Welcome to our Charter Family!

Charter Alternative Programs has been a recognized leader in providing a variety of outstanding alternative school options to families for over twenty-five years. We are part of the El Dorado County Office of Education, a pioneer in creating dynamic educational programs for students, including being the first county charter school in California's history.

We realize there are many paths to providing an excellent education and strive to research and develop innovative ways to present engaging, rigorous academic curricula that meet California's standards.

Through communication and partnership with families, our programs offer personalized options to meet the needs of students in safe and supportive educational settings. Our structured programs may include the traditional classroom model, independent study/hybrid models, home instruction, or combinations thereof. No matter which educational program you choose, your child will receive high-quality instruction by qualified credentialed teachers using an outstanding curriculum and the innovative use of technology. In addition, our programs extend real and relevant learning through our close association with many educational and community partners, including Folsom Lake College and Regional Occupational Programs.

Mountainside Middle College High School was awarded a six-year term of accreditation by the Western Association of Schools and Colleges (WASC). This accreditation is the longest available and formalizes our programs' meeting of rigorous, research-based standards in all of the essential elements of a quality and effective school.

Welcome, on behalf of our entire staff. We look forward to partnering with you in your child's education.

Michael Gillespie
Assistant Superintendent

General Information

Our Mission

Charter Alternative Programs provides a variety of high-quality, innovative 21st-century programs. We prepare students to be college and career-ready through an engaging, rigorous curriculum. Our programs develop critical thinkers who are problem-solvers and effective communicators. We emphasize the development of the whole individual in safe, supportive learning environments, and we value communication and partnerships with families and community members.

Individualized Learning Plans (ILPs)/Academic Planning Guide

An essential component of our program culture centers on establishing an individualized learning plan/academic plan for each student. Although plans vary according to each student's needs and the program enrolled in, specific academic, social, emotional, and behavioral goals are discussed with the student and parent, and an educational program is tailored around those goals. Each site has program-specific ways for developing and meeting each student's needs and goals, based on what is learned after a thorough review of the student's records. Remediation in math and language arts is incorporated into each student's plan as needed. All programs take care to discuss essential steps to meet graduation requirements, including reviewing transcripts, determining if the student is on track to graduate, and creating a plan to ensure graduation. If a student is behind in credits, lacks the necessary courses required for graduation, or has other academic needs, the plan incorporates options and strategies for the student to make up for these, while also considering future academic and career goals.

601 C.A.R.E. Program

We are concerned with the academic, emotional, and social growth of each of our students and offer an intervention program (CARE) that may benefit your child. Our CARE program provides enhanced education services and may include tutoring, transportation services, and/or additional resources. A student under 18 years of age may be eligible for our C.A.R.E. program if they persistently and habitually refuse to obey the reasonable and proper orders of his/her parents, guardian, or custodian, and/or school official (WIC 601a), or are habitually truant from school (WIC 601b). Based on prior school history, students participating in Independent Study Programs who are likely to miss assignments, classes, or meetings without additional resources may also benefit from the C.A.R.E. intervention program. If you would like more information about our CARE program, please contact your program administrator

Annual Notifications to Parent/Guardians

The California Education Code requires that parents, guardians, and students be notified of certain specific laws regarding rights and privileges.

The annual notification booklet, found in the Student Handbook provided to parents/guardians, fulfills this notification responsibility. It is important that you read the material and acknowledge it on the Parents' Checklist and Sign-Off Sheet or online.

The Charter Alternative Programs is the primary responsible agency for compliance with federal and state laws and regulations, including advising a complainant of any civil law remedies that may be available under state or federal discrimination, harassment, intimidation, or bullying laws, if applicable, and of the appeal pursuant to EC § 262.3. A copy of the local educational agency complaint procedures (UCPs) shall be available free of charge upon request.

Students enrolled in our programs shall not be required to pay a pupil fee for participation in an educational activity.

School Accountability Report Card

Education Code 35256 requires the Board of Trustees to annually issue a School Accountability Report Card (SARC) for each school site, reporting all conditions listed in Education Codes 33126 and 41409.3. Pursuant to Education Code 33126, the goal of the SARC is to provide data by which parents/ guardians can make meaningful comparisons between schools.

Each summer, the previous year's SARCs are accessible to parents via the District or County Office of Education website: www.edcoe.org. Copies of the SARC may also be mailed home or made available at the school site or District Office upon request.

Equal Opportunity

The County Board of Education and the Superintendent are committed to equal opportunity for all individuals in education. County Office of Education programs and activities shall be free from discrimination based on gender, gender identity or expression, or genetic information, race, color, age, religion, ancestry, national origin, ethnic group identification, marital or parental status, physical or mental disability, sex, sexual orientation; or the perception of one or more of such characteristics; or association with a person or group with one or more of these actual or perceived characteristics.

Report Cards and Schedule

Mountainside Success Academy - Eight report cards are issued during the year, approximately one every 4-5 weeks. Mid-quarter progress reports are not formal report cards; quarterly report cards are formal reports and considered permanent. Student progress is available online weekly. Please contact the registrar (530)295-2259 for information and online access instructions.

Mountainside Middle College High School – Transcripts are issued each semester, and student progress is available to parents and students online through Canvas or Edgenuity.

Continued Participation in an Independent Study Program

In order to continue in our program, which runs under Independent Study rules and regulations, it is mandatory for all students enrolled to make satisfactory educational progress (EC 51747). While we use multiple measures to assess satisfactory progress, the main measure is passing classes or earning credits. Students in our MMCHS programs must pass a minimum of four classes or earn a minimum of 20 credits per semester. Meeting this requirement is essential for maintaining eligibility in the program and ensuring timely graduation. A meeting with a caseload teacher or school administrator will be scheduled to discuss student placement for students who are not able to meet this minimum requirement.

Test Information

Achievement Tests

Smarter Balanced. California Assessment of Student Performance and Progress, or CAASPP, is California's current testing program. This system includes annual computer-adaptive assessments in English/Language Arts and Mathematics for grades 3-8 and 11 as well as Science in grades 5, 8, and 10. To learn about the types of questions on the computer-adaptive test, parents are encouraged to visit California Department of Education's Smarter Balanced Practice Test web page at <http://www.cde.ca.gov/ta/tg/sa/practicetest.asp>. Score reports will be sent to parents each year in August/September so that student progress can be reviewed. These reports will present a student's overall score in each content area as well as information about past years' performance. CAASPP

testing will occur each year in the Spring (April/May). Exact dates of testing will be communicated with families via mail and electronically. If parents have questions regarding their child's participation in testing, they should call the school office..

