2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2025-26 School Description and Mission Statement

Valley View Elementary School is one of eighteen schools in the Rocklin Unified School District. The school serves students in transition kindergarten through sixth grade, with an enrollment of approximately 400. The school is located in the center of a dynamic and supportive community which expresses its values toward education through a high level of participation. Valley View Elementary School opened in 2001.

The staff at Valley View Elementary School provides an exemplary learning environment. Academic learning is the primary focus of the school but commendably, the staff operates on the principle that a caring environment which fosters self-worth and individual development is the best road toward realizing such learning. Our students are able to approach all facets of their

2025-26 School Description and Mission Statement

learning with confidence and the assurance that this school is their home. Rules of conduct are explicitly taught, practiced and regularly reviewed leading to responsible, reflective and accountable individuals. The staff welcomes the direct involvement of the community in these efforts. At Valley View Elementary School, parents and staff together are dedicated to creating a safe and orderly learning environment in which all students interact positively with others and are able to develop responsibility, confidence and self-worth while achieving their highest potential.

Parents play an important role in Valley View Elementary School through active participation and involvement in School Site Council and PTC. Parents share information with classes about professional lives, teach special skills, work on school and playground improvements, conduct fundraisers, coordinate after school clubs, and make tremendous time and financial donations. Over 150 parents/guardians/grandparents and community members regularly volunteer their services in our classrooms, playground, computer lab and library.

Valley View Elementary School is a focal point and center for students and the community. Our facilities are used many afternoons, evenings and weekends by our students as well as other members of our community.

The mission of Valley View Elementary School, a distinguished leader in educational excellence, is to empower all students to become critical thinkers, effective communicators, and engaged collaborators who demonstrate passion and independence in order to thrive academically and personally through:

- A safe and positive environment
- Relevant and challenging curriculum
- Social and emotional development
- Opportunities for enrichment and community engagement

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

The school is a safe, beautiful facility which opened in August 2001. It is aesthetically pleasing, as well as being an excellent environment for student learning. Valley View has a comprehensive safety and crisis intervention plan. Students are supervised on campus before school and immediately after school. During the school day, students in grades K-3 are encouraged to team up with a buddy whenever they leave the classroom. All visitors on campus check in at the office before proceeding to classrooms. Classrooms are cleaned every other day. Our school is regularly inspected and maintained by district maintenance and grounds personnel.

New single ply roofing was added in the summer of 2011.

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. District maintenance ensures that the repairs necessary to keep the school sites in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Parental involvement is highly encouraged and available through our school's Parent-Teacher Club which has regular meetings. Parent volunteers have many opportunities to assist students and staff. Classroom teachers provide volunteer training for school volunteers. Parents constitute an important part of our school's Site Council which meets throughout the school year. Over 300 parents annually volunteer in the classroom, the science lab, library, as Art Docents, the Multicultural Expo and with many after school opportunities. Parents are solicited and invited to make suggestions regarding a variety of manners to become involved. RUSD also offers multiple training/parent education opportunities each year to support families at home. Parent, student, and staff surveys are completed regarding school climate. For the past eight years, our school community gathers every Monday morning to begin the week together with the pledge, singing, messages, recognition/acknowledgements, birthdays and special performances. Families are encouraged to attend this Circle Up time with our students. Contact Principal Kaili Bray at 916-435-4844 for more information.

2025-26 School Safety Plan

Valley View Elementary School is in its 25th year of the ongoing development, revision, and implementation of our Comprehensive School Safety Plan. At the beginning of each year, staff collaboratively reviews the plan to address new input/ideas, and throughout the year as needed. Key elements of our school's plan include Student Expectations, Social/Emotional learning, Bully Prevention, Digital Citizenship, Safe Ingress/Egress, Emergency Response Training and Crisis Intervention Training. We review these topics regularly in staff meetings throughout the year. Date of Last Update: February 2025 Date of Last Review with Staff: October 2025
