Principal's Message

As principal, I have the privilege of introducing you to the annual School Accountability Report Card for Denair Charter Academy (DCA). Whether student, parent, staff or community member, the data contained within these pages will prove useful in informing you about our school and community, including but not limited to demographics, achievements, progress evaluation, ongoing goal realization, discipline, budget and facility enhancement. We recognize this report as an opportunity to publish our accomplishments.

We take great pride in sharing and setting forth goals and focal points for future endeavors that will be paramount in determining the effectiveness of next year's programs and activities. Our goal in presenting you with this information is to keep our community—and the public in general, well informed. We desire to keep the lines of communication open and welcome any suggestions, comments or questions you may have. It is our opinion that a well-informed public is vital in continuing the advancement in an ever-evolving world.

Positive behavioral supports have proven effective in promoting good social-emotional health for all students at Denair Charter Academy. We nominate a student of the month to participate in the community luncheon to recognize outstanding students. DCA provides a safe campus as evidenced by very few discipline incidents.

Our goals for the current school year include engaging students in higher-level and meaningful instruction, utilizing 21st century skills and resources in preparation for post-secondary pursuits and promoting and maintaining a safe and informative school environment.

What makes Denair Charter Academy special is that each education plan is unique and tailored to the individual needs of our students. The teacher works with the student and the family to accommodate the students interests and abilities, while teaching grade level standards within the lessons. Students may elect to take an onsite class in addition to their independent study appointment. Some of the onsite classes offered include floral, art, ceramics, music, psychology, patrol procedures, science and math courses. Interventions such as the iReady program, along with tutorial/intervention sessions and credit recovery, are also available to support our students.

School Mission Statement

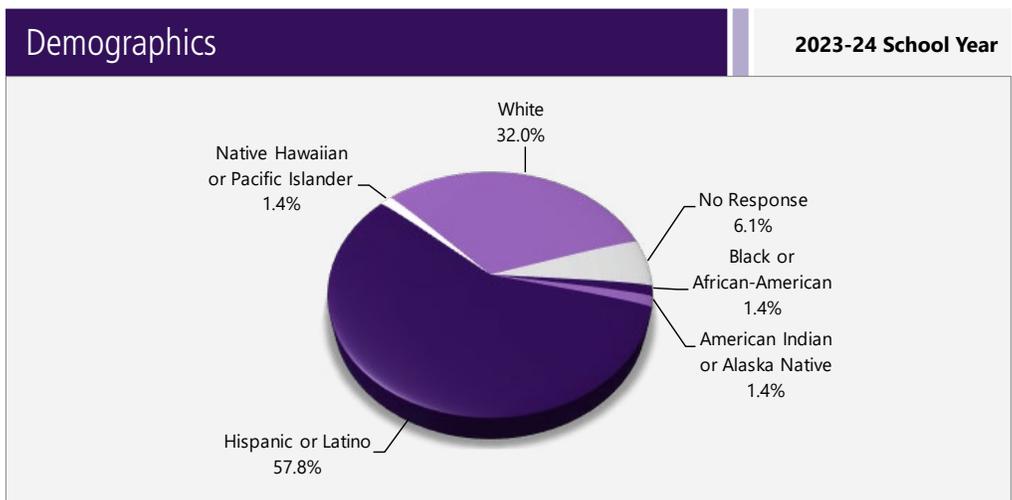

The Denair Charter Academy is based on the belief that each student can succeed and deserves an education that is rigorous and well-defined. Denair Charter Academy provides personalized instruction through Individual learning plans so students can receive meaningful individual attention. The academy's approach to teaching and learning is to seek and match the student's educational experiences to his or her identified abilities, interests, motivation, learning style and demonstrated achievement.

School Vision Statement

Cultivating empowered learners through individualized education.

Enrollment by Student Group

The total enrollment at the school was 147 students for the 2023-24 school year. The pie chart displays the percentage of students enrolled in each group.

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

Superintendent's Message

The purpose of the School Accountability Report Card (SARC) is to provide parents with information about the school's instructional programs, academic achievements, instructional materials, staff and facilities.

We recognize that parents and the community play a very important role in the school. Understanding the school's educational program, student achievement levels and curriculum can assist both the school and the community in ongoing improvement.

We have made a commitment to provide the best educational experience possible for our students. The excellent quality of our program is a reflection of our highly committed staff. We are dedicated to ensuring Denair schools offer a safe and welcoming environment, where students are actively engaged in their own learning as well as developing positive values.

District Mission Statement

Denair Unified School District empowers tomorrow's leaders through exemplary instruction and powerful innovative programs. Our exceptional school environments are the best educational choice for all students.

Average Class Size and Class Size Distribution

This year we are offering our K-1 pilot homeschool program where parents meet with the DCA staff member for one hour a week with their child. During this appointment, the parent will gain skills to teach the upcoming lessons and the teacher is able to assess the learning progress of the student. We plan to expand this program to more grade levels next school year.

