in accordance with the nature of their fund type or the fund's primary purpose. Assignments within the general fund conveys that the intended use of those amounts is for a specific purpose that is narrower than the general purposes of the District itself.

RAVENDALE-TERMO SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2024

Unassigned Fund Balance - represents amounts which are unconstrained in that they may be spent for any purpose. Only the general fund reports a positive unassigned fund balance. Other governmental funds might report a negative balance in this classification because of overspending for specific purposes for which amounts had been restricted, committed or assigned.

When an expenditure is incurred for a purpose for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds.

5. Deferred Inflows and Deferred Outflows of Resources

Deferred outflows of resources is a consumption of net assets or net position that is applicable to a future reporting period. Deferred inflows of resources is an acquisition of net assets or net position that is applicable to a future reporting period. Deferred outflows of resources and deferred inflows of resources are recorded in accordance with GASB Statement numbers 63 and 65.

6. GASB 54 Fund Presentation

Consistent with fund reporting requirements established by GASB Statement No. 54, Fund 17 (Special Reserve Fund for Other Than Capital Outlay) is merged with the General Fund for purposes of presentation in the audit report.

7. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the CalPERS Schools Pool Cost-Sharing Multiple-Employer Plan (CalPERS Plan) and CalSTRS Schools Pool Cost-Sharing Multiple Employer Plan (CalSTRS Plan) and additions to/deductions from the CalPERS Plan and CalSTRS Plan's fiduciary net positions have been determined on the same basis as they are reported by the CalPERS Financial Office and CalSTRS Financial Office. For this purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

GASB 68 requires that the reported results must pertain to liability and asset information within certain defined time frames. For this report, the following time frames are used:

Valuation Date (VD) (STRS)	June 30, 2022
Valuation Date (VD) (PERS)	June 30, 2022
Measurement Date (MD)	June 30, 2023
Measurement Period (MP)	July 1, 2022 to June 30, 2023

8. Use of Estimates

The preparation of financial statements in conformity with GAAP requires the use of management's estimates. Actual results could differ from those estimates.

RAVENDALE-TERMO SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2024

9. Fair Value Measurements

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles as defined by Governmental Accounting Standards Board (GASB) Statement No. 72. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The hierarchy is detailed as follows:

- Level 1 Inputs: Quoted prices (unadjusted) in active markets for identical assets or liabilities that a government can access at the measurement date.
- Level 2 Inputs: Inputs other than quoted prices included within Level 1 that are observable for an asset or liability, either directly or indirectly.
- Level 3 Inputs: Unobservable inputs for an asset or liability.

For the current fiscal year the District did not have any recurring or nonrecurring fair value measurements.

10. Implementation of New Standards

In the current fiscal year, the District did not implement any new standards from the Governmental Accounting Standards Board (GASB).

B. Compliance and Accountability

1. Finance-Related Legal and Contractual Provisions

In accordance with GASB Statement No. 38, "Certain Financial Statement Note Disclosures," violations of finance-related legal and contractual provisions, if any, are reported below, along with actions taken to address such violations.

<u>Violation</u>	<u>Action Taken</u>
None reported	Not applicable

2. Deficit Fund Balance or Fund Net Position of Individual Funds

Following are funds having deficit fund balances or fund net position at year end, if any, along with remarks which address such deficits:

<u>Fund Name</u>	<u>Deficit Amount</u>	<u>Remarks</u>
None reported	Not applicable	Not applicable

C. Excess of Expenditures Over Appropriations

There were no excess of expenditures over appropriations.

D. Cash and Investments

1. Cash in County Treasury:

In accordance with Education Code Section 41001, the District maintains substantially all of its cash in the Lassen County Treasury as part of the common investment pool (\$208,673,341 as of June 30, 2024). The fair value of the District's portion of this pool as of that date, as provided by the pool sponsor, was \$1,355,721. Assumptions made in determining the fair value of the pooled investment portfolios are available from the County Treasurer.

