Board of Education Woodland Joint Unified School District Woodland, California

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Woodland Joint Unified School District, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Woodland Joint Unified School District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Woodland Joint Unified School District, as of June 30, 2022, and the respective changes in financial position the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* (*Government Auditing Standards*), issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Woodland Joint Unified School District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Woodland Joint Unified School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud
 or error, and design and perform audit procedures responsive to those risks. Such procedures include
 examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
 are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of the Woodland Joint Unified School District's internal control. Accordingly, no such
 opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that
 raise substantial doubt about the Woodland Joint Unified School District's ability to continue as a going
 concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4 to 14 and the General Fund Budgetary Comparison Schedule, the Schedule of Changes in the District's Total Other Postemployment Benefits (OPEB) Liability, the Schedule of the District's Proportionate Share of the Net Pension Liability, and the Schedule of the District's Contributions on pages 51 to 56 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Woodland Joint Unified School District's basic financial statements. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and other supplementary information are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and, except for that portion marked "unaudited", was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole. The information marked "unaudited" has not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 14, 2022 on our consideration of the Woodland Joint Unified School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Woodland Joint Unified School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Woodland Joint Unified School District's internal control over financial reporting and compliance.

Crowe LLP

Sacramento, California December 14, 2022

This section of Woodland Joint Unified School District's (the "District") annual financial report presents District management's discussion and analysis of the District's financial performance during the fiscal year that ended on June 30, 2022. Please read it in conjunction with the Independent Auditors' Report presented on pages 1 through 3, and the District's financial statements, which immediately follow this section.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and Statement of Activities, presented on pages 15 and 16, provide information about the activities of the District as a whole and present a longer-term view of the District's finances. The fund financial statements for governmental activities, presented on pages 17 through 20, provide information about how District services were financed in the short-term, and how much remains for future spending. Fund financial statements also report the District's operations in more detail than the government-wide statements by providing information about the District's most significant funds. The remaining statements on pages 21 through 22 provide financial information about activities for which the District acts solely as a trustee or agent for the benefit of those outside the District.

FINANCIAL HIGHLIGHTS

- ➤ The District's financial condition has changed during the 2021-22 fiscal year. Over the course of the year, net position increased by 156%.
- > Total current year revenues exceeded the total current year expenses by \$8.6 million in the General Fund.
- > Total Governmental Fund balances increased by \$11.7 million.
- ➤ Capital assets increased due to a change in the work-in-process and buildings and equipment.
- ➤ Total long-term liabilities decreased \$65.6 million during the 2021-22 fiscal year due to the changes associated with the G.O Bonds, COPs and net pension liability. During the 2021-22 fiscal year, the District made payments of \$2.4 million of general obligation bonds, and payments of \$470,000 on certificates of participation. The Schedule of Changes in Long-Term Liabilities on page 34 provides additions and deductions to the District's liabilities.
- ➤ The District maintains sufficient reserves for a district of its size. It meets the state required minimum reserve for economic uncertainty of 3% of general fund expenditures, transfers out, and other uses (total outgo). During fiscal year 2021-22 General Fund expenditures and other financing uses totaled \$127.9 million. At June 30, 2022, the District has available reserves of \$11.1 million in the General Fund, which represents a reserve of approximately 8%.

THE FINANCIAL REPORT

The full annual financial report consists of three separate parts, including the basic financial statements, supplementary information, and Management's Discussion and Analysis. The three sections together provide a comprehensive overview of the District. The basic financial statements are comprised of two kinds of statements that present financial information from different perspectives, government-wide and funds.

- ➤ Government-wide financial statements, which comprise the first two statements, provide both short-term and long-term information about the District's overall financial position.
- Individual parts of the District, which are reported as fund financial statements comprise the remaining statements.
 - Basic services funding is described in the governmental funds statements. These statements include short-term financing and identify the balance remaining for future spending.
 - Financial relationships, for which the District acts as an agent or trustee for the benefit of others to whom the resources belong, are presented in the fiduciary funds statements.

Notes to the financials, which are included in the financial statements, provide more detailed data and explain some of the information in the statements. The supplementary information provides further explanations and provides additional support for the financial statements.

Reporting the District as a Whole

The District as a whole is reported in the government-wide statements and uses accounting methods similar to those used by companies in the private sector. All of the District's assets, deferred outflows of resources, liabilities and deferred inflows of resources are included in the Statement of Net Position. The Statement of Activities reports all of the current year's revenues and expenses regardless of when cash is received or paid.

The District's financial health or position (net position) can be measured by the difference between the District's assets, deferred outflows of resources, liabilities and deferred inflows of resources.

- Increases or decreases in the net position of the District over time are indicators of whether its financial position is improving or deteriorating, respectively.
- Additional non-financial factors such as the condition of school buildings and other facilities, and changes in the property tax base of the District need to be considered in assessing the overall health of the District.

THE FINANCIAL REPORT (CONCLUDED)

Reporting the District as a Whole (Concluded)

In the Statement of Net Position and the Statement of Activities, we divide the District into two kinds of activities:

Governmental Activities:

The basic services provided by the District, such as regular and special education, adult education, administration, and transportation are included here, and are primarily financed by property taxes and state formula aid. Non-basic services, such as child nutrition and child development are also included here but are financed by a combination of state and federal contracts and grants, and local revenues.

Business-type Activities:

The District does not provide any services that should be included in this category.

Reporting the District's Most Significant Funds:

The District's fund-based financial statements provide detailed information about the District's most significant funds. Some funds are required to be established by State law and bond covenants. However, the District establishes many other funds as needed to control and manage money for specific purposes.

Governmental Funds

The major governmental funds of the Woodland Joint Unified School District are the General Fund and Capital Facilities Fund. Governmental fund reporting focuses on how money flows into and out of the funds and the balances that remain at the end of the year. A modified accrual basis of accounting measures cash and all other financial assets that can readily be converted to cash. The governmental funds statements provide a detailed short-term view of the District's operations and services. Governmental fund information helps to determine the level of financial resources available in the near future to finance the District's programs.

Proprietary Funds

Services for which the District charges a fee are generally reported in proprietary funds on a full accrual basis. These include both Enterprise funds and Internal Service funds. Enterprise funds are considered business-type activities and are also reported under a full accrual method. This is the same basis as business-type activities; therefore, no reconciling entries are required. Internal service funds are reported with the Governmental Funds. The District has no funds of this type.

Fiduciary Funds

The District is the trustee, or fiduciary, for its foundation trust funds. All of the District's fiduciary activities are reported in separate fiduciary statements. We exclude these activities from the District's other financial statements because the District cannot use these assets to finance their operations. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

FINANCIAL ANALYSIS OF THE SCHOOL DISTRICT AS A WHOLE

GOVERNMENTAL ACTIVITIES

The District's net position increased from \$16,310,605 on June 30, 2021 to \$41,790,741 at June 30, 2022, which equates to 156%.

FINANCIAL ANALYSIS OF THE SCHOOL DISTRICT AS A WHOLE (CONTINUED)

GOVERNMENTAL ACTIVITIES (CONTINUED)

The table below presents the cost of major District activities. The table also shows each activity's net cost (total cost less fees generated by the activities and intergovernmental aid provided for specific programs). The \$92,327,423 net cost represents the financial burden that was placed on the District's general revenues for providing the services listed. Further detail is available on page 16 of the audit report.

Comparative Schedule of	Costs of Services
-------------------------	-------------------

	Total Cost of Services		Net Cost of	Services
	<u>2021</u>	<u>2022</u>	<u>2021</u>	<u>2022</u>
Instruction	\$79,164,997	\$71,126,106	\$47,693,430	\$43,193,750
Instruction Related Services	14,377,639	13,285,829	11,069,271	7,920,241
Pupil Services	16,661,219	17,731,723	8,168,355	6,356,971

The general obligation bonds are financed by the local taxpayers and represent 9% of the District's total long-term liabilities. The certificates of participation are financed by developer fees, General Fund and represent 9% of the District's total long-term liabilities. The remaining components of the District's total long-term liabilities account for 82% of the District's total long-term liabilities and are financed by various District funds.

FINANCIAL ANALYSIS OF THE SCHOOL DISTRICT AS A WHOLE (CONCLUDED)

GOVERNMENTAL ACTIVITIES (CONCLUDED)

The District has continued to meet the debt service requirements for their long-term liabilities, and they have no plans to fully retire any specific debt instrument prior to the current payment schedules.

The notes to the financial statements are an integral part of the financial presentation and contain more detailed information as to interest, principal, retirement amounts, and future debt retirement dates.

FINANCIAL ANALYSIS OF DISTRICT'S FUNDS

The combined fund balances of all the District's governmental funds increased by \$11,707,911 due primarily to an increase in revenue and decrease in expenditures.

Comparative Schedule of Fund Balances

GENERAL FUND BUDGETARY HIGHLIGHTS

The District's budget is prepared in accordance with California law and is based on the modified accrual basis of accounting. Over the course of the year, the District revises its budget based on updated financial information. The original budget, approved at the end of June for July 1, is based on May revised figures and updated 45 days after the State approves its final budget. In addition, the District revises its budget throughout the year. The original budget is presented on page 51 of the audit report.

