FOREWORD

This student handbook was developed to answer many of the commonly asked questions that Ridgeview Elementary students and parents may have during the school year and to provide specific information about certain board policies and procedures. This handbook contains important information. Please take time to become familiar with the following information and keep the handbook available for frequent reference. If you have any questions that are not addressed in this handbook, you are encouraged to talk to the building principal. This handbook replaces all prior handbooks and other written material on the same subjects. This handbook does not equate to an irrevocable contractual commitment to the student, but only reflects the current status of the board's policies and the school rules. If any of the policies or administrative guidelines referenced herein are revised, the language in the most current policy or administrative guideline prevails. Current copies of board policies and administrative guidelines are available on the district website: www.buckeyeschools.info.

VISION

BUILDING GOALS

One hundred percent of Ridgeview students will perform at or above state standards in Reading and Math as measured by district and state assessments.

MISSION

The mission of the Ridgeview Elementary School staff, in partnership with families, students, and the community, is to prepare students to be lifelong learners, and to enable them to make positive choices that promote success. We will encourage students to take ownership of their learning and develop respect for everyone and everything. We are committed to developing self-worth that is essential to succeed in life.

PBIS INTRODUCTION

We are an educational system that believes our approach to student discipline is focused on changing behaviors and not punishing students. We believe everyone deserves a safe, supportive, and orderly learning environment. We encourage appropriate behaviors by teaching, guiding, directing, and providing opportunities for new learning to occur. We create opportunities for students to practice and succeed in making responsible and effective choices in order to reach their academic potential and contribute to the school community. School safety and academic success are created and strengthened when students are effectively and actively engaged in their learning. These outcomes are enhanced when positive relationships exist between students and school staff, and when families, communities, and school staff work collaboratively to support positive student outcomes. In Buckeye Local Schools, students have rights and privileges as well as responsibilities. While the school system has an obligation to provide an education for all students, we have set high standards for students to conduct themselves in a way that is respectful and helps to build a climate essential for learning. This handbook is intended to inform students of the expectations for behavior that will result in a school atmosphere that promotes excellence in teaching and learning. The purpose of the handbook is four-fold: 1. to illustrate expected appropriate and respectful student behaviors, 2. to describe violations of the Student Code of Conduct and associated interventions and consequences that may be enforced, 3. to outline student rights, privileges, and responsibilities, and 4. to provide information about how to get help with appeal requests, processes and procedures, and resources available from school system personnel. Equally important to sharing what is expected of students is that school and district policies and practices support character development, the development of self-control, and positive behavior choices. Developing positive and effective student behaviors requires collaborative efforts from school, home, and community organizations and agencies. Students in an effective learning community are expected to demonstrate the following character traits: responsibility, respect, trust, citizenship, and caring. Responsibility is demonstrated by always doing your best, thinking about consequences, being accountable for choices, and doing what one is expected to do. Respect is shown by treating others the way you wish to be treated, using good manners and appropriate language, dealing peacefully with anger, insults, and disagreements, and accepting differences among people. Trust is built by keeping promises, telling the truth, being reliable, practicing academic integrity, and building a good reputation. Citizenship has to do with making your school and community a better place, obeying laws and rules, and respecting authority. And finally, caring is displayed by showing concern for the well-being of others around you. Our schools support appropriate student behaviors that facilitate learning and minimize disruption in several ways. One example is Social Emotional Learning, embedded in the primary years' curriculum. This framework for teaching social emotional

development and school readiness skills so that children can problem solve, recognize their own feelings and those of others, refrain from impulsive behavior, and manage their anger. Positive Behavioral Intervention & Supports (PBIS) is a proactive approach to school-wide discipline. It focuses on creating and sustaining strategies for achieving positive social and learning outcomes while preventing problem behaviors. PBIS uses a collaborative team approach to analyze and respond to discipline related behavioral patterns. The focus of this handbook is to guide student behavior, to link interventions to improve student behavior, and to inform others that will assist school staff in creating safe and orderly environments. The rules and expectations outlined have been developed so that a combination of consistent and fair strategies will be implemented in every classroom and every school.

THE SCHOOL DAY

Grades K-5 **9:00 a.m. - 3:30 p.m.** Bus students arrive at approximately 8: 45a.m. WALKERS AND STUDENTS TRANSPORTED BY PARENTS SHOULD ARRIVE NO EARLIER THAN 8: 40 a.m. **Students arriving after 9:00 a.m. will be considered tardy.**

Parents are asked to be considerate of our students when picking up children at the end of the day. The school day ends at 3:30 p.m. and all walkers and car riders will be dismissed at that time. While rare occasions such as medical appointments may require students to be dismissed early, regular requests to pick up students early interrupt the instructional day for every other student in the class. We ask that parents don't pick up students before 3:30 p.m. unless absolutely necessary. All students scheduled to be picked up will be dismissed from the office.