High School Diploma Equivalency Tests

General Education Development (GED). This test is given to adults 18 years of age or older who wish to obtain a high school equivalency certificate. Concurrently enrolled 18-year-old high school students can also take the test. Contact Adult Education for testing information (530) 295-2291.

California High School Proficiency Exam (CHSPE). By proving proficiency in basic skills, students can earn a certificate from the State of California, which is the legal equivalent of a high school diploma. Students must be 16 or have completed 10th grade to take the CHSPE. Passing the CHSPE does not exempt students from attending school unless the student's parent signs a waiver granting permission to leave early. Contact the administrative staff for more details.

Certificate of Completion. Students in Special Education may earn a Certificate of Completion rather than a diploma if the student's Individual Education Plan (IEP) determines it appropriate. Parents may contact their child's Special Education case manager for more information.

School Transfers

Transfers within Charter Alternative Programs (CAP). Transfers from one CAP program to another require a meeting with the principal of each program to determine whether or not the transfer is in the best interest of the student's educational needs and academic success.

Transfers to District Schools. Please contact your school office for the appropriate steps.

Regional Occupational Program (ROP) www.eduhsd.net (Schools/Programs)

ROP is a California job-training program that is part of the California public school system. The purpose of ROP is to provide marketable job skills upon completion of the program. Each program offers practical, hands-on job training in a lab setting or in a local business work site.

The program can help students to obtain entry-level skills, upgrade existing skills, prepare for advanced training, retrain in a new field, reinforce basic skills, learn a skill to finance a college education, practice interviewing techniques, fill out job applications, raise self-esteem, and identify how to locate potential jobs.

All El Dorado County Office of Education Charter students 16 years of age or older can enter the ROP program. There is no registration fee; however, for some courses, students may be required to purchase special items related to the course. For more details, contact your site administrator.

Folsom Lake College Dual Enrollment Program

Students at MMCHS take Community College classes beginning in 9th grade. This helps to accelerate students in both high school and college. It also gives them valuable experience and exposure to college-level rigor in a wide variety of classes that we could not offer at a small school. There are some restrictions on the courses and the high school credits:

- Students can earn High School elective credit for any college classes.
- Students may not replace core classes required for high school graduation with college classes unless that class is not offered by the high school.

Please see your school administrator at your school for more details. They will help you enroll in college classes.

College Admission Requirements and Higher Education Information

Breach of Academic Integrity/Artificial Intelligence Use Guidelines

Mountainside Charter has developed an Academic Integrity policy to ensure students grow academically by doing their own work. Plagiarism, cheating, dishonesty, or other attempts to earn credit while avoiding the actual work of learning are breaches of academic integrity.

Definition of Breach of Academic Integrity:

A Breach of Academic Integrity is gaining or attempting to gain, or helping others to gain an unfair academic advantage in any school assignment or assessment. A Breach of Academic Integrity is submitting work that is not your original work. It is also any form of cheating on an assessment. A Breach of Academic Integrity includes but is not limited to:

- **Assessments:** The use of any device or materials not authorized by the instructor, including looking at another person's assessment.
- **Plagiarism:** Using someone else's ideas, words, data, or other material produced by them without acknowledgment.
- **Self-plagiarism:** Submitting your own ideas, words, data, or other material produced by you without acknowledgment that you previously submitted this work in another class.
- **Contract cheating:** Contracting a third party to provide work, which is then used or submitted as part of a formal assessment or assignment as though it is the student's own work
- **Collusion:** Working with others and using the ideas or words of this joint work without acknowledgment, as though it is the student's own work, or allowing others to use the ideas or words of joint work without acknowledgment.
- **Artificial Intelligence:** Students cannot submit any portion of work generated by artificial intelligence without the teacher's permission. Teachers may encourage the use of AI on individual assignments.
- **Unauthorized Materials:** Using unauthorized materials and/or technologies, including AI.

- **Unfair Advantage:** Intentionally disadvantaging other students by tainting lab results, destroying the work/project of another, erasing another person's work/project or program, etc.
- **Forging:** fraudulently producing a copy of someone else's signature on a document
- **Sharing work:** Allowing others to take credit for work in which they did not participate.

Google or other translation tools: Using these tools inappropriately.

Identification of Breach/Misuse of AI:

There are several methods in which teachers can identify a breach of academic integrity. They include, but are not limited to:

1. Online tools and services (TurnItIn, Google Classroom, online translators, etc.) that assess student work for plagiarism, AI use, or student use of unauthorized aides, etc. If these tools identify a breach of integrity, the teacher will investigate further to identify if a breach occurred. Any identification (any percentage) of a breach of academic integrity by one of our tools may prompt the instructor to ascertain if it is a true breach of academic integrity.

Teacher professional judgment in the determination of a breach is critical. If a teacher suspects a breach of integrity, they can initiate the process of identifying if a student broke our breach of integrity policy, with or without the assistance of an online tool

Consequence of Breach/Misuse of AI:

1. The student will not receive credit for the assignment
2. The teacher may grant the student an opportunity to redo the assignment for partial credit.
3. Repeated instances of plagiarism may result in the student being required to retake a portion or all of a course for credit.

Student Attendance

Attendance Policy

Regular school attendance plays a key role in student achievement. If a student must be absent from school, the absence must be reported to the school.

Attendance for Independent Study Programs (Charter Home Study Academy K-8, , Mountainside Middle College High School, and Mountainside Success Academy): All assignments count towards course completion. In an independent study program, there are no excused or unexcused absences. Assignments not completed in a reasonable amount of time after a student returns from an absence will affect the student's grades and/or credits earned.

The following are the only *legal excuses* accepted by the school for absences and/or tardies, per Education Code 48205:

1. Personal illness
2. Quarantine under the direction of the county health officer
3. Medical, dental, optometric, or chiropractic appointments for student and/or student's child
4. Attendance at funeral services of immediate family (1 day in state; 3 days out of state)
5. Participation in religious instruction or exercises in accordance with school policy. The student must attend at least the minimum school day and shall not be excused for more than 4 days per month.

Parents/Guardians may seek approval from the principal or administrator of the school for an anticipated absence for their student when requested in advance with a signed, written note for the following reasons:

1. Attendance at a funeral service
2. Appearance in court
3. Observation of a holiday or ceremony of his/her religion
4. Attendance at religious retreats for no more than four hours during a trimester

Report Absence

Parents, please call the Front Office between 7:30 and 10:00 a.m. to report an absence.

