PART 1 – INTRODUCTION

1. **BACKGROUND:** The Del Mar Union School District (“District”) is a public-school district located in San Diego County, California. The District’s territory includes communities in Del Mar. The District serves approximately 3,400 students at 9 school sites.

2. **STATEMENT OF WORK:**

Quantities

Twelve (12) handoffs/ports capable of up to 10 Gbps (one per site). Bandwidth objective: quote scalable service tiers that meet or exceed 1 Gbps per 250 users per campus (e.g., 1/2/5/10 Gbps options).

Scope

- Provide, turn-up, and test WAN Internet service at each site with handoffs supporting up to 10 Gbps, in a cost-effective solution that ensures reliability, performance, capacity, and room for growth. Services must support data, voice, and video, and include QoS to prioritize designated applications.
- Include a description of the proposed network design and CPE interface requirements; specify all one-time and recurring charges. Provide SLA terms (uptime, restoration targets, penalties) and escalation procedures.
- Activation & testing: verify handoff type, speed/duplex, VLAN/VRF (if applicable), throughput, and latency; provide per-site results. Cutovers may require after-hours work to avoid instructional disruption.

The District is requesting proposals from qualified Telecommunications or Internet Service Providers who meet or exceed the requirements stated within the proposal. The District plans to apply for E-Rate funding under this contract and as such requires all vendors participating in this opportunity to be registered with the Universal Service Administration Company, Schools and Libraries Division, E-Rate Program, prior to proposal submission. Vendor must maintain active status throughout the term of the contract.

The District is seeking proposals for WAN Internet Services from the Ashley Falls Elementary School, located at 13030 Ashley Falls Drive, CA 92130. to each school site, the District office, and Technology and Maintenance and Operations building. (See Attachment A for Site Listing)

The District is looking for a cost effective, reliable, high speed Internet solution. Currently, AT&T provides Switched Ethernet service (ASE) for Ashley Falls Elementary School, which is the hub, and 10 remote sites. The remote site circuits currently operate at 1 GB at each site. The Technology and Maintenance and Operations building circuit currently operates at 1GB. Our connection to the San Diego County Office of Education, which provides Internet service, is currently a 10GB circuit. The network topology consists of the Ashley Falls Elementary School as a hub, with connections to each school location, the District Office, and Technology, Maintenance and Operations building.

The District wishes to increase service levels provided by the existing ASE service up to 10 GB at each site, with the option to increase bandwidth in the future if necessary. Therefore, the District is requesting proposals for WAN Internet services that can be implemented in a cost- effective way, and with assurances of reliability, performance, capacity, and room for growth.

Proposed services must support data, voice and video communications between the District Office and school sites. Provider must support Quality of Service levels to data traffic to provide priority to designated network applications such as Voice over IP.

The District prefers to provide and manage its own data network routers in order to maintain control of its internal network addressing, quality of service, and equipment. All equipment currently owned and operated by the District is manufactured by Cisco Systems. Provider services and equipment will need to fully integrate with the District's equipment. If managed services are offered, responses need to indicate how the provider will consider District's needs about network addressing, quality of service, and equipment configuration to meet District's needs, and problem resolution.

Proposals must specify the cost of installation, including any construction work and recurring service charges. For cost calculations consider that at all sites the MPOE and DMARC reside in the same closet. The District will provide a fiber run from the DMARC to the Main Distribution Frame (MDF) location at the sites where it is necessary. All closets have a back board with enough space to accommodate connections to the provider's services. There is electrical power and outlets in all closets for service provider's equipment, if required.

Responses to this RFP solicitation should include a detailed description of the network design, technologies used, and diagrams of proposed solution. The District also requires details on Customer Premises Equipment (CPE) needed to connect the District's internal networks to high speed optical network services, including description of physical interfaces needed to connect District's equipment to provider's equipment, as well as the cost to the District, if any.