RAVENDALE-TERMO SCHOOL DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2024

2. Cash on Hand, in Banks, and in Revolving Fund

Cash balances on hand and in banks (\$0 as of June 30, 2024) and in the revolving fund (\$50) are insured up to \$250,000 by the Federal Depository Insurance Corporation. All cash held by the financial institution is fully insured or collateralized.

3. Analysis of Specific Deposit and Investment Risks

GASB Statement No. 40 requires a determination as to whether the District was exposed to the following specific investment risks at year end and if so, the reporting of certain related disclosures:

a. Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The county is restricted by Government Code Section 53635 pursuant to Section 53601 to invest only in time deposits, U.S. government securities, state registered warrants, notes or bonds, State Treasurer's investment pool, bankers' acceptances, commercial paper, negotiable certificates of deposit, and repurchase or reverse repurchase agreements. The ratings of securities by nationally recognized rating agencies are designed to give an indication of credit risk. At year end, the District was not exposed to credit risk.

b. Custodial Credit Risk

Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the District's name.

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by either the counterparty or the counterparty's trust department or agent but not in the District's name. At year end, the District was not exposed to custodial credit risk.

c. Concentration of Credit Risk

This risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. At year end, the District was not exposed to concentration of credit risk.

d. Interest Rate Risk

This is the risk that changes in interest rates will adversely affect the fair value of an investment. At year end, the District was not exposed to interest rate risk.

e. Foreign Currency Risk

This is the risk that exchange rates will adversely affect the fair value of an investment. At year end, the District was not exposed to foreign currency risk.

4. Investment Accounting Policy

The District is required by GASB Statement No. 31 to disclose its policy for determining which investments, if any, are reported at amortized cost. The District's general policy is to report money market investments and short-term participating interest-earning investment contracts at amortized cost and to report nonparticipating interest-earning investment contracts using a cost-based measure. However, if the fair value of an investment is significantly affected by the impairment of the credit standing of the issuer or by other factors, it is reported at fair value. All other investments are reported at fair value unless a legal contract exists which guarantees a

RAVENDALE-TERMO SCHOOL DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2024

higher value. The term "short-term" refers to investments which have a remaining term of one year or less at time of purchase. The term "nonparticipating" means that the investment's value does not vary with market interest rate changes. Nonnegotiable certificates of deposit are examples of nonparticipating interest-earning investment contracts.

The District's investments in external investment pools are reported in conformity with GASB Statement No. 77 unless the pool is 2a7-like, in which case they are reported at share value. A 2a7-like pool is one which is not registered with the Securities and Exchange Commission ("SEC") as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940.

E. Capital Assets

Capital asset activity for the year ended June 30, 2024, was as follows:

	Beginning Balances	Increases	Decreases	Ending Balances
<u>Governmental activities:</u>				
<i>Capital assets not being depreciated:</i>				
Land	\$ 8,000	\$ --	\$ --	\$ 8,000
Total capital assets not being depreciated	8,000	--	--	8,000

Buildings	1,650,538	--	--	1,650,538
Improvements	153,051	--	--	153,051
Equipment	168,764	75,102	--	243,866
Total capital assets being depreciated	1,972,353	75,102	--	2,047,455
Less accumulated depreciation for:				
Buildings	(930,770)	(31,990)	--	(962,760)
Improvements	(115,324)	(3,748)	--	(119,072)
Equipment	(146,441)	(11,072)	--	(157,513)
Total accumulated depreciation	(1,192,535)	(46,810)	--	(1,239,345)
Total capital assets being depreciated, net	779,818	28,292	--	808,110
Governmental activities capital assets, net	\$ 787,818	\$ 28,292	\$ --	\$ 816,110

Depreciation was charged to functions as follows:

Pupil Services	\$ 4,177
General Administration	2,201
Plant Services	36,549
	<u>\$ 42,927</u>

F. Interfund Balances and Activities

1. Transfers To and From Other Funds

Transfers to and from other funds at June 30, 2024, consisted of the following:

Transfers From	Transfers To	Amount	Reason
General fund	Cafeteria	\$ 12,500	To cover cafeteria funding as no other funding is received
	Total	<u>\$ 12,500</u>	

RAVENDALE-TERMO SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2024

G. Joint Ventures (Joint Powers Agreements)

The District participates in two Joint Powers Agreements (JPA's), the Northern California Schools Insurance Group and the Schools Excess Liability Fund. The insurance groups arrange for and provide property and liability insurance for their members. The District pays premiums comensurate with the level of coverage requested. These are partial self-insurance programs.