- Mountainside Success Academy (530) 295-2434
- Charter Home Study Academy TK-8 Academy (530) 622-6984
- Mountainside Middle College High School (530) 622-8594

Attendance Accounting

A computerized attendance accounting system is used at each school. In order for the system to work properly, it is important that parents call the Office to report all student absences or submit a written note upon the student's return to school. The note should contain the following information:

- full name of student
- date(s) of absence
- reason for absence
- name and/or identity of person providing information
- date of note

Appointments

Please make every effort to schedule all appointments (including medical and dental) before 7:30 a.m. or after 3:00 p.m. If it is necessary to take a student out of school, due to a situation that has arisen, a

parent/guardian must sign their child out in the office. The office staff will contact the student and have him/her come to the office to meet you.

Notification of Tardiness or Unexcused Absences

When a student is absent for a full day and the absence has not been verified, office staff will attempt to contact the parent within 48 hours. Absences and tardies are reflected on report cards.

Emergency Cards

Emergency cards are the school's most efficient method of contacting a student's parent/guardian in the event of an emergency. Students will not be allowed to leave the school premises with anyone other than a parent/guardian or a designee listed on the student's emergency card.

In case of a medical emergency, when parents or emergency contacts cannot be contacted, 911 will be called and the necessary treatment will be administered.

Parent Contact

Parents may request to have all school correspondence mailed to their work address. Parents may also request that all phone calls regarding attendance be made during the day or evening. These options may be requested by writing to the school. Include the appropriate addresses and phone numbers.

Attendance Errors

Students aware of an error in reporting his/her absence should obtain written verification from the teacher and return it to the school.

Early Dismissal

If a student must leave school early for any reason, the student must be signed out, and picked up, in the office before departure. Parent approval is required for early dismissal.

Tardies

A student is tardy when they have arrived after school has started. Students who arrive tardy (whether excused or not) must sign in at the office. Students are given sufficient time to travel between classes and are expected to be seated when class begins. Being on time is an important habit for students to develop. Students who arrive late to class are responsible for being sure that the teacher has corrected the attendance record. Students who are habitually tardy to class are subject to disciplinary action taken by instructional staff, by an administrator, or by the administrative designee. Students arriving more than 10 minutes late to class are marked absent but must remain in class to participate in the learning process and to comply with State law. Students should clear absences with the office and their teacher. Staff may also compel students to lose an appropriate amount of non-instructional time to make up missed work, to receive additional instruction, or as a matter of discipline.

Unexcused Absences

Unexcused absences are absences that are not verified by the parent/guardian. It is the parent's responsibility to send his/her son/daughter to school until the student is 18 years old.

Truant Absences

Students are classified as truant if they are absent from school without a valid excuse for 3 full days in one school year; or tardy or absent for more than any 30-minute period during the school day (without a valid excuse) on three occasions in one school year; or any combination thereof. For a student reported as a habitual truant, a referral may be made to the School Attendance Review Board (SARB),

which has the option of filing an application for petition with the El Dorado County Probation Department, or a complaint may be filed against the parent/guardian in the Justice Court.

Chronic/Prolonged Illness

The office should be notified as soon as possible about extensive absences caused by health problems. Frequent absences due to illness must have verification from a health care provider. Parents should contact the school to obtain homework. If a long-term illness (2 or more weeks) is anticipated, the parent should arrange for home/hospital teaching through the district of residence office.

Student Attendance During Lunch

Mountainside Success Academy & Charter Home Study Academy K-8 - The Board of Trustees requires students to remain on campus during lunch periods.

Mountainside Middle College High School - Independent Study Programs have students arriving and leaving throughout the day. Students must follow all legal requirements regarding driving with other minors and passengers in vehicles.

SARB (School Attendance Review Board)

When a student has persistent problems in school relating to attendance, behavior, or academic performance, and when the normal avenues of classroom and school counseling do not resolve the situation, the student will be referred to SARB so that appropriate community resources can be brought together to address the problem.

Student Behavior Expectations

In keeping with Education Code 48900, Charter Alternative Programs strives to maintain a positive learning environment for all students.

Parents and students should note that students are accountable for their behavior related to school activity or attendance which occurs at any time including, but not limited to, while on school grounds (including school parking lots and areas near campus), while going to or coming from school, during the lunch period, whether on or off campus, and during or while going to or coming from a school-sponsored activity.

Cheating/Plagiarism Policy

Cheating is defined as any use or attempt to use the work efforts of another student, with or without the consent of that student, or any previously published material (including teacher's editions) to benefit one's grade status. Both (or all) students involved in a cheating incident will be held accountable for the consequences, i.e., zero on papers. This situation is differentiated from an assigned group project in which all students' names appear on the final product and each is given equal credit for work completed. Students involved in cheating will receive a zero, and the parent or guardian will be contacted.

Plagiarism is using someone else's writings or ideas as if they were your own. Cutting and pasting from the Internet is not research; it is plagiarism. Using Artificial Intelligence to produce work that is not your own is also a form of plagiarism. Incidents of plagiarism will have the same consequences as cheating. Multiple incidents of cheating and/or plagiarism may result in the student being dropped

from the course or being given zero credit. It is up to the discretion of the teacher and the administrator.

Electronic Devices

Cell phones are to be silenced and put away while in the school buildings. Texting is not permitted during class, while in school buildings, or during special events. In addition, at Charter Home Study Academy, K-8, cell phones or other electronic devices may not be used during breaks or lunch.

Digital media devices such as iPods/iPhones, MP3/MP4 players, speakers that attach to a digital media device, etc., may be used **ONLY** during lunch and break. They are not allowed during class. They are for personal use and should not pose a distraction for others. The school will not investigate or participate in attempts to recover such lost or stolen items.

Skateboards, Scooters, and Bicycles

Skateboards and scooters should not be brought to school unless used for transportation to and from school. They often cause campus disruption and are frequently misplaced or stolen. If they are brought to school, skateboards and scooters must not be used and need to be stored in designated areas at each program. **The school will not investigate or participate in attempts to recover such lost or stolen items.**

Personal Items

Personal items brought to school, such as hats, backpacks, purses, electronic equipment, etc., are the responsibility of the owner. **The school will not investigate or participate in attempts to recover such lost or stolen items.**

Student Transfer and/or Discipline

Students with behavioral, attendance, or academic issues may be transferred to a different program within Charter Alternative Programs at the discretion of the site administrator and the Assistant Superintendent to meet their educational needs.

Participation in graduation ceremonies is a privilege. Excessive discipline or behavior issues during the school year, particularly misbehavior at graduation practice, are grounds for the student's loss of that privilege.

