Add/Drop Window - FALL 2026

Today (8/24/26) is the last day to Drop a class without a Withdrawal (W) on your transcript!

If you would like to request a schedule change, you may do so during the add/drop window for the reasons below only. The master schedule was built based on students' spring course requests and changes will be very limited at this time.

The following change requests will be prioritized:

- Remediation of prior D or F grades, if space is available
- Level changes between AP or Honors and college prep, if space is available
- Dropping a course for an unscheduled period
- Dropping an unscheduled period and adding a course, if space is available
- Completion of a pre-approved off-campus summer course that needs to be removed from 2026-2027 schedule

In order to request a change, please complete the [2026-2027 Add/Drop Request Form](#).

This form must be completed using the parent email address on file in Aeries

in order to confirm parent consent and will only be open for submission outside •
the hours of 8:00-4:00 Monday-Friday. During school hours, the Google Form •
will be turned off for submission so that counselors can process change requests. •

At the end of the school day, if a schedule change request is denied, an email will be sent to the parent email sharing that the request was denied because the course was full, did not work with the student's schedule, or did not follow policy. If a schedule change is approved, it will be reflected in the student's Aeries the following day.