An executive committee consisting of representatives from each member's District governs the JPA's. The governing boards control the operations of their JPA's independent of any influence by the District beyond the District's representation on the governing boards.

The JPA's are independently accountable for their fiscal matters. The insurance groups maintain their own accounting records. The budget is not subject to any approval other than that of the executive committee. The relationship between the District and the JPA's is such that the JPA's are not component units of the District for financial reporting purposes.

Condensed financial information for the JPA's for June 30, 2024 was not available as of our report date.

H. Pension Plans

1. General Information About the Pension Plans

a. Plan Descriptions

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. Certificated employees are members of the California State Teachers Retirement System (CalSTRS) and classified employees are members of the California Public Employees' Retirement System (CalPERS). Benefit provisions under the Plans are established by State statute and Local Government resolution. Support by the State for the CalSTRS plan is such that the plan has a special funding situation as defined by GASB Statement No. 68. CalSTRS and CalPERS issue publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on their respective websites.

b. Benefits Paid

CalSTRS and CalPERS provide service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members. Benefits are based on years of credited service, equal to one year of full-time employment. Members with five years of total service are eligible to retire at age 62 for normal benefits or at age 55 with statutorily reduced benefits. Employees hired prior to January 1, 2013 are eligible to retire at age 60 for normal benefits or at age 55 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. All members are eligible for death benefits after one year of total service.

The Plans' provisions and benefits in effect at June 30, 2024 are summarized as follows:

	CalSTRS	
	Before Jan. 1, 2013	On or After Jan. 1, 2013
Hire Date		
Benefit Formula	2% at 60	2% at 62**
Benefit Vesting Schedule	5 Years	5 Years
Benefit Payments	Monthly for Life	Monthly for Life
Retirement Age	55-60	55-62
Monthly benefits, as a % of eligible compensation	1.1 - 2.4%	1.0 - 2.4%*
Required Employee Contribution Rates (at June 30, 2024)	10.250%	10.205%
Required Employer Contribution Rates (at June 30, 2024)	19.100%	19.100%
Required State Contribution Rates (at June 30, 2024)	10.828%	10.828%

RAVENDALE-TERMO SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2024

*Amounts are limited to 120% of Social Security Wage Base.
 **The contribution rate for CalSTRS 2% at 62 members is based , in part, on the normal cost of benefits and may increase or decrease in future years.

	CalPERS	
	Before	On or After

Required Employer Contribution Rates (at June 30, 2024)	26.680%	26.680%

*Amounts are limited to 120% of Social Security Wage Base

c. Contributions

CalSTRS

For the fiscal year ended June 30, 2024 (measurement date June 30, 2023), California Education Code Section 22950 requires members to contribute monthly to the system 10.205% (if hired on or after January 1, 2013) or 10.25% (if hired before January 1, 2013) of the creditable compensation upon which members' contributions under this part are based. In addition, the employer required rates established by the CalSTRS Board have been established at 19.1% of creditable compensation for the fiscal year ended June 30, 2024. Beginning in the fiscal year June 30, 2022 and for each fiscal year thereafter, the CalSTRS Board has the authority to increase or decrease percentages paid specific to reflect the contribution required to eliminate by June 30, 2046, the remaining unfunded actuarial obligation with respect to service credited to members before July 1, 2014, as determined by the Board based upon a recommendation from its actuary. Those adjustments are limited to 0.5% annually, not to exceed 20.25% of creditable compensation.