VISITORS TO THE SCHOOL

All doors, including the front entrance, will be locked during the school day. Visitors will have to check in by an intercom to speak with the office. A camera mounted near the intercom will assist office staff in identifying visitors before allowing entry to the building. Ridgeview Elementary School encourages parents and other citizens of the district to visit our building to observe the variety of learning activities taking place. All visitors are required to report to the school office upon arrival to receive a visitor's pass and sign in. To minimize classroom interruptions, please stay in the office or lobby if picking up students during the school day. For safety, all students are dismissed from the office. **PLEASE DO NOT GO TO THE CLASSROOM TO PICK UP OR DROP OFF YOUR CHILD.** This is for the safety of all children. There may be substitute personnel in the classroom who would not know parents or other reasons that affect the safety of your child.

VOLUNTEERS

Volunteers must have a current BCII/FBI Background Check on file in the School or Board Office before they can participate in any school events.

CHANGE OF ADDRESS

All changes of contact information, including address or telephone numbers, should be reported immediately to the school office. In cases of emergency, current information is vital. If moved, please provide Proof of Residency with the current address listed. If parents are traveling away from home, the school must be given the names of childcare providers and other persons responsible for the child during the parents' absence.

STUDENT WITHDRAWAL

Parents are requested to notify the school at least one week in advance of withdrawing students from school by filling out the pupil withdrawal form. Student's records will not be released to parents until library books, textbooks, and other school property is returned and materials fees are paid.

RETURN CHECK POLICY

Returned checks will be submitted to eCollect and accounts will be debited electronically for the face amount and returned check fees.

CLASS FEES

Waived for the 2026-27 School year. For outstanding balances for previous years make checks payable to: Buckeye Local Schools. Submit the payments to Ridgeview Administrative Assistant.

DRESS AND GROOMING

SEE CODE OF CONDUCT FOR KINDERGARTEN THROUGH FIFTH GRADE DRESS CODE (Page 19)

GYM DRESS

Students will need a pair of tennis shoes with light rubber soles that will not mark the gym floor and can be tied or strapped tightly. If possible, gym shoes should not be the same pair your child wears to and from school. Any type of canvas shoe will suffice as long as it meets the requirements. **Sandals or backless shoes are not permitted.** It is also preferred that students wear pants on gym day.

SCHOOL LIBRARY

Students will be visiting the school library once each week where they will be able to choose and check out books. Students with overdue books may lose the privilege of checking out additional items until the overdue materials are returned. Lost or damaged books must be paid for or replaced. In the case of a student who finds the lost book prior to the end of the year and returns it to the library, money paid for the lost book will be refunded.

LOST AND FOUND

A "lost and found" collection is maintained in the school. Articles not claimed at the end of each nine-week grading period will be given to a charitable organization.

STUDENT ABSENCES AND EXCUSES

The Buckeye Local Board of Education and Ridgeview Elementary School believes that regular attendance leads to higher academic achievement. **Class attendance is the responsibility of the student or guardian. Excessive unexcused absences will lead to an absence intervention team meeting with the team and parents which may lead to disciplinary court action.**

The statutes governing school attendance in Ohio are specific and leave little options for school authorities to excuse children from school. Unexcused absences will be dealt with as truancy or parental neglect. The following constitute reasons for absences from the school:

1. **Personal Illness.** The approving authority may require the certificate of a physician;
2. **Illness in the family.** The absence under this condition shall apply to students in grades 9 - 12;
3. **Quarantine of the home.** The absence of a child from school under this condition is limited to the length of quarantine as fixed by the proper health officials;
4. **Death of a relative.** The absence arising from this condition is limited to a period of three days unless a reasonable cause may be shown by the applicant child for a longer absence;
5. **Students needed at home due to absence of parent or guardian.** Any absence arising because of this condition shall not extend for a period longer than that which the parent or guardian was absent;

6. **Observance of religious holidays.** Any child of any religious faith shall be excused if his/her absence was for the purpose of observing a religious holiday consistent with his/her creed or belief;
7. **Emergency.** An emergency or set of circumstances which in the judgment of the principal constitutes a good and sufficient cause for absence from school.

A written reason must be given by the parent or guardian upon the student's return to school.

SCHOOL ATTENDANCE & ABSENCE PROCEDURES

When a student is ill or otherwise unable to attend school, his/her parent or guardian should call the school **before 10:00 a.m. To report a student absent, call 440-990-3295. If you wish to pick up homework for your child, please call before 11:00 a.m.** If a student must miss part of a school day to keep a medical or dental appointment, he/she should bring a personal note to his/her teacher. The teacher will forward the note to the office. Students will be picked up in the **OFFICE** for appointments. A sign-out sheet will be provided on the office counter for parents or guardians to sign the student out. **For the safety of our students, visitors are not to go to the classroom without express permission. Students will only be dismissed from the office.**

STUDENT VALUABLES

Students are encouraged not to bring items of value to school. Items such as jewelry, expensive clothing, **electronic equipment**, etc., are tempting targets for theft and extortion. The school will not be liable for any loss or damage to personal valuables.

