(cf. 5111.1 - District Residency)
(cf. 5116.1 - Intradistrict Open Enrollment)
(cf. 5118 - Open Enrollment Act Transfers)

All transfers for the upcoming school year received on or before December 31 of the current school year shall be treated as a school district of choice transfer request, unless an interdistrict permit request has been submitted by the student to their district of residence.

Once established, the District shall accept all students who apply to transfer into the District until the District is at maximum capacity, as required pursuant to Education Code 48301.

Students shall be admitted to District schools through an unbiased process that prohibits an inquiry into or evaluation or consideration of whether or not a student should be enrolled based upon the student's academic or athletic performance, physical condition, proficiency in English, any of the individual characteristics set forth in Education Code 200, or family income. The District's compliance with specified program requirements shall be reviewed as part of the annual District audit conducted pursuant to Education Code 41020. (Education Code 48301)

INTERDISTRICT ATTENDANCE**

Although students generally must attend school in the district where their residency has been established, the Governing Board recognizes there may be justifiable reasons for occasional interdistrict transfers. As such, the following sets forth reasons which may justify interdistrict transfers under Education Code sections 46600 et seq. and 48300 et. seq.

All transfers for the upcoming school year received on or before December 31 of the current school year shall be treated as a school district of choice transfer request, unless an interdistrict permit request has been submitted by the student to their district of residence.

Transfer requests for the upcoming school year received on or after January 1 of the current school year shall be processed as a traditional interdistrict attendance request under Education Code section 46600.

Requests for a transfer during the same school year must be completed under the district of residence and the District's relevant board policy and regulation regarding traditional interdistrict attendance under Education Code section.

Traditional Interdistrict Attendance under Education Code 46600 et seq.

In accordance with an agreement between the Governing Board and the board of another district, a permit authorizing a student of either district to enroll in the other district may be issued upon approval of both districts.

The District shall post on its web site the procedures and timelines for requesting an interdistrict transfer permit, including a link to BP 5117 - Interdistrict Attendance. The posted information shall include, but is not limited to: (Education Code 46600.1, 46600.2)

1. The date upon which the District will begin accepting and processing interdistrict transfer requests for the following school year
2. The reasons for which the District may approve or deny a request, and any information or documents that must be submitted as supporting evidence
3. If applicable, the process and timelines by which a denial of a request may be appealed within the district before the District renders a final decision
4. A statement that failure of a parent/guardian to meet any timelines established by the District shall be deemed an abandonment of the request
5. Applicable timelines for processing a request, including the following statements:

a. For an interdistrict transfer request received by the district 15 or fewer calendar days before the commencement of instruction in the school year for which the transfer is sought, the District will notify the parent/guardian of its final decision within 30 calendar days from the date the request was received.

b. For an interdistrict transfer request received by the District more than 15 days before the commencement of instruction in the school year for which the interdistrict transfer is sought, the District will notify the parent/guardian of its final decision as soon as possible, but no later than 14 calendar days after the commencement of instruction in the school year for which transfer is sought.

6. The conditions under which an existing interdistrict transfer permit may be revoked or rescinded

Priority for interdistrict attendance shall be given to a student who has been determined, through an investigation by either the district of residence or district of proposed enrollment, to be a victim of an act of bullying, as defined in Education Code 48900(r), committed by a student of the district of residence. (Education Code 46600)

(cf. 1312.3 - Uniform Complaint Procedures)

(cf. 5131.2 - Bullying)

Until the District is at maximum capacity, the District shall accept any student whose interdistrict transfer application is based on being the victim of an act of bullying or a child of an active duty military parent/guardian. The District shall ensure that such students are admitted through an unbiased process that prohibits an inquiry into or evaluation or consideration of whether or not a student should be enrolled based on academic or athletic performance, physical condition, proficiency in English, family income, or any of the individual characteristics set forth in Education Code 220, including, but not limited to, race or ethnicity, gender, gender identity, gender expression, and immigration status. (Education Code 46600)