CalPERS

California Public Employees' Retirement Law section 20814(c) requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on July 1 following notice of a change in the rate. The CalPERS Board retains the authority to amend contribution rates. The total plan contributions are determined through CalPERS' annual actuarial valuation process. The Actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of the employees. For the fiscal year ended June 30, 2024 (measurement date June 30, 2023) the employee contribution rate was 8.00% and the employer contribution rate was 26.680% of covered payroll.

RAVENDALE-TERMO SCHOOL DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2024

On Behalf Payments

Consistent with California Education Code Section 22955.1, the State of California makes contributions to CalSTRS on behalf of employees working for the District. For the fiscal year ended June 30, 2024 (measurement date June 30, 2023) the State contributed 10.828% of salaries creditable to CalSTRS. Consistent with the requirements of generally accepted accounting principles, the District has recorded these contributions as revenue and expense in the fund financial statements (current financial resources measurement focus). The government-wide financial statements have recorded revenue and expense for pension expense paid on behalf of the District (economic resources measurement focus). Contributions reported for on behalf payments are based on the District's proportionate share of the State's contribution for the fiscal year. Contributions made by the state on behalf of the District and the State's pension expense associated with District employees for the past three fiscal years are as follows:

CalSTRS			
Year Ended June 30,	On Behalf Contribution Rate	On Behalf Contribution Amount	On Behalf Pension Expense
2022	10.828%	\$ 6,632	\$ 796
2023	10.828%	6,175	5,559
2024	10.828%	6,235	12,392

The State contributed an additional \$1.1 Billion to CalSTRS during the 2019-20 fiscal year and \$297 Million to CalSTRS during the 2021-22 fiscal year as a continuing settlement associated with SB90.

d. Contributions Recognized

For the fiscal year ended June 30, 2024 (measurement period June 30, 2023), the contributions recognized for each plan were:

Fund Financial Statements (Current Financial Resources Measurement Focus)			
	CalSTRS	CalPERS	Total
Contributions - Employer	\$ 13,557	\$ 5,504	\$ 19,061
Contributions - State On Behalf Payments	12,392	--	12,392
Total Contributions	<u>\$ 25,949</u>	<u>\$ 5,504</u>	<u>\$ 31,453</u>

Government-Wide Financial Statements (Economic Resources Measurement Focus)			
	CalSTRS	CalPERS	Total
Contributions - Employer	\$ 12,370	\$ 4,781	\$ 17,151
Contributions - State On Behalf Payments	6,235	--	6,235
Total Contributions	<u>\$ 18,605</u>	<u>\$ 4,781</u>	<u>\$ 23,386</u>

2. Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

As of June 30, 2024 (measured June 30, 2023), the District reported net pension liabilities for its proportionate shares of the net pension liability of each plan as follows:

	Proportionate Share of Net Pension Liability
CalSTRS	\$ 81,639
CalPERS	38,732
Total Net Pension Liability	<u>\$ 120,370</u>

RAVENDALE-TERMO SCHOOL DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2024

The District's net pension liability for each Plan is measured as the proportionate share of the total net pension liability. The net pension liability of each of the Plans is measured as of June 30, 2023. The total pension liability for each Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2022 rolled forward to measurement date June 30, 2023 using standard update procedures. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, as actuarially determined.

The District's proportionate share of the net pension liability for each Plan as of June 30, 2023 and June 30, 2024 were as follows:

	CalSTRS			CalPERS
	District's Proportionate Share	State's Proportionate Share*	Total For District Employees	District's Proportionate Share
Proportion June 30, 2023	0.0001%	0.0001%	0.0002%	0.0002%
Proportion June 30, 2024	0.0001%	0.0001%	0.0002%	0.0001%
Change in Proportion	0.0000%	-0.0000%	0.0000%	-0.0001%

