REMINDER: Parent Teacher Conferences

We hold parent-teacher conferences **as requested,** rather than on a single designated night because it better serves families and students. Here's why:

- **Flexible for families:** Work shifts, childcare, and extracurriculars don't always line up with one evening. On-demand scheduling lets you choose a time (before/after school, during a prep block, or early evening) that truly works for you if you would like to meet.
- **Student-centered timing:** If something important comes up—new data, a concern, or a celebration—we can meet right away instead of waiting weeks for a set date.
- **More time, less rush:** Spreading conferences out means shorter wait times, fewer hallway interruptions, and space for a focused conversation tailored to your child.
- **Multiple formats:** We can meet in person, by phone, or via video—whatever helps you participate most comfortably.
- **Better support options:** When needed, we can arrange an interpreter, invite support staff, or pull specific work samples—logistics that are hard to guarantee on one busy night.

In our district parent handbook, parent-teacher conferences are welcomed by the school staff as a valuable way to share information about your child. Conferences are by appointment and may be initiated by either a teacher or a parent. Please make appointments with teachers for any conference in advance by calling the school, emailing the teacher, or writing a note to the teacher. The principal may be called upon at any time to assist parents with problems, but the teachers should be contacted first.

HEAR FROM OUR DRIVERS

Tara Minton

Hartland Driver • 3 Years

I love working with kids. Seeing them every day and being part of their routine is the best part of my job. The schedule matches my own kids' schedules perfectly, allowing me to be present for my family. I also get to work alongside great people who make coming to work enjoyable and who I know I can count on.

Harvey Archer

Hartland Driver • 2 Years

I truly enjoy the students on the bus and being a part of the community. This job is perfect for anyone looking for a fulfilling role after retirement or for someone looking for a full-time position. The office staff is top-notch, and my fellow drivers are a pleasure to work with as well.

Bill Kreeger

Hartland Driver • 2 Years

The best thing about being a driver is getting to know the kids and hearing how their day is going. It keeps me in tune with the schools and the community.
