Re: Community partnership agreement

Services provided:

Kids Only will provide before and after school childcare for the children attending Kingsville and Ridgeview Elementary Schools.

Kids Only will provide quality/certified preschool experience for children living in the Buckeye District.

Kids Only will sponsor events at the Buckeye Local School System.

These services will benefit our community in many ways. By caring for children before and after school, we are ensuring their safety in a secure environment. By sharing information, we are helping our parents be aware of upcoming events sponsored by the local school district.