ECONOMIC FACTORS BEARING ON THE DISTRICT'S FUTURE

The District currently provides health benefits to all employees who retire after attaining the age of 55 until age 65 provided the employee has met certain service requirements. The District's cost for health benefits is currently capped; however, concern for future costs to the District has resulted in a continued search for solutions to this issue.

Based on the most recent student enrollment information available, the District anticipates flat enrollment during fiscal year 2022-34. Since student enrollment and attendance are primary factors in the computation of most funding formulas for public schools in the State of California, no change indicates that the District's LCFF funding should also change as a result of any COLA provided by the state.

The State's economic situation and the COVID-19 pandemic are also major factors affecting the District's future. The financial well-being of the District is tied in large measure to the State's K-12 funding as prescribed by Proposition 98. Although Proposition 98 funding is generally referred to as a "guarantee", when the state applies a deficit factor to a district's funding or reduces the required payment, as happened in both the 2013-14 and the 2014-15 fiscal years respectively, the funding can no longer be considered a "guarantee."

The future predictions require management to plan carefully and prudently to provide the resources to meet student needs over the next several years. The District has an excellent track record in meeting this challenge in what has proven to be a cycle of lean years and prosperous years for education finances.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, parents, investors, and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions regarding this report or need additional financial information, contact the Business Office, Woodland Joint Unified School District, 435 Sixth Street, Woodland, California 95695.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Woodland Joint Unified School District (the "District") accounts for its financial transactions in accordance with the policies and procedures of the California Department of Education's *California School Accounting Manual*. The accounting policies of the District conform to accounting principles generally accepted in the United States of America, as prescribed by the Governmental Accounting Standards Board. The following is a summary of the more significant policies:

Reporting Entity: The Board of Trustees is the level of government which has governance responsibilities over all activities related to public school education in the District. The Board is not included in any other governmental "reporting entity" as defined by the Governmental Accounting Standards Board since Board members have decision-making authority, the power to designate management, the responsibility to significantly influence operations and primary accountability for fiscal matters. The District and Woodland Public Facilities Corporation (the "Corporation") have a financial and operational relationship which meets the reporting entity definition criteria of Codification of Governmental Accounting and Financial Reporting Standards, Section 2100, for inclusion of the Corporation as a component unit of the District. Accordingly, the financial activities of the Corporation have been included in the financial statements of the District.

The following are those aspects of the relationship between the District and the Corporation which satisfy Codification of Governmental Accounting and Financial Reporting Standards, Section 2100 criteria:

A - Accountability:

- 1. The Corporation's Board of Directors was appointed by the District's Board of Trustees.
- 2. The Corporation has no employees. The District's Superintendent function as agents of the Corporation. Neither individual receives additional compensation for work performed in this capacity.
- 3. The District exercises significant influence over operations of the Corporation as the District is the sole lessee of all facilities owned by the Corporation.
- 4. All major financing arrangements, contracts, and other transactions of the Corporation must have the consent of the District.
- 5. Any deficits incurred by the Corporation will be reflected in the lease payments of the District. Any surpluses of the Corporation revert to the District at the end of the lease period.
- 6. The District's lease payments are the sole revenue source of the Corporation.
- 7. The District has assumed a "moral obligation," and potentially a legal obligation, for any debt incurred by the Corporation.

B - Scope of Public Service:

The Corporation is a nonprofit, public benefit corporation incorporated under the laws of the State of California. The Corporation was formed to provide financing assistance to the District for construction and acquisition of major capital facilities through the issuance of Certificates of Participation. The source of repayment for the Certificates of Participation is developer fees collected. When the Corporation's Certificates of Participation have been completely paid off, title to all Corporation property will pass to the District for no additional consideration.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C - Financial Presentation:

For financial presentation purposes, the Corporation's financial activity has been blended with the financial data of the District. The financial statements present the Corporation's financial activity as the Capital Facilities Fund. Certificates of Participation issued by the Corporation are included as liabilities in the Statement of Net Position.

<u>Basis of Presentation - Financial Statements</u>: The basic financial statements include a Management's Discussion and Analysis (MD&A) section providing an analysis of the District's overall financial position and results of operations, financial statements prepared using full accrual accounting for all of the District's activities, including infrastructure, and a focus on the major funds.

<u>Basis of Presentation - Government-Wide Financial Statements</u>: The Statement of Net Position and the Statement of Activities display information about the reporting government as a whole. Trust funds are not included in the government-wide financial statements. Trust funds are reported only in the Statement of Fiduciary Net Position and the Statement of Change in Fiduciary Net Position at the fund financial statement level.

The Statement of Net Position and the Statement of Activities are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of Governmental Accounting Standards Board Codification Section (GASB Cod. Sec.) N50.118-.121.

Program revenues - Program revenues included in the Statement of Activities derive directly from the program itself or from parties outside the District's taxpayers or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the District's general revenues.

Allocation of indirect expenses - The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Depreciation expense is separately identified by function and is included in the direct expense of the respective function. Interest on general long-term liabilities is considered an indirect expense and is reported separately on the Statement of Activities.

<u>Basis of Presentation - Fund Accounting</u>: The accounts of the District are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures, as appropriate. District resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A - Governmental Fund Types

General Fund -The General Fund is the general operating fund of the District and accounts for all revenues and expenditures of the District not encompassed within other funds. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. General operating expenditures and the capital improvement costs that are not paid through other funds are paid from the General Fund.

Capital Facilities Fund - The Capital Facilities Fund is a capital projects fund used to account for the accumulation and expenditure of resources used for the acquisition of capital facilities by the District.

B - Other Funds

The Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. This classification includes the Student Activity, Charter School, Adult Education, Child Development, Cafeteria and Deferred Maintenance Funds.

The Capital Projects Funds are used to account for resources used for the acquisition or construction of major capital facilities and equipment. This classification includes the Building, County School Facilities and Capital Projects Funds.

The Bond Interest and Redemption Fund is a debt service fund used to account for the accumulation of resources for, and the repayment of, general long-term debt principal, interest, and related costs.

The Foundation Trust Fund is used to account for amounts held by the District as Trustee, to be used to provide scholarships to students of the District.

<u>Basis of Accounting</u>: Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

<u>Accrual</u>: Governmental activities in the government-wide financial statements and the fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

<u>Modified Accrual</u>: The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term liabilities, if any, is recognized when due.

<u>Budgets and Budgetary Accounting</u>: By state law, the Board of Trustees must adopt a final budget by July 1. A public hearing is conducted to receive comments prior to adoption. The District's Governing Board complied with these requirements.

<u>Receivables:</u> Receivables are made up principally of amounts due from the State of California and Categorical programs. The District has determined that no allowance for doubtful accounts was needed as of June 30, 2022.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

<u>Stores Inventory</u>: Inventory in the General and Cafeteria Funds consists mainly of consumable supplies held for future use and are valued at average cost. Inventories are recorded as expenditures at the time individual inventory items are transferred from the warehouse to schools. Maintenance and other supplies held for physical plant repair, transportation supplies, and operating supplies are not included in inventories; rather, these amounts are recorded as expenditures when purchased.

<u>Capital Assets</u>: Capital assets purchased or acquired, with an original cost of \$10,000 or more, are recorded at acquisition value for the contributed asset. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlay that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Capital assets are depreciated using the straight-line method over 3 - 30 years depending on asset types:

	Estimated
	Useful Life in
Asset Class	<u>Years</u>
Land	N/A
Land improvements	20
Buildings	15-30
Equipment, vehicles, equipment	3-20

<u>Deferred Outflows/Inflows of Resources</u>: In addition to assets, the Statement of Net Position includes a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s), and as such will not be recognized as an outflow of resources (expense/expenditures) until then. The District has recognized a deferred loss on refunding of debt, in the Statement of Net Position. A deferred loss on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter life of the refunded or refunding debt. Additionally, the District has recognized a deferred outflow of resources related to the recognition of the net pension liability and total OPEB liability reported in the Statement of Net Position.

In addition to liabilities, the Statement of Net Position includes a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and as such, will not be recognized as an inflow of resources (revenue) until that time. The District has recognized a deferred inflow of resources related to the recognition of the net pension liability, total OPEB liability and gain on refunding of debt reported in the Statement of Net Position.

<u>Pensions</u>: For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the State Teachers' Retirement Plan (STRP) and Public Employers Retirement Fund B (PERF B) and additions to/deductions from STRP's and PERF B's fiduciary net position have been determined on the same basis as they are reported by STRP and PERF B. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Certain investments are reported at fair value.

	<u>STRP</u>	PERF B	<u>Total</u>
Deferred outflows of resources	\$ 14,368,644	\$ 5,849,651	\$ 20,218,295
Deferred inflows of resources	\$ 41,832,000	\$ 11,126,000	\$ 52,958,000
Net pension liability	\$ 33,632,000	\$ 26,744,000	\$ 60,376,000
Pension expense	\$ 4,132,214	\$ 2,535,498	\$ 6,667,712

(Continued)

Estimated

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

<u>Compensated Absences</u>: Compensated absences benefits in the amount of \$709,650 are recorded as a long-term liability of the District. The liability is for the earned but unused benefits.

