Subject: Filing of Notice of Determination in compliance with Section 21108 or 21152 of the Public Resources Code

Project Title: Chico Airport Sewer Pond Repair Project (Capital Project No. 50358)

Project Applicant and Lead Agency Contact: City of Chico, Brendan Ottoboni, Director of Public Works – Engineering (530) 879-6900

Project Location: The Project is located at the former wastewater treatment plant located southeast of the Chico Regional Airport and adjacent to the City Compost Facility on the west side of Cohasset Road, latitude 39.786139 and longitude -121.847

State Clearinghouse Number: 2026010971

Description of Project: The City proposes to upgrade the existing sewer and stormwater infrastructure at the former wastewater treatment plant located southeast of the Chico Regional Airport and adjacent to the City Compost Facility on the west side of Cohasset Road. The purpose of the project is to prevent the discharge of overflow wastewater into an existing abandoned wastewater holding pond to avoid inadvertent mixing with stormwater runoff during rain events. Specifically, an existing storm drain line will be abandoned, capped in place, and replaced by approximately 345 feet of 12-inch storm drainpipe that will bypass the abandoned wastewater pond and discharge directly into an existing adjacent storm drain ditch. Additional work includes the installation of a new, real-time wastewater level sensor in the sewer flow control vault to provide early detection of downstream obstructions in the sewer main and follow-up maintenance response. A new sewer manhole will be installed downstream from the sewer siphon south of the Sheep Hollow levee to allow for maintenance. The existing manhole located within the channel will be abandoned in place. An all-weather, crushed rock roadway will be constructed to allow access to the manhole year-round. Construction is expected to begin in the summer of 2026 or 2027 and is anticipated to last approximately three months.

This is to advise that the City of Chico, as Lead Agency, approved the above-described project on 2/26/2026 and has made the following determinations regarding the above-described project:

1. The project will not have a significant effect on the environment.
2. A Mitigated Negative Declaration was adopted for this project pursuant to the provisions of CEQA.
3. Mitigation measures were made conditions of the approval for the project.
4. A mitigation reporting or monitoring plan was adopted for the project.
5. Findings were made pursuant to the provisions of CEQA.

This is to certify that the Mitigated Negative Declaration is available for public review at the City's website: <https://chicoca.gov/Departments/Engineering/Capital-Projects/Airport-Pond-Sewer-Repair-Project/>
