

# S.A.S.C

**Student Advocates for Sutter County**

Student Advocates for Sutter County (SASC), is a youth coalition focused on youth advocacy and promoting healthy lifestyles. We provide a platform for students in grades 9-12 to work towards creating a healthier and safer community.

## Tobacco Fast Facts

- Most tobacco use and vaping start during adolescence.
- Youth who vape often use other tobacco products like cigarettes and cigars.
- Tobacco use and vaping are risk factors for cancer, heart disease, stroke and many respiratory problems.