*Represents State's Proportionate Share on Behalf of District employees

a. Pension Expense

	CalSTRS	CalPERS	Total
Change in Net Pension Liability (Asset)	\$ 14,776	\$ (20,795)	\$ (6,019)
State On Behalf Pension Expense	12,392	--	12,392
Employer Contributions to Pension Expense	13,557	5,504	19,061
Change in Contributions Subsequent to Measurement Date	(1,187)	(723)	(1,910)
Change in Other Outflows/Inflows of Resources	(14,045)	19,309	5,264
Total Pension Expense	\$ 25,494	\$ 3,295	\$ 28,789

b. Deferred Outflows and Inflows of Resources

At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		
	CalSTRS	CalPERS	Total
Pension contributions subsequent to measurement date	\$ 13,557	\$ 5,504	\$ 19,061
Differences between actual and expected experience	6,459	1,649	8,108
Changes in assumptions	383	4,404	4,787
Change in employer's proportionate share	10,640	5,937	16,577
Net difference between projected and actual earnings	1,037	7,345	8,382
Total Deferred Outflows of Resources	\$ 32,076	\$ 24,839	\$ 56,915

	Deferred Inflows of Resources		
	CalSTRS	CalPERS	Total
Differences between actual and expected experience	\$ (4,083)	\$ (1,102)	\$ (5,185)
Change in employer's proportionate share	(7,225)	(25,041)	(32,266)
Net difference between projected and actual earnings	--	--	--
Total Deferred Inflows of Resources	\$ (11,308)	\$ (26,143)	\$ (37,451)

RAVENDALE-TERMO SCHOOL DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2024

Pension contributions made subsequent to measurement date reported as deferred outflows of resources will be recognized as a portion of pension expense in the year ended June 30, 2025. The remaining amounts reported as deferred outflows or deferred inflows of resources will be recognized as an increase or decrease to pension expense over a five year period. Pension expense resulting from deferred outflows and deferred inflows of resources will be recognized as follows:

Year Ended June 30	Deferred Outflows of Resources		Deferred Inflows of Resources		Net Effect on Expenses
	CalSTRS	CalPERS	CalSTRS	CalPERS	
2025	\$ 18,385	\$ 13,358	\$ (8,392)	\$ (8,257)	\$ 15,094
2026	4,827	3,743	(1,155)	(8,256)	(841)
2027	3,082	7,000	(821)	(4,820)	4,441
2028	2,590	432	(701)	(4,810)	(2,489)
2029	1,076	306	(239)	--	1,143
Thereafter	1,079	--	--	--	1,079
Total	<u>\$ 31,039</u>	<u>\$ 24,839</u>	<u>\$ (11,308)</u>	<u>\$ (26,143)</u>	<u>\$ 18,427</u>

c. Actuarial Assumptions

Total pension liabilities for the fiscal year ended June 30, 2024 were based on actuarial valuations were determined using the following actuarial assumptions:

	CalSTRS	CalPERS
Fiscal Year	June 30, 2024	June 30, 2024
Measurement Date	June 30, 2023	June 30, 2023
Valuation Date	June 30, 2022	June 30, 2022
Actuarial Cost Method	Entry Age Normal	Entry Age Normal
Experience Study Period	-3	-19
Actuarial Assumptions:		
Discount Rate	7.10%	6.90%
Inflation	2.75%	2.3%
Wage Growth	3.50%	(3)
Investment Rate of Return	7.10%	6.90%
Post Retirement Benefit Increase	(1)	(4)
Mortality	(2)	(5)

- (1) CalSTRS post retirement benefit increases assumed at 2% simple (annually) maintaining 85% purchasing power level.
- (2) CalSTRS base mortality tables are custom tables derived to best fit the patterns of mortality among CalSTRS members. The projection scale was set to equal 110% of the ultimate improvement factor from the Mortality Improvement Scale (MP-2019) table issued by the Society of Actuaries.
- (3) Varies by entry age and service.
- (4) CalPERS post retirement benefit increases assumes 2.00% until PPPA floor on purchasing power applies, 2.50% thereafter.
- (5) CalPERS mortality table was developed based on CalPERS specific data. The table includes 15 years of mortality improvement using the Society of Actuaries 90% of scale MP-2016. For more details on this table, please refer to the December 2017 experience study report (based on CalPERS demographic data from 1997 to 2015) that can be found on the CalPERS website.

