

Twin Rivers Native American Parent Advisory Committee

NAPAC Interest Form

To strengthen family and community partnerships, we invite families to participate in our Native American Parent Advisory Committee (NAPAC). Any parent with a student enrolled in the Indian Education Program is welcome to join.

The Parent Committee plays an essential role in reviewing, approving, and advising on programs supported by the Title VI Indian Education Grant. Parents are the program's most powerful advocates—helping shape opportunities that foster the success and well-being of Native students each day.
