- 6.3 It is agreed and understood that no grievance shall be filed solely on the basis of an alleged violation of this Article.

ARTICLE VII: HOURS OF EMPLOYMENT AND OVERTIME COMPENSATION

7.1 Workweek and Workday

- a. For the purpose of computing the number of hours worked, time during which an employee is excused from work because of holidays, sick leave, vacation, compensatory time off, or other paid leave of absence shall be considered as time worked by the employee.
- b. Workday: A day that the employee is required to provide service.
- c. The length of the workday and workweek shall be designated by the District for each classified assignment in accordance with the provisions set forth in this Agreement.
- d. The District may institute a program of time verification for unit members. This may involve the use of a time clock or other device to verify the time worked by employees. Workers who do not spend the entire workday on the job would have their salary deducted for the lost time.
- e.
 - i. Workweek: The workweek is defined as five (5) consecutive days, of eight (8) hours per day and forty (40) hours per week. This Article shall not restrict the extension of the regular workday or workweek when such is necessary to carry on the business of the District, except as provided for in Section 7.6. An employee will not necessarily be employed for a “workweek”.
 - ii. Employees who work less than eight (8) hours per day and forty (40) hours per week are considered part-time employees for calculating vacation and holiday pay, however; part-time employees are eligible for health benefits per Section 8.2 Insurance Benefits.
- f. No later than five (5) working days prior to a proposed change in the days of the week that an employee shall work (unless the change is agreed to by the employee and the Association), the District shall notify the Association in writing. To the extent required by law, the proposed change in workdays shall be negotiated between the District and the Association.
- g. When time and circumstances dictate, the days of the week that grounds, maintenance and custodial employees work may be modified on a rotational basis to allow an employee to work five (5) days per week including Saturday. This will not constitute overtime and the employee will have two consecutive days off if he desires.
- h. A part-time unit member who is assigned to work a minimum of thirty (30) minutes per day in excess of his/her regular assignment for a period of twenty (20) consecutive workdays or more, shall have the basic assignment changed to reflect the longer hours for the purposes of fringe benefit pro-ration. The regular workweek shall also be increased, except in the case of a temporary assignment of an anticipated duration.

7.2 Lunch Period

- a. All unit members who work a minimum of four (4) consecutive hours per day or more shall be entitled to an uninterrupted lunch period. The length of time and scheduling for such lunch period shall be prescribed by the District for a period of not less than one-half (1/2) hour.
- b. An employee required to work any part of his/her lunch period shall receive compensating time off at the rate of one and one-half (1.5) the lunch hour time worked. (Ten minutes of work will equal 15 minutes of time off). The additional time can accumulate up to a period of one (1) hour at which point the employee must take the additional hour within one (1) month. Thereafter, the supervisor may direct when such compensatory time is to be taken. The employee shall give the supervisor three (3) days' notice of taking such compensatory time.

7.3 Rest Period

- a. A fifteen (15) minute compensated rest period shall be provided to unit members of each three (3) hour period of service. Except as provided below, this rest period shall be taken at the direction of the supervisor, in consultation with the employee, at or near the midpoint of each such three (3) hour period service.
- b. For employees who qualifies for two (2) rest periods, a rest period of thirty (30) minutes may be scheduled by the supervisor in consultation with the employee, during evening or special work shifts.

7.4 Overtime

- a. It is the policy of the District to properly compensate classified employees for required services provided. The District shall not require, nor knowingly permit, services to be performed for which appropriate compensation is not provided. Accordingly, employees shall not perform services beyond the normal assigned work hours without the knowledge and approval of the supervisor.
- b. Except as otherwise provided herein, all overtime hours as defined in this Article shall be compensated at a rate of pay equal to time and one-half (1.5) the regular rate of pay of the employee for all work suffered or permitted. Overtime is defined to include any time worked in excess of eight (8) hours in any one day or on any one shift or in excess of forty (40) hours in any calendar week, whether such hours are worked prior to the commencement of a regular assigned starting time or subsequent to the assigned quitting time.
- c. All hours worked beyond the workweek of five (5) consecutive days by all employees working four (4) or more hours per day shall be compensated at the overtime rate commencing on the sixth (6th) consecutive day of work.
- d. Employees whose average workday is less than four (4) hours shall be provided overtime compensation on the seventh (7th) day following the commencement of the workweek.
- e. Specifically excluded from any overtime compensation for work in excess of eight (8) hours in one (1) day are those employed in security patrol and recreation classifications.

- f. A unit member assigned to work by the immediate supervisor on a workday after normal working hours or on a day not scheduled to be worked, shall receive at least one (1) hour of work at the appropriate rate of pay. This provision shall not apply to any employee who is assigned, prior to leaving work, to work beyond the normal workday. This provision shall also not apply to the security patrol and recreation classifications.
- g. The amount of overtime shall be distributed as equally as is reasonably practicable among all unit members within a classification. It is agreed and understood that certain factors (such as the character of work, employee preferences and availability, and time requirements for assigning work) may cause imbalances in the equal distribution of overtime work.
- h. Notwithstanding any other provision of this Agreement, if an out-of-town assignment requires an overnight stay, the District shall be relieved of the obligation of payment for any hours between the time an employee is relieved of duties for the evening and the time duties resume the following morning.

7.5 Compensatory Time off

- a. An employee in the bargaining unit may request time off in lieu of cash compensation for overtime work. Such request shall be submitted in writing to the immediate supervisor within five (5) working days following the day the overtime was worked. If approved, compensatory time off shall be granted at the appropriate rate of overtime in accordance with Section 7.4 of this Article.
- b. Compensatory time shall be taken at a time mutually acceptable to the employee and the District. Unused compensatory time shall be paid out on June 30th of each year at the appropriate overtime rate based on the employee's current rate of pay. If an employee wishes to carry over all or part of his/her compensatory time off into the next fiscal year, he/she may submit a written request to his/her supervisor no later than June 1st. The Superintendent or designee shall make the final decision about how much compensatory time, if any, may be carried over.

7.6 Anytime School

When work normally and customarily performed by District employees is required to be performed at times other than during the regular academic year, the work shall be offered first to District employees. In making the assignments of summer work, the District shall consider the needs of the District, employee qualifications, and length of District service, but no employee shall be required to accept the assignment. In the event no unit member accepts an assignment, the district may seek outside applicants.

An employee in the bargaining unit shall, for services performed as herein provided, receive a pro rata basis, no less than the compensation and benefits which are applicable to that classification during the regular academic year.

7.7 Training

- a. Any training required to meet the job requirements of a classified position will take place during the employee's regular workday and work year. The District will do its best to make

sure these trainings do not interfere with normal employee job duties. Training shall be scheduled by supervisors.

Classified Summer School/Anytime School Policy for Corning Union High School District

The District will notify Classified staff by May 15th each year by district email about Summer School Vacancies. And if the need arises during the summer, a follow-up email will be sent to all Classified Personnel.

Summer school positions will be filled with current Classified staff members. Returning Summer School staff have priority.

If the number of interested staff exceeds the available positions, priority will be given to the most senior and qualified employee. In cases where multiple staff members have equal seniority, selection will be based on relevant qualifications and district needs. The process can result in the “restructuring” of a job description that may not result in a salary increase. 3. It can be determined that a reclassification request is not actually a permanent change in the nature of the position but rather a “temporary out of class” situation which would be handled under Article 8 Section 8.1.6 of the Collective Bargaining Agreement. 4. Or the request can be denied.
