2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

<div>SARC Overview</div> <div></div>	<p>By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.</p> <ul style="list-style-type: none">- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.
<div>DataQuest</div> <div></div>	<p>DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).</p>
<div>California School Dashboard</div> <div></div>	<p>The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California’s new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California’s diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.</p>
<div>Internet Access</div>	<p>Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.</p>

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2025-26 School Description and Mission Statement

Vision: All children will have an equal opportunity to discover and share their abilities and gifts, thereby enriching the world.

Mission: The Solano County Office of Education's (SCOE) special education programs will provide all students and their families with the support, education, and advocacy needed to reach their greatest potential and participate fully in the community.

1. Programs will provide: environments which are creative, safe, healthy, and inclusive; opportunities to develop meaningful relationships; access to both core and individualized curriculum; settings and materials that are age-appropriate; range of

2025-26 School Description and Mission Statement

- quality service options.
2. Instruction will: be individualized; be based upon specific agreed-upon meaningful outcomes; include a variety of strategies based on current research and best practice; provide students with choices; emphasize intensive levels of time on task; infuse positive behavioral interventions and social-emotional learning; include measures of instructional effectiveness; continually challenge our expectations for students; provide access to appropriate technology.
3. We will place the needs of students and families at the center of our efforts by: including families as partners; maximizing family involvement; treating families with respect, compassion, and understanding; recognizing and utilizing their knowledge, experience, and skills; honoring their contributions, dreams, advocacy, culture, and commitment to their children's learning; providing families with a useful understanding of the system.
4. All staff are valued as members of a learning community committed to program quality and continual improvement. This commitment is demonstrated by: working collaboratively; developing and sharing resources; celebrating growth and successes; utilizing individual skills; ongoing professional growth and learning; supporting each other; supporting risk-taking; using proper body mechanics and universal precautions.
5. In support of our mission, we will pursue meaningful partnerships by establishing: a coordinated system of service delivery that supports meaningful outcomes from birth to age 22; interagency agreements; working relationships with business and community organizations; positive and productive working partnerships with school communities.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The textbooks and instructional materials used by Special Education are from the most recent curriculum adoption. In the classes for students with moderate-to-severe disabilities, the Solano County Office of Education uses a variety of programs designed to address functional skills and significantly modified standards. The curricula have been adopted at different times and the most recent adoption included the Unique Learning System program, which was first piloted in 2012 and adopted in 2013. The items listed below are all part of our most recent adoption. All the classes have sufficient textbooks and instructional materials for each student.

School Facility Conditions and Planned Improvements

The Solano County Office of Education (SCOE) provides instructional services in a wide variety of school settings. The SCOE maintains three centers primarily for preschool students and adult transition classes that include typically developing peers. Classrooms are also maintained at over 30 school sites throughout Solano County to meet the needs of students who benefit from being on an integrated school site. The facilities on school sites are maintained by both the district and SCOE. The facilities are maintained in a safe condition and there are procedures in place to quickly address health and safety issues once they have been identified.

All Interim Evaluation Instruments for Special Education facilities are on file in the Facilities Department. Please contact the Manager of Facilities & Maintenance (707) 399-4860.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

2024-25 Career Technical Education Programs

SCOE students with extensive support needs (ESN) participate in community-based instruction and school-based microenterprises that prepare them for independent living and work. Students also have community-based work experience opportunities, when appropriate. Students with the ability to participate, have an opportunity to complete a ServSafe Food Handlers' Certificate to prepare for employment in the food industry. College and career awareness for SCOE students is supported through collaboration with WorkAbility I, Transition Partnership Program (TPP), and liaison with Department of Rehabilitation (DOR).

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

The Special Education Division recognizes the responsibility of the school to involve the parent(s) in all aspects of the special education process as legally required. The procedures for timely notification, parental input and support are set in the legally mandated process from the beginning referral to the implementation of the Individual Education Plan (IEP). In addition to meeting our legal obligations, the needs of families and students are at the center of our efforts.

Our guiding principles include these elements:

- Include families as partners.
- Maximize family involvement.
- Treat families with respect, compassion, and understanding.
- Recognize and utilize their knowledge, experience, and skills.
- Honor their contributions, dreams, advocacy, culture, and commitment to their children's learning.
- Provide them with a useful understanding of the system.

Strategies to involve families include:

- Parent/teacher conferences.
- Parent meeting/interview prior to IEP meetings.
- Individual Education Plan meetings.
- Back-to-school nights.
- Parent Curriculum and Literacy Presentations.
- Transition planning nights sponsored by our Workforce Development Department.
- Transition planning between programs and age levels.
- Parent tours of potential school sites.
- Reporting of benchmark achievement.
- Translation services.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school Dropout Rates;
- High school Graduation Rates; and
- Chronic Absenteeism

2025-26 School Safety Plan

The elements of the plan include standard response protocols for emergency circumstances, supervision, and expulsion policies, sexual harassment, safe and orderly entry and departure, rules and procedures on school discipline, and crime reporting. Many of SCOE Special Education classes are located on district campuses and in those cases, SCOE follows the school safety plans for those sites. A Safety Committee at SCOE meets quarterly. The 2024-2025 CSSP was approved in March, 2025. The 2025-2026 School Safety Plan is undergoing revision and scheduled to be reviewed in the third quarter of the 25-26 school year, per state mandated timeline.

Professional Development

Teachers and paraeducators continue to undergo 6 hours of required in-service training each year. Teachers have previously utilized up to two staff development buy-back days for approved staff development activities. In addition, staff may apply for training specific to their professional discipline. If approved, this is supported by the special education budget. Teachers attend a monthly collaborative in-service that addresses evidence-based practices and implementation. Interns and new teachers are supported through mentoring model and coaching is provided on a voluntary basis. Professional Learning Communities are established and program teams participate in them on a monthly basis. Coaching and consultation by specialists is provided to individuals and teams within the county programs.