Proposals must include details of Service Level Agreement (SLA) terms applicable to the services being requested in this RFP. This information should indicate uptime rating, timeframe for resolution of service interruption, as well as what penalties against the service provider and how they are applied when the service provider fails to comply with SLA terms.

The Proposer must have a proven track record in the management and provisioning of high-speed optical network services.

All eligible vendors must have repair facilities and maintenance and repair crews in San Diego County. Technicians must be able to respond to problem calls within two (2) hours for repairs. It is imperative that service problems be addressed as quickly as possible for the safety of our student population.

It is the vendor's responsibility to notify District staff of all planned outages a minimum of 48 hours in advance. Information provided shall include start date and time, anticipated end date and time, and a reasonable explanation of the purpose of the outage and a vendor provided reference ID/ticket number.

The vendor must also notify designated District staff of all unplanned network outages within thirty (30) minutes after the commencement of the outage. Information provided shall include the anticipated repair date and time, an explanation of the reason for the outage and a vendor provided reference ID/ticket number. Within two (2) hours after repairs are completed, the District will be provided a detailed explanation of the nature of the outage and its resolution.

At the time of transition to a new service provider, the provider must ensure service will be switched over to its network without significant interruption of communications between all our remote sites and the District office.

The District will not be obligated to purchase the services described herein.

The District plans to use E-Rate discounts for all requested services. All Proposers must have a Service Provider Identification Number (SPIN), which is distributed by the Universal Services Administration Company (USAC).

The District plans to request discounts under the California Teleconnect Fund (CTF) program. Provider's services must be eligible for CTF discounts.

The District will honor only one Proposal per vendor. Where multiple agents of a single vendor submit Proposal, only the first Proposal received will be opened. At the discretion of the service vendor, the vendor's own Proposal may preempt any Proposal received from their agents.

All Proposals must be returned to the Del Mar Union School District, 11232 El Camino Real, CA 92130 by 11:00:00 AM on October 29, 2025, no exceptions. All Proposals must be returned in a sealed envelope, including three (3) copies of the proposal and one (1) electronic copy on a thumb drive. The envelope must identify the RFP Number, Proposal Submittal Date, and Company Name. Proposals being sent via express mail must have Proposal documents enclosed in an interior envelope and must identify the RFP Number, Proposal Submittal Date and Company Name as stated above. The District shall not be responsible for, nor accept as a valid excuse for late response delivery, any delay by third party delivery service used by the respondent.

Questions related to the RFP documents are to be in written form and should be addressed to Marley Nelms via email at mnelms@dmusd.org. Requests for Information (RFI) must be requested prior to 11:00:00 am. (PST), October 14, 2025; with a subject line of: "**Questions RFP 2526-03**"; questions received after this time will NOT be acknowledged. The initial contract period will be from July 1, 2026 through June 30, 2029. The District may extend the contract for two (2) additional one-year terms, if mutually agreed upon. I, the undersigned, agree to fulfill the terms and requirements of Government Code Section 8355 listed above and will publish a statement notifying employees concerning (a) the prohibition of controlled substance at the workplace, (b) establishing a drug-free awareness program, and (c) requiring that each employee engaged in the performance of the contract be given a copy of the statement required by Section 8355(a) and requiring that the employee agree to abide by the terms of that statement.

**PERFORMANCE BOND
(CALIFORNIA PUBLIC WORK)**

WHEREAS, the Del Mar Union School District (the "Obligee") has awarded to _____ (the "Principal") a contract for the Work commonly described as:

RFP 2526-03 Category 1 Data Transmission/Internet Access

(the "Project"); and

WHEREAS, the Work to be performed by the Principal is more particularly set forth in that certain Agreement between the Principal and the Obligee, dated _____, 20__, which Agreement and all other contract documents set forth therein (collectively, the "Contract Documents") are incorporated herein and made a part hereof by this reference; and

WHEREAS, by the terms of the Contract Documents, the Principal is required to furnish a bond ensuring the Principal's prompt, full and faithful performance of the Work under the Contract Documents ("Bond").

