

Seventh Grade Supplies List

We greatly appreciate students having these necessary school supplies to begin the school year. Students who cannot afford these items will be provided the basic materials. Your voluntary donation of class supplies is greatly appreciated.

Students share six classrooms throughout the day, and every classroom needs tissues. If you are able, we kindly ask that each student bring a box or two of tissues at the start of the year and give them to their first period teacher. This small donation goes a long way toward keeping all six classrooms stocked. Thank you!
