

MAXWELL UNIFIED SCHOOL DISTRICT

Math Integrated 3 (Grade 11)

Teacher: Lovely Shena M. Repolido

Contact/ email add: lrepolido@maxwell.k12.ca.us

Course Goals:

- Understand and apply advanced algebraic concepts, including polynomial functions.
- Develop a solid foundation in trigonometry and its applications.
- Prepare for pre-calculus and other advanced mathematics courses.

Course Description: Math Integrated 3 is the third course in the integrated math series, covering advanced algebra, trigonometry, and geometry. This course adheres to the California Common Core Standards and is designed to bridge the gap to pre-calculus.

Grading System:

- **Participation and Classwork:** 20%
- **Homework:** 20%
- **Quizzes and Tests:** 40%
- **Final Exam/Project:** 20%

Doing Their Work Policy:

- **Expectation:** Students must complete all assignments on time. Late work will be accepted for partial credit if submitted within one week of the due date.
- **Support:** Additional support is available through office hours.
- **Grade Tracking:** Students should regularly check their grades and course progress. If your performance is not where it should be, see me as soon as possible to discuss how we can improve it.

Classroom Responsibility:

- **Behavior:** Students are expected to maintain a respectful and collaborative environment in the classroom. Disruptions will be addressed according to school policy.
- **Materials:** Required materials include the textbook, notebook, writing utensils, and any additional supplies provided by the teacher. If the students come to school unprepared like no pencils/pen, they can borrow pencil but they have to trade it with their phone. Calculators are available for class use.

No Cellphone Policy:

- **Policy:** Cellphones are not permitted during class. Phones must be turned off and stored in the lock box before bell, retrieve after classes. Failure to comply will result in the confiscation of the phone.
- **Calculator Provision:** Calculators will be available for use during class, so there is no need for cellphone use for calculations.

Binder/Notebook:

- Students are required to keep all classwork, notes, and handouts organized in a dedicated binder or notebook. This will help in maintaining a well-organized collection of all the materials covered in class.

Homework:

- Homework assignments will be posted on Google Classroom. Students must complete their homework as directed, but also write out complete solutions or proofs on separate sheets of paper.
- These completed solutions or proofs must be kept in their binder or notebook.
