Please stand for the Pledge of Allegiance:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands: one Nation under God, indivisible, with Liberty and Justice for all.

INFORMATION:

The Perch and ASB office will be closed today (1/23). Dance pass applications will be available in the Library, Attendance, and Counseling offices. COMPLETED dance pass applications may be turned in to Mrs. Simonsen.

Sober Grad certificates: while The Perch is closed, please submit all Sober Grad forms & certificates to Mrs. Selle in the Attendance Office.

There will be a boys golf meeting on Wednesday, Jan. 28 at 12:15. If you have any interest in playing on the boys golf team, come to the large gym Jan 28, at 12:15. Please see Mrs. Vanderbeek if you have any questions.

We are proud to announce Nichole Roberts as the Eagle Vision January Billards Tournament winner! (see page 2)

REMINDER FROM THE ATTENDANCE OFFICE: If you arrive to school late—even by just a minute—or if you return to campus after leaving with an OCP, please remember to check in at the Attendance Office. Checking in helps us confirm that you are safely on campus and prevents unnecessary calls home, attendance errors, or class period "cuts" showing up on your record. Thank you for helping us keep accurate attendance and a safe campus!

FROM THE PRINCIPAL'S OFFICE: Students are not to be in the student parking lot at any time while school is in session. This includes during passing or lunchtime, unless you have Marketing or ROP privileges.

COMPUTERS & DIGITAL MEDIA

NETWORK ADMINISTRATION
The Internet Behind the Scenes

This class shows you what's really going on behind the internet you use every day. You'll build and manage networks, set up Wi-Fi, and figure out why connections break (and how to fix them). Learn how things work behind the scenes — gaming, streaming, or apps.

Computer Essentials A+ & Digital Media
Learn It. Then Create It.

Learn how the technology that powers everyday life really works — then use it to create. In this class, you won't just sit and watch tutorials. You'll take computers apart, build them back up, and fix real problems. You'll also learn how lighting works, film and edit videos, and create commercials for social media, advertising, and the web using the same tools professionals use. It's the perfect mix of tech skills and creativity.

Cybersecurity, Minecraft & 2D Game Programing
Hack. Build. Create.

Learn how hackers think — and how to stop them. You'll explore real cybersecurity concepts, then jump into coding using Minecraft and 2D game development tools. Build games, write code, and learn how systems stay secure. This course combines cybersecurity concepts, ethical hacking, and coding in a fun, hands-on learning environment.

Yes — Minecraft is part of the class.
