1. Narrative description of the Prop 28 arts education program(s) funded. (2500 character limit).

Chico Unified School District (CUSD) utilized Prop 28 funding to impact students from Transitional Kindergarten through 12th grade. At the elementary level, CUSD hired several additional fine arts and music teachers. With the extra art and music teachers, CUSD provided additional art and music lessons to all TK-5th grade students. The additional art and music instructional minutes provided to elementary students allowed for each elementary classroom teacher to receive preparation time without the use of substitute teachers. Prop 28 money was used at the secondary level to add arts and music classes at each school site. These courses included, but were not limited to, Ukulele Guitar, Film Appreciation, Fashion Design, Graphic Design 2, Sports & Film, Drum Line, Music Theory, as well as additional arts and music sections to expand opportunities for students to participate in arts and music. Finally, the secondary school sites also used Prop 28 funds to purchase supplies, equipment, professional development, repairs, field trips and professional consulting services for arts & music sections.
