Solano County Office of Education (SCOE) First Interim Financial Report 2025-26

The purpose of the interim report is to determine whether the County Office will be able to meet its financial obligations for the remainder of the fiscal year and two subsequent years. The County Office is required to do a minimum of two interim reports each fiscal year. The County Office is required to certify the interim report in one of three ways.

- <u>Positive Certification</u> Stating that the County Office **WILL** be able to meet its financial obligations for the remainder of the year and two subsequent years.
- <u>Qualified Certification</u> Stating that the County Office **MAY NOT** be able to meet its financial obligations for the remainder of the year or two subsequent fiscal years.
- <u>Negative Certification</u> Stating that the County Office **WILL NOT** be able to meet its financial obligations for the remainder of the year or the two subsequent fiscal years.

Based on the current budget and the multi-year projection, The Solano County Office of Education Superintendent is filing a **POSITIVE** certification.

ASSUMPTIONS

- 1. Budget has been updated to reflect staffing changes since budget adoption.
- 2. Salary and benefits include increases for step and column for 26/27 and 27/28.

OVERVIEW

Unrestricted:

Revenue:

1. *LCFF revenue* has been increased in the current year to reflect Period 1 taxes. Because SCOE is funded at the State Aid minimum guarantee the increase in property taxes results in additional revenue. The additional taxes are primarily due to redevelopment agency liquidation.

LCFF revenue in 26/27 and 27/28 was reduced to eliminate the additional property taxes.

This resulted in a "Not Met" indicator on the certification page, item 2.

2. *State Revenue* was decreased as additional transportation funding is based on 2024/25 transportation costs which were less than anticipated.

Expenditures:

- 3. *Books and Supplies* and *Capital Outlay* increased in the current year for projects carried over from 24/25. Funds for these items were assigned at year end.
- 4. Books and Supplies was adjusted in 26/27 for one-time expenses in the amount of \$426,570 and has been increased by the projected Consumer Price Index (CPI) in 26/27 (2.82%) and 27/28 (2.72%).
- 5. Services and Other Operating was adjusted in 26/27 for one-time expenses in the amount of \$518,000 and has been increased by the projected Consumer Price Index (CPI) in 26/27 (2.82%) and 27/28 (2.72%).

Restricted:

- 1. *LCFF revenue* in the current year reflects an increase due to additional property taxes. The offset to the current year increase in LCFF was a decrease to State Revenues. Revenue in 26/27 and 27/28 is adjusted to eliminate the additional property taxes.
- 2. Revenues and expenditures were adjusted to record the addition of new grants and the allocation of carryover.
 - This resulted in a "Not Met" indicator on the certification page, item 4a and 4b.
- 3. Revenues and expenditures reflect the anticipated loss of categorical funds and adjustments for use of carryover funds in 26/27 and 27/28.

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since budget adoption, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The county office of education must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the California Department of Education (CDE) with an analysis of the cost of the settlement and its impact on the operating budget.

The CDE shall review the analysis relative to the criteria and standards, and may provide written comments to the president of the governing board and the county superintendent of schools.

48 10488 0000000 Form ICR G815C3S6BT(2025-26)

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

 Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702) (Functions 7200-7700, goals 0000 and 9000)

5,308,525.00

- 2. Contracted general administrative positions not paid through payroll
 - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800.
 - b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

B. Salaries and Benefits - All Other Activities

Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation.

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero.

Part IV - Carry-forward Adiustment	

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates

48 10488 0000000 Form ICR G815C3S6BT(2025-26)

the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A. A. Indirect costs incurred in the current year (Part III, Line A8) 7,117,584.09 B. Carry-forward adjustment from prior year(s) 1. Carry-forward adjustment from the second prior year (124,669.00)2. Carry-forward adjustment amount deferred from prior year(s), if any 0.00 C. Carry-forward adjustment for under- or over-recovery in the current year 1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (9.70%) times Part III, Line B19); zero if negative 398,051.94 2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (9.70%) times Part III, Line B19) or (the highest rate used to recover costs from any program (9.70%) times Part III, Line B19); zero if positive 0.00 D. Preliminary carry-forward adjustment (Line C1 or C2) 398,051.94 E. Optional allocation of negative carry-forward adjustment over more than one year Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate. Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation: not applicable Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years: not applicable Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years: not applicable LEA request for Option 1, Option 2, or Option 3 F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected) 398.051.94
