School District Integrated Pest Management Plan

When completed, this template meets the Healthy Schools Act requirement for an integrated pest management (IPM) plan.

An IPM plan is required if a school district uses pesticides¹

training requirement and other requirement a	I district has confirmed that the pest control business understands the nts of the Healthy Schools Act.					
Pest Identification is done by: Adam Johnson (Example: College	e/University staff, Pest Control Business, etc.)					
Monitoring and inspecting for pests and condit Maintenance staff (Example: District staff title, e.g. Maintenance staff)	ions that lead to pest problems are done regularly by and results are communicated to the IPM Coordinator.					
Specific information about monitoring and insp	pecting for pests, such as locations, times, or techniques include: in and are checked weekly by custodial staff.)					
Monthly site inspections and repor	ts from site staff that pests are present.					

Pests and non-chemical management practices

This school district has identified the following pests and routinely uses the following non-chemical practices to prevent pests from reaching the action level:

Pest	Remove food	Fix leaks	Seal cracks	Install barriers	Physical removal	Traps	Manage irrigation	Other
Ants		Ø	Ø	۵				
Mice	Ø	2	Ø	2		(<u> </u>
Wasps		2	7	2	2		2	
		O.						. -
		a	u					

Chemical pest management practices

If non-chemical methods are ineffective, the school district will consider pesticides only after careful monitoring indicates that they are needed according to pre-established action levels and will use pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property and the environment.

This school district expects the following pesticides (pesticide products and active ingredients) to be applied during the year. (This list includes pesticides that will be applied by school district staff or licensed pest control businesses.):

Ace Foaming Wasp and Hornet Killer; Prallethrin, Cypermethrin Eraser Weed and Grass Killer; Glyphosate Dimension 270G Specialty Herbicide; Dithiopyr	etation Control, glyphosate, Imazapyr
---	---------------------------------------

Healthy Schools Act

This school district complies with the notification, posting, recordkeeping, and all other requirements of the Healthy Schools Act. (Education Code Sections 17608 - 17613, 48980.3; Food & Agricultural Code Sections 13180 - 13188)

Training

Every year school district employees to	vho make pesticide aj	oplications receive the	following training	prior to pesticide use:
---	-----------------------	-------------------------	--------------------	-------------------------

- Pesticide specific safety training (Title 3 California Code of Regulations 6724)
- School IPM training course approved by the Department of Pesticide Regulation (Education Code Section 16714; Food & Agricultural Code Section 13186.5).

Submittal of pesticide use reports

Cellow I howard

4	Reports of all pesticides applied by school district staff during the calendar year, except pesticides exempt from HSA recordkeeping
	are submitted to the Department of Pesticide Regulation at least annually, by January 30 of the following year, using the form
	provided at www.cdpr.ca.gov/schoolipm. (Education Code Section 16711)

Notification	
This school district has made this IPM plan publicly available by the following methods (check at least one):	

۲.	This IPM plan can be found online at the following web address:	https://www.evergreenusd.org/About-Us/District-Reports-And-Postings/index.html
	This IPM plan is sent out to all parents, guardians and staff annual	ily.

Review

Signature:

Ø	This IPM plan will	be reviewed (and revised	, if needed) at least an	nually to ensure that the	information provided is	still true
	and correct.				•