CELL PHONE, COMMUNICATION DEVICE(S) POLICY

We believe that having cell phones and any other device used as a communication tool, picture taking or video recording (i.e. smart watches being used to send texts or messages) put away in lockers, so the device is physically off of the students, is the best practice.

If the phone/communication device is seen anytime during the school day it will be sent to the office. The staff member who confiscates the cell phone will place the device in the envelope, labeled with student name, teacher name, location of the confiscation, date/time of confiscation and sent to the office. Teachers will not be responsible for holding confiscated devices or issuing consequences. The Principal will handle disciplinary measures related to cell phone policy violations.

1st Time Violation: The cell phone is held in the office in an envelope until the end of the day in the office. The student may retrieve their cell phone at the end of the school day.

2nd Time Violation: The cell phone is held in the office in an envelope until the parent/guardian can arrange pick up.

3rd Time Violation: The student receives an in-school consequence. The cell phone is held in the office in an envelope until the parent/guardian can arrange pick up. At the time of pick up the parent/guardian, student, and the administrator will create a plan to eliminate further violations.

TARDINESS

Students who arrive after the start of school must check into the office with an adult responsible for them before reporting to their classroom. Students are expected to be in class before 9:00am. Parents are not to drop off tardy students at the door to report to the office on their own.

Students who arrive one hour or more after school begins, or leave one hour or more before school ends will be counted as 1/2 day absent. **Habitual tardiness may lead to disciplinary action and/or court action.**

ASSERTIVE DISCIPLINE

Throughout the Buckeye District, assertive discipline is used to provide students with firm, fair, and consistent limits that, in turn, will help to create a better environment for learning. The emphasis is on the student's responsibility for his/her behavior on the playground, in the cafeteria, and throughout the building. Each individual teacher will establish his or her own rules and expectations for classroom behavior. In addition, the following building rules are necessary to insure the safety, well-being, and the rights of all students.

RIDGEVIEW ELEMENTARY SCHOOL ASSERTIVE DISCIPLINE PLAN

1. **Always keep hands, feet, and other objects to yourself.**
2. **Treat others how you would like to be treated.**

Possible consequences for actions deemed to be inappropriate MAY INCLUDE the following:

- | | |
|------------------------------|--|
| 1st Consequence: | Verbal warning. |
| 2nd Consequence: | Time out of class or activity and/or in-school detention. |
| 3rd Consequence: | More than one in-school detention or in-school suspension. |
| 4 th Consequence: | Out of School Suspension |

SEVERE CLAUSE: If the offense is of a severe nature, all steps will be bypassed and the child will be sent directly to the principal's office.

All rules listed in the handbook may be superseded by the Buckeye Local Schools Board policy. Most students do follow the rules on a daily basis. Our school will continue to recognize and reinforce appropriate individual and group behavior in a variety of positive ways throughout the school year.

STUDENT ATTENDANCE AT SCHOOL EVENTS

Students are encouraged to attend as many after school events as possible, without interfering with their schoolwork and home activities. Enthusiastic spectators help to build school spirit and encourage those students participating in the event.

It is strongly advised that students attending evening events as nonparticipants be accompanied by a parent or adult chaperone. The Board is not responsible for supervising unaccompanied students nor will it be responsible for students who arrive without an adult chaperone. Buckeye Local Schools Code of Conduct is in effect at all school-related activities.

STUDENT SUSPENSION (*SEE CODE OF CONDUCT Page 17*)

PARTIES

Parties at school (other than regular school-wide parties) are NOT allowed. With 24-hour notice to the teacher, a small, non-food birthday treat may be sent to school with your child. If you wish to provide a food treat for the class please contact the school cafeteria to purchase food related treats (ice cream tokens, cookies, healthy snacks, etc.) this allows the school to provide those students with special dietary needs with alternatives. **Minimal time will be allocated for such activity at the discretion of the staff to allow for less interruption of the academic day.** The principal has instructed staff not to distribute any birthday treats until 15 minutes before school ends unless a special (art, music, or physical education) is scheduled at that time.

To ensure the happiness of all students, party invitations may be sent to school to pass out to students only if every child in the class is to receive one. If only a few students are to be invited to a party, arrangements must be made from home. We cannot provide phone numbers and addresses of students to others.

PROHIBITION OF HARASSMENT (*SEE CODE OF CONDUCT Page 20*)

CAFETERIA

The Board of Education recognizes the need for an effective and efficient food service program. Consequently, the Board has installed an automated food service accounting system in order to assist students in obtaining nutritionally adequate meals. Instead of a cash register, we use a touch screen computer with a cash control program. Students are encouraged to prepay or to pay daily for lunches.