Grades 2-8 have the opportunity to attend school in a traditional class setting one day a week with their homeschool advisor. The four remaining days of instruction are completed at home under the guidance and support of their parent/guardian. Independent study students in grades 9-12 are provided instruction in a one-on-one setting for a minimum of one hour each week. The remainder of instruction is completed at home. All teachers may be assigned up to 25 students. DCA is composed of eight classrooms, a learning center, computer lab and library. Three classrooms are designated for 9-12 grade instruction. Each independent study classroom contains workstations where students meet with their teacher one-on-one. Two classrooms serve K-8 homeschool students, and are set up as traditional classrooms. The remaining three classrooms are used for all on-site and elective courses. Given the model of the program, all on-site and elective courses provide students with small group and individual learning opportunities. DCA teachers provide instruction in all subjects, including core and elective courses. Online courses, credit recovery courses and support are also available for K-12 students.

School Safety

The safety of students and staff is a primary concern of Denair Charter Academy. The school is always in compliance with all laws, rules and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster-preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year. Assigned staff monitor school grounds daily before, during and after school.

The plan provides students and staff a means to ensure a safe and orderly learning environment. Components of the Comprehensive School Safety Plan include procedures for child-abuse reporting, teacher notification of a dangerous pupil, disaster-response, safely entering and exiting the school, the sexual-harassment policy, suspension and expulsion policies, and the dress code. The plan is reviewed with school staff at the beginning of each school year. The school safety plan was last reviewed, updated and discussed with school faculty and staff in February 2025.

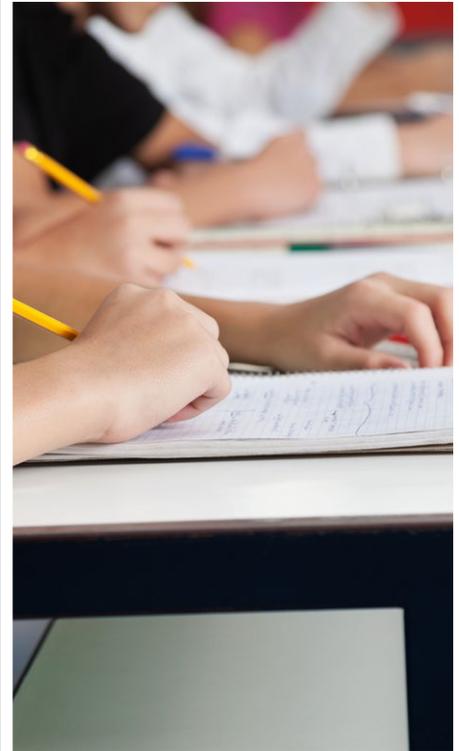

Statewide Assessments

Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade 10, 11 or 12).

CAASPP Test Results in Science for All Students

The table below shows the percent of students meeting or exceeding the State standard on the CAASPP—California Science Test (CAST) and the California Alternate Assessment for Science (CAA for Science) for grades 5, 8 and once in high school (i.e., grade 10, 11 or 12).

CAASPP by Student Group: Science, English Language Arts and Mathematics

The tables on the following pages display the percentage of students that met or exceeded state standards in science, English language arts/literacy and mathematics for the school by student groups.

The “percentage met or exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAA divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Graduation and Dropout Rates

This table displays the graduation and dropout rates for the most recent three-year period for which data is available. The four-year adjusted cohort graduation rate is the number of students who graduate in four years with a regular high school diploma divided by the number of students who form the adjusted cohort for the graduating class. From the beginning of grade 9 (or the earliest high school grade), students who are entering that grade for the first time form a cohort that is "adjusted" by adding any students who subsequently transfer into the cohort and subtracting any students who subsequently transfer out.

Textbooks and Instructional Materials

Denair Unified School District held a public hearing on September 12, 2024, and determined each school within the district had sufficient and good quality textbooks or instructional materials pursuant to the Williams Settlement. All students, including special education and English learner students, are provided their own individual textbooks in core subjects for use in the classroom and to take home to complete required homework assignments.

The district follows the State Board of Education’s adoption cycles for core content materials. English language arts and mathematics textbooks and instructional materials used within the district are aligned with the California Content Standards and Frameworks and have been selected from the state’s most recent list of standards-based materials.

All Denair USD schools follow the district’s textbook-adoption process and integrate appropriate supplemental instructional materials when necessary. The schools also provide additional alternative materials to meet the needs of students in the homeschooling process.

Admission Requirements for the University of California (UC) and California State University (CSU)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu>.

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu>.

Types of Services Funded

In addition to general state funding, Denair Unified School District receives state and federal categorical funding for special programs. The district received federal and state aid for the following categorical, special education and support programs:

- Federal: Elementary and Secondary Education Act (ESEA)
- Federal: Special Education IDEA
- Federal: Career Technical Education Secondary Schools
- State: Lottery Prop 20
- State: CTE Incentive Grant
- State: Special Education
- State: Ag Incentive Grant
- COVID Response SB117

“What makes Denair Charter Academy special is that each education plan is unique and tailored to the individual needs of our students.”

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students participating in each of the five fitness components for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

Career Technical Education Programs

Denair Charter Academy offers the following CTE pathways: Criminal Science Information, Early Childhood Education, Health Science, Counseling and Mental Health Services, Information Technology (IT).

