ANIMALS AT SCHOOL

In addition, instruction related to the care and treatment of animals teaches students a sense of responsibility and promotes the humane treatment of living creatures.

Wild and Feral Animals on District Property

The Governing Board considers the safety and health of Chico Unified School District students and employees to be of utmost priority. Wild or feral animals may represent a hazard and efforts shall be made to reduce and eliminate feral animal populations from school campuses.

The abandonment of animals on district property is strictly forbidden and is a misdemeanor (Penal Code 597s)

Individuals shall not feed animals on campuses. However, the District may work with advocacy groups to curtail wild or feral cat/kitten populations utilizing Trap, Neuter, and Return (TNR) practices. An effort may be made to relocate feral cats to different locations. Feeding, monitoring and trapping activities for rescue (adoption or health-related issues) and/or surgical sterilization purposes may occur with expressed, written agreement between the District and a formal non-profit organization supporting animals at the District's discretion.