Checks should be made out to the Buckeye Local Schools and will be entered into the food service accounting system under the student's name. All lunch charges are discouraged. With the automated accounting and billing system, the student may charge a Type A lunch only if he or she forgets his/her money. Charges will not be permitted for more than five (5) lunches or breakfasts for elementary students. Middle School students are only permitted to charge one (1) time and charging is not permitted at the high school. After five (5) charges in the elementary school a peanut butter or cheese sandwich and white milk will be provided for a limited time. The parents will be notified of the charges and of the potential of legal action to collect the charges if not paid.

CAFETERIA PAYMENTS & ON-LINE INFORMATION

Payments may be made to lunch accounts through the district website using either PayPams.com secure on-line transaction link. PayPams.com can also be used to monitor daily lunch transactions and spending.

COMMUNICATIONS AND MESSAGES

Problems that may arise relating to the classroom are most effectively resolved by communication DIRECTLY with the teacher.

Students may use the office phone only if they receive permission from a teacher or the office personnel.

Parents are not to enter the classroom areas during the day to deliver lunches, books, etc. These items may be left in the office for delivery to the students at an appropriate time so that instruction will not be interrupted.

ASSESSING STUDENT PERFORMANCE & GRADES

Pupil progress is reported by sending a report card home four times during the school year and through parent-teacher conferences. The conferences are held after the 1st and 2nd nine-week grading periods. Through both methods, the school attempts to report academic achievement, attitudes, and study habits.

For grades K-3

Alternative assessment reports for students in grades K~3 will consist of a checklist of curricular standards used to show progress towards mastery.

For grades 4-5

The following percentage equivalents for letter grades are used in the elementary school:

- A - Excellent (90-100%)
- B - Good (80-89%)
- C - Average (70-79%)
- D - Poor (60-69%)
- F - Failing (0-59%)
- I - Incomplete

HOMEWORK

The purpose of homework is to enrich and extend the learning begun at school. It is intended to promote independent study and initiative, to provide opportunities for students to draw upon resources outside the school and to allow the parents/guardians an opportunity to understand and provide support for the work that their child is doing at school.

In most cases, homework assignments are due the following school day or the following day of school attendance in situations of personal illness or other excused absence. If because of any emergency or circumstances beyond the student's control, a homework assignment is not completed, parents should send a written explanation to the classroom teacher. All homework should be marked and/or graded. Please remember that homework may be figured into the grade for each nine-week grading period. Homework policies for grades 4-5 will be sent home the first week of school.

RECESS

All children are expected to participate in outdoor activities during recess periods. Children should be sent to school with adequate outer clothing for these play periods each day. This includes boots when there has been rain or snow. Boots, gloves, hats, and coats are needed for winter play. Snow pants are recommended for children in grades K-3. A spare pair of pants is recommended for the younger children during the winter months. **The students should have a change of foot wear for outside for recess.**

A written note must be sent if, for a health reason, your child is not permitted to play outdoors. This option should be exercised with caution. The demands on the faculty are great during these periods, and it is difficult to provide proper supervision for children who do not participate in the regular program. If a child is to stay indoors for more than five consecutive days, a doctor's note is required. During rain or severely cold weather, indoor recess will be held using a guideline of 16° F. The principal and teachers will determine when recess will be held indoors.

INCLEMENT WEATHER AND SCHOOL CLOSING

When inclement weather causes school to be cancelled, the district will use the School Messenger automated calling system to call each student household. In addition, there will be an announcement on the television stations – Channel 3, Channel 5, Channel 8, and Channel 19. Please check one of these stations if you still have a question where there will be school. You may receive an SMS text message if you opted to do so and also may also receive an email. Information should also be posted on the district website www.buckeyeschools.info.

SAFETY

It is the policy of Ridgeview Elementary School to take every possible precaution for the safety of all students, employees, visitors, and others present on school property.

Fire, tornado, lockdown and evacuation drills are conducted on a regular basis. These drills provide both students and personnel with practice in responding to emergency situations should they occur.

The parental permit and the emergency card will be kept readily at hand in the main office. Any changes to these cards should be reported immediately to the office.

IMMUNIZATIONS

Students must be current with all immunizations required by law or have an authorized waiver from state immunization requirements. For the safety of all students, the school principal may remove a student from school or establish a deadline for meeting State requirements if a student does not have the necessary immunizations or authorized waiver. Any questions about immunizations or waivers should be directed to the school nurse.

ADMINISTERING MEDICATION

Only the school nurse or the principal's designee will administer the medication to students during school hours when the parent cannot be at school to administer the medication in compliance with state law and the following regulations.

1. Written instructions signed by the parent and physician are required, including the child's name and address, the school in which the child is enrolled, name and purpose of the medication, time and dosage to be administered, beginning and ending dates to be administered; notation of any severe or adverse reactions that should be reported to the physician, including telephone numbers where he/she can be reached in an emergency; special instructions (storage, sterile conditions).

4. The "Request for the Administration of Medication by School Personnel" form and a complete copy of the "Student Medication Policy" are available in the school office.

