

# CITY OF CHICO

## Recycling Market Development Zone (RMDZ)

---

### **BUILD YOUR RECYCLING BUSINESS IN CHICO**

#### **WHY CHICO?**

- Strategic Northern California location with Highway 99, Interstate 5, freight rail, and airport access.
- Available industrial land, redevelopment sites, and manufacturing facilities.
- Skilled workforce supported by California State University, Chico and Butte College.
- Local economic development team to assist with site selection, permitting, and business expansion.

#### **TARGET INDUSTRIES**

- Organics Processing
- Wood Waste Recovery

- Construction & Demolition Recycling
- Paper & Cardboard Recycling
- Recycled-Content Manufacturing
- Repair, Reuse & Remanufacturing

## **RECYCLING MARKET DEVELOPMENT ZONE (RMDZ)**

The RMDZ Program helps businesses use recovered materials as feedstock for manufacturing, processing, repair, reuse, and other circular economy activities. Eligible businesses may qualify for low-interest financing through CalRecycle.

## **AVAILABLE MATERIAL STREAMS**

- Organics
- Wood Waste
- Cardboard & Paper
- Construction & Demolition Materials
- Agricultural Residuals

## **BUSINESS ADVANTAGES**

- Low-interest RMDZ financing
- Industrial sites and infrastructure
- Rail and highway connectivity
- Workforce pipeline
- Business-friendly support

## **READY TO GROW?**

Contact the City of Chico to discuss available sites, financing opportunities, workforce resources, and business expansion assistance.