<u>Accumulated Sick Leave</u>: Accumulated sick leave benefits are not recognized as liabilities of the District. The District's policy is to record sick leave as an operating expenditure in the period taken since such benefits do not vest nor is payment probable; however, unused sick leave is added to the creditable service period for calculation of retirement benefits when the employee retires.

<u>Unearned Revenue</u>: Revenue from federal, state, and local special projects and programs is recognized when qualified expenditures have been incurred. Funds received but not earned are recorded as unearned revenue until earned.

<u>Property Taxes</u>: Secured property taxes are attached as an enforceable lien on property as of March 1. Taxes are due in two installments on or before December 10 and April 10. Unsecured property taxes are due in one installment on or before August 31. The County of Yolo bills and collects taxes for the District. Tax revenues are recognized by the District when received.

Net Position: Net position is displayed in three components:

- 1 Net Investment in Capital Assets Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances (excluding unspent bond proceeds) of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- 2 Restricted Net Position Restrictions of the ending net position indicate the portions of net position not appropriate for expenditure or amounts legally segregated for a specific future use. The restriction for legally restricted program revenues represents the portion of net position restricted to specific program expenditures. The restriction for capital projects represents the portion of net position restricted for capital projects. The restriction for debt service represents the portion of net position available for the retirement of debt. The restriction for scholarships is represents the portion of net position restricted for scholarships. It is the District's policy to use restricted net position first when allowable expenditures are incurred.
- 3 Unrestricted Net Position All other net position that does not meet the definitions of "restricted" or "net investment in capital assets".

<u>Fund Balance Classifications</u>: Governmental Accounting Standards Board Codification Sections 1300 and 1800, *Fund Balance Reporting and Governmental Fund Type Definitions* (GASB Cod. Sec. 1300 and 1800) implements a five-tier fund balance classification hierarchy that depicts the extent to which a government is bound by spending constraints imposed on the use of its resources. The five classifications, discussed in more detail below, are nonspendable, restricted, committed, assigned and unassigned.

- A *Nonspendable Fund Balance* The nonspendable fund balance classification reflects amounts that are not in spendable form, such as revolving fund cash, prepaid expenditures and stores inventory.
- B Restricted Fund Balance The restricted fund balance classification reflects amounts subject to externally imposed and legally enforceable constraints. Such constraints may be imposed by creditors, grantors, contributors, or laws or regulations of other governments, or may be imposed by law through constitutional provisions or enabling legislation. These are the same restrictions used to determine restricted net position as reported in the government-wide statements.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- C Committed Fund Balance The committed fund balance classification reflects amounts subject to internal constraints self-imposed by formal action of the Board of Trustees. The constraints giving rise to committed fund balance must be imposed no later than the end of the reporting period. The actual amounts may be determined subsequent to that date but prior to the issuance of the financial statements. Formal action by the Board of Trustees is required to remove any commitment from any fund balance. At June 30, 2022, the District had no committed fund balances.
- D Assigned Fund Balance The assigned fund balance classification reflects amounts that the District's Board of Trustees has approved to be used for specific purposes, based on the District's intent related to those specific purposes. The Board of Trustees can designate personnel with the authority to assign fund balances, however, as of June 30, 2022, no such designation has occurred.
- E *Unassigned Fund Balance* In the General Fund only, the unassigned fund balance classification reflects the residual balance that has not been assigned to other funds and that is not restricted, committed, or assigned to specific purposes.

In any fund other than the General Fund, a positive unassigned fund balance is never reported because amounts in any other fund are assumed to have been assigned, at least, to the purpose of that fund. However, deficits in any fund, including the General Fund that cannot be eliminated by reducing or eliminating amounts assigned to other purposes are reported as negative unassigned fund balance.

<u>Fund Balance Policy</u>: The District has an expenditure policy relating to fund balances. For purposes of fund balance classifications, expenditures are to be spent from restricted fund balances first, followed in order by committed fund balances (if any), assigned fund balances and lastly unassigned fund balances.

While GASB Cod. Sec. 1300 and 1800 do not require districts to establish a minimum fund balance policy or a stabilization arrangement, GASB Cod. Sec. 1300 and 1800 do require the disclosure of a minimum fund balance policy and stabilization arrangements if they have been adopted by the Board of Trustees. At June 30, 2022, the District has not established a minimum fund balance policy nor has it established a stabilization arrangement.

<u>Eliminations and Reclassifications</u>: In the process of aggregating data for the Statement of Net Position and the Statement of Activities, some amounts reported as interfund activity and balances in the funds were eliminated or reclassified. Interfund receivables and payables were eliminated to minimize the "grossing up" effect on assets and liabilities within the governmental activities column.

<u>Estimates</u>: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Accordingly, actual results may differ from those estimates.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

New Accounting Pronouncements: In June 2017, the GASB issued GASB Statement No. 87, Leases. GASB 87 requires the recognition of certain assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. Under this statement a lease is required to be recognized as a lease liability and an intangible right to use lease asset and the lessor is required to recognize a lease receivable and deferred inflow of resources. This statement was originally effective for fiscal years beginning after December 15, 2019, but due to the adoption of GASB 95, the implementation date was extended to reporting periods beginning after June 15, 2021. District management performed an analysis and determined that the implementation of GASB 87 did not have a material impact on the District's financial statements and there was no restatement to beginning net position.

NOTE 2 - CASH AND INVESTMENTS

Cash at June 30, 2022 consisted of the following:

	Governmental <u>Activities</u>	Fiduciary <u>Activities</u>	
Pooled funds:			
Cash in County Treasury	\$ 69,188,637	\$ 48,611	
Deposits:			
Cash on hand and in banks	440,473	-	
Cash in revolving fund	64,500	-	
Cash with Fiscal Agent	92,892		
Total cash and cash equivalents	\$ 69,786,502	\$ 48,611	

<u>Pooled Funds</u>: In accordance with Education Code Section 41001, the District maintains substantially all of its cash in the interest-bearing Yolo County Treasurer's Pooled Investment Fund. The District is considered to be an involuntary participant in an external investment pool. The fair value of the District's investment in the pool is reported in the financial statements at amounts based upon the District's prorate share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

<u>Deposits - Custodial Credit Risk</u>: The District limits custodial credit risk by ensuring uninsured balances are collateralized by the respective financial institution. Cash balances held in banks are insured up to \$250,000 by the Federal Deposit Insurance Corporation (FDIC) and are collateralized by the respective financial institution. At June 30, 2022, the carrying amount of the District's accounts was \$504,973, and the bank balances were \$494,364, all of which was covered by FDIC insurance.

<u>Cash with Fiscal Agent</u>: Cash with Fiscal Agent represents funds held by Fiscal Agents restricted for capital projects and repayment of General Obligation Bonds. The District holds their funds with the Yolo County Treasurer. The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

NOTE 2 - CASH AND INVESTMENTS (Continued)

<u>Interest Rate Risk</u>: The District does not have a formal investment policy that limits cash and investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. At June 30, 2022, the District had no significant interest rate risk related to cash and investments held.

<u>Credit Risk</u>: The District does not have a formal investment policy that limits its investment choices other than the limitations of state law.

<u>Concentration of Credit Risk</u>: The District does not place limits on the amount it may invest in any one issuer. At June 30, 2022, the District had no concentration of credit risk.

NOTE 3 - INTERFUND TRANSACTIONS

<u>Interfund Activity</u>: Transactions between funds of the District are recorded as interfund transfers. The unpaid balances at year end, as a result of such transactions, are shown as due to and due from other funds.

<u>Interfund Receivables/Payables</u>: Individual fund interfund receivable and payable balances as of June 30, 2022 were as follows:

		nterfund		Interfund Payables	
Governmental Activities	<u>re</u>	Receivables		ayables	
Major Funds:					
General	\$	237,502	\$	73,431	
Capital Facilities		60,528		-	
Non-Major Funds:					
Charter School		68,308		2,657	
Adult Education		-		68,941	
Child Development		939		86,151	
Cafeteria		4,184		140,281	
Totals	\$	371,461	\$	371,461	

<u>Transfers</u>: Transfers consist of operating transfers from funds receiving revenue to funds through which the resources are to be expended.

Transfers for the 2021-2022 fiscal year were as follows:

Transfer from the Charter School Fund to the General Fund for indirect costs.	\$ 2,542
Transfer from the Adult Education Fund to the General Fund for indirect costs.	68,941
Transfer from the Child Development Fund to the General Fund for indirect costs.	85,111
Transfer from the Cafeteria Fund to the General Fund for indirect costs.	222,746
Totals	\$ 379,340

NOTE 4 - CAPITAL ASSETS

A schedule of changes in capital assets for the year ended June 30, 2022 is shown below:

	Balance July 1, <u>2021</u>		Additions and <u>Transfers</u>		Deductions and <u>Transfers</u>		Balance June 30, <u>2022</u>	
Non-depreciable:								
Land	\$	7,222,874	\$	-	\$	-	\$	7,222,874

depreciation	_	(83,332,234)	_	(5,021,628)	_	<u>-</u>		(88,353,862)
Capital assets, net	\$	99,562,884	\$	2,696,323	\$	(2,047,170)	\$	100,212,037

Depreciation expense was charged to governmental activities as follows:

Instruction	\$ 191,346
School site administration	3,406
Home-to-school transportation	105,804
Food services	48,505
Ancillary services	1,124
Community services	5,326
All other general administration	3,134
Centralized data processing	125,573
Plant services	 4,537,410
	\$ 5,021,628

NOTE 5 - LONG-TERM LIABILITIES

General Obligation Bonds: In February 2010, the District issued the 2010 General Obligation Refunding Bonds in the amount of \$16,540,000 with original interest rates ranging from 2.7% to 4.20%, maturing in August 2026. The bond proceeds were used to refund the outstanding principal and interest balance of 2002 General Obligation Bonds. In August 2020, the District issued 2020 General Obligation Refunding Bonds to refund the remaining outstanding principal balance.