Denair Charter Academy also offers a variety of career-path-related non-CTE program classes: computer literacy, work experience, careers, child development and floral. To address the needs of all students in career preparation, Concurrent enrollment in local community colleges is available to students.

It is our goal for students to understand the importance of academic subjects and experience how employees apply subject learning to work situations. The school’s programs focus on preparing students to think conceptually, communicate effectively and apply skills in real-world contexts.

Curriculum and instructional strategies that foster critical thinking, problem-solving, leadership and academic skills are consistently taught to the students to ensure work-readiness skills.

Speakers from the community, job shadowing, work experiences, the use of technology, career-related research projects and community service projects are available to students. This is provided to heighten awareness of options for education, training and employment beyond high school.

Career Technical Education Participation

This table displays information about participation in the school’s Career Technical Education (CTE) programs.

Career Technical Education Data

School Facility Good Repair Status

The table shows the results of the school’s most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. This inspection determines the school facility’s good repair status using ratings of good condition, fair condition or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair or poor.

School Facility Good Repair Status		2024-25 School Year
Items Inspected	Repair Status	
Systems: Gas leaks, sewer, mechanical systems (heating, ventilation and HVAC)	Good	
Interior: Interior surfaces (floors, ceilings, walls and window casings)	Good	
Cleanliness: Pest/vermin control, overall cleanliness	Good	
Electrical: Electrical systems	Good	
Restrooms/fountains: Restrooms, sinks and drinking fountains	Good	
Safety: Fire safety, emergency systems, hazardous materials	Good	
Structural: Structural condition, roofs	Good	
External: Windows/doors/gates/fences, playgrounds/school grounds	Good	
Overall summary of facility conditions	Good	
Date of the most recent FIT report	9/20/2024	

School Facilities

The school’s facilities were built in 2001 and included 5 portable classrooms and an administration office. The school expanded its facilities to include a library/media center, teacher workroom and additional classroom. Current facilities include a wing of classrooms added in 2009. These classrooms include a computer lab, conference room, large group classrooms, music room and a science/art room. All student classrooms are portables.

The district governing board has adopted cleaning standards for all schools in the district. All schools are on a regular cleaning schedule. Each classroom is swept or vacuumed, all hard surfaces cleaned, and the trash emptied regularly. All restrooms are cleaned daily. We have an assigned staff member from the maintenance and facilities department who keeps our grounds groomed with exterior trash emptied regularly.

District maintenance staff members ensure repairs necessary to keep the school in good repair and working order are completed in a timely manner. The custodian and groundskeeper ensure all classrooms and facilities are in an adequate condition. A work-order process is used to maintain efficient service and give emergency repairs the highest priority.

DCA has a full-time campus supervisor to keep an eye on students throughout the day. The campus supervisor monitors the students and parking lot to keep our district safe.

In order to keep DCA students safe we have plans to add a single point entry and secure fencing around the property. This will help to make sure outside visitors check in through the office before coming onto campus.

Deficiencies and Repairs

The table lists the repairs required for all deficiencies found during the site inspection. Regardless of each item’s repair status, all deficiencies are listed.

Deficiencies and Repairs		2024-25 School Year
Items Inspected	Deficiencies and Action Taken or Planned	Date of Action
Interior	Portables need new carpet. Room 4 was carpeted over the summer.	June 2024
Safety	Pulling new wires.	October 2024
Structural	Rooms 40-42 had roofs sealed.	May 2024

Parental Involvement

Parents and the community are supportive of the educational program at DCA. Numerous programs and activities are enriched by the generous contributions made by the Program Advisory Committee, local businesses, community colleges and state colleges and Stanislaus County.

Parents who wish to participate in Denair Charter Academy’s Program Advisory Committee, school activities or become volunteers may contact DCA Principal Jamie Pecot at (209) 634-0917 or jpecot@dusd.k12.ca.us.

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California’s new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California’s diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Teacher Preparation and Placement

These tables display the number and percent of teacher authorization/assignment as well as the total number and percent of teaching positions at the school, district and state levels. For questions concerning the assignment of teachers outside their subject area of competence or the credential status of teachers, visit the California Commission on Teacher Credentialing website at <https://www.ctc.ca.gov/>.

Note: The data in these tables is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The data source is the California State Assignment Accountability System (CalSAAS) provided by the Commission on Teacher Credentialing. For information on the CalSAAS, visit the CALPADS web page at <https://www.cde.ca.gov/ds/sp/cl/calpadsupdfdash201.asp>.

Supplemental/restricted expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted. Basic/unrestricted expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

Data for this year's SARC was provided by the California Department of Education and school and district offices. For additional information on California schools and districts and comparisons of the school to the district, the county and the state, please visit DataQuest at <http://dq.cde.ca.gov/dataquest>. DataQuest is an online resource that provides reports for accountability, test data, enrollment, graduates, dropouts, course enrollments, staffing and data regarding English learners. Per Education Code Section 35256, each school district shall make hard copies of its annually updated report card available, upon request, on or before February 1. All data accurate as of December 2024.
