School District Integrated Pest Management Plan

When completed, this template meets the Healthy Schools Act requirement for an integrated pest management (IPM) plan.

An IPM plan is required if a school district uses pesticides¹

Contra Costa County Office fo Education School District Name	Address	Pleasant Hill, CA 94523
Jesse Vazquez	209-484-3006 j	vazquez@cccor.k12.ca.us
District IPM Coordinator	IPM Coordinator's Phone Number	Email Address
IPM statement		
through accurate pest identification, by frequipmental less conducive to pests using sanitation	ient monitoring for pest presence, by ion and mechanical and physical coerty, and the environment, and only	using on long-term prevention or suppression of pes y applying appropriate action levels, and by making ntrols. Pesticides that are effective will be used in a after other options have been shown ineffective.

Name and/or Title	Role in IPM program			
Manager, Maintenance & Operations	IPM Coordnator			
Director of General Services	■ IPM Coordinator Support			

Pest management contracting

V	Pest management services are contracted to a licensed pest control business.							
	Pest Control Business name(s):	Custodial Staff, Bug Zappers Pest Control and Power Cleaners						

Prior to entering into a contract, the school district has confirmed that the pest control business understands the training requirement and other requirements of the Healthy Schools Act.

Pest identification, monitoring and inspection

Pest Identification is done by: Jesse Vazquez, IPM Cooridnator

(Example: College/University staff, Pest Control Business, etc.)

Monitoring and inspecting for pests and conditions that lead to pest problems are done regularly by

maintenance and facility staff

and results are communicated to the IPM Coordinator.

(Example: District staff title, e.g. Maintenance staff)

Specific information about monitoring and inspecting for pests, such as locations, times, or techniques include: (Example: Sticky monitoring boards are placed in the kitchen and are checked weekly by custodial staff.)

Sticky trap monitoring boards are placed throughout school sites and the County Office of Education; checked weekly by custodial staff.

Pests and non-chemical management practices

This school district has identified the following pests and routinely uses the following non-chemical practices to prevent pests from reaching the action level:

Pest	Remove food	Fix leaks	Seal cracks	Install barriers	Physical removal	Traps	Manage irrigation		0
Ants	7	V	7	V	7	~	4		
Rodents	7	V	V	7	7	~	7		

Chemical pest management practices

If non-chemical methods are ineffective, the school district will consider pesticides only after careful monitoring indicates that they are needed according to pre-established action levels and will use pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property and the environment.

This school district expects the following pesticides (pesticide products and active ingredients) to be applied during the year. (This list includes pesticides that will be applied by school district staff or licensed pest control businesses.):

Essentria IC3. Takedown II. Optigard Ant Gel Bair, Alpine Cockroach Gel Bait - Pest Control PBI

Atrimmec, SDS Ranger Pro, Speedzone - Landscaping							
He	ealthy Schools Act This school district complies with the notification, posting, recordkeeping, and all other requirements of the Healthy Schools Act. (Education Code Sections 17608 - 17613, 48980.3; Food & Agricultural Code Sections 13180 - 13188)						
	ery year school district employees who make pesticide applications receive the following training prior to pesticide use: Pesticide specific safety training (Title 3 California Code of Regulations 6724) School IPM training course approved by the Department of Pesticide Regulation (Education Code Section 16714; Food & Agricultura Code Section 13186.5).	al					
Su	Reports of all pesticides applied by school district staff during the calendar year, except pesticides exempt ¹ from HSA recordkeeping are submitted to the Department of Pesticide Regulation at least annually, by January 30 of the following year, using the form provided at www.cdpr.ca.gov/schoolipm . (Education Code Section 16711)	J,					
	otification s school district has made this IPM plan publicly available by the following methods (check at least one): This IPM plan can be found online at the following web address: Www.cccoe.k12.ca.us This IPM plan is sent out to all parents, guardians and staff annually.						
V	This IPM plan will be reviewed (and revised, if needed) at least annually to ensure that the information provided is still true and correct. te of next review: July 1, 2026						

Date:

9-29-2025

I acknowledge that I have reviewed this school district's IPM Plan and it is true and correct.
