*Surgical Technologist and Veterinary Technician*  
are two-semester courses that begin each fall  
semester.

**Semesters are 18 weeks:**

FALL 8/18/2026 - 1/08/2027

SPRING 1/11/2027 - 5/28/2027

## **Cybersecurity**

Prepare for a job in cybersecurity. Learn digital security skills used to protect critical systems and sensitive information from digital attacks. This course is designed to provide the student with the necessary knowledge and skills to become an entry-level cybersecurity technician within the networking and information communications industry.

**Class meets: Mon & Wed from 4:00 pm to 6:30 pm Online**

## **Dental Assistant**

Dental Assistants work in dental offices under licensed dentists. Students will learn chairside assisting in general dentistry procedures. Classroom instruction includes dental terminology, x-rays, instrument sterilization, and preparation of dental materials. An x-ray certificate will be issued upon completion of the course. 120 hours of required internship at local dental offices will be arranged with the instructor.

**Class meets: Mon, Tu, Wed, Thur from 8:00 am to 2:30 pm  
in Room P-19**

## **Emergency Medical Technician**

Emergency Medical Technicians (EMT) work in emergency rooms, and public or private ambulance services while performing critical interventions to patients in need. Students will learn prehospital care skills, introduction to emergency medical care, triage, human anatomy, lifting and transporting patients, airway management, and ambulance operations. A 24-hour ride-along internship is required. Students who complete the course will be eligible to participate in the National Registration Examination.

Class meets: **Tue & Thur from 8:00 am to 1:00 pm in Room P-17**

## **English Learner Healthcare Pathways**

The English Language Learner Healthcare Pathway (ELLHP) supports students whose first language is not English through integrated academic and career preparation. Students are co-enrolled in a CCA course and a Saddleback College AESL course to strengthen English proficiency, with an emphasis on healthcare-related vocabulary. Program offerings may vary by course, pending state funding and campus scheduling. The Fall 2027 schedule will be posted on CCA's website when finalized.

## **Medical Assistant**

Students will learn vital signs, injections, venipuncture, infection control, in-office laboratory testing, billing, terminology, records filing, and reception. Medical Assistants work in all areas of a physician's office or medical group. 144 hours of required internship at local doctors' offices or healthcare centers will be arranged with the instructor.

Class meets: **Mon, Tu, Wed, Thur from 8:00 am to 2:30 pm in Room P-16**

## **Pharmacy Technician**

Pharmacy Technicians work in a hospital or retail pharmacy. Instruction includes dosage calculations, over-the-counter medications, labeling medications, pharmacy procedures, HIPAA requirements, and IV preparation. Students must pass a background check performed by the State Board of Pharmacy and hold a high school diploma or GED. 240 hours of internship will be arranged with the instructor.

Class meets: **Mon, Tu, Wed, Thur from 8:00 am to 3:00 pm in Room P-15**

## **Surgical Technologist**

Surgical Technologists work alongside surgeons in the operating room. Students learn instrument setup for various types of surgery, surgical procedures, human anatomy, and the use of surgical instruments. The course consists of two semesters of classroom instruction, followed by 500 hours of externship after successful completion of coursework.

Class meets: **Mon, Tu, Wed, Thur from 8:00 am to 3:30 pm in Room P-18 & P-20**

## **Veterinary Technician - Alternate Route**

Veterinary Technicians are supervised by licensed veterinarians who perform medical tests to help diagnose animals' illnesses and injuries. Depending on the work environment, a vet tech job description may include care, clinical, and laboratory tasks. State-required hours of clinic or hospital experience will be needed to be eligible as a Registered Veterinary Technician. Students are responsible for acquiring state-required hours.

Class meets: **Mon & Wed from 10:00 am to 3:00 pm in Room P-8**