In May 2013, the District issued the 2013 General Obligation Refunding Bonds in the amount of \$1,900,000 with original interest rates ranging from 2.0% to 4.0%, maturing in August 2025. The bond proceeds were used to refund a portion of the outstanding principal and interest balance of 2005 General Obligation Refunding Bonds. In August 2020, the District issued 2020 General Obligation Refunding Bonds to refund the remaining outstanding principal balance.

In August 2020, the District issued the 2020 General Obligation Refunding Bonds in the amount of \$12,053,000 with original interest rate of 1.22%, maturing in August 2025. The bond proceeds were used to refund a portion of the outstanding principal balance of 2010 and 2013 General Obligation Refunding Bonds.

The General Obligation Refunding Bonds are scheduled to mature as follows:

Year Ending June 30,	Principal	Interest	<u>Total</u>		
2023	\$ 2,551,000	\$ 95,294	\$ 2,646,294		
2024	2,678,000	63,861	2,741,861		
2025	2,283,000	30,903	2,313,903		
2026	 928,000	 5,661	 933,661		
	\$ 8,440,000	\$ 195,719	\$ 8,635,719		

<u>Certificates of Participation</u>: In September 2015, the District issued Certificates of Participation, 2015 Refinancing Project, (COPs) in the amount of \$4,400,000 to refund the remaining 2005 Certificates of Participation. \$4,450,000 of the 2005 Certificates of Participation were refunded. The COPs mature during succeeding years through September 2036. The COPS accrue interest at rates ranging from 2.0% to 3.5%.

In October 2020, the District issued 2020 Refunding Certificates of Participation, (COPs) in the amount of \$5,630,000 to refund the remaining 2010 Certificates of Participation. \$5,780,000 of the 2010 Certificates of Participation were refunded. The COPs mature during succeeding years through August 2038. The COPs accrue interest at rates ranging from 2.0% to 4.0%.

NOTE 5 - LONG-TERM LIABILITIES (Continued)

The following is a schedule of the future payments for the Certificates of Participation:

Year Ending			
<u>June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2023	\$ 425,000	\$ 272,982	\$ 697,982
2024	440,000	261,857	701,857
2025	445,000	248,897	693,897
2026	460,000	234,038	694,038
2027	475,000	217,988	692,988
2028-2032	2,670,000	815,442	3,485,442
2033-2037	2,915,000	299,391	3,214,391
2038-2039	 820,000	 20,875	 840,875
	\$ 8,650,000	\$ 2,371,470	\$ 11,021,470

<u>Leases liabilities</u>: Future minimum lease payments as of June 30, 2022, are as follows:

Year Ending <u>June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2023 2024 2025	\$ 279,634 190,654 76,696	\$ 19,733 9,443 2,805	\$ 299,367 200,097 79,501
	\$ 546,984	\$ 31,981	\$ 578,965

NOTE 5 - LONG-TERM LIABILITIES (Continued)

<u>Schedule of Changes in Long-Term Liabilities</u>: A schedule of changes in long-term liabilities for the fiscal year ended June 30, 2022 is shown below:

				Balance	Amounts
	Balance			June 30,	Due Within
	July 1, 2021	Additions	Deletions	2022	One Year
Debt:					
General Obligation Bonds	\$ 10,862,000	\$ -	\$ 2,422,000	\$ 8,440,000	\$ 2,551,000
Unamortized discounts	(22,454)	-	(1,604)	(20,850)	(1,604)
Unamortized premiums	496,261	-	29,192	467,069	29,192
Certificates of participation	9,120,000	-	470,000	8,650,000	425,000
Lease liabilities	1,028,141	-	481,157	546,984	279,634
Other Long-Term Liabilities					
Compensated absences	820,844	-	111,194	709,650	709,650
Net pension liability (Notes 7 and 8)	123,398,000	-	63,022,000	60,376,000	-
Total OPEB liability (Note 9)	15,785,268	896,626		16,681,894	
Totals	\$161,488,060	\$ 896,626	\$ 66,533,939	\$ 95,850,747	\$ 3,992,872

Payments on the General Obligation Bonds were made from the Bond Interest and Redemption Fund. Payments on the Certificates of Participation were made from the General Fund and Capital Facilities Fund. Payments on the lease liabilities were made from the General Fund. Payments on compensated absences, net pension liability and total OPEB liability are made from the fund for which the related employee worked.

NOTE 6 - FUND BALANCES

Fund balances, by category, at June 30, 2022 consisted of the following:

Nonspendable: Revolving cash fund \$ 64,000 \$ -		General <u>Fund</u>	Capital <u>Facilities Fund</u>	All Non- <u>Major Funds</u>	<u>Total</u>

NOTE 7 - NET PENSION LIABILITY - STATE TEACHERS' RETIREMENT PLAN

General Information about the State Teachers' Retirement Plan

<u>Plan Description</u>: Teaching-certified employees of the District are provided with pensions through the State Teachers' Retirement Plan (STRP) – a cost-sharing multiple-employer defined benefit pension plan administered by the California State Teachers' Retirement System (CalSTRS). The Teachers' Retirement Law (California Education Code Section 22000 et seq.), as enacted and amended by the California Legislature, established this plan and CalSTRS as the administrator. The benefit terms of the plans may be amended through legislation. CalSTRS issues a publicly available financial report that can be obtained at http://www.calstrs.com.

Benefits Provided: The STRP Defined Benefit Program has two benefit formulas:

- CalSTRS 2% at 60: Members first hired on or before December 31, 2012, to perform service that could
 be creditable to CalSTRS.
- CalSTRS 2% at 62: Members first hired on or after January 1, 2013, to perform service that could be creditable to CalSTRS.

The Defined Benefit (DB) Program provides retirement benefits based on members' final compensation, age and years of service credit. In addition, the retirement program provides benefits to members upon disability and to survivors/beneficiaries upon the death of eligible members. There are several differences between the two benefit formulas which are noted below.

CalSTRS 2% at 60 - CalSTRS 2% at 60 members are eligible for normal retirement at age 60, with a minimum of five years of credited service. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service. Early retirement options are available at age 55 with five years of credited service or as early as age 50 with 30 years of credited service. The age factor for retirements after age 60 increases with each quarter year of age to 2.4 percent at age 63 or older. Members who have 30 years or more of credited service receive an additional increase of up to 0.2 percent to the age factor up to the 2.4 percent maximum.

CalSTRS calculates retirement benefits based on a one-year final compensation for members who retired on or after January 1, 2001, with 25 or more years of credited service, or for classroom teachers with less than 25 years of credited service if the employer elected to pay the additional benefit cost prior to January 1, 2014. One-year final compensation means a member's highest average annual compensation earnable for 12 consecutive months calculated by taking the creditable compensation that a member could earn in a school year while employed on a fulltime basis, for a position in which the person worked. For members with less than 25 years of credited service, final compensation is the highest average annual compensation earnable for any 36 consecutive months of credited service.

CalSTRS 2% at 62 - CalSTRS 2% at 62 members are eligible for normal retirement at age 62, with a minimum of five years of credited service. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service. An early retirement option is available at age 55. The age factor for retirement after age 62 increases with each quarter year of age to 2.4 percent at age 65 or older.

All CalSTRS 2% at 62 members have their final compensation based on their highest average annual compensation earnable for 36 consecutive months of credited service.

NOTE 7 - NET PENSION LIABILITY - STATE TEACHERS' RETIREMENT PLAN (Continued)

<u>Contributions</u>: Required member, employer and state contribution rates are set by the California Legislature and Governor and detailed in Teachers' Retirement Law. Current contribution rates were established by California Assembly Bill 1469 (CalSTRS Funding Plan), which was passed into law in June 2014, and various subsequent legislation.

The CalSTRS Funding Plan established a schedule of contribution rate increases shared among members, employers, and the State of California to bring CalSTRS toward full funding by fiscal year 2046. California Senate Bill 90 and California Assembly Bill 84 (collectively the "Special Legislation"), were signed into law in June 2019 and June 2020, respectively, and provided supplemental contributions to the DB Program along with supplemental contribution rate relief to employers through fiscal year 2021–22.

A summary of statutory contribution rates and other sources of contributions to the DB Program pursuant to the CalSTRS Funding Plan and the Special Legislation, are as follows:

Members - Under CalSTRS 2% at 60, the member contribution rate was 10.250 percent of applicable member earnings for fiscal year 2021-22. Under CalSTRS 2% at 62, members contribute 50 percent of the normal cost of their retirement plan, which resulted in a contribution rate of 10.205 percent of applicable member earnings for fiscal year 2021-22.

