

CHaSE Standing Committee Notes

11/10/23

1. Meeting called to order by Dianna 11:38am, quorum met
2. An additional committee member has been exposed to the public in the past week and has received threats and cyberbullying on Instagram and X. That makes a total of 4 members who have been harassed by the public since September.
3. Committee reviewed notes from 11/3/23 CHaSE meeting.
 - a. Clarify decision on slide 70 that the words above the chart will be removed but the chart will remain.
 - b. Committee voted unanimously to approve the notes as amended.
4. Committee reviewed notes from 11/5/2023 CHaSE meeting.
 - a. Clarify the addition of the teacher note on slide 95 regarding Hannah's statement about condom use.
 - b. Committee voted unanimously to approve the notes as amended.
5. Work on slide deck for SHAC presentation
 - a. General information and background information same as 6th grade presentation
 - b. Include a statement about things we discussed but didn't change. If there was no consensus AND no really strong opinions, the decision is to default to the publisher and the published materials.
 - c. Lesson 1 edits highlighted:
 - i. addition of group agreements.
 - d. Lesson 2 edits highlighted:
 - i. Slide 18: wording changed re: STD transmission definition. Approved wording is "through sexual contact including sexual skin-to-skin contact"
 1. A few members of the subcommittee feel it is important for this topic to be presented accurately to say that the original wording was problematic for some members of the subcommittee but not everyone; the decision has never been unanimous. The approved wording was suggested by CTB after members of the subcommittee asked for options to soften the original wording of "vaginal, oral, and anal sex." and the final vote was not a unanimous decision.
 2. The current wording is a concession for several members of the subcommittee but everyone agrees that we are here with the common goal to get this in classrooms in the spring. Concern was voiced that the full SHAC will get sidelined by this debate as well, and that will delay presenting to the Board of Trustees, so we need the discussion to focus on the compromise made in the subcommittee.

3. Details about the process will be included in the notes if the info is needed in the full SHAC presentation.
 - ii. CTB made a few medical updates throughout STD slides
 - iii. Slide 29: removed dice activity for time
- e. Lesson 3 edits highlighted:
 - i. Slide 32: addition of Teacher Say to balance the negativity
 - ii. Slide 36: addition of statistics about teen dads
 - iii. Most removals in response to community feedback about the negativity
 - iv. Cuts in videos
- f. Lesson 4 edits highlighted:
 - i. Removal of pornography information in video; consistent with high school
 - ii. Slide 53: removal of content related to abuse prevention to avoid confusion with permission slips
- g. Lesson 5 edits highlighted:
 - i. Slide 60: added teacher note and removed lines for at-risk behaviors
 - ii. Slide 62: change bed activity to table
- h. Lesson 6 edits highlighted:
 - i. Slide 66: added preface about sexual violence
 - ii. Slide 70: removed words “sexual progression” from the chart
- i. Lesson 7 edits highlighted:
 - i. Slide 78: added preface to video to emphasize abstinence
- j. Lesson 8 edits highlighted:
 - i. Slide 87: added preface to video to emphasize abstinence
 - ii. Slide 93-94: adjust skill practice to be written instead of acted out
6. Action items and next steps for next meeting
 - a. Full SHAC Wednesday 11/15/2023