CONTROL OF BLOOD-BORNE PATHOGENS

The Buckeye Local Schools seeks to provide a safe educational environment for students and take appropriate measures to protect those students who may be exposed to blood-borne pathogens in the school environment and/or during their participation in school-related activities. Whenever a student has contact with blood or other potentially infectious material, she/he must immediately notify her/her teacher, who will contact the main office/nurse and assist the student in completing the requisite documents. The parents of a student who is exposed will be contacted immediately regarding exposure and encouraged to have the student's blood tested for Hepatitis B and HIV by his/her physician. The student's parents are encouraged to consult with the student's physician concerning any necessary post-exposure treatment.

FIELD TRIPS—CHAPERONES

Each classroom teacher **may** elect to take her or his classroom on a field trip during the school year. The classroom teachers, along with the principal, will decide on the destinations, which provide educational value and fun for the students as well. Field trips are considered an extension of the classroom. As such, students are expected to remain with their assigned group and/or chaperone. Most of the time, there are many parents who volunteer to chaperone the field trips. **The teachers will decide** on how many chaperones are needed based on board policy and the destination and size of their class. **Teachers will choose chaperones** and contact those chosen for all field trips. Only official chaperones may ride school transportation. Chaperones must have a background check on file in the Buckeye Board Office Elementary office.

EQUAL EDUCATION OPPORTUNITY

Any person who believes that that she or he has been discriminated against on the basis of his/her race, color, disability, religion, gender, or national origin while at school or a school activity should immediately contact the school district's compliance officer identified below.

Patrick Colucci
Superintendent
440-998-4411

Complaints will be investigated in accordance with the procedures described in Board Policy. Any student making a complaint or participating in a school investigation will be protected from retaliation. The Compliance Officer can provide additional information concerning equal access to educational opportunity.

INDIVIDUALS WITH DISABILITIES

The American's with Disabilities Act (A.D.A.) and Section 504 of the Rehabilitation Act provide that no individual will be discriminated against on the basis of a disability. This protection applies not just to the student, but to all individuals who have access to the district's programs and facilities.

A student can access special education services through the proper evaluation procedures. Parent involvement in this procedure is important and required by federal (IDEA) and state law. Contact Alissa Zappitelli, Supervisor of Special Services at 440-998-3135 to inquire about evaluation procedures and programs.

ANNUAL NOTICE TO PARENTS REGARDING STUDENT RECORDS AND SPECIFIC EVENTS/ACTIVITIES

The school district maintains many student records including both directory information and confidential information.

Directory information can be provided upon request to any individual, other than a for-profit organization, even without the written consent of a parent. Parents may refuse to allow the Board to disclose any or all of such directory information upon written notification to the Board. For further information about the items included within the category of directory information and instructions on how to prohibit its release, you may wish to consult the board's annual *Family Education Rights and Privacy Act* (FERPA) notice, which can be found at www.buckeyeschools.info.

Other than directory information, access to all other student records is protected by (FERPA) and Ohio law. Except in limited circumstances as specifically defined in state and federal law, the school district is prohibited from releasing confidential education records to any outside individual or organization without the prior written consent of the parents, or the adult student, as well as those individuals who have matriculated and entered a postsecondary educational institution at any age. The board will provide access or release directory information to armed forces recruiters unless the parent or student requests that prior written consent be obtained.

Confidential records include test scores, psychological reports, behavioral data, disciplinary records, and communications with family and outside service providers.

Students and parents have the right to review and receive copies of all educational records. Costs for copies of records may be charged to the parent. To review student records please provide a written notice identifying requested student records to the principal. You will be given an appointment with the appropriate person to answer any questions and to review the requested student records.

The full text of the ANNUAL NOTIFICATION TO PARENTS REGARDING STUDENT RECORDS can be found on the district's website www.buckeyeschools.info.

Parents and adult students have the right to amend a student record when they believe that any of the information contained in the record is inaccurate, misleading or violates the student's privacy. A parent or adult student must request the amendment of a student record in writing and if the request is denied, the parent or adult student will be informed of his/her right to a hearing on the matter.

Individuals have a right to file a complaint with the United States Department of Education if they believe that the district has violated FERPA.

Consistent with the Protection of Pupil Rights Amendment (PPRA), no student shall be required, as a part of the school program or the district's curriculum, without prior written consent of the student (if an adult, or an emancipated minor) or, if an unemancipated minor, his/her parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning the following:

Consistent with the PPRA and board policy, the superintendent shall ensure that procedures are established whereby parents may inspect any materials used in conjunction with any such survey, analysis, or evaluation.

Further, parents have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the student. The parent will have access to the survey/evaluation within a reasonable period of time after the request is received by the building principal.