According to current law, the contribution rate for CalSTRS 2% at 62 members is adjusted if the normal cost increases or decreases by more than 1 percent since the last time the member contribution rate was set. Based on the June 30, 2020 valuation adopted by the board in June 2021, the increase in normal cost was less than 1 percent. Therefore, the contribution rate for CalSTRS 2% at 62 members did not change effective July 1, 2021.

Employers – 16.920 percent of applicable member earnings. This rate reflects the original employer contribution rate of 19.10 percent resulting from the CalSTRS Funding Plan, and subsequently reduced for the 2.18 percentage points, to be paid on behalf of employers pursuant to the Special Legislation.

Beginning in fiscal year 2021–22, the CalSTRS Funding Plan authorizes the board to adjust the employer supplemental contribution rate up or down by a maximum of 1% for a total rate of no higher than 20.25% and no lower than 8.25%. In June 2021, the CalSTRS board voted to keep the employer supplemental contribution rate the same for fiscal year 2021–22; it remained at 10.85% effective July 1, 2021.

Through the Special Legislation approved in June 2019 and June 2020, the State made supplemental contributions of approximately \$2.2 billion to CalSTRS on behalf of employers to supplant the amounts submitted by employers for fiscal years 2019–20 through 2021–22. Specifically, employers will remit 1.03%, 2.95% and 2.18% less than is required by the CalSTRS Funding Plan for fiscal years 2019–20, 2020–21 and 2021–22, respectively.

NOTE 7 - NET PENSION LIABILITY - STATE TEACHERS' RETIREMENT PLAN (Continued)

The CalSTRS employer contribution rates increases effective for fiscal year 2021-22 through fiscal year 2045-46 are summarized in the table below:

Effective <u>Date</u>	Base <u>Rate</u>	Supplemental Rate Per CalSTRS <u>Funding Plan</u>	Rate Adjustment Per Special Legislation	<u>Total</u>
July 1, 2021 July 1, 2022 to	8.250%	10.850%	(2.180%)	16.920%
June 30, 2046	8.250%	(1)	N/A	(1)
July 1, 2046	8.250%	Increase fron	n prior rate ceases	in 2046-47

⁽¹⁾ The CalSTRS Funding Plan authorizes the board to adjust the employer contribution rate up or down by up to 1% each year, but no higher than 20.50% total and no lower than 8.250%.

The District contributed \$8,377,644 to the plan for the fiscal year ended June 30, 2022.

State – 10.828 percent of the members' calculated based on creditable compensation from two fiscal years prior.

The state is required to contribute a base contribution rate set in statute at 2.017%. Pursuant to the CalSTRS Funding Plan, the state also has a supplemental contribution rate, which the board can increase by up to 0.5% each fiscal year to help eliminate the state's share of the CalSTRS unfunded actuarial obligation by 2046. In June 2021, the board approved an increase of 0.5% for fiscal year 2021–22, which will increase the state supplemental contribution rate to 6.311% effective July 1, 2021.

Special legislation appropriated supplemental state contributions to reduce the state's portion of the unfunded actuarial obligation of the DB Program in fiscal years 2019-20 through 2022-23. These contributions are funded from future excess General Fund revenues, pursuant to the requirements of California Proposition 2, Rainy-Day Budget Stabilization Fund Act, which passed in 2014. Accordingly, the contribution amounts are subject to change each year based on the availability of funding. For fiscal year 2020–21, CalSTRS received \$297.0 million in supplemental state contributions from Proposition 2 funds. Of this total, approximately \$170.0 million is designated to cover forgone contributions due to the suspension of the 0.5% increase to the state supplemental contribution rate in fiscal year 2020–21. The remaining \$127.0 million is designated to reduce the state's share of CalSTRS' unfunded actuarial obligation.

NOTE 7 - NET PENSION LIABILITY - STATE TEACHERS' RETIREMENT PLAN (Continued)

The CalSTRS state contribution rates effective for fiscal year 2021-2022 and beyond are summarized in the table below.

Base <u>Rate</u>	Supplemental Rate Per CalSTRS <u>Funding Plan</u>	SBMA <u>Funding</u> ⁽¹⁾	<u>Total</u>
2.017%	6.311%	2.50%	10.828%
2 017%	(2)	2 50%	(2)
	(3)		(3)
	Rate	Rate Per Base CalSTRS Rate Funding Plan 2.017% 6.311%	Rate Per Base CalSTRS SBMA Rate Funding Plan Funding (1) 2.017% 6.311% 2.50% 2.017% (2) 2.50%

- (1) The SBMA contribution rate excludes the \$72 million that is reduced from the required contribution in accordance with Education Code section 22954.
- (2) The board has limited authority to adjust the state contribution rate annually through June 2046 in order to eliminate the remaining unfunded actuarial obligation. The board cannot increase the supplemental rate by more than 0.5% in a fiscal year, and if there is no unfunded actuarial obligation, the supplemental contribution rate imposed would be reduced to 0%.
- (3) From July 1, 2046, and thereafter, the rates in effect prior to July 1, 2014, are reinstated, if necessary, to address any remaining unfunded actuarial obligation.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At June 30, 2022, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

Total \$	53,642,000
associated with the District	20,010,000
District's proportionate share of the net pension liability \$ State's proportionate share of the net pension liability	33,632,000

The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2020. The District's proportion of the net pension liability was based on the District's share of contributions to the pension plan relative to the contributions of all participating school districts and the State. At June 30, 2021 the District's proportion was 0.074 percent, which decreased by 0.012 percent from its proportion measured as of June 30, 2020.

NOTE 7 - NET PENSION LIABILITY - STATE TEACHERS' RETIREMENT PLAN (Continued)

For the year ended June 30, 2022, the District recognized pension expense of \$4,132,214 and revenue of \$5,621,198 for support provided by the State. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 84,000	\$ 3,579,000
Changes of assumptions	4,765,000	-
Net differences between projected and actual earnings on investments	-	26,603,000
Changes in proportion and differences between Distrct contributions and proportionate share of contributions	1,142,000	11,650,000
Contributions made subsequent to measurement date	8,377,644	
Total	\$ 14,368,644	\$ 41,832,000

\$8,377,644 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30,	
2023	\$ (6,850,816)
2024	\$ (6,516,817)
2025	\$ (8,651,317)
2026	\$ (9,903,650)
2027	\$ (2,049,400)
2028	\$ (1.869.000)

Differences between expected and actual experience, changes in assumptions, changes in proportion and differences between District contributions and proportionate share of contributions are amortized over a closed period equal to the average remaining service life of plan members, which is 7 years as of the June 30, 2021 measurement date. Deferred outflows and inflows related to differences between projected and actual earnings on plan investments are netted and amortized over a closed 5-year period.

NOTE 7 - NET PENSION LIABILITY - STATE TEACHERS' RETIREMENT PLAN (Continued)

<u>Actuarial Methods and Assumptions</u>: The total pension liability for the STRP was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2020, and rolling forward the total pension liability to June 30, 2021. The financial reporting actuarial valuation as of June 30, 2020, used the following actuarial methods and assumptions, applied to all prior periods included in the measurement:

Valuation Date June 30, 2020

Experience Study July 1, 2015 through June 30, 2018

Actuarial Cost Method Entry age normal

Investment Rate of Return7.10%Consumer Price Inflation2.75%Wage Growth3.50%

Post-retirement Benefit Increases 2.00% simple for DB, maintain 85%

purchasing power level for DB, not

applicable for DBS/CBB

<u>Discount Rate</u>: The discount rate used to measure the total pension liability was 7.10 percent, which was unchanged from the prior fiscal year. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at statutory contribution rates in accordance with the rate increase per AB 1469. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.10 percent) and assuming that contributions, benefit payments, and administrative expense occur midyear. Based on those assumptions, the STRP's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

<u>Mortality</u>: CalSTRS uses a generational mortality assumption, which involves the use of a base mortality table and projection scales to reflect expected annual reductions in mortality rates at each age, resulting in increases in life expectancies each year into the future. The base mortality tables are CalSTRS custom tables derived to best fit the patterns of mortality among its members. The projection scale was set equal to 110 percent of the ultimate improvement factor from the Mortality Improvement Scale (MP-2019) table, issued by the Society of Actuaries.

The long-term expected rate of return on pension plan investments was determined using a building- block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The best estimate ranges were developed using capital market assumptions from CalSTRS investment staff and investment consultants as inputs to the process.

The actuarial investment rate of return assumption was adopted by the CalSTRS board in January 2020 in conjunction with the most recent experience study. For each current and future valuation, CalSTRS consulting actuary reviews the return assumption for reasonableness based on the most current capital market assumptions. Best estimates of 20-year geometric real rates of return and the assumed asset allocation for each major asset class used as input to develop the actuarial investment rate of return are summarized in the following table:

NOTE 7 - NET PENSION LIABILITY - STATE TEACHERS' RETIREMENT PLAN (Continued)

Asset Class	Assumed Asset Allocation	Long-Term* Expected Real Rate of Return
Public Equity	42%	4.8%
Real Estate Assets	15	3.6
Private Equity	13	6.3
Fixed Income	12	1.3
Risk Mitigating Strategies	10	1.8
Inflation Sensitive	6	3.3
Cash / Liquidity	2	(0.4)

^{* 20-}year geometric average

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate: The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.10 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower 6.10 percent) or 1-percentage-point higher (8.10 percent) than the current rate:

	1%	Current	1%
	Decrease	Discount	Increase
	<u>(6.10%)</u>	Rate (7.10%)	<u>(8.10%)</u>
D: 4: 0			
District's proportionate share of the net			
pension liability	\$ 68,462,000	\$ 33,632,000	\$ 4,723,000

<u>Pension Plan Fiduciary Net Position</u>: Detailed information about the pension plan's fiduciary net position is available in the separately issued CalSTRS financial report.