Student Dress Code

Our priority is to provide a school environment that promotes a safe, academic environment for our students, families, and staff. As we prepare students for future endeavors, we strive to provide a learning environment that respects individuality while emphasizing safe and appropriate dress for both school and work environments. Students and parents/guardians shall be informed about dress and grooming standards upon enrollment and whenever these standards are revised. A student who violates these standards shall be subject to appropriate disciplinary action. Site administrators or designees will determine the appropriateness of clothing, accessories, and personal items.

The Board expects that students will present themselves in an orderly manner conducive to the advancement of education. Students' appearance should be neat and acceptable to the general society. Clothing, accessories, and personal items must allow for safe participation in courses or school activities. Students are free to express themselves through appropriate dress; however, Charter Alternative Programs prohibits the wearing of gang-related clothing or other clothing representing such

an alliance. The wearing of clothing that would promote or incite unlawful or inappropriate conduct is prohibited. (BP 5230)

Health and Safety

Tobacco & Drug Use Prohibited

Pursuant to California ED Code 48900, 48901, and Business and Professions Code 22950.5, the El Dorado County Office of Education prohibits the use of all drug paraphernalia, products containing alcohol, and tobacco products. “Tobacco Products” include:

- A product containing, made or derived from tobacco or nicotine that is intended for human consumption, whether smoked, heated, chewed, absorbed, dissolved, inhaled, snorted, sniffed, or ingested by other means, including (but not limited to): cigarettes, cigars, little cigars, chewing tobacco, pipe tobacco, or snuff
- An electronic device that delivers nicotine or other vaporized liquids to the person inhaling from the device, including (but not limited to): an electronic cigarette, cigar, pipe, or hookah
- Any component, part, or accessory of a tobacco product, whether or not sold separately.

Medication at School

When school employees give medication to a student, they must be acting in accordance with the written directions of a physician and with the written permission of the parent or legal guardian. An authorization form for this purpose is available in the office. This form must be renewed whenever a prescription changes and at the beginning of each school year. The prescription label on the medication is not acceptable as a physician’s statement.

Over-the-counter medications can be given if prescribed by a physician and if the authorization form is completed.

All medications, including non-prescription medications, must be in their original containers and will be kept in a locked drawer in the office.

Students are not permitted to have medication in their possession at school. Only if the student’s well-being is in jeopardy may they carry the medication. In this case, a written notification from the physician on the authorization form is required.

Weapons

Weapons, including knives, guns, clubs, brass knuckles, martial arts equipment, and other items as determined by administrators, are not allowed on campus at any time. Students bringing a weapon on campus or to any school-related function, including transit, will be immediately referred to the El Dorado County Sheriff’s Office.

Discrimination, Harassment, Sexual Harassment, Intimidation, and Bullying/Cyber Bullying

The El Dorado County Office of Education and its schools prohibit unlawful discrimination, harassment (sexual or otherwise), intimidation, and bullying. Students and parents should report such incidents to the school administration. School personnel will take immediate steps to intervene when they witness an act of discrimination, harassment, intimidation, or bullying. School personnel will investigate all allegations of discrimination and implement corrective actions whenever necessary or appropriate, including retaining confidential documentation of complaints and resolution.

Policies prohibiting discrimination, harassment, intimidation, and bullying are available in our school offices or can be provided upon request.

Students and parents should be aware that the inappropriate use of electronic information resources can be a violation of local, state, and federal laws. Violations can lead to prosecution.

Cyberbullying includes the transmission of harassing communications, direct threats, or other harmful texts, sounds, or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communications device. Cyberbullying also includes breaking into another person's identity to damage that person's reputation.

Unapproved Video and Photo

The Legislature finds that the use by any person, including a pupil, of any electronic listening or recording device in any classroom of the elementary and secondary schools without the prior consent of the teacher and the principal of the school given to promote an educational purpose disrupts and impairs the teaching process and discipline in the elementary and secondary schools, and such use is prohibited. Any person, other than a pupil, who willfully violates this section shall be guilty of a misdemeanor.

Any pupil violating this section shall be subject to appropriate disciplinary action. (EC 51512).

This section shall not be construed as affecting the powers, rights, and liabilities arising from the use of electronic listening or recording devices as provided for by any other provision of law.
(Enacted by Stats. 1976, Ch. 1010.)

Closed Campus

Mountainside Success Academy and Charter Home Study Academy K-8—These campuses are closed to keep students safe and supervised. Students who leave school without authorization will be classified as truants and subject to disciplinary action.

Students may not leave the school grounds at any time during school hours without the written permission of their parent/guardian and school authorities.

- Students must stay on the school grounds from the time they arrive until they are dismissed, picked up by a parent/guardian upon check-out by the office staff, or left on the bus.
- Students will be released only to those authorized, in writing, by a parent/guardian.

School districts shall not unconditionally admit any student to a district elementary or secondary school, preschool, or childcare and development program for the first time nor, after July 1, 2016, admit or advance any student to the 7th grade level unless the student has been fully immunized. The student shall present documentation of full immunization, in accordance with the age/grade and dose required by the California Dept. of Public Health and Health and Safety Code Section 120335.

9. Immunization for Communicable Disease:

The school district, while cooperating with the local health officer, may permit a licensed physician and surgeon or other statutorily authorized health care practitioner to immunize pupils for a communicable disease with the written consent of a parent for a licensed physician and surgeon or health care practitioner. [EC 49403].

10. Cancer Prevention Act:

The parents and guardians of pupils admitted or advancing to the sixth grade level are hereby notified that the State of California advises that pupils adhere to current immunization guidelines, as recommended by the Advisory Committee on Immunization Practices (ACIP) of the Federal Centers for Disease Control and Prevention (CDC), the American Academy of Pediatrics, and the American Academy of Family Physicians, regarding full human papilloma virus (HPV) immunization before admission or advancement to the eighth grade level. HPV vaccination can prevent over 90 percent of cancers caused by HPV. HPV vaccines are very safe, and scientific research shows that the benefits of HPV vaccination far outweigh the potential risks. HPV immunization is recommended by the State Department of Public Health at ages 9-12. [EC 48980.4].

11. Administration of Medication:

Medication prescribed for a child to be administered during the regular school day may be assisted by a school nurse or other designated school personnel if the school district receives a written detailed statement from the physician and surgeon or physician assistant and a written parental request. Pupils may carry and self-administer prescription auto-injectable epinephrine or inhaled asthma medication

¹ "EC" refers to the California Education Code.

provided that written orders from the physician and surgeon or physician assistant (including a statement that the pupil is able to self-administer such medication), and written parental consent to the self-administration (including a release allowing a school nurse or other designated school personnel to consult with pupil's health care provider about the medication, and releasing the school district and school personnel from potential civil liability). The District/COE may designate and train one or more volunteers to provide anti-seizure medication to a pupil diagnosed with seizures, a seizure disorder, or epilepsy, upon request. [EC 49423; 49423.1; 49468.2].

