Rotary Field Day provides an opportunity for all boys and girls in grades 3-5, regardless of skill or ability, the chance to participate in a variety of field activities. These events involve luck, skill and fun, while allowing all an equal opportunity to win. We are providing a time and place for all children to thoroughly enjoy themselves in safe competition with students of their own grade level from all Moraga elementary schools. Event winners can take home a gold, silver, or bronze medal neck ribbon for the placing in the top three in each event. Participant ribbons are also provided for ALL participants.

Listed below are the events by grades. Starting times are approximate.

Relay races are competitions between classes of the same grade level. They involve a 4 boy team and a 4 girl team from the same class, each running 50 yards and passing a baton. Due to time constraints only one boy team and one girl team from each class can compete. If there are only 3 boy or girl runners available from a class then one student can run legs 1 & 4.