RAVENDALE-TERMO SCHOOL DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2024

d. Discount Rate

The discount rate used to measure the total pension liability was 7.10% CalSTRS AND 6.90% for CalPERS. The projection of cash flows used to determine the discount rate assumed the contributions from plan members, employers, and state contributing agencies (where applicable) will be made at statutory contribution rates. To determine whether the District bond rate should be used in the calculation of a discount rate for each plan, CalSTRS and CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the current discount rates are adequate and the use of the discount bond rate calculation is not necessary for either plan. The stress test results are presented in a detailed report that can be obtained from the CalPERS and CalSTRS respective websites.

The CalPERS discount rate was increased from 7.50% to 7.65% at measurement date June 30, 2015 (Fiscal year June 30, 2016) to correct for an adjustment to exclude administrative expenses. Subsequently CalPERS discount rate was decreased from 7.65% to 7.15% at measurement date June 30, 2017 (Fiscal year June 30, 2018) to adjust for changes resulting from actuarially determined amounts.

The CalSTRS discount rate was adjusted from 7.60% to 7.10% for measurement date June 30, 2017 (Fiscal year June 30, 2018) to adjust for changes resulting from a new actuarial experience study.

According to Paragraph 30 of GASB Statement No. 68, the long-term discount rate should be determined without reduction for pension plan administrative expense. The investment return assumption used in the accounting valuation is net of administrative expenses. Administrative expenses are assumed to be 15 basis points. Using this lower discount rate has resulted in a slightly higher Total Pension Liability and Net Pension Liability. CalSTRS and CalPERS checked the materiality threshold for the difference in calculation and did not find it to be a material difference.

CalSTRS and CalPERS are scheduled to review actuarial assumptions as part of their regular Asset Liability Management (ALM) review cycle. CalSTRS completed their ALM November 2019 with new policies in effect on July 1, 2021. CalPERS completed their ALM in 2018 with new policies in effect on July 1, 2018. Both CalSTRS and CalPERS conduct new ALM's every 4 years.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalSTRS and CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first 10 years) and long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest quarter of one percent.

RAVENDALE-TERMO SCHOOL DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2024

The tables below reflect the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These rates of return are net of administrative expenses.

CalSTRS

Asset Class	Assumed Asset Allocation	Long Term Expected Real Rate of Return*
Public Equity	38.00%	5.25%
Private Equity	14.00%	6.75%
Real Estate	15.00%	4.05%
Inflation Sensitive	7.00%	3.65%
Fixed Income	14.00%	2.45%
Risk Mitigating Strategies	10.00%	2.25%
Cash/Liquidity	2.00%	0.05%

* Real return is net of assumed 2.75% inflation

CalPERS

Asset Class(1)	Assumed Asset Allocation	Long Term Expected Real Rate of Return ^{1,2}
Global Equity - cap weighted	30.00%	4.54%
Global Equity - non-cap weighted	12.00%	3.84%
Private Equity	13.00%	7.28%
Treasury	5.00%	0.27%

I. Commitments and Contingencies

Litigation

The District is not involved in litigation. In the opinion of management and legal counsel, the disposition of all litigation pending will not have a material effect on the financial statements.

State and Federal Allowances, Awards, and Grants

The District has received state and federal funds for specific purposes that are subject to view and audit by the grantor agencies. Although such audits could generate expenditure disallowances under terms of the grants, it is believed that any required reimbursement will not be material.

J. Subsequent Events

Subsequent events were evaluated through November 20, 2024, which is the date these financial statements were available to be issued.

Required Supplementary Information

Required supplementary information includes financial information and disclosures required by the Governmental Accounting Standards Board but not considered a part of the basic financial statements.