NOTE 8 - NET PENSION LIABILITY - PUBLIC EMPLOYER'S RETIREMENT FUND B

General Information about the Public Employer's Retirement Fund B

<u>Plan Description</u>: The schools' cost-sharing multiple-employer defined benefit pension plan Public Employer's Retirement Fund B (PERF B) is administered by the California Public Employees' Retirement System (CalPERS). Plan membership consists of non-teaching and non-certified employees of public schools (K-12), community college districts, offices of education, charter and private schools (elective) in the State of California.

The Plan was established to provide retirement, death and disability benefits to non-teaching and non-certified employees in schools. The benefit provisions for Plan employees are established by statute. CalPERS issues a publicly available financial report that can be obtained at:

https://www.calpers.ca.gov/docs/forms-publications/acfr- 2021.pdf

<u>Benefits Provided</u>: The benefits for the defined benefit plans are based on members' years of service, age, final compensation, and benefit formula. Benefits are provided for disability, death, and survivors of eligible members or beneficiaries. Members become fully vested in their retirement benefits earned to date after five years (10 years for State Second Tier members) of credited service.

NOTE 8 - NET PENSION LIABILITY - PUBLIC EMPLOYER'S RETIREMENT FUND B (Continued)

<u>Contributions</u>: The benefits for the defined benefit pension plans are funded by contributions from members and employers, and earnings from investments. Member and employer contributions are a percentage of applicable member compensation. Member contribution rates are defined by law and depend on the respective employer's benefit formulas. Employer contribution rates are determined by periodic actuarial valuations or by state statute. Actuarial valuations are based on the benefit formulas and employee groups of each employer. Employer contributions, including lump sum contributions made when districts first join the PERF B, are credited with a market value adjustment in determining contribution rates.

The required contribution rates of most active plan members are based on a percentage of salary in excess of a base compensation amount ranging from zero dollars to \$863 monthly.

Required contribution rates for active plan members and employers as a percentage of payroll for the year ended June 30, 2022, were as follows:

Members - The member contribution rate was 7.0 percent of applicable member earnings for fiscal year 2021-22.

Employers - The employer contribution rate was 22.91 percent of applicable member earnings.

The District contributed \$4,861,651 to the plan for the fiscal year ended June 30, 2022.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At June 30, 2022, the District reported a liability of \$26,744,000 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2020. The District's proportion of the net pension liability was based on the District's share of contributions to the pension plan relative to the contributions of all participating school districts. At June 30, 2021 the District's proportion was 0.132 percent, which was an increase of 0.001 percent from its proportion measured as of June 30, 2020.

For the year ended June 30, 2022, the District recognized pension expense of \$2,535,498. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 798,000	\$ 63,000
Changes of assumptions	-	-
Net differences between projected and actual earnings on investments	-	10,264,000
Changes in proportion and differences between District contributions and proportionate share of contributions	190,000	799,000
Contributions made subsequent to measurement date	 4,861,651	
Total	\$ 5,849,651	\$ 11,126,000

NOTE 8 - NET PENSION LIABILITY - PUBLIC EMPLOYER'S RETIREMENT FUND B (Continued)

\$4,861,651 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30,	
2023	\$ (2,395,000)
2024	\$ (2,463,000)
2025	\$ (2,425,500)
2026	\$ (2,854,500)

Differences between expected and actual experience, changes in assumptions, changes in proportion and differences between District contributions and proportionate share of contributions are amortized over a closed period equal to the average remaining service life of plan members, which is 4 years as of the June 30, 2021 measurement date. Deferred outflows and inflows related to differences between projected and actual earnings on plan investments are netted and amortized over a closed 5-year period.

<u>Actuarial Methods and Assumptions</u>: The total pension liability for the Plan was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2020 and rolling forward the total pension liability to June 30, 2021. The financial reporting actuarial valuation as of June 30, 2020, used the following actuarial methods and assumptions, applied to all prior periods included in the measurement:

Valuation Date	June 30, 2020
Experience Study	June 30, 1997 through June 30, 2015
Actuarial Cost Method	Entry age normal
Investment Rate of Return	7.15%
Consumer Price Inflation	2.50%
Wage Growth	Varies by entry age and service
Post-retirement Benefit Increases	Contract COLA up to 2.00% until Purchasing

Purchasing Power applies 2.50% thereafter

Power Protection Allowance Floor on

The mortality table used was developed based on CalPERS specific data. The table includes 15 years of mortality improvements using Society of Actuaries 90% of Scale MP 2016. For more details on this table, please refer to the 2017 experience study report.

All other actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period from 1997 to 2015, including updates to salary increase, mortality and retirement rates. Further details of the Experience Study can be found at CalPERS' website.

NOTE 8 - NET PENSION LIABILITY - PUBLIC EMPLOYER'S RETIREMENT FUND B (Continued)

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation.

Asset Class	Long-Term* Assumed Asset <u>Allocation</u>	Expected Real Rate of Return <u>Years (1-10)</u> ⁽¹⁾	Expected Real Rate of Return <u>Years 11+⁽²⁾</u>
Global Equity	50%	4.80%	5.98%
Fixed Income	28	1.00	2.62
Inflation Assets	-	0.77	1.81
Private Equity	8	6.30	7.23
Real Estate Assets	13	3.75	4.93
Liquidity	1	=	(0.92)

^{* 10-}year geometric average

<u>Discount Rate</u>: The discount rate used to measure the total pension liability was 7.15 percent. A projection of the expected benefit payments and contributions was performed to determine if assets would run out. The test revealed the assets would not run out. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability for the Plan. The results of the crossover testing for the Plan are presented in a detailed report that can be obtained at CalPERS' website.

The long-term expected rate of return on pension plan investments was determined using a building- block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical and forecasted information for all the funds' asset classes, expected compound (geometric) returns were calculated over the short term (first 10 years) and the long term (11+ years) using a building-block approach. Using the expected nominal returns for both short term and long term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long- term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate: The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.15 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.15 percent) or 1-percentage-point higher (8.15 percent) than the current rate:

	1%	Current		1%
	Decrease	Discount		Increase
	<u>(6.15%)</u>	Rate (7.15%	<u>s)</u>	<u>(8.15%)</u>
District's proportionate share of the net				
pension liability	\$ 45,094,000	\$ 26,744,0	000 \$	11,509,000

⁽¹⁾ An expected inflation rate of 2.00% used for this period.

⁽²⁾ An expected inflation rate of 2.92% used for this period.

NOTE 8 - NET PENSION LIABILITY - PUBLIC EMPLOYER'S RETIREMENT FUND B (Continued)

<u>Pension Plan Fiduciary Net Position</u>: Detailed information about the pension plan's fiduciary net position is available in the separately issued CalPERS financial report.

NOTE 9 - OTHER POSTEMPLOYMENT BENEFITS

General Information Other Postemployment Benefits Plan (OPEB)

<u>Plan Description</u>: In addition to the pension benefits described in Notes 7 and 8, the District provides postemployment health care benefits under a single employer defined benefit OPEB plan to eligible retirees at age 65 and for certain groups of employees who retire from the District after attaining age 55 with at least 15 years of service. The plan does not issue separate financial statements.

The Plan, which is administered by the District, allows employees who retire and meet retirement eligibility requirements under one of the District's retirement plan to continue health coverage as a participant in the District's plan. The District's Governing Board has the authority to establish or amend the benefit terms offered by the Plan. The District's Governing Board also retains the authority to establish the requirements for paying the Plan benefits as they come due. As of June 30, 2022 the District has not accumulated assets in a qualified trust for the purpose of paying the benefits related to the District's Total OPEB Liability.

Employees Covered by Benefit Terms: The following is a table of plan participants at June 30, 2022:

	Number of Participants
Inactive Plan members	62
Active employees	965
	1,027

<u>Benefits Provided</u>: The benefits provided are the same as those provided for active employees. Spouses and dependents of eligible retirees are also eligible for medical coverage.

<u>Contributions</u>: California Government Code specifies that the District's contribution requirements for covered employees are established and may be amended by the Governing Board. Retirees participating in the group insurance plans offered by the District are required to contribute 100% of the active premiums. In future years, contributions are assumed to increase at the same rate as premiums. The District's premium rates being charged to these retirees are lower than the expected cost for a retiree population under age 65. Thus, an implicit subsidy exists as a result of this difference between the actual cost and the true retiree cost.

Contributions to the Plan from the District were \$660,278 for the year ended June 30, 2022. Employees are not required to contribute to the OPEB plan.

Total OPEB Liability

The District's total OPEB liability was measured as of June 30, 2022, and the total OPEB liability used to calculate the total OPEB liability was determined by an actuarial valuation of June 30, 2022.