12. Continuing Medication:

A pupil is required to inform the District/COE of any medication being taken, the current dosage, and the name of the supervising physician, if the pupil is on a continuing medication regimen for a non-episodic condition. The school nurse may communicate with the physician and may counsel with school personnel regarding the possible effects of the drug on the child's physical, intellectual, and social behavior, as well as possible behavioral signs and symptoms of adverse side effects, omission, or overdose if provided consent by the pupil's parent or legal guardian. [EC 49480].

13. Synthetic Drugs:

Synthetic drugs that are not prescribed by a physician, such as fentanyl, are dangerous and can be deadly. 15. Health Assessments and Evaluations:

Vision and hearing screening for a pupil by the school nurse or other qualified individual is provided during selected grade levels. A pupil whose first enrollment or entry occurs in grade 4 or 7 shall not be required to be screened in the year immediately following the pupil's first enrollment or entry. Scoliosis screening may be provided to girls in grade 7 and boys in grade 8. By May 31 of the school year, pupils when first enrolled in public schools are required to provide proof of an oral health assessment (within 12 months prior to enrollment) by a licensed dentist or other licensed or registered dental health professional. [EC 49452; 49452.5; 49454; 49455].

Any pupil, while enrolled in kindergarten, which includes TK, or while enrolled in first grade if the pupil was not previously enrolled in kindergarten, unless excused, must present proof no later than May 31 of the school year of having received an oral assessment by a licensed dentist or other licensed or registered dental health professional. [EC 48204]. Once a pupil is deemed to have complied with the residency requirements for school attendance pursuant EC 48204 and is enrolled in a school in a school district, the boundaries of which include the location where at least one parent or the legal guardian of a pupil is physically employed, the pupil does not have to reapply in the next school year to attend a school within that school district and the governing board of the school district shall allow the pupil to attend school through grade 12 in that school district if the parent or legal guardian so chooses and if at least one parent or the legal guardian of the pupil continues to be physically employed by an employer situated within the attendance boundaries of the school district, subject to EC 48204 (b)(2) to (7), inclusive.

Pregnant and parenting pupils are entitled to the following:

- Have their pregnancy, childbirth, false pregnancy, termination of pregnancy, and recovery therefrom treated in the same manner and under the same policies as any other temporary disabling condition;
- Provided with eight weeks of parental leave, (or more if medically necessary) which the pupil may take before the birth of the pupil's infant if there is a medical necessity and after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction, in order to protect the health of the pupil who gives or expects to give birth and the infant, and to allow the pregnant or parenting pupil to care for and bond with the infant;
- Return to the school and the course of study in which the student was enrolled before taking parental leave and opportunities to make up work missed during the student's leave, including, but not limited to, makeup work plans and reenrollment in courses;
- Remain enrolled for a fifth year of instruction in the school in which the pupil was previously enrolled when it is necessary in order for the pupil to be able to complete state and any local graduation requirements, unless the District/COE makes a finding that the pupil is reasonably able to complete the local educational agency's graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school;

- Not incur an academic penalty as a result of the pupil's use of the accommodations.

A complaint for noncompliance may be filed under the District/COE's Uniform Complaint Procedures. [See Paragraph 28].

28. Uniform Complaint Procedures "UCP":

The District/COE maintains a uniform complaint procedure for investigating complaints of: (1) discrimination on the basis of, but not limited to, age, sex, sexual orientation, ethnic group identification, race, ancestry, national origin, religion, color, pupil parenting or pregnancy and/or childbirth, or mental or physical disability; (2) complaints of violations of the laws and regulations governing consolidated categorical aid programs, Adult Education, Career/Technical Education, Child Development, Special Education and Nutrition services; (3) impermissible pupil fees [EC 49010-49013]; and/or (4) violation of state and/or federal law. Additionally, complaints regarding the educational rights of foster children as provided under EC 48853.5. The District/COE has designated compliance officers to receive and investigate uniform complaints that fall within these categories and ensure compliance with law.

A complaint may also be filed regarding the adoption or approval of the use of any textbook, instructional material, supplemental instructional material, or curriculum for classroom instruction if the use of the textbook, instructional material, supplemental instructional material, or curriculum would subject a pupil to unlawful discrimination pursuant to EC 220. Such a complaint may be filed by any member of the public, including anyone electing to file anonymously, if the complaint provides evidence or information leading to evidence to support an allegation. [EC 244].

Any individual, public agency, or organization may file a written complaint. Complaints alleging unlawful discrimination shall be initiated not later than six months from the date the alleged discrimination occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination. Copies of the complaint form are available from the school or District/COE office. After filling out the complaint form, it should be directed to the District/COE compliance officer, Amy Andersen, Deputy Superintendent, EDCOE, 6767 Green Valley Road, Placerville, CA 95667. (530) 295-2261. The compliance officer will investigate the complaint and provide a written report of the investigation and decision within 60 calendar days.

If dissatisfied with the District's/COE's decision, the complainant may also appeal in writing to the California Department of Education (CDE) within 15 days of receiving the District's/COE's decision.

A complainant may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a state or federal court include, but are not limited to, injunctions and restraining orders. In a complaint of unlawful discrimination, complainant may seek civil law remedies no sooner than 60 days from the filing of an appeal with CDE, except that such time limitation does not apply to injunctive relief.

Additionally, any individual, public agency, or organization may file complaints about specified situations pertaining to instructional materials, emergency, or urgent facilities conditions that pose a threat to the health and safety of pupils or staff, and teacher vacancies or misassignments. Such complaints ("Williams Complaints") are subject to a different complaint procedure. Such a complaint may be filed anonymously and under certain circumstances may be filed directly with the State Superintendent of Public Instruction.

For more information concerning the filing of uniform complaints, copies of the Board Policies and Administrative Regulations pertaining

to these complaint procedures are available upon request at the school or District/COE offices free of charge, or on the District/COE website

(Districts offering grades 9-12) [EC 48980(l); 51229] (District Attachment – 9)

39. Statutory Attendance Options:

California law requires school districts to provide an education to any pupil who resides within the district's attendance area. Although pupils have the right to a free, public education, the law does not guarantee that a pupil can attend the school of choice, or even the neighborhood school.