Average daily attendance is a measurement of the number of pupils attending classes of the district or charter school. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of state funds are made to school districts and charter schools. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

School districts and charter schools must maintain their instructional minutes as defined in Education Code Section 46207. This schedule is required of all districts, including basic aid districts.

The District has received incentive funding for increasing instructional time as provided by the Incentives for Longer Instructional Day. This schedule presents information on the amount of instruction time offered by the District and whether the District complied with the provisions of Education Code Sections 46200 through 46206.

Total long-term debt	\$ 120,987	\$ 120,987	\$ 129,014	\$ 74,799
Average daily attendance at P-2	3	4	8	11

This schedule discloses the District's financial trends by displaying past years' data along with current year budget information. These financial trend disclosures are used to evaluate the district's ability to continue as a going concern for a reasonable period of time.

The minimum recommended reserve for a district of this size is five percent of budgeted general fund expenditures, transfers out, and other uses (total outgo). The District has maintained this recommended reserve.

District reserves are above state minimum amounts.

NOTES:

- 1 Budget 2025 is included for analytical purposes only and has not been subjected to audit.
- 2 Available reserves consist of all unassigned fund balances and all funds reserved for economic uncertainties contained within the General Fund.

Other Independent Auditor's Reports

Independent Auditor's Report on Internal Control over Financial Reporting and
On Compliance and Other Matters Based on an Audit of Financial Statements
Performed In Accordance With *Government Auditing Standards*

Board of Trustees
Ravendale-Termo School District
Ravendale, California 96123

Members of the Board of Trustees:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Ravendale-Termo School District, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise Ravendale-Termo School District's basic financial statements, and have issued our report thereon dated November 20, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Ravendale-Termo School District's internal control over financial reporting (internal control) as a basis for designing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Ravendale-Termo School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Ravendale-Termo School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of Ravendale-Termo School District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Ravendale-Termo School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Ravendale-Termo School District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Ravendale-Termo School District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

SingletonAuman PC

Independent Auditor's Report on State Compliance and on Internal Control Over Compliance

Board of Trustees
Ravendale-Termo School District
Ravendale, California 96123

Members of the Board of Trustees:

Report on Compliance**Opinion**

We have audited the Ravendale-Termo School District (District) compliance with the requirements specified in the *2023-24 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, as prescribed in Title 5, California Code of Regulations, section 19810, issued by the Education Audit Appeals Panel, applicable to the District's state program requirements identified below for the year ended June 30, 2024.

In our opinion, Ravendale-Termo School District complied, in all material respects, with the compliance requirements referred to above that are applicable to the laws and regulations of the state programs noted in the table below for the year ended June 30, 2024.

Basis for Opinion on State Compliance

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS), the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the *2023-24 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, issued by the Education Audit Appeals Panel. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above, and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's state programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the *2023-24 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* will always detect a material noncompliance when it exists. The risk of not detecting a material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of the state programs as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the *2023-24 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we consider necessary in the circumstances;
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the *2023-24 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, but not for the purpose of expressing an opinion on the effectiveness of the District's internal controls over compliance. Accordingly, we express no such opinion; and
- Select and test transactions and records to determine the District's compliance with the state laws and regulations applicable to the following items:

LOCAL EDUCATION AGENCIES**OTHER THAN CHARTER SCHOOLS:**

The term "N/A" is used above to mean either the District did not offer the program during the current fiscal year or the program applies to a different type of local education agency.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identify during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance on a timely basis. A *material weakness* in internal control of compliance is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that a material noncompliance with a compliance requirement will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention from those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit, we did not identify any deficiencies in material weaknesses or significant deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of our testing of internal control over compliance and the results of that testing based on the 2023-24 Guide for Annual Audit K-12 Local Education Agencies and State Compliance Reporting, as prescribed in Title 5, California Code of Regulations Section 19810. Accordingly, this report is not suitable for any other purpose.

Respectfully Submitted,

SingletonAuman PC