NOW THEREFORE, we, _____, as Principal, and _____, as Surety, are held and firmly bound, along with our respective heirs, executors, administrators, successors and assigns, jointly and severally, unto Del Mar Union School District, as Obligee, for payment of the penal sum of _____ Dollars (\$ _____), said sum being not less than one hundred percent (100%) of the total amount payable by the Obligee under the terms of the Contract Documents, in lawful money of the United States, as more particularly set forth herein.

The condition of the obligation is such that if the Principal promptly, fully and faithfully performs each and all of the obligations and things to be done and performed by the Principal in strict accordance with the terms of the Contract Documents as they may be modified or amended from time to time, and if the Principal indemnifies and saves harmless the Obligee and all of its officers, agents and employees from any and all losses, liability and damages, claims, judgments, liens, costs, and fees of every description which may be incurred by the Obligee by reason of the failure or default on the part of the Principal in the performance of any or all of the terms or the obligations of the Contract Documents, including all modifications and amendments thereto, and any warranties or guarantees required thereunder, then this obligation shall be void; otherwise, it shall be, and remain, in full force and effect.

The Surety, for value received, hereby stipulates and agrees that no change, adjustment of the Contract Time, adjustment of the Contract Price, alterations, deletions, additions, or any other modifications to the terms of the Contract Documents, the Work to be performed thereunder, or to the Specifications or the Drawings shall limit, restrict or otherwise impair Surety's obligations or Obligee's rights hereunder. Surety hereby waives notice from the Obligee of any such changes, adjustments of Contract Time, adjustments of Contract Price, alterations, deletions, additions or other modifications to the Contract Documents, the Work to be performed under the Contract Documents, or the Drawings or the Specifications.

In the event of the Obligee's termination of the Contract due to the Principal's breach or default of the Contract Documents, within twenty (20) days after written notice from the Obligee to the Surety of the Principal's breach or default of the Contract Documents and Obligee's termination of the Contract, the Surety shall notify Obligee in writing of Surety's assumption of obligations hereunder by its election to either remedy the default or breach of the Principal or to take charge of the Work of the Contract Documents and complete the Work at its own expense ("Notice of Election"); provided, however, that the procedure by which the Surety undertakes to discharge its obligations under this Bond shall be subject to the advance written approval of the Obligee, which approval shall not be unreasonably withheld, limited or restricted. The insolvency of the Principal or the Principal's mere denial of a failure

of performance or default under the Contract Documents shall not by itself, without the Surety's prompt, diligent inquiry and investigation of such denial, be justification for Surety's failure to give the Notice of Election or for its failure to promptly remedy the failure of performance or default of the Principal or to complete the Work.

In the event the Surety fails to issue its Notice of Election to Obligee within the time specified herein, the Obligee may take all such action or actions necessary to cure or remedy the Principal's failure of performance or default or to complete the Work. The Principal and the Surety shall be each jointly and severally liable to the Obligee for all damages and costs sustained by the Obligee as a result of the Principal's failure of performance under the Contract Documents or default in its performance of obligations thereunder, including without limitation the costs of cure or completion exceeding the then remaining balance of the Contract Price; provided that the Surety's liability hereunder for the costs of performance, damages and other costs sustained by the Obligee upon the Principal's failure of performance under or default under the Contract Documents shall be limited to the penal sum hereof, which shall be deemed to include the costs or value of any Changes of any Work which increases the Contract Price.

The Principal and Surety agree that if the Obligee is required to engage the services of an attorney in connection with enforcement of the Bond, Principal and Surety shall pay Obligee's reasonable attorneys' fees incurred, with or without suit, in addition to the above sum.

In the event that suit, or other proceeding is brought upon this Bond by the Obligee, the Surety shall pay to the Obligee all costs, expenses and fees incurred by the Obligee in connection therewith, including without limitation, attorneys' fees.