The superintendent will provide notice directly to parents of students enrolled in the district of the substantive content of this policy at least annually at the beginning of the school year, and within a reasonable period of time after any substantive change in this policy. In addition, the superintendent is directed to notify parents of students in the district, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when the following activities are scheduled or expected to be scheduled:

MEMORANDUM TO PARENTS REGARDING SCHOOL BOARD POLICY ON DRUG-FREE SCHOOLS

In accordance with federal law, the Board of Education prohibits the use, possession, concealment, or distribution of drugs by students on school grounds, in school or school approved vehicles, or at any school-related event. Drugs include any alcoholic beverage anabolic steroid, dangerous controlled substance as defined by state statute, or substance that could be considered a "look-a-like" controlled substance. Compliance with this policy is mandatory for all students. Any student who violates this policy will be subject to disciplinary action, in accordance with due process and as specified in the student handbooks, up to and including expulsion from school. When required by state law, the district will also notify law enforcement officials.

The district is concerned about any student who is a victim of alcohol or drug abuse and will facilitate the process by which she or he receives help through programs and services available in the community. Students and their parents should contact the school principal or counseling office whenever such help is needed.

PARENTS RIGHT TO KNOW

The Buckeye Local Schools wishes to notify all parents in all buildings that they may request information regarding the professional qualifications of their children's classroom teachers:

- If the teacher has met state qualification and licensing criteria for the grade level and subject area taught;
- If the teacher is teaching under emergency or temporary status in which state qualifications or licensing criteria are waived;
- The teacher's baccalaureate degree major, graduate certification, and field of discipline;
- Whether the student is provided services by paraprofessionals and if so, their qualifications.

The district also provides the following notifications to parents of students in Title I schools as necessary:

- Timely notice that the student has been assigned to be taught, or has been taught for four or more consecutive weeks, by a teacher who is not "highly qualified";

Buckeye Local Schools Code of Conduct

The maintaining of school discipline and proper behavior is essential to the establishment of a proper learning environment. All employees as well as all students are responsible for good discipline within the school setting. A breach of discipline is any conduct of pupils which substantially and materially interferes with the educational environment. Acts of behavior that tend to conflict with the education program which are hostile to the welfare of other students, the staff and/or the system cannot be tolerated. School authorities cannot accept liability and responsibility for student health, safety and welfare unless the student conforms to the specified standards of good conduct.

In order to maintain the proper learning environment for all students, when a student is found to be in violation of this Buckeye Local Schools Code of Conduct, it shall be considered a serious breach of accepted behavior and disciplinary action will be taken. Unless otherwise noted in the individual section, this code shall be applicable on school grounds at all times or off school grounds during a school-sponsored activity, on any school sponsored trip and at any other time when the student is subject to the authority of the school.

Students who engage in acts that repeatedly violate this code will be subject to more severe consequences for subsequent violations. The school district shall be entitled to maintain records of each student's misconduct and consider such records in arriving at the type of severity of punishment for a violation of this code.

I. Student Rights and Responsibilities

PURPOSE: So that the student body has a frame of reference upon which reasonable conduct can be based, certain rules are considered necessary. Occasionally a small minority may react adversely to the question of rules in a free society, but it is commonly accepted by the overwhelming majority that regulations are in fact established to promote the general welfare of the people. Most students conduct themselves admirably, in a manner creditable to the family. Unfortunately, we are all aware that student behavior is not always a credit to the family, to the schools, nor to other pupils, and it is in the interest of promoting the safety, health and general well-being of the student body that we feel the need to develop a "code of conduct." This code of conduct is in effect on school property, at school functions, and on buses transporting students to and from school and school functions.

1. **The Right to Attend School:** Article VI, Section 3 of the Ohio Constitution provides for the establishment and maintenance of a comprehensive public-school system. The Ohio Public Schools System is currently divided into over 600 school districts, one of which is the Buckeye Local School District. By law, all residents between the ages of six and twenty-one in any of these districts are entitled to the enjoyment of all educational opportunities provided by the Ohio Public School System.

Along with the right to equality of educational opportunity, each student in the Ohio Public School System has a related responsibility to act in such a way as to not interfere with the rights of others to the same opportunity. Reasonable and necessary order in the school is essential to the continuation of equal educational opportunities. A student may forfeit his/her right to educational opportunities if his/her conduct is such that it substantially disrupts the educational process and deprives others of their rights.

2. **The Right to Student Participation:** Students shall be encouraged to form and participate in a variety of extracurricular organizations as a means of broadening their educational experiences. These activities are considered an extension of the school day, and as such, all regular school rules shall be observed. It is a student's privilege to participate in or attend these activities; therefore, one must accept the responsibility of abiding by all school rules when he/she does participate in or attend such an activity.
3. **The Right to Participate in School Government:** One of the most obvious and practical ways to expose students to and to instruct them in the principles of sound citizenship is to involve them in the practical daily governance of the school itself. Such involvement would, of course, remain contingent upon the age, maturity and demonstrated ability of students to function as participants in school government.
4. **The Right to Confidentiality:** Under Ohio law, school authorities are required to maintain many kinds of records. These include the student's name, birth date, age, place of residence, names of parents, date of entry and withdrawal, attendance, courses taken and quality of work done. School authorities, therefore, in the valid exercise of their duties, often collect and store confidential types of information which, if placed in the wrong hands or kept out of the right hands, may do harm to the students. Administrators, therefore, assume an obligation to protect students in this regard.

