Busy, Busy Busy!!!

We have been very busy up to this point in 6th grade.
In Math, we are nearing the end of Chapter 2. The students have been doing very well with the transition to the Math and You program.
In History, we are studying the units on Origins of Civilizations and looking at early humans and cultures.
In Science, we are nearing completion of the unit on determining the Age of the Earth. We have been looking at the Geological Time Scale and Index Fossils.
Please make sure that your student is reading each night and getting their weekly homework finished by Thursday. Missing assignments really affect their grades and could unfortunately make them ineligible for sports teams. Raffle ticket sales continue till November 12th. Please encourage your student in their efforts to sell tickets for our Douglas City School fundraiser.

A part of your child's daily homework is to spend time reading a novel of their choice. As of today your child, _____, has _____/_____ points towards their personal trimester goal. If your child is having a difficult time meeting this goal, it would be greatly appreciated if you could encourage your student to achieve this goal.