Consideration of Requests for Interdistrict Attendance

Upon request, the Superintendent or designee may approve the transfer and enrollment of students from another district and may also allow students who live within the District to attend out-of-district schools. An interdistrict attendance permit under Education Code section 46600 et seq. may be approved for reasons such as the following:

1. When the student has been determined by staff of either the district of residence or district of proposed attendance to be a victim of an act of bullying as defined in Education Code 48900(r). Such a student shall be given priority for interdistrict attendance under any existing interdistrict attendance agreement or, in the absence of an agreement, shall be given consideration for the creation of a new permit. (Education Code 46600)

(cf. 5131.2 - Bullying)

2. *To meet the child care needs of a student.* Such a student may be allowed to continue to attend the District school only as long as they continue to use a child care provider within District boundaries.

(cf. 5148 - Child Care and Development)

3. To meet the student's special mental or physical health needs as certified by a physician, school psychologist, or other appropriate school personnel.

(cf. 6159 - Individualized Education Program)

4. When a student has a sibling(s) attending school in the receiving district, to avoid splitting the family's attendance.

5. To allow a student to complete a school year when his/her parents/guardians have moved out of the District during that year.

6. To allow the student to remain with a class graduating that year from an elementary, junior, or senior high school.

7. To allow a high school senior to attend the same school he/she attended as a junior, even if his/her family moved out of the district during the junior year.

8. When the parent/guardian provides written evidence that the family will be moving into the District in the immediate future and would like the student to start the year in the District.

9. When a student will be living out of the District for one year or less.

10. When recommended by the School Attendance Review Board or by county child welfare, probation, or social service agency staff in documented cases of serious home or community problems which make it inadvisable for the student to attend the school of residence.

(cf. 5113.1 - Truancy)

11. When there is valid interest in a particular educational program not offered in the district of residence.

12. To provide a change in school environment for reasons of personal and social adjustment.

(cf 5119 - Students Expelled from Other Districts)

(cf 5144.1 - Suspension and Expulsion/Due Process)

Transportation

Transportation beyond that normally provided for students living within the District shall not be provided for students attending the District on an interdistrict attendance agreement or permit, unless otherwise required by law.

Term of Interdistrict Transfer Permit and Reapplication

Unless otherwise provided in this Administrative Regulation, interdistrict attendance permits shall expire at the end of each school year, and a student who has been granted an interdistrict attendance permit must re-apply for an interdistrict attendance permit annually. However, existing interdistrict attendance permits shall not be rescinded for students entering grade 11 or 12 in the subsequent school year. (Education Code 46600.)

Denial of an Interdistrict Transfer Permit

The Superintendent or designee may deny initial requests for interdistrict attendance permits on the following grounds:

1. If school facilities are overcrowded at the relevant grade level;
2. If District resources are limited; or
3. Any other consideration so long as it is not arbitrary.

(410 - Nondiscrimination in District Programs and Activities)

While the Governing Board may deny students' initial requests for interdistrict attendance permits if school facilities are overcrowded at the relevant grade level, once a student is admitted, the District may not deny him/her continued attendance because of overcrowded facilities at the relevant grade level.

Revocation of an Interdistrict Transfer Permit

The Superintendent or designee may deny revoke an interdistrict attendance permit on the following grounds:

1. If a student has been habitually truant or irregularly absent;
2. If a student fails to maintain passing grades (C average);
3. If a student is subject to student discipline;
4. If a student is recommended for expulsion; or
5. If it is determined that information provided to support a transfer permit application is inaccurate, invalid, or falsified.

Notice of Decision and Right to Appeal Denial of Interdistrict Permit Request

If the transfer request is for a school year that begins within 15 calendar days of the receipt of the request, the Superintendent or designee shall notify the parent/guardian of the final decision within 30 calendar days of receiving the request. If the transfer request is for a school year that begins more than 15 calendar days after the receipt of the request, the parent/guardian shall be notified of the final decision as soon as possible, but no later than 14 calendar days after the commencement of instruction during that school year. (Education Code 46600.2)

If a student's interdistrict transfer request is denied, the Superintendent or designee shall, in writing, notify the parents/guardians of their right to appeal to the County Board of Education within 30 calendar days from the date of the final denial. (Education Code 46600.2)