In compliance with the Federal Family Rights and Privacy Act of 1974, and the board-adopted policy on student records, school officials will not release any information to persons or agencies not officially connected with the school itself without prior written consent of the parents or the student if he/she is 18. The law provides some exceptions to the practice. Directory information may be released without permission in certain instances except when individual parents specifically request that this information not be released regarding their child.

5. **The Right to Due Process:** It is generally accepted today that students are entitled to due process when they are subjected to major disciplinary action. Due process in the context of administrative proceedings carried out by the school authorities does not mean that the procedures used by courts in juvenile proceedings must be followed exactly by school authorities when engaged in disciplinary proceedings. It does mean that clear, definite and fundamentally fair rules of procedure must govern disciplinary action taken by the school authorities. Such a procedure is necessary to guarantee that a student will not be deprived of so fundamentally important a thing as school attendance without substantial and just cause. To ensure that the student receives due process, the disciplinary code which students are expected to follow as part of their responsibility in response to the rights enumerated above, as well as the disciplinary actions followed by school personnel, are outlined in subsequent portions of this document.
6. **The Right to Shared Responsibilities:** The conduct of students in school and at school activities is a joint responsibility of the student, the parent and the school. The school will make and enforce rules and regulations concerning the conduct of students at officially sanctioned school activities off school grounds. Parents should accept full responsibility for the conduct of their children once the children are outside the scope of authority of school officials.

Students shall accept full responsibility for their conduct at all times and ALL students, adult and minor, shall abide by the rules and regulations defined in the student handbook for each building.

II. Administrative Actions

1. **Administrative Conference:** An informational meeting is held between the student and administrator to determine the facts involved in a situation. The administrator may issue a verbal warning with or without formal notification to the parent(s).
2. **Detention:** A before or after school detention requires at least a 24-hour notice provided to parents. Transportation is the responsibility of the parent(s). Teacher assigned detentions will be held in the teacher's classroom or a designated area while administrative detentions will be held in the library or office or other designated area determined by each individual school.
3. **Saturday School:** A 3-hour session is held on Saturday morning from 9:00 a.m. to noon at Edgewood Senior High School for grades 4 - 12. Students are responsible for their own transportation and must comply with all of the Saturday school rules (given to the student when the Saturday school is issued) to avoid being suspended. If a student fails to attend the Saturday school, a suspension could be issued.
4. **In-School Suspension:** Students who have attendance and/or behavior problems may be assigned to an in-school suspension. Students will be given credit in their regular classes for all the work completed while in the in-school suspension classroom. If a student is absent on the day of the suspension, the time must be made up before the student is returned to regular classes. Students who have discipline problems in the in-school suspension could receive an out-of-school suspension.
5. **Out-of-School Suspension:** The superintendent, principal, assistant principal and other designated administrators may suspend a student from school for disciplinary reasons outlined in the Buckeye Local Schools Code of Conduct. No period of suspension is for more than 10 school days. Suspensions may extend beyond the current school year if, at the time a suspension is imposed, fewer than 10 days remain in the school year. The superintendent may apply any or all of the period of suspension to the following year.
6. **Emergency Removal of a Student:** If at any time an administrator feels that a student is behaving in a way that creates or has the potential to create a clear and present danger to himself or another person, or significantly disrupts the educational process, the administrator may have the student removed from the building. The student will be released to the custody of the parent, guardian or an officer of the law. The parent will be notified by phone or in writing within 24 hours of the removal.
7. **Court Referral:** School officials file a formal legal complaint with the appropriate court (juvenile or civil). This may be combined with suspension or expulsion; parents are notified by the court.
8. **Expulsion:** This is a formal exclusion from school, school activities and school property for an extended period of time. The expulsion is issued by the superintendent upon the recommendation of a school administrator. Parents are notified of an expulsion in writing.
9. **Appeal Process:** Should a student or a student's parent(s) choose to appeal an out of school suspension/expulsion, he/she must do so within 10 days of the notice of suspension. The procedure for such is provided in regulations approved by the Board of Education. The student may be excluded from school during the appeal process. Notice of appeal must be filed with the treasurer within three days of the superintendent's decision.

III. Code of Conduct

A student shall not, by use of violence, force, noise, coercion, threat, harassment, intimidation, fear, passive resistance or any other conduct, cause, attempt or threaten to cause the substantial and material disruption or obstruction of any lawful mission, process or function of the Buckeye Local Schools. The Buckeye Local School District has a policy of **zero tolerance** with respect to violent, disruptive or inappropriate behavior by its students. A violation of any of the following rules may result in disciplinary action selected from the administrative actions in the previous section.

The following code of conduct relates to the Buckeye Local Schools.