NOTE 9 - OTHER POSTEMPLOYMENT BENEFITS (Continued)

<u>Actuarial Assumptions</u>: The total OPEB liability was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

<u>Valuation Date</u> June 30, 2022

Actuarial Value of Assets Market Value

Mortality Rate Certified: 2020 CalSTRS Mortality

Classified: 2017 CalPERS active Mortality for Miscellaneous

Employees

<u>Discount Rate</u> 3.54% Based on the Bond Buyer 20-Bond Index

Retirement Rate Certificated – Hired before 2013: 2020 CalSTRS 2.0%@60

rates. Hired after 2012: 2020 CalSTRS 2.0%@62 rates Classified, Confidential and Management - Hired before 2013: 2017 CalPERS 2.0%@55 rates for school employees. Hired

after 2012: 2017 CalPERS 2%@62 rates for school

Employees.

<u>Inflation Rate</u> 2.50% per year

Salary Increase 2.75% per year

Medical Coverage All current and future participating retirees will qualify for

Medicare coverage and enroll in Parts A and B upon age 65.

Health Care Inflation 4.0%

<u>Termination Rate</u> Termination rates match rates developed in the most recent

experience studies for California PERS (2017) and California

STRS (2020).

<u>Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates:</u> The following presents the Total OPEB Liability of the District, as well as what the District's Total OPEB Liability would be if it were calculated using healthcare cost trend rates that are one percentage-point lower or one percentage-point higher than the current healthcare cost trend rates:

	1% Decrease <u>(3.0%)</u>	Т	althcare Cost rend Rates Rate (4.0%)	1% Increase <u>(5.0%)</u>
Total OPEB liability	\$ 14,808,496	\$	16,681,894	\$ 18,896,569

NOTE 9 - OTHER POSTEMPLOYMENT BENEFITS (Continued)

OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2022, the District recognized OPEB expense of \$896,626. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	-	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$	1,531,601	\$ 1,748,371
Changes of assumptions		1,455,054	1,584,229
Total	\$	2,986,655	\$ 3,332,600

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending June 30,	
2023	\$ (26, 101)
2024	\$ (26, 101)
2025	\$ (26, 101)
2026	\$ (26, 101)
2027	\$ (26, 101)
Thereafter	\$ (215,440)

The effect of changes in assumptions are amortized over a closed period of 15.6 years as of the June 30, 2022 measurement date.

NOTE 10 - JOINT POWERS AGREEMENT

Woodland Joint Unified School District participates in one joint venture under joint powers agreement (JPA) with Schools Insurance Authority (SIA). The relationship between Woodland Joint Unified School District and the JPA is such that the JPA is not a component unit of the District for financial reporting purposes.

SIA arranges for and provides property, liability, workers' compensation, dental and vision insurance coverage for its members. The JPA's governing board consist of a representative from each member district. The board controls the operations of the JPA, including selection of management and approval of operating budgets, independent of any influence by the member districts beyond their representation on the board. Each member district is obligated to pay an amount commensurate with the level of coverage requested and may be subject to assessments. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. There have been no significant reductions in insurance coverage in the prior year.

NOTE 10 - JOINT POWERS AGREEMENT (Continued)

Condensed financial information for the year ended June 30, 2021 (most recent information available) is as follows:

Total assets	\$ 211,771,868
Deferred outflows of resources	\$ 1,751,462
Total liabilities	\$ 86,615,462
Deferred inflows of resources	\$ 3,674,124
Net position	\$ 123,233,744
Total revenues	\$ 54,356,775
Total expenditures	\$ 61,481,031
Change in net position	\$ (7,124,256)

NOTE 11 - CONTINGENCIES

The District is subject to legal proceedings and claims which arise in the ordinary course of business. In the opinion of management, the amount of ultimate liability with respect to these actions will not materially affect the financial position or results of operations of the District.

Also, the District has received federal and state funds for specific purposes that are subject to review or audit by the grantor agencies. Although such audits could generate expenditure disallowances under terms of the grants, it is believed that any required reimbursements will not be material.

WOODLAND JOINT UNIFIED SCHOOL DISTRICT NOTE TO REQUIRED SUPPLEMENTARY INFORMATION June 30, 2022

NOTE 1 - PURPOSE OF SCHEDULES

<u>Budgetary Comparison Schedule</u>: The District employs budget control by object codes and by individual appropriation accounts. Budgets are prepared on the modified accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board. The budgets are revised during the year by the Board of Education to provide for revised priorities. Expenditures cannot legally exceed appropriations by major object code. The originally adopted and final revised budgets for the General Fund are presented as Required Supplementary Information. The basis of budgeting is the same as GAAP.

<u>Schedule of Changes in Total OPEB Liability</u>: The Schedule of Changes in Total OPEB liability is presented to illustrate the elements of the District's Total OPEB liability. There is a requirement to show information for 10 years. However, until a full 10-year trend is compiled, governments should present information for those years for which information is available.

<u>Schedule of the District's Proportionate Share of the Net Pension Liability</u>: The Schedule of the District's Proportionate Share of the Net Pension Liability is presented to illustrate the elements of the District's Net Pension Liability. There is a requirement to show information for 10 years. However, until a full 10-year trend is compiled, governments should present information for those years for which information is available.

Schedule of the District's Contributions: The Schedule of the District's Contributions is presented to illustrate the District's required contributions relating to the pensions. There is a requirement to show information for 10 years. However, until a full 10- year trend is compiled, governments should present information for those years for which information is available.

<u>Changes of Benefit Terms</u>: There are no changes in benefit terms reported in the Required Supplementary Information.

<u>Changes of Assumptions</u>: The discount rate used to calculate the District's OPEB liability was 2.20, 2.16 and 3.54 percent in the June 30, 2020, 2021 and 2022 actuarial reports, respectively.

The discount rate for Public Employer's Retirement Fund B was 7.50, 7.65, 7.65, 7.15, 7.15, 7.15, 7.15 and 7.15 percent in the June 30, 2013, 2014, 2015, 2016, 2017, 2018, 2019 and 2020 actuarial reports, respectively.

The following are the assumptions for State Teachers' Retirement Plan:

	<u>Measurement Period</u>									
	As of	As of	As of	As of	As of	As of	As of			
	June 30,	June 30,	June 30,	June 30,	June 30,	June 30,	June 30,			
<u>Assumption</u>	<u>2021</u>	<u>2020</u>	<u>2019</u>	<u>2018</u>	<u>2017</u>	<u>2016</u>	<u>2015</u>

Average daily attendance at P-2, excluding Charter School	8,204	8,204	9,150	9,150

The General Fund fund balance has increased by \$21,955,865 over the past three years. The District has incurred operating surpluses in two of the past three years, and anticipates incurring an operating deficit during the fiscal year 2022-2023. The fiscal year 2022-2023 budget projects an decrease of \$685,672. For a district this size, the State of California recommends available reserves of at least 3 percent of total General Fund expenditures, transfers out and other uses. For the year ended June 30, 2022, the District has met this requirement.

Total long-term liabilities have decreased by \$63,311,177 over the past two years.

Average daily attendance has decreased by 946 over the past two years. The District anticipates no change in ADA for fiscal year 2022-2023.

WOODLAND JOINT UNIFIED SCHOOL DISTRICT NOTES TO SUPPLEMENTARY INFORMATION For the Year Ended June 30, 2022

NOTE 1 - PURPOSE OF SCHEDULES

<u>Schedule of Average Daily Attendance</u>: Average daily attendance is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of state funds are made to school districts. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

<u>Schedule of Instructional Time</u>: The District has received incentive funding for increasing instructional time as provided by the Incentives for Longer Instructional Day. This schedule presents information on the amount of instructional days offered by the District, and whether the District complied with the provisions of Education Code Section 46200.

Schedule of Expenditure of Federal Awards: The Schedule of Expenditure of Federal Awards includes the federal award activity of Woodland Joint Unified School District and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*. Expenditures are recognized following the cost principles in in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The District has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

Reconciliation of Unaudited Actual Financial Report with Audited Financial Statements: This schedule provides the information necessary to reconcile the Unaudited Actual Financial Report to the audited financial statements.

<u>Schedule of Financial Trends and Analysis – Unaudited</u>: This schedule provides information on the District's financial condition over the past three years and its anticipated condition for the 2022-2023 fiscal year, as required by the State Controller's Office.

<u>Schedule of Charter Schools</u>: This schedule provides information for the California Department of Education to monitor financial reporting by Charter Schools.

