Assembly Bill No. 2121

Often times there are circumstances that hinder the graduation process for some pupils. Colusa Unified School District adheres to the stipulations of Assembly Bill 2121. Coursework and graduation requirements for a pupil in foster care, a homeless child or youth, juvenile court school pupil, or a pupil who is a child of a military family who transfers between schools any time after the completion of the pupil’s 2nd year of high school from certain statewide coursework requirements. This bill also extends provisions to a pupil who is a migratory child and a pupil participating in an English language proficiency program for newly arrived immigrant pupils. A school district can find that the pupil is reasonably able to complete the school district’s graduation requirements by pupil’s fourth year of high school. The local educational agency (LEA) can determine the pupil is reasonably able to complete the local educational agency’s graduation requirements within the pupil’s fifth year of high school. The LEA will notify the pupil and the person holding the right to make educational decisions for the pupil, whether the pupil qualifies for an exemption.

Civil Rights Statement

Colusa Unified School District does not discriminate on the basis of race, color, national origin, religion, sex, age, or handicap in its educational programs and/or activities. Students, parents or others who wish further information about these regulations, or about handicapped access to vocational facilities, or wish to file a complaint, should contact Ms. Rebecca Changus, Title IX Coordinator, Colusa Unified School District, 745 Tenth Street, Colusa, CA 95932, (530) 458-7791.

Colusa High School – Attendance Regulations & Philosophy

The Colusa High School faculty and staff believe that there is a direct relationship between good attendance and high achievement. Students with good attendance achieve higher grades, enjoy school, realize success, gain the necessary credits for graduation, and learn positive habits that carry over to their personal and occupational achievement. It is the responsibility of each parent, teacher, administrator, and staff member to promote and stress the value of good attendance. It is also the responsibility of the staff to carry out all attendance policies in a fair, firm, consistent, and timely manner. Please note the attendance link on the website at

Tardies, Truancies, and Excessive Absences 2025-2026

Tardy Consequences – Period by Period

A tardy is considered unexcused when the student arrives to class late without a signed, dated, and timed excuse from school personnel. Teachers have their policy clearly written in their course rules whether the student must be in the room or in their assigned seat to avoid receiving a tardy. The administration will communicate with parents regarding the excessive tardies resulting in discipline.

6 – 1 Hour Detention

9 – 2 Hours Detention

12 – Saturday School + Parent Notification

15 – Saturday School + Parent Notification

21st, 24th, 27th Tardy Violations Result in Intervention/ISS/OSS

Truancies

An absence is considered a truancy whenever, in the judgment of the principal or designee, the student intentionally and deliberately failed to report to an assigned class or classes, without reasonable cause. *Any student tardy in excess of 15 minutes will be considered absent. If this occurs on each or more than three days in one school year the student may be considered habitual.*

Administration and Attendance Office Support

Attendance

- A. Unexcused absences include class periods, for which there was no written excuse from a parent or guardian and/or telephone communication will result in truancy if they are not cleared within 3 school days per the California Education Code.

Lost and found: Found personal property is stored in the Administration Office to be described and claimed by the owner.

Injury at school: If injured, report this to a teacher and ask for a pass to go to the Administration Assistant in the office.

Illness at school: Generally, if your child is ill, she/he should stay at home to reduce the possibility of infecting other students and to be more comfortable. Unless we have a note from a physician, your child will be expected to participate in all school activities, including movement and recess. Children must not have had a high temperature (over 100 degrees) for 24 hours prior to returning to school.

Bulletins: The daily bulletin is prepared by the Attendance Clerk. All announcements should be submitted by 1:00 p.m. in order to appear in the next day's bulletin. Students may put items in the bulletin only with the signature of a staff member.

Office referrals: If a teacher refers a student to the office, a student must report to the Attendance Clerk and wait to see the Vice Principal.

Telephone: Students are to use office phones located in the front office when communicating.

Early Dismissal: Students leaving campus for other than school related activities must have a note from a parent stating the reason for the early dismissal. This note should be presented to the Attendance Clerk who will issue an early dismissal slip which should be shown to the teacher whose class will be left. Students may leave campus after signing out in the Attendance Office.

Checking out of school: Students checking out of school should have a parent come in to sign the withdrawal forms stating the reason for leaving and the name of the new school the student will be attending. All textbooks must be returned and bills paid prior to checking out of school.

Transcripts: Requests for copies of official transcripts should be made in the counseling office. Transcripts will not be sent if the requesting student owes any money to the school for textbooks or any other damages.

Personal or academic problems: The counselor is available to help students deal with any personal or academic problems that they might have. Many support services are available to us to help students cope with problems.

Lockers: Campus lockers are not in use. If your student take PE they will be assigned a PE locker to hold their change of clothes at the beginning of the school year.

Armed Services information: Local Armed Services recruiters are on campus regularly. Appointments to see them may be made outside of class time, in the Counseling Office.

A program change may be necessary if the medical excuse is long term. Alternative assignments are required for students medically excused from PE.

Food delivered by a delivery service will not be given to the student until after the school day is over.

Riding the bus to school activities

Safety requires that certain rules be followed at all times when riding a school bus.

1. Keep your seat at all times when the bus is moving. Arms and hands must be kept inside the bus.
2. Horseplay is not permitted in or around the bus.
3. The driver is in full charge of the bus and passengers. Students must obey the driver at all times.
4. No eating, drinking or smoking is allowed on the bus. Students may not play radios while on the bus.
5. Misbehavior on the bus may result in a loss of bus riding privileges.

Campus Pride

All students should show their appreciation and take pride in keeping the buildings and campus in the very best condition. Deposit all wastepaper in the trash cans. Do not mark on desks, walls, or floors. Keep your feet off the furniture. Keep lockers clean and tidy.

Litter/Clean Campus

One of the most important aspects of our school is having a clean and trash free environment. Everyone is capable of depositing trash in the cans provided and doing your part to show campus pride.

Classroom Food Policy

Food purchased during break and lunch is not permitted in the classroom.

Search and Seizure Policy

State law and Colusa Unified School District policy allow the administration to search any vehicle brought on campus for any reason. Furthermore, student lockers, which are under the control of both the student and the District, may be opened and inspected without student permission when there is a reasonable suspicion that the search will disclose evidence of illegal possessions or activity. (Note: items in a student locker are assumed to belong to the student assigned to the locker.)

Tobacco

State law and Colusa Unified School District policy forbid the possession or use of tobacco in any form (including chewing tobacco) on school grounds or at school activities. Colusa Schools are to be tobacco-free.

Alcohol, Drugs and Tobacco

There is no tolerance for students who have any of the above on or in them at Colusa High or at CHS activities. We cooperate with the police in enforcing all state and local laws. Violating this rule will result in immediate police and parent contact, suspension, and possible expulsion.

Closed Campus

Colusa High has a closed campus. This means that students are not to leave the campus during the school day for any reason other than what is stated on an early dismissal slip or for an organized student activity. Approved juniors and seniors with a 3.0 overall GPA and no F's from the previous semester, may leave campus for lunch as permitted by the administration. Students must have parental approval to leave campus for work experience, student teaching, or for any other reason. All students leaving the campus must sign out in the Attendance Office when they leave.

Student Vehicle at School

All students must park vehicles in the Student Parking Lot or in the designated areas on the street that are not reserved for staff and visitors. All students must register their vehicle with the attendance secretary and display the registration tag on the rear-view mirror every day when parked at school. The student parking lot is **off limits** to all students during the school day. There shall be no loitering in or around students' cars. Violation of these rules will be just cause for cancellation of the privilege of driving a car to school, detention, and/or suspension.

Gym Use

The gym will be closed to all students before school and during lunch unless approved and supervised by PE teachers.

Public Display of Affection

We want everyone at CHS to care for one another. However, overt displays of affection are inappropriate at school.

Hazing

Students are not to be initiated, hazed or oriented to Colusa High in any harmful or demeaning way. Hazing is a misdemeanor in California and you will be prosecuted in court for such action.

Visitors

All visitors to our school must check in at the office before going to classrooms. Parents are always welcome, but it is a good idea to make an appointment if they would like to meet with teachers. People wishing to visit to observe for the day must fill out a school guest pass, no less than 24 hours in advance.

Volunteers

Colusa High School encourages parents/guardians to volunteer at school. We have a volunteer form that must be filled out each year by anyone volunteering. This is an excellent opportunity to reinforce your child's school experience. Children whose parents are involved with the school often feel better about themselves and their school. There are a number of ways parents can volunteer.

Walking Field Trips

Teachers will plan for a local walking field trip that will have the students leaving our locked campus. By acknowledging this handbook in the data confirmation process, you will be giving permission for your child to participate in those activities.

Medications at School

Oral medication will only be administered at school when a treatment form is filled out by your physician and returned back to the school. Medication must be in the original container from the pharmacy listing your child's name, name of the medication, the dosage and the frequency of administration. Oral medication includes all prescription and non-prescription (over the counter) medications. Students may not keep any medication on their person or in their belongings. All medication is kept and dispensed through our nurse's office. We would be happy to provide you with any forms that you might need

Data Confirmation:

Completing data confirmation and ensuring all student information is up to date is crucial for your child's safety and effective communication. Accurate information allows us to quickly reach you in case of an emergency and ensures that we have the correct details for things like medical needs, emergency contacts, and permissions. This also ensures that we have the proper authorizations for activities, photos, and important communications. Please take a moment to verify and update your student's information. This simple step plays a vital role in helping us maintain a safe and supportive environment for every student. Due to the importance of data confirmation, all students will be required to complete it **prior** to beginning a sport or extracurricular activity. Failure to complete data confirmation will result in your student being unable to travel for events and school sponsored trips (ie: sporting competitions, field trips, conferences etc.). Please click the link below for comprehensive information regarding emergency contacts and the associated permissions: [Click here](#)

Food & Nutrition Services:

All students currently receive one free breakfast and lunch each school day. To remain eligible for SUN Bucks (formerly Summer EBT) – a federal program that provides food benefits during the summer – families must submit the Universal Benefits Application (UBA) by September 1, 2025, unless they already qualify through programs like CalFresh, CalWORKs, Medi-Cal, or are classified as migrant, homeless, or foster youth. The UBA form can be completed when filling out your student's Data Confirmation. Submitting the UBA also helps the district maintain important funding that supports student success.

Emergency Cards –

Please remember to keep your information current. It is very important that you update any changes during the year of address, phone numbers, or emergency contacts. If you send someone to pick up your child and they are not on the emergency contacts, they will not be released to them. You will need to add them to our system using the Aeries Parent Portal located on our <https://colusahigh.colusa.k12.ca.us/> website. Each year you will login and complete the data confirmation or make mid-year changes. It is extremely important to have accurate information in Aeries in case of an emergency. When checking a student out during the instructional day, individuals on the emergency contact must check in the office and sign their names as well as the student's name in order to properly check the student out from Colusa High School. Please complete the data confirmation in your aeries portal each year.

Security Cameras - Keeping our students safe at school is a top priority. Parents and students should be aware that security cameras are used on each campus. Installed as part of the Measure A bond program, the cameras are intended to prevent crime on or near our schools. We have cameras only in select public areas, not in offices or classrooms. Be aware that cameras are not monitored constantly but may provide evidence after an incident occurs.

MENTAL HEALTH SERVICES NOTIFICATION FOR PARENTS & STUDENTS UNDER E.C. 49428

Our top priority at Colusa Unified School District is the health and well-being of our students. Critical to maintaining a student's well-being is having access to mental health services. We can connect students to such services both on campus and in our community.

ACCESS TO PARENT PORTALS

ParentSquare is our primary tool for messaging and school communication. It allows parents and guardians to receive updates from the school, message teachers and staff, and stay informed about school events and announcements—all in one convenient app or website.

Aeries Parent Portal gives families secure, online access to important academic information, including assignments, class schedules, attendance, and emergency contact information.

Students who would like more information about mental health issues, accessing services, or connecting another student in need may speak to the school counselor.

Additionally, the following services are also available in our community:

The **Colusa County Behavioral Health Department** provides counseling, crisis intervention (24 Hour Access Line 888-793-6580), Psychiatric Medication Services, Information and Referrals, Mental Health Education, Patients' Rights Advocacy, Peer Support, and Wellness/Recovery Groups. For grades K-3 we recognize students are still learning the connection between actions and consequences and the corrective measures outlined above are intended to assist in teaching appropriateness and responsibility, while maintaining consistent student discipline on campus. To that end, the site administrators at the elementary and middle school shall use discretion and take into account the many and varied factors in each case involving category 3 infractions when determining consequences.

**Any behavior causing damage to school property or personal property of another may lead to a requirement to pay for that damage as part of the consequence.*

**Based on severity or persistent nature, consequences may lead to more severe consequences, including suspension, at the discretion of the school administration.*

**School officials will make reports to law enforcement as required by federal and state law, in instances of criminal activity and for incidents where there is a serious threat to a student, teacher or public safety.*

CUSD Homework Philosophy

Homework is an integral part of student learning. The district supports a reasonable, balanced approach to homework. The amount of homework and the type of homework should logically progress toward independent, high level thinking tasks. The principal and staff at each school have developed, and regularly review, a school-site homework plan which includes guidelines for the assignment of homework and describes the responsibilities of students, staff and parents/guardians.

For each grade level, the amount of time that students will be expected to spend on homework is approximately 6 – 10 minutes per year in school. For example: a student in grade 2 might expect to have 12 – 20 minutes of independent homework nightly. Students in grades 7 & 8 should expect to spend 42 - 80 minutes on independent homework. Students in high school should expect to spend anywhere from 30 – 90 minutes an evening on independent homework. Generally, secondary students will average no more than 90 minutes of homework nightly.

In addition to the independent homework, teachers from each grade level from K – 8 may suggest parental involvement with their student's homework. For example: in Kindergarten, parents may be asked to read to their child for up to thirty minutes nightly. In most cases, the amount of necessary parental involvement will decrease as the student develops learning independence. However, parents are encouraged to adopt attitudes and habits which support student academic learning. A student who has no school-assigned homework will still benefit by reading, reviewing content, or practicing skills.

Homework comprises varying proportions of the class grade depending upon the content of the course and whether that content lends itself to extensive independent practice.

Parents should be aware that teachers plan homework based on the average student's capabilities. Some students may take much longer to complete the assignment. Other students with the same assignment may complete it in a very short amount of time. If your child reports that they have no homework, you are encouraged to direct them to reading quality books, reviewing class notes, or practicing academic skills. If your child is frequently taking much longer than expected to complete the homework, please contact the teacher. Accommodations and modifications can be made to assignments at the teacher's discretion.

Teachers at every level instruct students on how to allocate their time wisely, the importance of meeting deadlines, and developing good personal study habits.

Generally, students will have all the resources they need available at home. In some cases, as when they are learning research skills, students may be directed to certain web sites or print resources contained either in the school library, or available for access in the Public Library. A number of on-line homework assistance programs are available over the internet. Depending on the need and resources, the school or teacher may offer tutoring or other after-school assistance.

Elementary teachers will design homework assignments so that students do not receive an overload of homework one day and very little the next. Secondary teachers will make every effort to communicate with one another to avoid this situation. However, parents should understand that, occasionally, heavy loads of homework may result despite the teachers' best efforts to avoid this situation. Should your student experience frequent excessive homework, please contact the teacher.

Parents are encouraged to help their student organize and segment large homework assignments. A project due in two weeks may take 20 minutes per school night. But this could become 200 minutes of work in a single night if the student does not plan and complete the work in smaller segments.

Also, parents of students taking the most rigorous courses should be prepared to expect significantly higher homework loads. Advanced Placement courses are basically college classes taught in a high school setting. As such, the expectations for additional time commitment by the student are greatly increased.

B. **MISCONDUCT**

Extra-curricular activity participants engaging in incidents of misconduct shall, as a general rule, receive the consequences set forth herein. Administrators shall apply consequences for the listed behaviors equitably and always with the goal of permanently correcting misconduct on the part of a participant, returning the student to high moral standards and to a high standard of accountability and to protect the District's extra-curricular programs from ridicule and embarrassment. To that end, Administrators, Advisors and Coaches shall exercise discretion in applying consequences to assist students, to the fullest extent possible, in remediation of negative conduct and returning to acceptable standards of behavior. Board Adopted 1/27/03

C. **NOTICE TO PARTICIPANTS**

Engaging in misconduct described herein, will subject you to consequences up to and including permanent loss of your privilege to participate in extra-curricular activities. Certain acts of misconduct set forth herein are also grounds for suspension or expulsion from the regular educational program of the District, in accordance with Education Code § 48900 *et seq.*, described in more detail in Article II above. Expulsion from the District renders you ineligible to participate in any extra-curricular activities. During any term of suspension for any misconduct as set forth in Article II and III above, you will be ineligible to participate in extra-curricular activities during the term of suspension. In addition to your ineligibility during the term of the suspension, specific consequences affecting your ability to participate in extra-curricular activities, as set forth in this Article, will be imposed notwithstanding the imposition of other consequences in the regular education program. **Students who have been or who are taking prescription medication must provide verification (either by a copy of the prescription or by doctor's authorization) prior to being tested.**

D. **OFFENSES**

1. Testing positive for, possessing or being under the influence of any controlled substance, alcoholic beverage or intoxicant of any kind while at school, going to or coming from school, or while participating in or traveling to or from any school related activity. Consequences set forth herein shall be imposed for possession, use or influence, while off-campus if a District Administrator, Advisor or Coach personally observes such off-campus possession, use or influence consisting of specific articulable facts which lead the administrator to reasonably believe that the participant was in fact in possession, using, or under the influence of a controlled substance, alcoholic beverage or intoxicant while off-campus.

CONSEQUENCES:

a. **First Offense:** The student's parents are notified, and the school principal convenes a meeting with the student and his/her parents. The student, parent and principal will sign a behavior contract with the following terms and conditions.

1) The student shall be notified that s/he is ineligible to participate in any extra curricular activity for 20 consecutive school days from the date of the confirmation test in which the student tests positive.

2) The student must enroll and provide proof of enrollment in a professional substance abuse counseling and treatment program. The principal shall provide the student and her/his parents with the names, addresses and telephone numbers of substance abuse professionals and counseling and treatment programs available to evaluate and resolve drug and alcohol related problems. The counseling program must be a minimum of 6 hours in duration.

3) Student athletes will be expected to practice during the period of ineligibility, however, in order to be able to practice, student athletes must bring evidence of a negative urine test from a district approved lab, and proof of enrollment in a substance abuse counseling program (to be paid for by the parents of the student, and with a minimum duration of six (6) hours of counseling) to the principal. If the student has met the terms and conditions of the behavior contract for a first offense violation, his/her eligibility to participate in the sport that s/he is then participating in will be restored at such time as the student has missed twenty consecutive school days of extra-curricular competition. Athletes will be on probation for an additional six weeks. During that time athletes must be at all practices on time and will be subject to District sponsored random drug testing.

4) The student shall be notified that if s/he refuses to participate in a counseling program, or otherwise fails to complete a counseling program, or fails to provide a negative urine test sample, or has not met the terms and conditions of the behavior contract, that s/he will be ineligible to participate in extra curricular activities for one calendar year from the

date of the confirmation test. Thereafter, the student may apply to participate in extra curricular activities but must successfully complete drug screening prior to participation.

In the event the student refuses to enroll or fails to successfully complete a substance abuse counseling program, or fails to meet any of the terms and conditions of the behavior contract, the student will be ineligible for participation in extra curricular activities for one calendar year, from the date of the confirmation test, in which s/he tests positive. The principal shall provide the student and her/his parents with the names, addresses and telephone numbers of substance abuse professionals and counseling treatment programs available to evaluate and resolve drug and alcohol related problems.

5) The cost of counseling and treatment programs will not be borne by the district.

- b. **Second Offense:** The student's parents are notified, and the school principal convenes a meeting with the student and her/his parents. The student shall be suspended from participation in extra curricular activities for one calendar year from the date of the confirmation test in which the student tests positive. In addition, the principal shall provide the student and her/his parents with the names, addresses and telephone numbers of substance abuse professionals and counseling and treatment programs available to evaluate and resolve drug and alcohol related problems. The student will be eligible to apply to participate in the extra curricular activities after completion of the one calendar year suspension from extra curricular activities. The student will not be permitted to participate in extra curricular activities without providing the district with evidence that the student has participated in, and successfully completed a substance abuse counseling and/or treatment program. The student must also successfully pass a drug screening program prior to reinstatement of her/his privilege to participate in extra curricular activities. The student will be subject to periodic drug and alcohol testing for the duration of the first extra curricular activity once her/his privileges are restored, and thereafter shall be subject to the testing procedures which apply to all students.

2. Committing an act of theft, vandalism, assault, or possession of illegal weapons either on or off campus.

CONSEQUENCES:

- a. **First Offense:** Suspension from all extra-curricular activities for a period of 20 consecutive school days for activities and athletics. If less than 20 days of the school year or sports season remains, the consequence carries over to the next school year and/or sports season. If a regular participant/athlete is not currently participating in any activity or sport, the violation will be recorded in District records and/or on his/her athletic card and shall be treated as a first offense when participation in an activity or sport begins.
- b. **Second Offense:** Suspension from all activities/athletics for 1 calendar year from the date the student commits the act of theft, vandalism, assault, or possession of illegal weapons.

3. Possession and/or use of tobacco products, or committing an act of sexual harassment, harassment or intimidation of others based on gender, race, national origin, religion, handicapping condition. Willfully defying the valid authority of school officials, treating other students, parents, community members, Advisors, Coaches, and Administrators disrespectfully or engaging in any conduct or acting in any manner that in the opinion of a District Administrator, Adviser, or Coach, brings embarrassment to the activity, sport, team, club, school, school district, or any other student or employee of the District. ***Severe incidents in this area will be brought to an Extracurricular Activities Panel (Art. IV, Sec 8) to make recommendations to administration for this extreme behavior. This committee may recommend modifications to the following consequences:***

CONSEQUENCES:

- a. **First Offense:** Suspension from all activities/sports participation for a period of 20 consecutive school days for the season for athletics. If less than 10 days of the school year or 10% of the sport season remain, the penalty carries over to the participants next sport participation or school year. If a participant is not currently participating in an activity or sport, the violation will be recorded in District records and/or his/her athletic card and will be treated as a first offense when participation in any activity or sport begins.
 - b. **Second Offense:** Dismissal from the current team, or in the case of activities, exclusion from all events for 20 consecutive school days.
4. **Continuing Misconduct:** All incidents of misconduct and consequences imposed for misconduct are cumulative for a two (2) year period. A third offense for any incident of misconduct set forth herein shall result in immediate suspension from all activities and athletics for a period of 1 calendar year. A third time offender shall not be eligible to resume participation in activities/athletics after completion of his/her year of suspension until he/she submits a written request to the Activity Advisor or the Athletic Director setting forth the reasons why he/she should be readmitted to the extra-curricular program and how his/her conduct will conform to the standards expected by the Colusa Unified School District. The Advisor or Athletic Director shall meet with the student and his/her parents/guardians to discuss readmission.
5. **Non-cumulative Penalties:** Anytime a student's behavior results in in-school suspension, out of school suspension, or expulsion, he/she is automatically suspended from activities/athletics participation during that same time period. Disqualified students may neither travel with a school group/team nor attend any event/game whether on or off of District facilities or on or off other school district facilities while serving the suspension/expulsion.
6. **Appeal Process:** A student suspended from extra-curricular activities may appeal the suspension to the Athletics Council or the Activities Council. The appeal process shall follow the uniform district complaint policy and the student may represent him/herself, or be represented by his/her parents/guardians or other designated representative.
7. **Standard of Review on Appeal:** The District Administrator, Adviser or Coach imposing discipline pursuant to this Article shall not be required to establish the students guilt by a reasonable doubt or beyond all doubt, but instead is entitled to rely on reports, information, documents and statements by witnesses, only if it is the kind of evidence upon reasonable persons are accustomed to rely in the conduct of serious affairs. As long as the Administrator, Adviser or Coach imposing the discipline establishes that it is more likely than not that the student is guilty of the misconduct, and establishes that the discipline imposed is consistent with the District's discipline code and specifically Article IV related to extra-curricular activities, and is rationally related to the goal of maintaining high standards for participation in extra- curricular activities, the Administrator's, Adviser's and/or Coach's imposition of the discipline shall not be disturbed on appeal.
8. **Extracurricular Activities Panel:** *This panel will be made up of five members including an administrator, the Athletics or Activities Director, two coaches, and a community member. This panel will make recommendations to administration regarding the severity of consequences for the behavior in question. This panel may recommend up to the maximum consequence (20 & 20) for extracurricular activities based on the level of behavior committed. This panel may also recommend dismissal from the team or club if it is deemed that the student has committed an act so egregious that dismissal is justified.*

DRUG AND ALCOHOL TESTING OF EXTRA-CURRICULAR PROGRAM PARTICIPANTS

In order to provide for the health and safety of those individuals participating in extra-curricular programs, as well as providing a legitimate reason for those students to just say "NO" to drug use and provide an opportunity for those taking drugs to receive help in locating programs which can provide assistance, the district will conduct a mandatory drug testing program for all students participating in all types of extra-curricular activities, including but not limited to:

1. Any high school athletic programs under the control and jurisdiction of the Colusa Unified School District;
2. Any high school extra-curricular program in which participants operate, or have the opportunity to operate, machinery including, but not limited to, agricultural equipment (i.e., tractor, hydraulic equipment, hydraulic tools, etc.), construction equipment, shop equipment, etc.;
3. Any high school extra-curricular program in which participants handle or have the opportunity to handle knives, explosives or combustible materials, hazardous chemicals, crossbows, archery equipment, firearms or any other item which, a reasonable person would conclude that in the hands of a minor, could inflict serious bodily injury or death to the minor or another;
4. Any high school extra-curricular program in which participants engage in any physical conditioning program or engage in any extraordinary physical activities. Extraordinary physical activities shall be those activities in which a student does not normally engage on a daily basis (i.e., cheer leading, gymnastics, tumbling, dance, long-distance running, jumping, etc.);
5. Any high school extra-curricular program in which participants are given the option of providing their own transportation to and from scheduled events, unless the student provides the District with written verification from parents/guardians that student will not, under any circumstances, be permitted to drive him/herself to the events. If, however, at any time it comes to the attention of the District that a student who previously certified that he/she would not be operating a motor vehicle in connection with the extra-curricular activity is determined to have engaged in such activity, the student will be deemed ineligible for further participation for the remainder of the semester;
6. Any high school extra-curricular program or club sponsored by and supervised by Colusa Unified School District authorized personnel.

DRUG AND ALCOHOL TESTING OF EXTRA-CURRICULAR PROGRAM PARTICIPANTS

Students participating in those activities identified in Board Policy 5131.61 shall be subject to random drug and alcohol testing. Such students shall be subject to random testing conducted during the course of participation in those programs and for a period of one calendar year. Finally, students who are suspected of drug and/or alcohol use shall be subject to suspicion-based testing.

Definitions:

1. **Drug:** Any substance considered illegal or controlled by the Food and Drug Administration
2. **Monitor:** Superintendent, Principals, Assistant-Principals, and Directors of the extra-curricular programs, or their authorized designees, or any representative of a testing laboratory or healthcare professional retained, on a contract basis by the District, that have received at least 60 minutes of training that covers: (1) the collection of samples; (2) chain of custody procedures/reports; (3) importance of confidentiality; and (4) inspecting samples for signs of tampering.
3. **Testing Laboratory:** Samples collected pursuant to Board Policy 5131.61 are sent to an independent laboratory which routinely tests them for amphetamines, cocaine, marijuana, and other illegal drugs. Said laboratory procedures must, on an average, result in a 94% accuracy rate.

Participation Testing:

1. The parent/guardian and the student are required to sign a written consent form authorizing drug and alcohol testing during participation in one of the extra-curricular activities identified in Board Policy #5131.61, and for a period of up to one calendar year. Failure to execute the written consent form shall result in the student being ineligible for participation in the extra-curricular activity.
2. **Students who have been or who are taking prescription medication must provide verification (either by a copy of the prescription or by doctor's authorization) prior to being tested.** Students may provide such information in a confidential manner to the Superintendent for his/her review and transmittal to the testing laboratory or, by giving such information to the testing officials in a sealed envelope, marked "confidential - to be opened by the testing laboratory personnel only." Students who refuse to provide verification and test positive will be subject to the actions specified below for "positive tests."
3. The costs of random testing, as described below, shall be borne by the District.
4. Testing procedures shall be as follows:
 - (a) Prior to testing, student provides testing officials, in a sealed envelope, marked "confidential - to be opened by the testing laboratory personnel only," verification that student has or is currently taking prescription medication or provides such information to the Superintendent as set forth above.
 - (b) Student to be tested shall complete a specimen control form which bears an assigned number.
 - (c) Student then enters a private, controlled bathroom area; or is accompanied by an adult monitor of the same sex. All male students produce a sample using a urinal, remaining fully clothed, with their back to the monitor, who must stand approximately 10 feet behind the student while the student produces the urine sample. Monitors shall listen for normal sounds of urination, but shall not visually observe the student. All female students must produce a sample in an enclosed bathroom stall, so that they can be heard but not visually observed.

AR 5131.61(c)

DRUG AND ALCOHOL TESTING OF EXTRA-CURRICULAR PROGRAM PARTICIPANTS
(continued)

- (d) After the student produces a sample, it is given to the monitor, who checks it for temperature and tampering and then transfers it to a vial, sealing the sample. Thereafter, the monitor completes a chain of custody report for the sample collected.
 - (e) The samples are then sent to an independent laboratory, which routinely tests them for amphetamines, cocaine, marijuana, and other illegal drugs. Said laboratory procedures must, on an average, result in 94% accuracy. The sample shall be split to facilitate a second test.
 - (f) The laboratory shall not be given the identity of the students whose samples it tests.
 - (g) The laboratory shall be authorized to mail written test reports only to the site administration. Only the site administration and directors of the extra-curricular programs shall have access to the test results, and the results shall not be kept for more than one year.
5. If a sample tests positive, a second test of the split sample is administered as soon as possible to confirm the result. If the second test is negative, no further action is taken. If the second test is positive, the following action will be taken:
- a. **First Offense:** The student's parents are notified, and the school principal convenes a meeting with the student and his/her parents. The student, parent and principal will sign a behavior contract with the following terms and conditions:
 - (i) Except for athletic participation, the student shall be notified that he/she is ineligible to participate in any extra-curricular activity for 20 consecutive school days from the date of the confirmation test in which the student tests positive except for "practice participation" in activities such as sports, music, competitive vocational clubs, etc.
 - (ii) The student must enroll and provide proof of enrollment in a professional substance abuse counseling and treatment program. The principal shall provide the student and his/her parents with the names, addresses and telephone numbers of substance abuse professionals and counseling and treatment programs available to evaluate and resolve drug and alcohol related problems. The counseling program must be a minimum of 6 hours in duration.
 - (iii) Student athletes will be allowed to practice during the period of ineligibility if deemed safe and appropriate. In order to be able to practice, student athletes must bring evidence of a negative urine test from a district approved lab, and proof of enrollment in a substance abuse counseling program (to be paid for by the parents of the student, and with a minimum duration of six (6) hours of counseling) to the principal. If the student has met the terms and conditions of the behavior contract for a first offense violation, his/her eligibility to participate in the sport that he/she is then participating in will be restored at such time as the student has missed twenty consecutive school days of that sports season. Athletes will be on probation for an additional six weeks. During that time athletes must be at all practices on time and will be subject to District sponsored random drug testing.

DRUG AND ALCOHOL TESTING OF EXTRA-CURRICULAR PROGRAM PARTICIPANTS

- (iv) The student shall be notified that if he/she refuses to participate in a counseling program, or otherwise fails to complete a counseling program, or fails to provide a negative urine test sample, or has not met the terms and conditions of the behavior contract, that he/she will be ineligible to participate in extra-curricular activities for one calendar year from the date of the confirmation test. Thereafter, the student may apply to participate in extra-curricular activities, but must successfully complete drug screening prior to participation.

In the event the student refuses to enroll or fails to successfully complete a substance abuse counseling program, or fails to meet any of the terms and conditions of the behavior contract; the student will be ineligible for participation in extra-curricular activities for one calendar year, from the date of confirmation test, in which he/she tests positive. The principal shall provide the student and his/her parents with the names, addresses and telephone numbers of substance abuse professionals and counseling and treatment programs available to evaluate and resolve drug and alcohol related problems.

- (v) The cost of counseling and treatment programs will not be borne by the district.
- (b) **Second Offense:** The student's parents are notified, and the school principal convenes a meeting with the student and his/her parents. The student shall be suspended from participation in extra-curricular activities for one calendar year from the date of the confirmation test in which the student tests positive. In addition, the principal shall provide the student and his/her parents with the names, addresses and telephone numbers of substance abuse professionals and counseling and treatment programs available to evaluate and resolve drug and alcohol-related problems. The student will be eligible to apply to participate in the extra-curricular activities after completion of the one calendar year suspension from extra-curricular activities. The student will not be permitted to participate in extra-curricular activities without providing the district with evidence that the student has participated in, and successfully completed a substance abuse counseling and/or treatment program. The student must also successfully pass a drug screening test prior to reinstatement of his/her privilege to participate in extra-curricular activities. The student will be subject to periodic drug and alcohol testing for the duration of the first extra-curricular activity once his/her privileges are restored, and thereafter shall be subject to the testing procedures which apply to all students.

Random Testing

1. Tests shall be conducted not more frequently than on a weekly basis and at least three times each school year, with at least one (1) unannounced tests occurring in the fall, one (1) in the winter and one (1) in the spring. The names of the participating students are placed in a "pool" from which a District Administrator or other adult designee blindly draws the names of 5% of the students participating in extra-curricular activities for random testing. Those selected are notified and tested that same day.

Each participating student shall have an equal chance of being tested each time selections are made.

2. Any student who refuses to submit to the random test shall immediately be deemed ineligible for participation in the extra-curricular activities for one calendar year.
3. Testing procedures shall be those set forth in 4 (a) through (g) above.
4. Positive sample testing consequences shall be as set forth in 5 (a) through (b) above.

AR 5131.61(e)

DRUG AND ALCOHOL TESTING OF EXTRA-CURRICULAR PROGRAM PARTICIPANTS

(continued)

1. Persons designated to determine whether reasonable suspicion exists must receive at least 60 minutes of training that covers the physical, behavioral, speech and performance indicators of alcohol use and additional 60 minutes of training that covers these indicators of controlled substance use.
2. Tests shall be conducted when the Superintendent, Principals, Assistant-Principals, Directors of the extra-curricular programs, and/or any other designated person who has been trained in accordance with the above has reasonable suspicion that the student has violated the district's alcohol or drug prohibitions. This reasonable suspicion must be based on specific, contemporaneous, articulable observations concerning the student's appearance, behavior, speech or body odors.
3. The individual who makes observations leading to an alcohol or controlled substance reasonable suspicion test shall make a written record of his/her observations within 24 hours of the observed behavior or before the results of the drug test are released, whichever is earlier.
4. Any student who refuses to submit to the reasonable suspicion test shall immediately be deemed ineligible for participation in the extra-curricular activities for one calendar year.
5. Testing procedures shall be as set forth in Participation Testing: 4(a) through (g) above.
6. If a sample tests positive, a second test of the split sample is administered as soon as possible to confirm the result. If the second test is negative, no further action is taken. If the second test is positive, action shall be taken as set forth in Participation Testing: 5 (a) through (b) above.

Records:

1. Student drug and alcohol lab test results and records shall be maintained under strict confidentiality and released only in accordance with law. Upon written request, a student and/or his/her parents or guardians shall receive copies of any records pertaining to the student's use of drugs or alcohol, including any records pertaining to his/her drug or alcohol tests.
2. Student drug and alcohol lab test result records shall be maintained in a file separate from the student's cumulative record and shall be maintained for 12 months. Thereafter, such records shall be destroyed in accordance with district policy for destruction of records upon the student's graduation.

Colusa High School 2025 – 2026 General Authorization/Written Consent Drug Testing

I understand fully that my performance as a participant and the reputation of my school are dependent, in part, on my conduct as an individual. I hereby agree to accept and abide by the standards, rules, and regulations set forth by the Colusa Unified School District Governing Board and the sponsors for the activity in which I participate.

This is a Release of Liability and Assumption of Risk Agreement. **Read it carefully and sign below.** Completion of this release is a prerequisite to participation in an inter-scholastic athletic activity or designated school-sponsored activity/school club or (hereinafter collectively referred to as “school-related activity/ies”). This release essentially says that my son/daughter or I, as a student at least 18 years of age, named above (hereinafter “above-named student”) will participate in the school-related activities as specified above.

If the above-named student is hurt, injured, or even dies, I/we (i.e., the student, his/her parent/s, guardian/s, heir/s, or student at least 18 years of age, hereinafter referred to as “non-minor student”) will not make a claim against or sue the Colusa Unified School District (hereinafter CHS), its trustees, officers, employees, and agents, or expect them to be responsible or pay for any damages.

I, the undersigned, understand and acknowledge that the above-named student has voluntarily chosen to participate in school-related activities at his/her own risk. I/We know and fully understand that said school-related activities may involve numerous risks, dangers, and hazards, both known and unknown, where serious accidents can occur, and where participants can sustain physical injuries, damage to their property, or even die. Regardless of whether the school-related activity involves physical contact or not, any activity may have inherent risks of injury which are inseparable from the activity. I/We acknowledge and willingly assume all risks and hazards of potential injury, paralysis, and death in the school-related activity/ies, including any transportation to or from any school-related activity/ies. Further, by giving consent for this student to go with a school representative, it is acknowledged that the activity/ies will be considered a “field trip” or “excursion” for which there is complete immunity pursuant to Education Code § 35330.

I/We, the undersigned, understand and acknowledge that school-related activity/ies contain potential risks of harm or injury. Injuries might arise from the student’s actions or inactions, the actions or inactions of another student or participant, or the actual or alleged failure by district employees, agents, or volunteers to adequately coach, train, instruct, or supervise. Injuries might also arise from an actual or alleged failure to properly maintain, use, repair, or replace physical facilities or equipment. Injuries might also arise from undiagnosed, improperly diagnosed, untreated, improperly treated, or untimely treated actual or potential injuries, whether or not caused by the student’s participation. All such risks are deemed to be inherent to the student’s participation in school-related activities.

In consideration for CHS, allowing the above-named student to participate in the school-related activity/ies specified above, I/we voluntarily agree to release, waive, discharge, and hold harmless the CHS and its trustees, officers, employees, and agents from any and all claims of liability arising out of their negligence, or any other act or omission which causes the above-named student illness, injury, death, or damages of any nature in any way connected with the student’s participation in the school-related activity/ies. I/We also expressly agree to release and discharge the CHS, its trustees, officers, employees, and agents from any act or omission of negligence in rendering or failing to render any type of emergency or medical services.

As parent or legal guardian of the student/participant under 18 years of age, I have read and voluntarily agree that my son/daughter may participate in the school-related activity/ies designated above and I sign this release on his/her behalf. *In signing this document I fully recognize and understand that if my son/daughter is hurt, dies, or his/her property is damaged, I am giving up my right and the right of his/her heirs to make a claim or file a lawsuit against the CHS, its trustees, officers, employees, and agents.*

By signing below, I/we acknowledge that I/we: (1) have read this document and understand that I/we give up substantial actual or potential rights in order to allow the above-named student to participate in the school-related activity/ies and any associated field trip or excursion; (2) have voluntarily signed as evidence of acceptance of this

Agreement without any inducement or assurance of any nature, with full appreciation of the all risks inherent in the school-related activity/ies; (3) have no question regarding the scope or intent of this Agreement and I (parent/guardian/non-minor student) have the right and authority to enter into this Agreement and to bind myself, the student, and any other family member, personal representative, assign, heir, trustee, or guardian to the terms of this Agreement.