Existing statutory attendance options include interdistrict transfer, Allen Transfer, Intradistrict Transfer, Open Enrollment, ESSA, and District of Choice. Parents/guardians should contact the District/COE regarding any and all enrollment options.

Interdistrict Transfer

A pupil may attend a school in a district other than the pupil's district of residence pursuant to an interdistrict agreement between the district of residence and district of desired attendance. Each school district has adopted policies regarding interdistrict attendance. Parents/guardians wishing to enroll their pupil at a school district outside of their resident school district may obtain an application for interdistrict attendance transfer from the District/COE. Interdistrict transfer agreements must be approved by both the pupils' school district of residence and the school district to which the pupil seeks to transfer. The agreement may include terms or conditions. It is

within the authority of either the school district of residence or the receiving school district to revoke an interdistrict transfer/reciprocal agreement at any time for any reason the school district governing board or school district superintendent deems appropriate. If a request for an interdistrict transfer agreement is denied, the pupil's parents/guardians may file an appeal to the county office of education in the pupil's school district of residence within 30 days of receipt of the official notice of denial of the transfer.

Allen Transfer

Education Code section 48204(b) permits a school district to deem a pupil to have complied with the residency requirements for attendance if at least one parent or the legal guardian of the pupil is physically employed within the boundaries of that school district for a minimum of 10 hours during the school week. School districts within which at least one parent/guardian of a pupil is employed are not required to admit the pupil to its schools. Once admitted the pupil may attend school in the district in which the parent or guardian is employed through grade 12 so long as the parent or guardian continues to be physically employed by an employer situated within the attendance boundaries of the school district, subject to certain conditions specified in EC 48204. As a resident, the pupil does not have to reapply for the transfer to be valid.

Intradistrict Transfer

An intradistrict transfer applies when parents/guardians wish to register/admit/enroll their pupil(s) at a school other than the designated school that is in their attendance area within their school district. Each school district shall adopt rules and regulations establishing a policy of open enrollment within the district for residents of the district. This requirement does not apply to a school district that has only one school or a school district with schools that do not serve any of the same grade levels. EC 35160.5(b) permits parents to indicate a preference for the school that their child will attend, irrespective of the child's place of residence within the school district.

To the extent required and financed by federal law and at the request of the pupil's parent or guardian, each school district shall provide transportation assistance to the pupil. [EC 35160.5(b)(4)].

Open Enrollment

The Open Enrollment Act [EC 48350-48361] provides an option to pupils attending low-achieving schools within their "school district of residence" to enroll in schools with higher Academic Performance Indices (API). The Superintendent of Public Instruction creates an annual list of schools subject to the provisions of the Open Enrollment Act. Parents/guardians of pupils attending any of these schools may apply for admission to a higher achieving school by January 1. The receiving school district ("district of enrollment") may adopt specific standards for the acceptance and rejection of applications under this provision. These may include consideration of capacity issues as well as the potential adverse financial impact. While technically remaining law, the CDE has replaced the API.

Every Student Succeeds Act

Districts may provide alternative supports and public school choice.

Parents/guardians who are interested in finding out more about attendance and/or programmatic options should contact the District for more information on the District's policies, procedures, and timelines for applying for transfers. [EC 48980(h)]. (See Attachment #10 for list of enrollment options available to the pupils within the District)

District of Choice

A school district may elect to operate the school district as a school district of choice and may accept transfers from school districts of residence pursuant to EC 48300 et seq. Please contact the District office to determine applicability.

40. Notice of Teacher Qualifications

LEAs will ensure that all teachers working in a program supported with Title I, Part A funds meet applicable state certification and licensure requirements. At the beginning of each school year, an LEA that receives Title I funds shall notify the parents of each student attending any school receiving such funds that the parents may request, and the LEA will provide the parents on request (and in a timely manner), information regarding the professional qualifications of the student's classroom teachers, including at a minimum, the following: (20 U.S.C. sections 6312[c][6], 6312[e][1][A])

- b) Whether the student's teacher is teaching under emergency or other provisional status through which state qualification or licensing criteria have been waived. (20 U.S.C. Section 6312[e][1][A][i][II])
- c) Whether the student's teacher is teaching in the field of discipline of the certification of the teacher. (20 U.S.C. Section 6312[e][1][A][i][III])
- d) Whether the child is provided services by paraprofessionals and, if so, their qualifications. (20 U.S.C. Section 6312[e][1][A][ii])

41. Cal Grant Grade Point Average Notice:

This notice may be exclusively provided electronically provided a parent or guardian has so requested. [EC 48981, 48985].

43. State Mandated Testing Waivers:

According to EC 60615, if parents/guardians do not want their student to take all or part of the California Assessment of Student Performance and Progress System or other similar standardized test, they are required to submit a written request to the principal of their student's school. The principal must have this letter prior to the start of each test. Parents/guardians are required to specify the test name in the letter.

44. Special Education:

45. Foster and Homeless Youth, Pupils of Military Families, Former Juvenile Court School Pupils, Migratory Children, and High Mobility Pupils:

Foster or homeless youth, former juvenile court school pupils, pupils of military families, currently migratory children, and newcomer program participants in their third or fourth year of high school may be exempted from local graduation coursework requirements that are in addition to state graduation requirements unless the District/COE makes a finding that the pupil is reasonably able to complete graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school. Such pupils shall not be required to accept the exemption or be denied enrollment in, or the ability to complete, courses for which the pupil is otherwise eligible, including courses necessary to attend an institution of higher education, regardless of whether those courses are required for statewide graduation requirements. The District/COE is also required to consult with an eligible pupil and the person holding the pupil's educational rights of the option to remain in school for a 5th year if the local educational agency determines the pupil is reasonably able to complete the local educational agency's graduation requirements within the pupil's 5th year of high school. If the District/COE makes such a determination, they are required to:

- Consult with the pupil and the person holding the right to make educational decisions for the pupil regarding the pupil's option to remain in school for a fifth year to complete the local educational agency's graduation requirements.
- Consult with the pupil, and the person holding the right to make educational decisions for the pupil, about how remaining in school for a fifth year to complete the local educational agency's graduation requirements will affect the pupil's ability to gain admission to a postsecondary educational institution.
- Consult with and provide information to the pupil about transfer opportunities available through the California Community Colleges.
- Permit the pupil to stay in school for a fifth year to complete the local educational agency's graduation requirements upon agreement with the pupil, if the pupil is 18 years of age or older, or, if the pupil is under 18 years of age, upon agreement with the person holding the right to make educational decisions for the pupil.
- For a pupil in foster care or a pupil who is a homeless child or youth, consult with the pupil, and the person holding the right to make educational decisions for the pupil, regarding the pupil's option to remain in the pupil's school of origin, pursuant to EC 48852.7 for a pupil who is a homeless child or youth, or EC 48853.5 for a pupil in foster care.

