Local Control and Accountability Plan (LCAP)

In Regards to the Local Control Funding Formula (LCFF)

Discussion of the 2025-2026 Original Budget

DATE: Thursday, June 11, 2026

LOCATION: Berry Creek School

TIME: 6:00 P.M.

Purpose of Public Hearing:

In July of 2013, Governor Brown signed into law a new way to distribute money to California school districts. Known as the Local Control Funding Formula (LCFF), it is the most comprehensive reform to California's school funding system in 40 years. With LCFF, school districts serving high-needs students receive more funds, based on the number and percentages of high-needs students they serve. Supplemental and Concentration LCFF money will support students who need it most, such as low-income students (as measured by their eligibility for free or reduced-price lunch), children in foster care and students learning the English language.

To ensure all students—especially low-income students, English learners, Re-designated English Learners, and foster youth are served well by this new funding, each district must set goals and show growth in eight priority areas. The goals and actions to achieve them must be created with input from community, parents, students and staff. The Local Control Accountability Plan (LCAP) includes these goals and actions. The LCAP will be updated every year.

The public hearing for the Pioneer UESD LCAP and Budget will be Thursday, June 11, 2026 at 6:00 p.m.