(cf. 5145.6 - Parental Notifications)

All notices to parents/guardians regarding the District's decision on any request for interdistrict transfer shall conform to the translation requirements of Education Code 48985, and may be provided by regular mail, electronic format if the parent/guardian provides an email address, or by any other method normally used to communicate with parents/guardians in writing. (Education Code 46600.2)

However, students who are under consideration for expulsion or who have been expelled may not appeal interdistrict attendance denials or decisions while expulsion proceedings are pending, or during the term of the expulsion. (Education Code 46601)

(5119 - Students Expelled from Other Districts)

Provisional Admittance

Pending a decision by the two districts or by the County Board on appeal, the Superintendent or designee may provisionally admit a student who resides in another district for a period not to exceed two school months, provided the district is the district of proposed enrollment. If the decision has not been rendered by the conclusion of two school months and the districts or County Board is still operating within the prescribed timelines, the student shall not be allowed to continue attending the district school to which the student was provisionally admitted. (Education Code 46603)

School District of Choice Interdistrict Attendance under Education Code section 48300 et seq.

The Superintendent or designee shall communicate with parents/guardians regarding transfer opportunities under the school district of choice program. (cf. 6173.2 - Education of Children of Military Families)

Any existing entrance criteria for specialized schools or programs shall be uniformly applied to all applicants.

(Education Code 48303)

Whenever the number of transfer applications exceeds the number of interdistrict transfers that may be accepted as annually determined by the Governing Board, students accepted for transfer shall be selected by a random drawing held in public at a regularly scheduled Board meeting before February 15 of the school year preceding the school year for which the transfer is sought. Such determination shall be accurately recorded in the minutes of the Board meeting at which the determination was made. (Education Code 48308)

(cf. 9324 - Minutes and Recordings)

For a student whose parent/guardian was relocated by the military less than 90 days prior to the submission of the application, the District shall make a final decision to accept or reject the application within 90 days of its receipt. If the student's application has been submitted less than 90 days prior to the beginning of the school year, then the District shall accept or deny the application before the school year begins. Upon acceptance, the student may immediately enroll in a District school. (Education Code 48308)

The final number of students enrolled in the District through the school district of choice program, by school and grade level, along with the names of the students, shall be reported to the district of residence on or before May 2. (Education Code 48308)

(cf. 5111.1 - District Residency)

(cf. 5116.1 - Intradistrict Open Enrollment)

Final acceptance of the transfer is applicable for one school year and shall be renewed automatically each year unless the Board, by adoption of a resolution, withdraws from participation in the program and no longer accepts transfer students from other districts. (Education Code 48308)

Even if the District withdraws from participation in the program, students who attended or received a notice of acceptance into the District before the Board's resolution of withdrawal shall be permitted to attend school in the District, and admitted high school students may continue attending school in the District until they graduate from high school. (Education Code 48307, 48308)

The District may accept any completed coursework, attendance, and other academic progress credited to an accepted student by any district(s) the student has previously attended and may grant academic standing to the student based upon the District's evaluation of the student's academic progress. (Education Code 48309)

(cf. 6146.3 - Reciprocity of Academic Credit)

The District may revoke a student's enrollment if the student is recommended for expulsion pursuant to Education Code 48918. (Education Code 48309)

Transfers Out of the District

A student whose parent/guardian is in active military duty shall not be prohibited from transferring out of the District, provided the school district of proposed enrollment approves the application for transfer. (Education Code 46600, 48307)

If the District is unable to provide an intradistrict transfer to a student who is a victim of an act of bullying, as defined in Education Code 46600, the District shall not prohibit the student from transferring out of the District if the district of proposed enrollment approves the application for transfer. (Education Code 46600)

(cf. 3100 - Budget)

3. The Board determines that the transfer would negatively impact any of the following:
(Education Code 48307)

- a. A court-ordered desegregation plan
- b. A voluntary desegregation plan of the District, consistent with the California Constitution, Article 1, Section 31
- c. The racial and ethnic balance of the District, consistent with the California Constitution, Article 1, Section 31

**Board Policy Manual

Status: ADOPTED

Original Adopted Date: 02/01/1994 | Last Revised Date: 04/20/2022 | Last Reviewed Date: 04/20/2022

The Board of Trustees recognizes its fiduciary responsibility to oversee the prudent expenditure of district funds. In order to best serve district interests, the Superintendent or designee shall develop and maintain effective purchasing procedures that are consistent with sound financial controls and that ensure the district receives maximum value for items purchased. He/she shall ensure that records of expenditures and purchases are maintained in accordance with law.