NOTE 2 - EARLY RETIREMENT INCENTIVE PROGRAM

Education Code Section 14502 requires certain disclosure in the financial statements of districts which adopt Early Retirement Incentive Programs pursuant to Education Code Sections 22714 and 44929. For the fiscal year ended June 30, 2022, the District did not adopt this program.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH STATE LAWS AND REGULATIONS

Board of Education Woodland Joint Unified School District Woodland, California

Report on Compliance with State Laws and Regulations

Opinion on Compliance with State Laws and Regulations

We have audited Woodland Joint Unified School District's compliance with the types of compliance requirements described in the State of California's 2021-22 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting (the "Audit Guide") applicable to the state laws and regulations listed below for the year ended June 30, 2022:

	Procedures
Description	<u>Performed</u>
Attendance	Yes
Teacher Certification and Misassignments	Yes
Kindergarten Continuance	Yes
Independent Study	Yes
Continuation Education	Yes

Apprenticeship - Related and Supplemental Instruction	N/A, see reasoning
Comprehensive School Safety Plan	Yes
District of Choice	N/A, see reasoning
California Clean Energy Jobs Act	Yes
After/Before School Education and Safety Program	Yes
Proper Expenditure of Education Protection Account Funds	Yes
Unduplicated Local Control Funding Formula Pupil Counts	Yes
Local Control Accountability Plan	Yes
Independent Study-Course based	N/A, see reasoning
Immunizations	N/A, see reasoning

Educator Effectiveness	Yes
Expanded Learning Opportunities (ELO-G)	Yes
Career Technical Education Incentive Grant	Yes
In Person Instruction Grant	Yes
Charter Schools - Attendance	Yes
Charter Schools - Mode of Instruction	Yes
Charter Schools - Nonclassroom-Based Instruction/Independent Study	Yes
Charter Schools - Determination of Funding for Nonclassroom-based instruction	N/A, see reasoning
Charter Schools - Annual Instructional Minutes-Classroom Based	Yes
Charter Schools - Charter School Facility Grant Program	N/A, see reasoning

We did not perform any procedures related to Early Retirement Incentive Program because the District did not offer any Early Retirement Incentive.

We did not perform any procedures related to Juvenile Court Schools because the District does not have any Juvenile Court Schools.

We did not perform any procedures related to Middle or Early College High Schools because the District does not have a middle college or early college high school.

We did not perform any procedures related to Transportation Maintenance of Effort because the District did not expend any funds related to transportation in the 2012-13 year.

We did not perform any procedures related to Apprenticeship: Related and Supplemental Instruction because the District does not operate Apprenticeship: Related and Supplemental Instruction.

We did not perform any procedures related to District of Choice because the District did not elect to be a District of Choice.

We did not perform any procedures related to Independent Study-Course Based program because the District did not report any ADA for course-based independent study.

We did not perform any procedures related to Immunizations because the District did not have any schools that did not submit immunization assessments or report combined conditional admission and overdue rates greater than 10% in kindergarten.

We did not perform any procedures related to Charter Schools - Determination of Funding for Nonclassroom-based instruction because the District does not have ADA more than 20% reported through non-classroom based instruction.

We did not perform any procedures related to Charter Schools - Charter School Facility Grant Program because the District did not operate the Facility Grant Program.

In our opinion, except for the noncompliance described in the Basis for Qualified Opinion paragraph, Woodland Joint Unified School District complied, in all material respects, with the state laws and regulations referred to above that are applicable to the state laws and regulations referred to above for the year ended June 30, 2022.

Basis for Qualified Opinion on Compliance with State Laws and Regulations

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of the 2021-2022 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting (Audit Guide). Our responsibilities under those standards and the Audit Guide are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Woodland Joint Unified School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. Our audit does not provide a legal determination of Woodland Joint Unified School District's compliance with the compliance requirements referred to above.

As described in Findings 2022-002 and 2022-03 in the accompanying Schedule of Audit Findings and Questioned Costs, Woodland Joint Unified School District did not comply with requirements regarding After/Before School Education and Safety Program. Compliance with such requirements is necessary, in our opinion, for Woodland Joint Unified School District to comply with the requirements referred to above.

Other Matter

Woodland Joint Unified School District's responses to the findings identified in our audit are included in the accompanying Schedule of Audit Findings and Questioned Costs. Woodland Joint Unified School District's responses were not subjected to auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on them.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Woodland Joint Unified School District's government programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Woodland Joint Unified School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Audit Guide will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Woodland Joint Unified School District's compliance with the requirements of the government program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Audit Guide, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Woodland Joint Unified School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Woodland Joint Unified School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Audit Guide, but not for the purpose of expressing an opinion on the effectiveness of Woodland Joint Unified School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Purpose of this Report

The purpose of this report on compliance is solely to describe the scope of our testing of compliance and the results of that testing based on the requirements of the State of California's 2021-22 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting. Accordingly, this report is not suitable for any other purpose.

Sacramento, California December 14, 2022

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Education Woodland Joint Unified School District Woodland, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Woodland Joint Unified School District as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise Woodland Joint Unified School District's basic financial statements, and have issued our report thereon dated December 14, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Woodland Joint Unified School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Woodland Joint Unified School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Woodland Joint Unified School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying Schedule of Audit Findings and Question Costs as item 2022-001 that we consider to be a significant deficiency.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Woodland Joint Unified School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

District's Response to Finding

The District's response to the finding identified in our audit are described in the accompanying Schedule of Audit Findings and Questioned Costs. The District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE AS REQUIRED BY THE UNIFORM GUIDANCE

Board of Education Woodland Joint Unified School District Woodland, California

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Woodland Joint Unified School District's compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement that could have a direct and material effect on each of Woodland Joint Unified School District's major federal programs for the year ended June 30, 2022. Woodland Joint Unified School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Woodland Joint Unified School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States (Government Auditing Standards); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Woodland Joint Unified School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Woodland Joint Unified School District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Woodland Joint Unified School District's federal programs.

(Continued)

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Woodland Joint Unified School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Woodland Joint Unified School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance, we,

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and
 perform audit procedures responsive to those risks. Such procedures include examining, on a test
 basis, evidence regarding Woodland Joint Unified School District's compliance with the compliance
 requirements referred to above and performing such other procedures as we considered necessary in
 the circumstances.
- Obtain an understanding of Woodland Joint Unified School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Woodland Joint Unified School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

STATE AWARDS			
Type of auditors' report issued on compliance for state programs:	Qualified		

SECTION II - FINANCIAL STATEMENT FINDINGS

2022-001 SIGNIFICANT DEFICIENCY - ACCOUNTS PAYABLE (30000)

<u>Criteria:</u> Accounts payable needs to be recorded for services performed but not yet paid as of June 30 to ensure expenditures are reflected in the proper period.

<u>Condition:</u> One invoice paid in the 2022-23 fiscal year for service occurring in the 2021-22 fiscal year was not accrued for on June 30, 2022.

Effect: Understatement of accounts payable in the Capital Facilities Fund as of June 30, 2022.

Cause: The District did not appropriately record accounts payable.

<u>Fiscal Impact:</u> Understatement of accounts payable in the aggregate remaining fund information by approximately \$493,100.

<u>Recommendation:</u> The District should ensure services performed but not paid are appropriately accrued for on June 30 for all funds of the District.

<u>Views of Responsible Officials:</u> The sampled invoice was for construction services rendered in June. The Fiscal Services Department received and paid the June invoice in October. In addition, the Facilities Director position was vacated beginning in June. The Facilities Department's temporary vacancy in leadership occurring while the fiscal year-end close was underway contributed to the oversight of the invoice's accrual.

SECTION III- FEDERAL AWARD FINDINGS AND QUESTIONED COSTS		
No matters were reported.		

SECTION IV - STATE AWARD FINDINGS AND QUESTIONED COSTS

2022-002 STATE COMPLIANCE - AFTER SCHOOL EDUCATION AND SAFETY PROGRAM (40000)

Criteria

Attendance Accounting and Reporting in California Public Schools, Title 5, CCR, Section 401 and 421 (b) and Education Code Section 44809 - Each LEA must develop and maintain accurate and adequate records to support the attendance reported to the State.

Condition

For the After School Program, the site tested had errors, for the three dates selected, between the supporting documentation of pupil count attendance versus the reported counts, reporting an understatement or overstatement of days versus the supporting documentation. The After School Education and Safety (ASES) Program under reported 23 days of attendance in their attendance system.

Context

We performed the audit procedures enumerated in the State of California 2021-22 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting and identified the finding described above.

Effect

The effect of this finding is an understatement of 23 days of attendance for the District's ASES program.

Cause

The errors were the result of clerical errors in accounting for ASES.

Fiscal Impact

Not determinable.

Recommendation

The District should enforce controls to ensure accurate accounting of attendance of ASES.

Views of Responsible Officials and Planned Corrective Actions

The District has implemented controls to ensure accurate accounting of attendance of ASES.

SECTION IV - STATE AWARD FINDINGS AND QUESTIONED COSTS (continued)

2022-003 STATE COMPLIANCE - AFTER SCHOOL EDUCATION AND SAFETY PROGRAM (40000)

Criteria

The District is required to contribute cash or in-kind local funds, equal to not less than one-third of the total state grant, which may have originated from the school district, other governmental agencies, community organizations, or the private sector. The facilities or space usage may fulfill not more than 25 percent of the required local contribution.

Condition

The District Facilities or space usage charges were 27% which exceeds 25% percent.

Context

We performed the audit procedures enumerated in the State of California 2021-22 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting and identified the finding described above.

Effect

The effect of this finding is an overstatement of usage charges by 2% or approximately \$12,000.

Cause

The error is a result of lack of adherence to state compliance requirements.

Fiscal Impact

Overstatement of usage charges by approximately \$12,000.

Recommendation

The District should ensure they are in compliance with usage charges.

Views of Responsible Officials and Planned Corrective Actions

The District has implemented controls to ensure they are in compliance with ASES requirements.

STATUS OF PRIOR YEAR FINDINGS AND RECOMMENDATIONS
