

2026-2027 school year

Hello, and welcome to room 36!

My name is Ms. Tipsord, and I am a resource room teacher for 5th and 6th graders. I teach resource room language arts and math. I support students with making progress on their IEP goals and accessing the general education curriculum. There are a few items that would be helpful for each of my students to have, as well as items that are much appreciated when brought in to share with the class.

Suggested student supply list:

- Pencil case or pencil bag, with pencils
- A composition notebook just for our class

Extra items that go a long way in our classroom:

- Tissues
- Disinfecting wipes
- Dry erase markers
- Glue sticks
- Coloring supplies (markers, crayons, colored pencils)

I am looking forward to the 2026-2027 school year, and I hope you are, too!
Enjoy your summer, and I'll see you in August.

Warmly,
Ms. Tipsord
