

Notes from the 4/30/25 ELAC Meeting translated by Angela Vicente

April 30, 2025.

We started off with notes from the previous meeting, Ruth approved minutes from the last meeting. The principal said that they would hire an extra person who would help with those students needing extra help, and the second goal is to hire another person who would help motivate the children to behave and be better academically. This person would be working full time 5 days a week and would also be available for 7th and 8th grade students. We reviewed next year's agreement to make sure no changes need to be made. The principal did make some adjustments, we agreed to make some changes and add some points about dress code and behavior. The principal will make these changes and bring them to the school site council for approval. May and June events, next week is teacher appreciation week for teachers and all the people who work there, It will also be state testing next week for children in grades 3 and up. There were no questions or comments so the meeting was adjourned at 9:20am. Before we left, Claudia shared information from the DELAC meeting she attended.

Thank you,