The District/COE shall exempt an eligible pupil from the local educational agency's graduation requirements and provide the pupil the option to remain in school for a fifth year to complete the statewide coursework requirements if the District/COE determines that an eligible pupil is not reasonably able to complete the local educational agency's graduation requirements within the pupil's fifth year of high school, but is reasonably able to complete the statewide coursework requirements specified in EC 51225.3.

The District/COE shall be required to reevaluate eligibility when a pupil is determined to be not eligible for an exemption and provide written notice to the pupil, the person holding the right to make educational decisions for the pupil, and the pupil's social worker or probation officer, if applicable, whether the pupil qualifies for an exemption within the first 30 calendar days of the following academic year. Pupils in foster care may not have their grades lowered due to absences under certain circumstances, like a change in placement or court attendance. Eligible pupils who may qualify for the exemption from local graduation requirements are entitled to notice of the exemption within 30 calendar days of the date the pupil transfers into a school.

In addition to other requirements, the District/COE is required to accept coursework satisfactorily completed by a pupil in foster care, a pupil who is a homeless child or youth, a former juvenile court school pupil, a pupil who is a child of a military family, a pupil who is a migratory child, or a pupil participating in a newcomer program while attending another public school, a juvenile court school, a charter school, a school in a country other than the United States, or a nonpublic, nonsectarian school or agency even if the pupil did not complete the entire course and shall issue that pupil full or partial credit for the coursework completed. Eligible pupils shall not be required to retake a course if the pupil has satisfactorily completed the entire course in a public school, a juvenile court school, a charter school, a school in a country other than the United States, or a nonpublic, nonsectarian school or agency. If the pupil did not complete the entire course, the local educational agency shall not require the pupil to retake the portion of the course the pupil completed unless the local

educational agency, in consultation with the holder of educational rights for the pupil, finds that the pupil is reasonably able to complete the requirements in time to graduate from high school. If partial credit is awarded the eligible pupil shall be enrolled in the same or equivalent course, if applicable, so that the pupil may continue and complete the entire course. An eligible pupil shall not be prevented from retaking or taking a course to meet the eligibility requirements for admission to the California State University or the University of California. A complaint for noncompliance may be filed under the District/COE's Uniform Complaint Procedures. [See Paragraph 28] [EC 51225.1 et seq.]. Eligible students should contact the District/COE regarding specific qualifications and requirements.

46. Immigration, Citizenship Status, and Religious Belief:

Students are afforded an equal right to an education regardless of immigration status or religious beliefs. Additional information regarding your rights to an education can be found at oag.ca.gov/immigrant/rights. [EC 234.7]. (*District Attachment - #11*).

47. District/COE Policy Regarding Parent Classroom Visits:

To ensure minimal interruptions of the instructional program, visits during school hours should be prearranged with the teacher and principal or designee. If a conference is desired, an appointment should be set with the teacher during non-instructional time. To ensure the safety of students and to avoid potential disruptions, visitors/outside (as defined in Administrative Regulation 1250) must register immediately upon entering any school building or school grounds when school is in session. (BP/AR 1250)

50. Investing for Future Education:

Parents are advised of the importance of investing for higher education for students and considering appropriate investment options.

51. Earned Income Tax Credit Information Act:

Based on your annual earnings, you may be eligible to receive the Earned Income Tax Credit from the Federal Government (Federal EITC). The Federal EITC is a refundable federal income tax credit for low-income working individuals and families. The Federal EITC has no effect on certain welfare benefits. In most cases, Federal EITC payments will not be used to determine eligibility for Medicaid, Supplemental Security Income, food stamps, low-income housing, or most Temporary Assistance for Needy Families payments. Even if you do not owe federal taxes, you must file a federal tax return to receive the Federal EITC. Be sure to fill out the Federal EITC form in the Federal Income Tax Return Booklet. For information regarding your eligibility to receive the Federal EITC, including information on how to obtain the Internal Revenue Service (IRS) Notice 797 or any other necessary forms and instructions, contact the IRS by calling 1-800-829-3676 or through its website at www.irs.gov.

You may also be eligible to receive the California Earned Income Tax Credit (California EITC) starting with the calendar year 2015 tax year. The California EITC is a refundable state income tax credit for low-income working individuals and families. The California EITC is treated in the same manner as the Federal EITC and generally will not be used to determine eligibility for welfare benefits under California law. To claim the California EITC, even if you do not owe California taxes, you must file a California income tax return and complete and attach the California EITC Form (FTB 3514). For information on the availability of the credit eligibility requirements and how to obtain the necessary California forms and get help filing, contact the Franchise Tax Board at 1-800-852-5711 or through its website at www.ftb.ca.gov.

PPRA Model Notice and Consent/Opt-Out for Specific Activities

The Protection of Pupil Rights Amendment (PPRA), 20 U.S.C. § 1232h, requires school districts to notify you and obtain consent or allow you to opt your child out of participating in certain school activities. These activities include a student survey, analysis, or evaluation that concerns one or more of the following eight areas (“protected information surveys”):

1. Political affiliations or beliefs of the student or student’s parent;
2. Mental or psychological problems of the student or student’s family;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating, or demeaning behavior;
5. Critical appraisals of others with whom respondents have close family relationships;
6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
7. Religious practices, affiliations, or beliefs of the student or student’s parents; or
8. Income, other than as required by law to determine program eligibility.

This requirement also applies to the collection, disclosure, or use of student information for marketing purposes (“marketing surveys”), and certain physical exams and screenings. Policies regarding these rights may be obtained from the school district/COE.

Parents who believe their rights have been violated under this section may file a complaint with the Family Compliance Office, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, DC 20202-5901.

Notification of Rights under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) the right to access the student’s education records. Parents or eligible students should submit to the School principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

Additionally, parents or eligible students, maintain the right to request the amendment of the student’s education records that the parent or eligible student alleges the records contain:

1. inaccuracy, or
2. unsubstantiated personal conclusion or inference, or
3. conclusion or inference outside of the observer’s area of competence, or
4. data is not based upon the personal observation of a named person with the time and place of the observation noted, or
5. misleading information/conclusions, or
6. violations of the student’s privacy or other rights.

