www.rescueusd.org

Dear Parent or Guardian,

The Healthy Schools Act of 2000 requires that all schools provide parents or guardians of students with **annual written notification** of expected pesticide use on school sites. The notification will identify the active ingredient or ingredients in each pesticide product and will include the Internet address (<http://www.cdpr.ca.gov>) for further information on pesticides and their alternatives.

Parents or guardians may request prior notification of individual pesticide applications at the school site. People listed on this registry will be notified at least 72 hours before pesticides are applied. If you would like to be notified every time we apply a pesticide, please complete and return the form below and return it to your school site or email to jenjones@rescueusd.org.

If you have any questions, please contact Jeremiah Patterson, Facilities Director at jpatterson@my.rescueusd.org.

Sincerely,

Lisa Donaldson

Assistant Superintendent, Business Services

Request for Individual Pesticide Application Notification 2025-26 School Year

I understand that, upon request, the school district is required to supply information about individual pesticide applications at least 72 hours before application. I would like to be notified by email before each pesticide application at this school.

Please print neatly:

Date: _____

Name of Parent/Guardian: _____

Name of Student: _____

School Site: _____

E-mail: _____

Return this notification to your school site secretary or email to jenjones@rescueusd.org

Jim Shoemaker, Superintendent