Expending Authority

The Superintendent or designee may purchase supplies, materials, apparatus, equipment, and services up to the amounts specified in Public Contract Code 20111, beyond which a competitive bidding process is required. The Board shall not recognize obligations incurred contrary to Board policy and administrative regulations.

The Board shall review all transactions entered into by the Superintendent or designee on behalf of the Board every 60 days. (Education Code 17605)

The Superintendent or designee may authorize an expenditure which exceeds the budget classification allowance against which the expenditure is the proper charge only if an amount sufficient to cover the purchase is available in the budget for transfer by the Board.

District funds shall not be expended for the purchase of alcoholic beverages. (Education Code 32435)

Purchasing Procedures

Insofar as possible, goods and services purchased shall meet the needs of the person or department ordering them at the lowest price consistent with standard purchasing practices. Maintenance costs, replacement costs, and trade-in values shall be considered when determining the most economical purchase price. When price, fitness, and quality are equal, recycled products shall be preferred when procuring materials for use in district schools and buildings.

All purchases shall be made by formal contract or purchase order or shall be accompanied by a receipt. In order to eliminate the processing of numerous small purchase orders, the Superintendent or designee may create a "blanket" or "open" purchase order system for the purchase of minor items as needed from a vendor. He/she shall ensure that the "open" purchase order system details a maximum purchase amount, the types of items that can be purchased under this order, the individuals authorized to approve purchases, and the expiration date of the "open" order.

CUPCCAA is a useful tool for the District as it raises informal quote thresholds, simplifies the informal quote process for small projects, reduces advertising costs, expedites the bidding processes, and increases the likelihood that the bids received will be from responsive, responsible contractors. CUPCCAA allows the District to have a less formal bid process, but with appropriate guidelines and checks and balances in place.

Utilizing CUPCCAA allows local agencies to perform public works projects as follows (updated with AB2192 limits 10-3-2024):

- **Under \$75,000**
 - Contracting for construction services would be exempt from bidding requirements; these projects would be performed by negotiated contract or by purchase order
 - The District may select a qualified contractor from the list for project without going through an informal or formal bid process
- **Projects over \$75,000 and up to an estimated \$220,000**
 - Projects may be let to contract by the informal bidding procedures set forth by the California Public Contract Code.
- **Projects over \$220,000**
 - Contracts for Public Works Projects will be subject to formal bidding procedures.

Jill Bramhill stated she knows of a student that doesn't have access to internet which has been a problem with them doing homework. She also stated the student doesn't have access to novels or books and the English teacher assigned them to read a certain number of pages every night from any book of their choosing, but this student doesn't have access to books. Coupé replied that they can check out a book from the bookroom and most of the English teachers have small "libraries" in their classrooms. David Fales stated he thinks T-Mobile offers free internet for students.

6.1 Interview candidates and approve provisional appointment to fill Board Member vacancy – Engler reported that we received 5 applications, he and Moore picked 3 of those candidates to be interviewed: Tiffany Steele, Jill Bramhill and Tammy Hoppin. Each candidate was asked the same questions and given the opportunity to answer. Questions were rotated so each candidate had the opportunity to answer first. Following the questions, they were given the opportunity to speak as to why the Board should appoint them. After interviews, Fales motioned to appoint Jill Bramhill.

Motion: Fales Second: Moore Vote: 4-0 Abstentions: None

6.2 Swearing-In of newly appointed Board Member / Oath of Office

President Tom Engler, gave the Oath of Office to the newly appointed Jill Bramhill.

