

**Shift your love for Legos into the next gear...**

**Surrounded by Robotics kits**, each week we embark on a brand new building challenge. We develop our coding and trouble shooting skills in the process but seeing how our code and build impact each other is the best part. No matter how challenging the build, the #1 question our students ask is... **"Wait, is class over already?"**

## How it works:

- ✓ **Classes at school right after bell rings**
- ✓ **Brand new project every week**
- ✓ **All supplies provided**

**JUNIOR ROBOTICS @ Twin Oaks Elementary**

**Session A Price : \$126.0**

**Thursday : 2:30 pm - 3:30 pm**

**Dates: 9/11/2025, 9/18/2025, 9/25/2025, 10/2/2025, 10/9/2025, 10/16/2025, 10/23/2025**

This is our **BIGGEST** discount for the year!

**Save \$10 OFF for each session** with our Early Bird special. (Expires 08/31/2025)