Parents should write the School principal [or appropriate school official], clearly identify the part of the record they want changed, and specify why it is inaccurate. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

Parents or eligible students maintain the right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception permits disclosure without consent to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing their tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill their professional responsibility. Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

Another exception permits disclosure of appropriately designated “directory information” without written consent unless parents have advised the School to the contrary in accordance with school district procedures. The primary purpose of directory information is to allow the School to include this type of information from a student’s education records in certain school publications (e.g., yearbooks, honor roll lists, sports activity sheets). Directory information, which is information that is not generally considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without prior written consent. In addition, schools are required to provide military recruiters, upon request, with secondary students’ names, addresses, and telephone listings unless parents have advised the school that they do not want their student’s information disclosed without their prior consent.

The School has designated the following information as directory information: student's name, participation in officially recognized activities and sports, address, telephone listing, weight and height of members of athletic teams, e-mail address, photograph, degrees, honors, and awards received, date of birth, major field of study, dates of attendance, and the most recent educational agency or institution attended. Directory information does not include citizenship status, immigration status, place of birth, or any other information indicating national origin, unless consent is obtained prior to release. If parents do not want the School to disclose directory information from their child's education records without prior written consent, they must notify the School in writing within 30 days.[20 U.S.C. § 7908, 34 C.F.R. § 99.37, EC 49073].

Data may be shared with the California College Guidance Initiative to provide pupils and their families with direct access to online tools and resources for college and career planning, including to enable a pupil to transmit information shared with the California College Guidance Initiative to institutions of higher education for purposes of admissions and academic placement and the Student Aid Commission for purposes of determining eligibility for, and increasing uptake of, student financial aid.

[\[20 U.S.C. § 1232, EC 51229, 60900\]](#).

Parents or eligible students maintain the right to file a complaint with the U.S. Department of Education concerning alleged failures by the School District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202-4605.

TITLE IX POLICY**

Title IX of the Education Amendments of 1972 (20 U.S.C. Sec. 1681 et seq.) is a federal law that states:

“No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.”

Title IX prohibits sex discrimination in education, including K–12 schools. Title IX has been used to promote equity in education by ensuring equal resources and treatment in education and school-related athletic and extracurricular activities, providing protections for pregnant and parenting students, and prohibiting sex-based harassment, discrimination, and bullying.

In addition to this federal law, California Education law also prohibits schools from discriminating against students on the basis of sex (*Education Code* sections 220–221.1).

Immigration Status “Know Your Rights”

Your Child has the Right to a Free Public Education

- All children in the United States have a Constitutional right to equal access to free public education, regardless of immigration status and regardless of the immigration status of the students' parents or guardians.
 - In California: All children have the right to a free public education.
 - All children ages 6 to 18 years must be enrolled in school.
 - All students and staff have the right to attend safe, secure, and peaceful schools.
 - All students have a right to be in a public school learning environment free from discrimination, harassment, bullying, violence, and intimidation.
 - All students have equal opportunity to participate in any program or activity offered by the school, and cannot be discriminated against based on their race, nationality, gender, religion, or immigration status, among other characteristics.

Information Required for School Enrollment

- When enrolling a child, schools must accept a variety of documents from the student's parent or guardian to demonstrate proof of child's age or residency.
- You never have to provide information about citizenship/immigration status to have your child enrolled in school. In addition, you never have to provide a Social Security number to have your child enrolled in school.

Confidentiality of Personal Information

- Federal and state laws protect student education records and personal information. These laws generally require that schools get written consent from parents or guardians before releasing student information, unless the release of information is for educational purposes, is already public, or is in response to a court order or subpoena.
- Some schools collect and provide publicly basic student “directory information.” If they do, then each year, your child's school district must provide parents/guardians with written notice of the school's directory information policy, and let you know of your option to refuse release of your child's information in the directory.

Family Safety Plans if You Are Detained or Deported

- You have the option to provide your child's school with emergency contact information, including the information of secondary contacts, to identify a trusted adult guardian who can care for your child in the event you are detained or deported.
- You have the option to complete a Caregiver's Authorization Affidavit or a Petition for Appointment of Temporary Guardian of the Person, which may enable a trusted adult the authority to make educational and medical decisions for your child.

To: Parents and Guardians of Students in the Charter Alternative Programs
From: Assistant Superintendent Michael Gillespie
Subject: California Law Regarding Safe Storage of Firearms

The purpose of this memorandum is to inform and to remind parents and legal guardians of all students attending schools at the Charter Alternative Programs of their responsibilities for keeping firearms out of the hands of children as required by California law. Seventy-four percent of children know where their parents' firearms are stored, and 60 percent report that they have handled them². Sadly, over 80 percent of teens who have died by suicide used a firearm that belonged to someone in their home³. **These incidents can be easily prevented by storing firearms in a safe and secure manner, including keeping them locked up when not in use and storing them separately from ammunition.**

To help everyone understand their legal responsibilities, this memorandum spells out California law regarding the storage of firearms. Please take some time to review this memorandum and evaluate your own personal practices to assure that you and your family are in compliance with California law.

- With very limited exceptions, California makes a person criminally liable for keeping any firearm, loaded or unloaded, within any premises that are under their custody and control where that person knows or reasonably should know that a child is likely to gain access to the firearm without the permission of the child's parent or legal guardian, and the child obtains access to the firearm and thereby (1) causes death or injury to the child or any other person; (2) carries the firearm off the premises or to a public place, including to any preschool or school grades kindergarten through twelfth grade, or to any school-sponsored event, activity, or performance; **or** (3) unlawfully brandishes the firearm to others.⁴
 - **Note:** The criminal penalty may be significantly greater if someone dies or suffers great bodily injury as a result of the child gaining access to the firearm.
- With very limited exceptions, California also makes it a crime for a person to negligently store or leave any firearm, loaded or unloaded, on their premises in a location where the person knows or reasonably should know that a child is likely to gain access to it without the permission of the child's parent or legal guardian, unless reasonable action is taken to secure the firearm against access by the child, even where a child **never** actually accesses the firearm.⁵
- In addition to potential fines and terms of imprisonment, as of January 1, 2020, a gun owner found criminally liable under these California laws faces prohibitions from possessing, having custody or control, owning, receiving, or purchasing a firearm for 10 years.⁶
- Finally, a parent or guardian may also be civilly liable for damages resulting from the discharge of a firearm by that person's child or ward.⁷
-

Note: Your county or city may have additional restrictions regarding the safe storage of firearms.

Thank you for helping to keep our children and schools safe. Remember that the easiest and safest way to comply with the law is to keep firearms in a locked container or secured with a locking device that renders the firearm inoperable.

Sincerely,

Michael Gillespie

Assistant Superintendent
