Parent Learning Record Information 2025

Samples

Samples are required each learning period and help to verify the quality of work students are completing. A sample needs to show actual work completed by the student, not simply a list of true/false or multiple choice answers. A good sample can be:

- a. Original writing samples, completed workbook pages, lab write-ups, tests or quizzes, math problems worked out on paper (not just answers), etc.
- b. If a student is turning in a map with minimal work done on it (they only colored in one or two items or drew one or two lines on it), **it needs to include an explanation of what they did.** (“The student is studying the state of CA, and the blue line is the Sacramento River.”)
- c. Pictures of science experiments or other activities your student has completed as part of their coursework are also acceptable as samples. **You need to include an explanation of the activity along with the picture.**
- d. Electives: If a hard copy is not available/practical as a sample, or the student wishes to keep what they have made, a picture of the completed item can be submitted.
 - i. No samples are needed for classes such as music, drama, service learning, etc., in which a student doesn’t create any kind of product. However, these classes **MUST** have a log turned in each learning period. See Elective Logs below.
 - ii. Some electives don’t need a log each learning period but do require a sample once each semester. Examples are:
 - Sewing, photography, welding, online classes, foreign language, and cooking/nutrition, etc.
 - Screenshots from online classes showing student work are acceptable. Please make sure screenshots show evidence of work, not just a grade.

Samples should include your student’s name, the date of the sample, and the name of the class, and a grade (Sally Smith; Nov. 3, 2024; Math, B-). Either you or the SVA teacher may add the grade.

Elective Logs

Elective logs are needed each learning period for classes in which the student does not produce a product. Examples:

Career Explorations	Service Learning
Music	Drama
Theater	Dance
Martial arts classes, etc.	

Logs should name activities the student participated in such as:

Play practice	Worked at Target	Childcare
Piano Lesson 45 min.	Practice Piano 30 min.	Fed animals

Please don’t turn in logs with extremely generic explanations such as “outside” or “work” or the number of minutes/hours the student worked in the class with no indication of what was done. If a class has a weekly lesson, the lesson and practice times need to show on the log.

Paper Log example:

Week 1 - List below one activity per day.	Activity	Time
08/24/2021	Practice Guitar	30 minutes
08/25/2021	Guitar Lesson	45 minutes
08/26/2021	Practice	40 minutes
08/27/2021	Practice	60 minutes
08/28/2021	Practice	30

Music Online Log example:

Week 1	List below one activity per day.	
Monday 08/24	Practice 20 minutes	
Tuesday 08/25	Lesson 30 minutes	
Wednesday 08/26	Practice 20 minutes	
Thursday 08/27	Practice 20 minutes	
Friday 08/28	Practice 20 minutes	Weekly Total: 110 minutes

PE Logs

Please add the student's first and last name. An activity must be checked off or written down for each day that your student engaged in PE. **The goal is to list a specific activity.**

- Weekly and monthly time totals should be completed at the end of each week and at the end of the learning period.

MA Attendance Logs

Logs with only one class checked off each day are not acceptable. Do not check off classes the student has already completed or did not work in during the Learning Period. Cross off classes the student has already completed if they appear on the MA log.

Make sure each course the student is enrolled in is checked off at least once in each learning period. If your student did not work in a particular class all month, your teacher needs to know why.

A parent/guardian signature **in ink** is required on the MA log each learning period. Students 18 years old may sign their own log.

The parent/guardian signature date needs to be **the last day of the learning period**, not the date of the teacher meeting.