1. **Disruption of School / Class:** Any conduct that tends to interfere with a teacher conducting his/her class, tends to disrupt or interfere with the educational process of the school or tends to endanger the health and safety of the students. The act of physical bodily contact among two or more students in or on school property, including Board of Education owned vehicles, or while in attendance at any Board of Education sponsored activity which is likely to result in physical harm and/or a substantial disruption will not be tolerated for any reason.
7. **Weapons, Explosive Devices and Dangerous Instruments:** A student shall not use, possess, handle, transmit, sell or conceal any object that can be classified as a weapon, dangerous instrument, look-alike (for example, water pistol, paint ball gun), or any device, including, but not limited to, a starter's pistol, not designed as a firearm but which is specifically adapted for use as such, while on school grounds, at school sponsored or related activities, functions or events off school grounds or at any time the student is subject to the authority of the school. Weapons or dangerous instruments shall include any object that is used or may be used to inflict physical harm. Lighters, matches, knives, firearms, a toy that is presented as a real weapon, chemical agents and bullet/shotgun shells are included in this category. **(See Section 2923.122 of the Ohio Revised Code)**
8. **Prohibited Devices:** Students may not have in their possession electronic devices including, but not limited to, cell phones, radios, tape recorders, hand-held or laptop computers, portable CD players, cameras, digital recorders, MP3 players, etc., of any kind during the school day, including during recess. These items are strictly prohibited and will be confiscated and held for parents to pick up with the student facing disciplinary actions. However, these items may be used for educational purposes in the classroom with teacher knowledge. **These items may be stored in a student's locker during the school day but the school will not be responsible for lost or stolen items.**
9. **Gambling and Use of Cards/Games:** Students shall not participate in any form of gambling nor use or possess games (cards) without permission from a school employee.
10. **Narcotics, Alcoholic Beverages and Stimulant Drugs:** A student shall not possess, use, transmit, sell or conceal any alcoholic beverage, intoxicant, narcotic or counterfeit controlled (look-alike) substances. **The odor of alcohol on a student's breath while on school property or under the jurisdiction of the school constitutes a violation of this rule.** Examples of drug abuse include, but are not limited to, narcotic drugs, hallucinogenic drugs, amphetamines, barbiturates, marijuana, glue, over-the-counter medications (without doctor notification and distributed through the nurse) or other substances that could modify behavior. **Use of drugs authorized by medical prescription from a licensed physician shall not be considered a violation of this rule.**

A student shall not possess, use, transmit, sell or conceal any drug or drug paraphernalia (for example, hypodermic needles, syringe) on school grounds, at any school-sponsored or related functions or activities off school grounds or at any other time the student is subject to the authority of the school.

Tobacco products include, but are not limited to, cigars, cigarettes, clove cigarettes, chewing tobacco, snuff, tobacco look-alike products and any other form of tobacco-related products. **1st offense will include education or cessation resources.**

12. **Loitering and Trespassing:** Although schools are public facilities, the law does allow the school to restrict access on school property. When a student has been removed, suspended, expelled or permanently excluded, the student is not allowed on school property without the permission of a building administrator. Willful presence in a school building or a restricted area of a school building at unauthorized times will also be considered trespassing and subject to discipline.
13. **Truancy, Tardiness and Cutting Class:** Absence from all or any portion of the regularly scheduled school day or other mandatory activities without school authorization and parental consent is prohibited. 18. **Violation of School Policies Pertaining to Appearance and Dress (Dress Code):** In the interests of health and safety, students are expected to dress in the manner conducive to a good learning environment. We believe there is a definite relationship between good dress habits and both good work habits and proper school behavior. Any type of attire that attracts undue attention to the wearer is in bad taste and, therefore, is not acceptable.

23. **Repeated Acts of Misconduct:** Students shall comply with all policies, rules and regulations of the Board of Education. Continual and repeated acts of misconduct will not be tolerated and will be subject to further disciplinary actions being taken.

Searches

General Searches of Students and Personal Items: Students have the right to be secure in their persons and possessions from unlawful searches and seizures. However, school officials have the right to search a student or any student's possessions if such official has reasonable suspicion that such a search will find any object that violates the law or school regulations. If a student is asked to acknowledge the item voluntarily or to cooperate with the search and refuses, school officials and appropriate law enforcement officials contacted may detain the student. Such refusal to cooperate with the search may also subject the student to school disciplinary procedures for failure to cooperate.

Search of Student Lockers/Desks: Students are advised that lockers and desks are the property of the Buckeye Local School District and are subject to inspection by authorized school personnel. Students are responsible for any and all contents found in their lockers and desks and will be held responsible for any violations of school rules that occur in their assigned lockers. **No student is permitted to share a locker/desk without the written permission of the administration, and sharing a locker/desk does not excuse either student from being responsible for the contents within the locker/desk at all times.**

Search of Student Vehicles: Students who exercise the privilege of driving, riding or parking a private vehicle on school property are subject to a search of that vehicle upon reasonable suspicion that the vehicle contains unlawful material or material which violates school regulations. Refusal to cooperate with such a search will result in denial of driving privileges, possible reports to law enforcement and school disciplinary procedure.
