

Equitable Services to Private Non-Profit (PNP) Schools

Attending PNP Schools within a Reasonable Distance

Evant ISD is beginning to plan its Title I program for the next school year and needs your help to determine if there are any students who live in Evant Independent School District and attending your private non-profit school who may be eligible for Title I services. Title I, Part A, authorized under the Every Student Succeeds Act (ESSA), provides services to children who need extra educational help and reside in Title I public school attendance areas. Services can range from reading instruction several times per week during the school day, to mathematics instruction after school, to counseling services, to a family literacy program during the summer. In addition to student services, Title I provides professional development activities for private school teachers of participating children and special activities for families of Title I students.

Under the Title I program, the number of private school students who qualify for free and reduced-price lunch (they do not need to be participants) and reside in a Title I public school attendance area provide the basis for calculating the amount of funds used to implement the program. Students who need extra educational help and reside in a Title I public school attendance area are eligible for services.

If you have any questions or would like to discuss the Title I program, please contact us at (254) 471-5536.

Sincerely,

Evant ISD Administration
