SAFE Program

Student and Family Empowerment

EGUSD VISION

In EGUSD our vision is to prepare every student in every class, in every subject, every day to become college, career and life ready.

MISSION

The mission of the Student and Family Empowerment Program is to remove barriers that impede access to education by collaborating with students, their families, and community partners in order to meet student's basic needs.

GOAL

Our goal is to improve the educational, health, and social emotional outcomes for EGUSD students and their families. We do this by providing case management for students and families that are facing challenges such as economic hardships, homelessness, food insecurity, health, dental, vision, mental health concerns, and lack of resources.

There are three program components :

◆ HOMELESS EDUCATION PROGRAM

This program provides support outreach, advocacy for enrollment, transportation and access to school activities and other school programs.

◆ GENERAL REFERRALS

Are basic referrals to food or clothes closet, linkage to health insurance, counseling, and connection to many other services

◆ COMMUNITY RESOURCES & PARTNERSHIPS

Community partnerships are vital to the efforts of the SAFE Program and provide needed resources that would otherwise be unmet.

WHAT MAKES US UNIQUE?

- Case management with a warm hand-off to community support
- Services to meet the unique needs of the whole child and family
- We are accessible—locations at two EGUSD campuses

WHAT WE DO?

The SAFE Program can provide the following resources and supports:

- Assistance enrolling qualified students in school
- Backpacks and school supplies
- Bus passes and transportation support to and from school for qualified students
- Referral for medical, dental or vision services
- Referral for housing and shelter services

HOW TO ACCESS OUR SERVICES

Families and students can call the SAFE Program locations listed on the back of this brochure. Staff may complete a referral, email, or contact SAFE directly.

HOMELESS EDUCATION

The McKinney-Vento Act defines homelessness as individuals who lack a **fixed, regular, and adequate nighttime residence often caused by economic hardships or other difficult life circumstances. The definition includes school-age children who have a nighttime residence that is:**

- Shared with another family (doubled up)
- Staying in a shelter or transitional housing
- Temporarily living in a motel or hotel
- Living in a car, park, campground, abandoned building, or other inadequate accommodations

STUDENT RIGHTS

Immediate Enrollment

Rights to remain in school of origin/feeder school while experiencing homelessness

Transportation Support

Free and Reduced School Meal Programs

Homeless Liaison Support

Removal of all Barriers to FAPE (Free Appropriate Public Education)

Enrollment and Extra Curricular Activities

Enrollment without normally required documents such as:
