

2025-2026 AP Exam Registration

Advanced Placement Students and their Parent/Guardian,

For most students, taking an AP Exam serves as the natural culmination of their AP course experience. Advanced Placement courses prepare students for a comprehensive College Board exam given in May 2025. Students are required to register through College Board **and** Total Registration for all AP exams. Students will **register** for College Board in class with their AP teachers. Students will **pay** for their exams through Total Registration.

AP Registration Process Breakdown

1. **STEP ONE:** Student **registers** through College Board by using the “join code” provided by their teacher. Most of this was done during class time. Registering through College Board simply populates students’ exam information into College Board and gives the student access to AP classroom resources. <https://myap.collegeboard.org/login>
2. **STEP TWO: (Opens September 2, 2025)** Complete registration by **paying** through Total Registration. Please login to Total Registration and continue the registration process. If you have used this site before, use your same email (Make sure to use an email address you have access to! Do not use your school email, this needs to be a personal email!) <https://user.totalregistration.net/AP/052814>

College Board Account Tips You need a College Board account to join your AP class section, receive AP assignments from your teacher, and register for AP Exams. If you do not already have an account, please sign up at account.collegeboard.org. Make sure to use an email address you have access to! Do not use your school email, this needs to be a personal email! Your parents should not create an account for you. Keep your account information in a safe place only you can access.

DO YOU ALREADY HAVE AN ACCOUNT? All College Board programs are connected through one account, so if you created one for AP, PSAT, SAT, or College Board Opportunity Scholarships, you’re all set. You will just need your username and password to sign in. If you need to make adjustments to your email or password you can do so by logging into your account.

NOT PLANNING ON TESTING? If you are not planning on testing, you will still need to join on College Board as this gives you access to your teachers AP Classroom Resources. Please email Mrs. von Urff at mjvonurff@capousd.org if you are not planning on testing and she will adjust.