7. PUBLIC COMMENT

John Cooper asked where Admin & Staff take their lunch. Stinson replied the staff has a break room but they are not required to eat in there. Cooper stated the students don't have a proper place to eat lunch. Can we consider a designated area? Can we look at the MPR or Gym? Barker stated that when he arrived for the

meeting tonight, there were 14 cars parked behind the Shop when he came in and football game nights are a nightmare back there. It's been a growing issue. He stated, no one should be parking back there; we have equipment and supplies out there. He said the issue is not during school, it's after school; all the coaches, the softball and baseball lessons in the cages. He wants it shut off. There was open discussion about locking the gates; who locks them, opens them? (Nothing was decided, no directives given.) Barker asked if someone could direct these people to park elsewhere on campus. Teena Earhart thanked the Board for adding the new Campus Culture Coordinator. She sees less kids out of class. Barker stated he thinks the cell phone policy is finally taking effect. Leslie Lauppe thanked Admin & Board for the new drop-off/pick-up location but stated that Jr. Spartans are still using the front lot and parking continues to be an issue out front. Sandy Jopson congratulated Jill Bramhill for being appointed to the Board. Carrie Peterson stated she didn't think the Water District (across the street) would agree that the new drop-off/pick-up are is good location because it causes them to wait to exit their facility in the mornings.

8. PRESENTATION

- 8.1 Revised BOP for LCAP – Stinson provided explanation about some changed to the projected revenue for LCFF. He stated the LCFF BOP numbers were transposed, we're making sure BOP number is changed.

9. REPORTS / UPDATES

- 9.1 Athletic Director – Mr. Coulter was not present to give a report. Carrie P. asked if GoFan was fixed to include a season ticket price. Stinson said he would talk to Coulter about it.
- 9.2 Director of Guidance – Gillespie reported: SAT is 10/15, the PSAT is 10/16 coming up quickly; SAT Jrs & Srs take and the students pay to take it but the PSAT is taken by the entire Sophomore class and the school pays for that. Back-to-school night is this Wed. 9/10 from 6-7 pm, we will have the bells on the keep the parents moving from class to class; first athlete grade checks will be in 2 weeks; Leslie and I met with every student re: Senior projects, they are at varying stages in their projects; we had Sr. Night last week and provided our parents/Seniors with info on everything involving their Senior year; first round of professional development ended today, last year we worked on benchmarks, currently meeting on data; our current enrollment is 310 and not 313 on the report. Aeries is throwing a curveball and we have 3 extra students showing up. We are continuing to look for this error; we're not sure where the error is coming from.
- 9.3 Board of Trustees – Fales requested we open discussion about the District of Choice. He doesn't want 90 kids per class. Wants to know the number of kids coming from our feeder schools. Moore wants to know the cost of not having DOC, can we afford it? Stinson will be providing data and any info we've received from legal in recent years.
- 9.4 Principal/Superintendent updates – Stinson reported: the old JV Baseball backstop is down and in the process of being replaced, we expect it to be done by 9/17; Bus driver position still open, we did have an applicant but they were looking for FT and we have PT; Volleyball has been flexible by using the vans for transportation; Football is going to be our issue because several of our games are too far away for split routes; our other bus as been at Superior Equipment Report since March due to a wiper issue, we're picking it up tomorrow to see if our new bus mechanic can find the parts; we're looking at all options, including a charter bus; Admin position is still open and will be posted till further notice; the PT Ag position is still open, as well as the CTE Patient Care Coordinator position and the Math teacher; September is attendance awareness month and we are also celebrating Spartan Characteristics with prizes; we are one of 9 districts in the county that will be doing a medical benefits study. Benefits are increasing over 27%. We are hiring a consultant to bring options to be taken to ENTA. Deadline is Dec. 2025 to opt-out (6 mos.) of our current insurance program. Student behaviors, cell phone and vaping have been significantly less to start the year; vaping alerts and cameras have been working well. We tested them by adults after-hours. We had a new sub (retired after 38 years teaching) on campus today and he complicated our students for being courteous and our staff was very helpful.
